33:6-e Exclusion from Debt Limits; Solid Waste Management Districts. The debt limit restrictions of this chapter shall not apply to a solid waste management district formed under RSA 53-B or to the debts or obligations incurred by such a district. Debts or obligations of a member municipality to such a district shall at no time be included in the net indebtedness of the municipality for the purposes of determining its borrowing capacity.

16 Surety Bond. Amend the introductory paragraph of RSA 41:6, I to read as follows:

I. Town treasurers, trustees as provided in RSA 31:22 and 23, *trustees as provided in RSA 53-B:8-a, I*, library trustees investing funds as provided in RSA 202-A:23, town clerks, tax collectors and their deputies, and agents authorized to collect the boat fee shall be bonded by position under a blanket bond from a surety company authorized to do business in this state. The bond shall indemnify against losses through:

17 Repeal. The following provisions are repealed:

I. RSA 53-B:1, relative to refuse disposal planning committees.

II. RSA 53-B:4, relative to refuse disposal district agreements.

III. RSA 53-B:5, relative to regional refuse disposal planning board findings.

IV. RSA 53-B:7-a, relative to district agreement powers.

V. RSA 53-B:11, relative to sales, leases and licenses.

18 Effective Date. This act shall take effect 60 days after passage.

Adopted.

Report adopted and ordered to third reading.

HB 1285-FN-L, establishing contract limitations for the disposal of solid waste. OUGHT TO PASS WITH AMENDMENT

Rep. Amanda A. Merrill for Environment and Agriculture: HB 1285 as amended makes changes in RSA 53-B relative to contracts entered into by solid waste districts for the use of solid waste management facilities. The bill clarifies that such contracts must be consistent with the State's waste management hierarchy and goals and that the district may supplement tonnage to the facility if needed provided that such action is provided for in contract and is in compliance with State law regarding service areas for solid waste facilities (RSA 149-M:10-c, the "public benefit law"). Vote 15-1.

Amendment (5563B)

Amend the title of the bill by replacing it with the following:

AN ACT

permitting solid waste management districts to contract with certain persons for solid waste management services.

Amend the bill by replacing all after the enacting clause with the following:

1 Solid Waste; Contractual Powers. RSA 53-B:7, XX is repealed and reenacted to read as follows:

XX. To contract with any person who owns or operates any facility for the provision of solid waste management services. Such contract shall be consistent with the hierarchy and goals of solid waste management under RSA 149-M:1-a. A contract for facility use may call for delivery of guaranteed minimum tonnage, provided that said contract is in keeping with the policy set forth in 149-M:1-a. In the event that a district's delivered tonnage falls below the level stipulated in contract, the district may procure tonnage from sources outside the district, in compliance with the public benefit requirements of RSA 149-M:10-c and as provided in the contract. A contract may contain such other terms and conditions as the district may determine to be in its best interest.

2 Contingency. If HB 622-FN, "An Act relative to solid waste management districts" of the 1994 legislative session becomes law, section 1 of this act shall take effect at 12:01 a.m. on the effective date of section 2 of HB 622-FN. If HB 622-FN does not become law, section 1 of this act shall not take effect.

3 Effective Date.

I. Section 1 of this act shall take effect as provided in section 2 of this act.

II. Section 2 of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes solid waste management districts to contract with certain persons for solid waste management services. This bill is contingent upon passage of 1994, HB 622-FN, relative to solid waste management districts.

Rep. Amanda Merrill spoke in favor.

Adopted.

Rep. Amanda Merrill offered a floor amendment.

Floor Amendment (5616B)

Amend the bill by replacing all after the enacting clause with the following:

1 Solid Waste; Contractual Powers. RSA 53-B:7, XX is repealed and reenacted to read as follows:

XX. To contract with any person who owns or operates any facility for the provision of solid waste management services. Such contract shall be consistent with the hierarchy and goals of solid waste management under RSA 149-M:1-a. A contract for facility use may call for delivery of guaranteed minimum tonnage, provided that said contract is in keeping with the policy set forth in 149-M:1-a. In the event that a district's delivered tonnage falls below the level stipulated in contract, the district may procure tonnage from sources outside the district, in compliance with the public benefit requirements of RSA 149-M:10-c and as provided in the contract. A contract may contain such other terms and conditions as the district may determine to be in its best interest.

2 Solid Waste; Contractual Powers. Amend RSA 53-B:7, by inserting after paragraph XIV the following new paragraph:

XV. To contract with any person who owns or operates any facility for the provision of solid waste management services. Such contract shall be consistent with the hierarchy and goals of solid waste management under RSA 149-M:1-a. A contract for facility use may call for delivery of guaranteed minimum tonnage, provided that said contract is in keeping with the policy set forth in 149-M:1-a. In the event that a district's delivered tonnage falls below the level stipulated in contract, the district may procure tonnage from sources outside the district, in compliance with the public benefit requirements of RSA 149-M:10-c and as provided in the contract. A contract may contain such other terms and conditions as the district may determine to be in its best interest.

3 Contingency. If HB 622-FN, "An Act relative to solid waste management districts" of the 1994 legislative session becomes law, section 1 of this act shall take effect at 12:01 a.m. on the effective date of section 2 of HB 622-FN and section 2 of this act shall not take effect. If HB 622-FN does not become law, section 2 of this act shall take effect upon its passage and section 1 of this act shall not take effect.

4 Effective Date.

I. Sections 1 and 2 of this act shall take effect as provided in section 3 of this act.

II. Section 3 of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes solid waste management districts to contract with certain persons for solid waste management services.

Adopted.

Report adopted and ordered to third reading.

HB 1372, establishing the granite state cultural legacy award. **OUGHT TO PASS WITH AMENDMENT**

Rep. Raymond A. Lundborn for Executive Departments and Administration: The majority of the committee felt that the Granite State Legacy Award sponsored by the New Hampshire Legislature would be a strong recognition of an individual, group or community which has made an outstanding contribution to the promotion of cultural appreciation and achievement within the state. This bill sets up the mechanism for determining the recipient. Vote 13-1.

Amendment (5226B)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The purpose of this bill is to provide a means for the New Hampshire legislature to recognize an individual, group, or community which has made an outstanding contribution to the cultural legacy of New Hampshire.

2 New Subdivision; Granite State Cultural Legacy Award; Criteria; Selection Process. Amend RSA 21-K by inserting after section 16 the following new subdivision:

Granite State Cultural Legacy Award

21-K:17 Granite State Cultural Legacy Award; Criteria; Selection Process.

1. The granite state cultural legacy award shall be awarded biennially to an individual, group or community which has made an outstanding contribution to the promotion of cultural appreciation and achievement within the state.

II. Nominations shall be solicited from each member of the legislature before April 15 in the first year of the biennium on a form provided to each member of the legislature by the awards committee.

III.(a)(1) A selection committee is established consisting of 3 members of the senate appointed by the senate president; 3 members of the house of representatives, appointed by the speaker of the house; one member from the New Hampshire Council on the Arts, appointed by that council; one member from the New Hampshire Council on Humanities, appointed by that council; and one member from the division of historical resources, department of cultural affairs, appointed by the director.

(2) The first-named member of the house shall call the first meeting within 60 days of the effective date of this act.

(3) A chairperson shall be elected by the members of the committee.

(4) Members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

(b) Specific cultural areas which shall be considered include the arts, the humanities, and historic preservation. Awards shall be based on the following criteria:

(1) The significance and magnitude of the contribution or achievement.

(2) The range of the state's population affected and the degree of recognition brought about by the contribution or achievement.

(3) The duration and intensity of commitment shown by the individual, organization, or community toward the contribution or achievement.

(c) The committee shall review all nominations and provide suitable recognition to an individual, organization, or community which has made an outstanding contribution to the arts, humanities, or historic preservation according to the criteria set forth in subparagraph (b).

IV. This granite state cultural legacy award shall be presented to the recipient or recipients during a joint session of the legislature during the month of April in the second year of the biennium.

3 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

Report adopted and ordered to third reading.

HB 1407, changing the title of Washington's Birthday to Lincoln and Washington Day. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John J. Sytek for the Majority of Executive Departments and Administration: Although all Gaul may have been divided into three parts, committee sentiment on this bill was divided into just over two principal camps. The minority favored the bill which adds Lincoln's name to the Washington's birthday holiday. The majority, feeling this was the wrong direction, considered amending the name of the holiday to Presidents' Day. This would be in keeping with the trend towards naming holidays to honor the significant causes that individual heroes helped achieve rather than the heroes themselves. But these members recognized that such an approach arguably ought to require a more complete examination of the issue (e.g. Columbus Day v. Native American Day) than time allowed. Finally, some felt that the situation was not sufficiently broke to warrant fixing. For these reasons, the majority recommended ITL. Vote 10-4.

Reps. J. Gregory McGrath, Robert P. Asselin, Bonnie K. Groves and Cynthia A. McGovern for the Minority of Executive Departments and Administration: The minority of the commit-

tee believes that a generically named holiday to honor all presidents, the good and less than good, honors none of them. We do a greater tribute to the office by naming a holiday for the two men who are universally acclaimed as having been two of our greatest presidents.

Rep. McGrath moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate.

Reps. Gilmore and McGrath spoke in favor.

Reps. Boucher and John Sytek spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

HB 1365, clarifying legislative intent relative to municipal ordinances. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda T. Foster for Municipal and County Government: This bill sets a standard for the preemption of municipal ordinances. It requires that state legislation and rules intended to preempt municipal ordinances expressly state that intent. The amendment eliminates section II which made the bill retroactive. Vote 15-2.

Amendment (5375B)

Amend RSA 31:132 as inserted by section 1 of the bill by replacing it with the following:
31:132 Standard of Preemption. No state legislation passed after the effective date of this section shall preempt the authority otherwise granted to a municipality to enact any ordinance, rule, or bylaw unless such legislation expressly states that it is the intent of the legislature to preempt municipal authority.

AMENDED ANALYSIS

This bill sets a standard for the preemption of municipal ordinances. It requires that state legislation and rules intended to preempt municipal ordinances expressly state that intent.
Adopted.

Report adopted and ordered to third reading.

HB 1431-FN, providing for the election of members to the county convention as a separate county office. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard Noyes for the Majority of Municipal and County Government: The committee was still closely divided on key issues in this significant bill, although by no means "dead-

locked," when time ran out. The bill was a sleeper. It had far less testimony than the concept deserves, since it can potentially have far-reaching impact on how we govern ourselves. There are several consequences to be explored which were not raised in testimony but which became obvious in our deliberations. The effort already made has opened a process which can pay a dividend if given the time and thought this significant proposal deserves. Vote 14-3.

Reps. Tommy J. St. Martin and Glen C. Gervais for the Minority of Municipal and County Government: The minority supports Ought To Pass With Amendment. Amendment 5406B failed on a 9-8 vote. It would allow the voters in a county, on petition of 3% of that county's voters, to decide for themselves whether to separate the offices of state representative and county delegate. People could still serve in both offices, but would be elected to each separately. The minority believes this bill, with amendment, is a reasonable option to offer voters.

Majority report adopted.

HB 1454, relative to the authority of the county commissioners over certain elected county officials. **INEXPEDIENT TO LEGISLATE**

Reps. Thomas E.P. Rice, Jr. and Clair A. Snyder for Municipal and County Government: This is a broad bill to address a narrow problem, a state-wide bill to address a one-county problem, which should be dealt with by the subject county. The committee considered several options, including making this specific to Rockingham County, but could not agree on an amendment. Vote 13-4.

Rep. Donna Sytek moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Rep. Wadsworth spoke in favor.

Adopted.

Rep. Donna Sytek offered a floor amendment.

Floor Amendment (5596B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to competitive bidding, and budget, personnel and purchasing procedures in Rockingham county.

Amend the bill by replacing all after the enacting clause with the following:

1 New Sections; Powers and Duties of Rockingham County Commissioners. Amend RSA 28 by inserting after section 8-e the following new sections:

28:8-f Competitive Bidding on Purchases and Services in Rockingham County.

I. The provisions of this section shall apply to all county departments in Rockingham county, and to the offices of county sheriff, county attorney, county treasurer, and register of deeds in Rockingham county.

II. Any purchase of equipment, materials, or services made by Rockingham county in an amount exceeding \$1,000 shall be by competitive bidding, provided that the county commissioners by unanimous vote may waive the provisions for such bidding. In case the commissioners so vote a copy of such action shall be recorded in their offices with a statement of the reason therefor and such record shall be open to public inspection. Orders for equipment or material to be delivered or for services to be provided at different times where the single delivery or service may be less than \$1,000 but the total order exceeds that amount shall be construed as coming within the provisions hereof requiring competitive bidding.

28:8-g Budget, Personnel, and Purchasing Procedures in Rockingham County. The provisions of this section shall only apply in Rockingham county. The county commissioners in Rockingham county may establish procedures relating to the budget, personnel, and purchasing by appointed and elected county officials. Such procedures shall be designed for efficiency of administration of county business and shall not conflict with specific statutory or constitutional duties of elected county officials.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

The provisions of this bill are applicable only in Rockingham county.

This bill specifies that the Rockingham county commissioners shall have authority over the competitive bidding process for purchases and services and that this applies to all county departments and to the offices of county attorney, county sheriff, county treasurer, and register of deeds. The bill also authorizes the Rockingham county commissioners to establish procedures relating to the budget, personnel, and purchasing by appointed and elected county officials. These procedures shall be designed for efficiency of administration of county business and shall not conflict with specific statutory or constitutional duties of elected county officials.

Adopted.

Report adopted and ordered to third reading.

HB 1484-L, relative to the tax exempt status of certain properties. OUGHT TO PASS WITH AMENDMENT

Rep. Richard Noyes for Municipal and County Government: While this bill touches a lot of nerves, testimony confirmed the base argument: exemption laws, as they now exist, leave a great deal of uncertainty for those who have to enforce them. The bill, as amended, intends to remove those uncertainties without removing the traditional exemptions for which there is broad public support. Its effect will be to close loopholes and protect against abuse. Vote 13-4.

Rep. Wadsworth yielded to questions.

Amendment (5444B)

Amend the bill by replacing all after the enacting clause with the following:

1 Exemption From Property Tax. Amend RSA 72:23, III-V to read as follows:

III. Houses of public worship, parish houses, church parsonages occupied by their pastors, convents, monasteries, buildings [used principally] *and the lands appertaining to them owned, used and occupied directly* for religious training or for other religious purposes[, and the lands thereto appertaining owned and occupied] by any regularly recognized and constituted denomination, creed or sect, organized [or], incorporated *or legally doing business* in this state and the personal property used by them for the purposes for which they are established.

IV. The buildings and structures of schools, seminaries of learning, colleges, academies and universities organized [or], incorporated or [carrying on their principal activities] *legally doing business* in this state and owned, used and occupied by them *directly* for the purposes for which they are established, including but not limited to the dormitories, dining rooms, kitchens, auditoriums, classrooms, infirmaries, administrative and utility rooms and buildings connected therewith, athletic fields and facilities and gymnasiums, boat houses and wharves belonging to them and used in connection therewith, and the land thereto appertaining but not including lands and buildings not used and occupied directly for the purposes for which they are organized or incorporated, and the personal property used by them *directly* for the purposes for which they are established, provided none of the income or profits are divided among the members or stockholders or used or appropriated for any other purpose than the purpose for which they are organized or established; provided further that if the value of the dormitories, dining rooms and kitchens shall exceed \$150,000, the value thereof in excess of said sum shall be taxable. A town at an annual town meeting or the governing body of a city may vote to increase the amount of the exemption upon dormitories, dining rooms and kitchens.

V. The [real estate] *buildings, lands* and personal property [owned by] *of* charitable organizations and societies organized [or], incorporated [in this state], or [having a principal place of business] *legally doing business* in this state, *owned, used* and occupied [and used] by them *directly* for the purposes for which they are established, provided that none of the income or profits thereof is used for any other purpose than the purpose for which they are established.

2 Collection of Additional Data. Amend RSA 72:23-c to read as follows:

72:23-c Annual List

I. Every religious, educational and charitable organization, Grange, the Veterans of Foreign Wars, the American Legion, the Disabled American Veterans, the American National Red Cross and any other national veterans association shall annually, on or before April 15, file a

list of all real estate and personal property owned by them on which exemption from taxation is claimed, upon a form prescribed and provided by the board of tax and land appeals, with the selectmen or assessors of the place where such real estate and personal property are taxable. If any such organization or corporation shall willfully neglect or refuse to file such list upon request therefor, the selectmen may deny the exemption. *If any organization, otherwise qualified to receive an exemption, shall satisfy the selectmen or assessors that they were prevented by accident, mistake or misfortune from filing an application on or before April 15, the officials may receive the application at a later date and an exemption thereunder for that year; but no such application shall be received or exemption granted after the local tax rate has been approved for that year.*

II. City assessors, boards of selectmen, and other officials having power to act under the provisions of this chapter to grant or deny tax exemptions to religious, educational, and charitable organizations shall have the authority to request such materials concerning the organization seeking exemption including its organizational documents, nature of membership, operations, property and the nature of that property, and such other information as shall be reasonably required to make determinations of exemption of property under this chapter. Such information shall be provided within 30 days of a written request. Failure to provide information requested under this section shall result in a denial of exemption unless it is found that such requests were unreasonable.

3 Definition of "Charitable". Amend RSA 72:23-1 to read as follows:

72:23-1 Definition of "Charitable". The term "charitable" as used to describe a corporation, society or other organization within the scope of this chapter, including RSA 72:23 and 72:23-k, shall mean a corporation, society or organization established and administered for the purpose of performing, and obligated, by its charter or otherwise, to perform some service of public good or welfare [for the benefit] *advancing the spiritual, physical, intellectual, social or economic well-being* of the general public[,] or a substantial and indefinite segment of the general public *that includes residents of the state of New Hampshire*, with no pecuniary profit or benefit to its officers or members, or any restrictions which confine its benefits or services to such officers or members, or those of any related organization. The fact that an organization's activities are not conducted for profit shall not in itself be sufficient to render the organization "charitable" for purposes of this chapter, nor shall the organization's treatment under the United States Internal Revenue Code of 1986, as amended. This section is not intended to abrogate the meaning of "charitable" under the common law of New Hampshire.

4 New Section; Applicability of Exemptions. Amend RSA 72 by inserting after section 23-1 the following new section:

72:23-m Applicability of Exemptions. The exemptions afforded by RSA 72:23 or 72:23-a through 72:23-k, as well as exemptions granted by other provisions of law shall be construed to confer exemption only upon property which meets requirements of the statute under which the exemption is claimed. The burden of demonstrating the applicability of any exemption shall be upon the claimant.

5 Effective Date. This act shall take effect April 1, 1994.

AMENDED ANALYSIS

This bill places increased restrictions on the granting of property tax exemptions on property owned by churches, schools, colleges, universities and charitable organizations.

Adopted.

Roll call request not sufficiently seconded.

Report adopted and ordered to third reading.

Rep. Houlihan wished to be recorded in opposition.

HB 625-FN-A, relative to the sale of fireworks and levying a tax thereon. REFER TO FOR INTERIM STUDY

Rep. Douglass P. Teschner for Ways and Means: The Committee has difficulty with the fees and the associated fiscal impact of this bill including (1) the relationship between fee revenue and regulatory costs; (2) the fiscal impact of the bill on municipalities; and, (3) the issue

of regulating fees charged by municipalities. Therefore, the committee, consistent with its ongoing review of existing fees, recommends interim study in order to address these issues with input from the Appropriations and Municipal and County Government Committees. Vote 14-0.

Adopted.

HB 639, establishing a review board to address grievances of tenants and owners of manufactured housing parks and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Ways and Means: The Committee amendment (1) keeps the fee at \$25 as recommended by the policy committee; (2) deletes the dedicated fund; and, (3) reduces the appropriation to \$4,000 for the first year's costs. Vote 18-0.

Amendment (5511B)

Amend RSA 205-A:31 as inserted by section 1 of the bill by deleting it and renumbering RSA 205-A:32 to read as RSA 205-A:31.

Amend RSA 205-A:31 as inserted by section 1 of the bill by replacing it with the following:

205-A:31 Rulemaking. The board, with the approval of the bureau chief of the consumer protection and antitrust bureau, shall adopt rules under RSA 541-A relative to the administration of this subdivision.

Amend the bill by deleting section 2 and renumbering sections 3-6 to read as 2-5, respectively.

Amend the bill by replacing section 2 with the following:

2 Appropriation. The sum of \$4,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the board established in section 1 of this act for its first year costs. The governor is authorized to draw his warrant for said sum out of any moneys in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill establishes a board of manufactured housing to address grievances of tenants and owners of manufactured housing parks. The board does not have jurisdiction over issues relative to rent or eviction.

The manufactured housing board is to be funded through a filing fee.

The bill makes an appropriation for the board's first year costs.

Adopted.

Report adopted and ordered to third reading.

HB 1111, permitting one-day family fishing licenses upon payment of a certain fee. **OUGHT TO PASS**

Rep. Douglass P. Teschner for Ways and Means: The Committee found the fee for the family fishing license (proposed by the Wildlife and Marine Resources Committee) to be reasonable and recommends that the bill be passed without further amendment. Vote 13-0.

Adopted and ordered to third reading.

HB 1142-FN, relative to lenders regulated by the banking department and relative to consumer credit transactions. **OUGHT TO PASS**

Rep. Douglass P. Teschner for Ways and Means: The Committee recommends passage of the bill as adopted by the Commerce Committee. The \$250 fee is in current law and will now be applied to non-depository lenders as well as banks. Vote 15-0.

Adopted and ordered to third reading.

HB 1145-FN, relative to cashers of checks and setting certain fees. **REFER FOR INTERIM STUDY**

Rep. Douglass P. Teschner for Ways and Means: The Committee has many questions about the fees in this bill. The \$350 license fee needs further justification, and the committee questions having separate \$100 fees for changing address and changing the place of business. The committee supported interim study to give us time to work these fee issues out with input from the Banking Department and Commerce Committee. Vote 15-0.

Adopted.

HB 1439, establishing license and license fee requirements for the taking of sea urchins. **OUGHT TO PASS**

Rep. Douglass P. Teschner for Ways and Means: The Committee found that the fees in this bill have been in place since 1983. This bill, as adopted by the Wildlife and Marine Resources Committee, expands the license and fee requirements for the taking of sea urchins. Vote 14-0.

Adopted and ordered to third reading.

HB 1493-FN-A, exempting subchapter S corporations from the payment of the interest and dividends tax. **OUGHT TO PASS WITH AMENDMENT**

Rep. Roland Sallada for Ways and Means: It was with agreement of the sponsor of the original bill that the title be changed and used for a bill "relative to tax refunds by the Department of Revenue Administration." The bill will simplify the procedure that shall be taken when a taxpayer wishes to challenge their liability, and they shall file within 60 days of paying their tax. It also ties into the new United States Tax Code of August 10, 1993. It has no effect nor does it bar any existing right to claim a refund. Vote 14-0.

Amendment (5425B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to tax refunds from the department of revenue administration.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Tax Refunds. Amend RSA 21-J:28-a by inserting after paragraph V the following new paragraph:

VI. The procedure outlined in this section and in RSA 21-J:28-b shall be the exclusive method by which taxpayers may challenge their liability for any tax, or the application to them of any provision of this chapter.

2 Statute of Limitations for Refund or Credit. Amend RSA 21-J:29, I(b) to read as follows:

(b) Except as otherwise provided, any claim for a refund or credit [that] shall be made within 3 years from the due date of the tax upon which such refund is claimed or within 2 years from the date the tax was paid, whichever is later.

3 New Subparagraph; Claim for Refund or Credit. Amend RSA 21-J:29, I by inserting after subparagraph (c) the following new subparagraph:

(d) Notwithstanding subparagraphs I(b) and (c), any claim for refund or credit of taxes based upon a claim that the tax or any provision thereof is unconstitutional under the federal or state constitution shall be made within 60 days of the due date of the tax upon which such refund is claimed.

4 New Subparagraph; United States Internal Revenue Code. Amend RSA 77-A:1, XX by inserting after subparagraph (f) the following new subparagraph:

(g) For all tax years beginning after December 31, 1992, the United States Internal Revenue Code of 1986, in effect on August 10, 1993.

5 Applicability. The provisions of section 3 of this act shall not bar any existing right to claim a refund; provided, however, that every such claim shall be made according to the provisions of RSA 21-J:29 within 30 days of the effective date of this act.

6 Effective Date.

I. Sections 1, 2, 4, 5 and 6 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 30 days after its passage.

AMENDED ANALYSIS

This bill clarifies the procedure for tax refunds and the statute of limitations for taxes which are administered by the department of revenue administration.

Adopted.

Report adopted and ordered to third reading.

HB 1507-FN, relative to licensing tattoo parlors and practitioners of tattooing and the fees for such licensure and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Ways and Means: The Committee did research on Maine and Rhode Island relative to the number of tattoo artists and establishments and their state fees.

As a result of this information and additional discussion, the committee amended the bill by (1) setting a \$50 fee in statute (rather than in rulemaking as in the original bill) and (2) removing the dedicated fund and putting an appropriation of \$6399 in Fiscal Year 1995. Vote 16-0.

Amendment (5393B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to licensing tattoo parlors and practitioners of tattooing and the fees for such licensure and making an appropriation for the purposes of the act.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Tattoo Parlors. Amend RSA by inserting after chapter 314 the following new chapter:

CHAPTER 314-A TATTOO PARLORS

314-A:1 Definitions. In this chapter:

I. "Director" means the director of the division of public health services, department of health and human services.

II. "Practitioner" means a person who practices tattooing.

III. "Tattoo" means an indelible mark or figure fixed upon the surface of the body by the insertion of pigment under the skin or by the production of scars.

314-A:2 License Required; Fees. No practitioner of tattooing shall practice and no establishment in which tattoos are applied shall be operated without a license issued by the director. The annual license fee for each practitioner and each establishment shall be \$50, which shall be deposited into the general fund.

314-A:3 Rulemaking. The director shall adopt rules, under RSA 541-A, relative to the hygienic practice of tattooing and sanitary operations of tattoo establishments. Such rules shall include:

I. Standards of hygiene to be met and maintained by establishments and practitioners in order to receive and maintain a license to carry out the practice of tattooing.

II. Procedures to be used to grant a license, revoke a license, and reinstitute a license.

III. Inspection of tattoo establishments.

IV. Any other matter necessary to the administration of this chapter.

314-A:4 Applicability. The standards of hygiene and sanitary operation for the practice of tattooing adopted by rule under RSA 314-A:3, I shall also apply to the practice of body piercing taking place in tattoo establishments required to be licensed under this chapter. For the purpose of this section, "body piercing" means any piercing of the human body.

314-A:5 Exemptions.

I. Nothing in this chapter shall prevent a person licensed by this state pursuant to any other provision of law from performing the occupation for which such person is licensed.

II. Nothing in this chapter shall be construed as preventing towns and cities from prohibiting or regulating the practice of tattooing under RSA 31 and RSA 47, provided that such regulation shall be no less stringent than the provisions of this chapter or rules adopted pursuant to this chapter.

314-A:6 Penalty. Any person who violates the provisions of this chapter shall, if a natural person, be guilty of a misdemeanor, and any other person shall be guilty of a felony.

2 Appropriation. The sum of \$6,399 for the fiscal year ending June 30, 1995, is hereby appropriated to the division of public health services, department of health and human services for the purposes of this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill requires practitioners of tattooing and tattoo establishments to be licensed and authorizes the director, division of public health services, to issue the license.

The bill requires the hygiene and sanitary procedures adopted by rule under this law to apply to the practice of body piercing taking place in establishments requiring licensure under this bill.

The bill makes an appropriation for the purposes of the bill.

Adopted.

Report adopted and ordered to third reading.

HB 1572-FN, relative to public employee labor relations and filing fees. OUGHT TO PASS WITH AMENDMENT

Rep. Douglass P. Teschner for Ways and Means: The Committee amendment (1) maintains the policy committee recommendation that the fee be set at \$60; (2) corrects two typographical errors as requested by the Labor Committee; (3) provides a \$6,000 appropriation to the general fund for Fiscal Year 1995 (which is offset by anticipated revenue of \$60/fee x 100 cases); (4) removes, at the request of the Appropriations Committee, a per diem increase for board members (subject to that committee's review of all board per diems); (5) changes the effective date to July 1, 1994; (6) empowers the Public Employee Labor Relations Board (PELRB) to accept gifts, grants, and donations; and, (7) gives the PELRB explicit authority to contract out for indexing. Vote 15-0.

Amendment (5477B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the public employee labor relations board and filing fees and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Board Membership; List of Nominees. Amend RSA 273-A:2, I and I-a to read as follows:

I. There is hereby created a public employee labor relations board consisting of 5 members, appointed by the governor and council *from lists of nominees as provided in this paragraph*. Two members shall be appointed who shall have extensive experience representing organized labor *from a list of nominees provided by labor groups representing employees who are subject to the provisions of RSA 273-A*. Two members shall be appointed who shall have extensive experience in representing management interests *from a list of nominees provided by management groups which represent employers subject to the provisions of RSA 273-A*. One member, who shall be the [chairman] *chairperson*, shall be appointed to represent the public at large, *shall not be a public sector employee* and shall not hold [elective or appointive public office, or elective or appointive office, or] elective or appointive office, or membership in, *public sector* organized labor *or be an elected or appointed official or officer of the state or any political subdivision thereof* at the time of [his] appointment or during [his] *the term of appointment*. Members of the board may be removed by the governor and council for cause.

I-a. The governor and council shall appoint, in addition to the regular board members specified in paragraph I, 3 alternate board members *from the lists of nominees provided under paragraph I*. One member shall have extensive experience representing organized labor, one member shall have extensive experience in representing management interests, and one member shall represent the public at large, *shall not be a public sector employee* and shall not hold [elective or appointive public office, or] elective or appointive office, or membership in, *public sector* organized labor *or be an elected or appointed official or officer of the state or any political subdivision thereof* at the time of [his] appointment or during [his] *the term*. Alternate board members shall serve a [6] *4-year* term, and may be removed by the governor and council *for cause*.

2 Board Membership; Terms. Amend RSA 273-A:2, II to read as follows:

II. Each member of the board shall serve for a term of [6] *4* years[, except that of the members first appointed, one shall be appointed for 2 years, one for 3 years, one for 4 years, one for 5 years and one for 6 years]. Each member shall serve until [his] *a* successor is appointed and qualified. A person appointed to fill a vacancy shall be appointed for the unexpired term by the governor and council.

3 New Paragraph; Indexing of Decisions. Amend RSA 273-A:2, by inserting after paragraph VII the following new paragraph:

VIII. All board decisions shall be indexed in a timely fashion.

4 PELRB Complaints; Filing Fees. Amend RSA 273-A:6, II to read as follows:

II. Complaints shall be filed by affidavit *and shall be accompanied by a \$60 filing fee*. A copy of the complaint shall be given to the party complained against at the time the complaint is filed. The board or its designee shall hold a hearing within 45 days under rules adopted

by the board pursuant to RSA 541-A and shall give 5 working days' notice of the hearing by certified mail to all persons required to appear and to the representative of any party against whom a complaint has been filed. *Fees collected under this paragraph shall be used to pay indexing of all board decisions.*

5 New Paragraph; Board Decisions. Amend RSA 273-A:6 by inserting after paragraph VIII the following new paragraph:

IX. Any order issued by the board shall contain findings of fact and rulings of law on which the order is based. Any other decision made by the board shall contain, in a written record of oral proceedings or other written document, findings of fact and rulings of law on which the decision is based.

6 New Section; Board Authorized to Receive Gifts. Amend RSA 273-A by inserting after section 16 the following new section:

273-A:17 Gifts, Grants, or Donations. The board is authorized to receive any gifts, grants, or donations and to disburse and expend such gifts, grants, and donations.

7 Applicability. This act shall not affect the terms of board members serving on the public employee labor relations board on the effective date of this act. Appointments to the board under this act shall take effect as the terms of current board members expire.

8 Appropriation. The sum of \$6,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the public employee labor relations board for the purposes of this act. This appropriation is in addition to any other funds appropriated to the board. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

9 Contracting for Services. The public employee labor relations board may contract for services for the purpose of indexing its decisions.

10 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill modifies the public employee labor relations board's appointment procedures and payment for services.

This bill requires complainants to submit a filing fee and requires that orders issued by the board contain findings of fact and rulings of law.

This bill requires the board to index its decisions and permits the board to contract for services relative to indexing.

This bill also makes an appropriation to the board for the purposes of the bill.

Rep. Teschner yielded to questions.

Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

Rep. McCarty moved that **HB 1152**, requiring insurance companies to give discounts to drivers over 55 years who complete an approved driver safety course, be made a special order for March 16.

Rep. Mercer spoke against.

Rep. McCarty yielded to questions.

On a division vote, 160 members having voted in the affirmative and 166 in the negative, the motion failed.

HB 1152, requiring insurance companies to give discounts to drivers over 55 years who complete an approved driver safety course. INEXPEDIENT TO LEGISLATE

Rep. Robert S. Mercer for Commerce, Small Business and Consumer Affairs: The bill, as written, does not require successful completion of a driver safety course with a passing grade, as no tests are given. The present New Hampshire insurance program already allows up to a 20 percent reduction for safe 55 and over drivers. This bill would mandate an additional discount for just taking this course. After much study of states with data, the committee was unable to determine that there was any significant difference in the accident records of those who have taken the course and those who have not. The New Hampshire Insurance Department also testified against the bill. Vote 16-2.

Rep. McCarty moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Rep. Mercer spoke against.

Rep. Manning spoke in favor and yielded to questions.

Rep. Bonnie Packard spoke against and yielded to questions.

The motion failed and the report was adopted.

HB 1437, requiring members of certain professions to provide written notice to their clients or customers if such professionals do not carry malpractice insurance. **INEXPEDIENT TO LEGISLATE**

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: The committee felt this bill was too difficult to implement and would cause more problems than it solved. Vote 14-3.

Rep. Bonnie Packard moved that the words Refer for Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Rep. Braiterman spoke in favor.

Adopted and the substituted committee report was adopted.

HB 1209-FN, relative to administrative motor vehicle suspensions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Corrections and Criminal Justice: This bill was amended by the committee to clarify the appeal process for administrative license suspension. It eliminates the de novo appeal to the Superior Court, but does allow that court to review the administrative order that was made and allow oral arguments if the court deems it necessary. Also added to this appeal process are the requirements of RSA 541:14, Appeal of Administrative Rules to the Supreme Court, to further guarantee the appellant's rights. However, the appeal is to the Superior Court in this instance. Vote 10-0.

Amendment (5528B)

Amend the bill by replacing all after the enacting clause with the following:

1 Appeal; Administrative License Suspension. Amend RSA 263:75 to read as follows: 263:75 Appeal; *Administrative License Suspension*.

I. If the [revocation,] suspension [or determination that there should be a denial of issuance] is sustained after a hearing as provided in RSA 265:91-b, a person [whose license or driving privilege has been revoked or to whom a license is denied under the provisions of this chapter] shall have the right to file a petition in the superior court in the county in which he was arrested to review the final order [of revocation or denial] by the director or his authorized agent within 30 days of the date of the final order. Jurisdiction to hear such appeals is vested in the superior court[, and it shall be the duty of the court to grant a hearing as soon as practicable after notice to the director and the petitioner, but in no event less than 14 days after notice has been provided to the director. The court shall hear the appeal de novo and shall order that the revocation or denial be rescinded or sustained].

II. At the earliest practical time, the court shall review the record as developed before the director or authorized agent, together with any written legal argument presented to the court. Based on that review, the court may affirm or reverse the decision of the director or agent or order that oral argument be held as justice may require. The court may remand the case to the director or authorized agent for further findings or rulings. In no event shall the oral argument be held less than 14 days after notice has been provided to the director. The petition for appeal shall set forth all the grounds upon which the final order is sought to be overturned. Issues not raised by the appellant before the director or agent shall not be raised before the superior court. The burden of proof shall be upon the appellant to show that the decision of the director or agent was clearly unreasonable or unlawful, and all findings of the director or agent upon all questions of fact properly before him shall be deemed to be prima facie lawful and reasonable. The order or decision appealed from shall not be set aside or vacated except for errors of law, unless the court is satisfied, by a clear preponderance of the evidence before it, that the order is unjust or unreasonable.

III. No new or additional evidence shall be introduced in the superior court, but the case shall be determined upon the record and evidence transferred, except that in any case,

if it shall be necessary in order that no party shall be deprived of any constitutional right, or if the court shall be of the opinion that justice requires the reception of evidence of facts which have occurred since the hearing, or which by reason of accident, mistake, or misfortune could not have been offered before the director or authorized agent, it shall remand the case to the director or authorized agent to receive and consider such additional evidence.

2 Application. The provisions of section 1 of this act shall apply to administrative license suspension cases in which the arrest occurs on or after the effective date of this act.

3 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill clarifies the appeal process for administrative license suspensions. The burden of proof is placed upon the appellant to show that the decision of the director or agent was clearly unreasonable or unlawful. The order or decision appealed from shall not be set aside or vacated except for errors of law, unless the court is satisfied by a clear preponderance of the evidence that the order is unjust or unreasonable.

Adopted.

Rep. Richard Campbell offered a floor amendment.

Floor Amendment (5617B)

Amend the bill by replacing all after the enacting clause with the following:

1 Appeal; Administrative License Suspension. Amend RSA 263:75 to read as follows: 263:75 Appeal; *Administrative License Suspension.*

I. If the [revocation,] suspension [or determination that there should be a denial of issuance] is sustained after a hearing as provided in RSA 265:91-b, a person [whose license or driving privilege has been revoked or to whom a license is denied under the provisions of this chapter] shall have the right to file a petition in the superior court in the county in which he was arrested to review the final order [of revocation or denial] by the director or his authorized agent within 30 days of the date of the final order. HB 1525, relative to communications that constitute harassment. OUGHT TO PASS WITH AMENDMENT

Rep. Vivian R. Clark for Corrections and Criminal Justice: The current harassment statute covers only harassing telephone calls. The intent of this bill was to expand that statute to include harassment by mail or by electronic transmission. The amendment clarifies the definition of "communicates" as used in the bill, and acknowledges an exception for communications which have lawful purpose or are constitutionally protected. Vote 10-0.

Amendment (5558B)

Amend the bill by replacing all after the enacting clause with the following:

1 Harassment; Definition Modified. Amend RSA 644:4 to read as follows:

644:4 Harassment.

I. A person is guilty of a misdemeanor, and subject to prosecution in the jurisdiction where the telephone call originated or was received, if, with a purpose to annoy or alarm another, [he] such person:

[I.](a) Makes a telephone call, whether or not a conversation ensues, without purpose of lawful communication[.]; or

[II.](b) Makes repeated communications at extremely inconvenient hours or in offensively coarse language; or

[III.](c) Insults, taunts, or challenges another in a manner likely to provoke a violent or disorderly response.

II. A person is guilty of a misdemeanor and subject to prosecution in the jurisdiction where the communication originated or was received if such person:

(a) Knowingly communicates any matter of a character tending to incite murder, assault, or arson; or

(b) With the purpose to annoy or alarm another, communicates any matter containing any threat to kidnap any person or to commit a violation of RSA 633:4; or a threat to the life or safety of another; or

(c) With the purpose to annoy or alarm another, having been previously notified that the recipient does not desire further communication, communicates with such person when the communication is not for a lawful purpose or constitutionally protected.

III. As used in paragraph II, "communicates" means to personally deliver, or to send or to have delivered, any information or material by written or printed note or letter, package, mail, courier service or electronic transmission.

IV. In any complaint or information brought for the enforcement of RSA 644:4, II(c), it shall not be necessary to negate any exception, excuse, proviso, or exemption contained therein and the burden of proof of any exception, excuse, proviso, or exemption shall be upon the defendant.

2 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill modifies the offense of harassment.

The bill also defines the term "communicates" relative to harassment.

Rep. Vivian Clark spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HR 47, adopting amendments to the house rule regarding capital spending legislation. INEXPEDIENT TO LEGISLATE

Rep. Pamela B. Bean for Legislative Administration: While the committee understands the concerns of the sponsor, we feel this matter would be better handled by the Rules Committee. Vote 10-0.

Rep. Harwell spoke against the Committee report.

Reps. Gene Chandler and Horton spoke in favor.

Roll call request not sufficiently seconded.

Report adopted.

(Speaker Burns in the Chair)

RECONSIDERATION

Having voted with the prevailing side, Rep. Gorman moved that the House reconsider its action whereby it adopted the Committee Report of Inexpedient to Legislate on **HB 1514-FN-L**, establishing a "gifted and talented program" for certain public schools.

Reconsideration lost.

RESOLUTION

Rep. Ann Torr offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 16, 1994.

Adopted.

The House recessed at 5:10 p.m.

RECESS

Rep. Jasper moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 12

Wednesday, March 16, 1994

The House assembled at 1:00 p.m., the hour to which it stood adjourned and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of wisdom, we come before You in bold confidence that You hear our prayers and guide our lives toward Your vision. Liberate us from inflexibility; save us from any tendency to label others; grant us patience and humility in seeking the truth; and give us not only keen minds but compassionate hearts that we may indeed be servants of one another and the people of our state. Amen.

Rep. Kidder led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. O'Brien, Cole, Vanderlosk, Sargent, Foss and Fields, the day, illness.

Reps. Wells, Merritt, Paul White, Avery, Crum, Richards, Claudette Jean, Miller, Stamatakis, Ralph Torr and Bucu, the day, important business.

Rep. Bowers, the day, illness in the family.

INTRODUCTION OF GUESTS

Jane Chandler and Mary Brown, wife and guest of Rep. John Chandler. Debra and Alicia Brien, guests of Rep. Linda Smith. Elaina Mayo, guest of Rep. Edwin Smith.

REGULAR CALENDAR

HB 1319-FN-A-L, requiring the state to fully fund the Augenblick formula by FY 1996. **INEXPEDIENT TO LEGISLATE**

Rep. Franklin G. Torr for Appropriations: This bill would require the state to spend \$59,981,688 in FY 1996, \$67,476,688 in FY 1997 and \$75,496,688 in FY 1998 to fully fund the Augenblick formula. Those amounts are in addition to the \$47.1 million we presently have appropriated in FY 1995. The general fund does not have the resources to support an expenditure of this magnitude without making major cuts in existing programs. While it's difficult to reject such a worthwhile program, it would be irresponsible to make promises we can't keep. Vote 11-9.

Rep. Teague moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Reps. Franklin Torr and Ferguson spoke against.

Rep. Burling spoke in favor and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

HB 1458-FN-L, to provide incentive through school building aid for establishing and maintaining public kindergarten programs. **OUGHT TO PASS**

Rep. Charles L. Vaughn for Appropriations: This bill provides that local school districts shall be eligible for an increase in school building aid for classroom construction and renovation cost for implementing new public kindergarten programs or maintaining existing public kindergarten programs. The program sunsets in the year 2000. There will be no impact on state and county revenues or on county expenditures. Vote 12-6.

Rep. Douglas Hall spoke to the bill.

On a division vote, 272 members having voted in the affirmative and 67 in the negative, the report was adopted and ordered to third reading.

HB 1320, regulating commerce pertaining to consumer transactions involving credit reporting agencies. **OUGHT TO PASS WITH AMENDMENT**

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: This bill is a major overhaul of the consumer credit law and includes many changes such as requiring 800 phone numbers, a free annual report, timely corrections and accountability for those who report credit information. Vote 13-1.

Amendment (5564B)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Consumer Credit Reporting; Definitions Added. Amend RSA 359-B:3 by inserting after paragraph IX the following new paragraphs:

X. "Firm offer of credit" means any offer of credit to a consumer which will be honored if, based on information in a consumer report on the consumer and other information bearing on the creditworthiness of the consumer, the consumer is determined to meet the criteria used to select the consumer for the offer.

"Accuracy," when describing information, means information which is current, correct, and complete, and neither misleading nor irrelevant.

XI. "Pre-screening" means a process by which a consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides this list to the client or third party on behalf of the client for the purpose of making a firm offer of credit.

XII. "Direct solicitation" means the process by which the consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides the list to the client or a third party on behalf of the client for use in soliciting those consumers for an offer of a product or service.

2 Use of Credit Reports; Reference Addition. Amend RSA 359-B:4, II to read as follows:

II.(a) A consumer reporting agency may furnish information for the purposes of a transaction under subparagraph I(c)(1) and (5) of this section when the transaction is not initiated by the consumer, only if:

(1) The consumer authorized the consumer reporting agency to furnish the information; or

(2) The transaction involves a firm offer of credit to the consumer or is a pre-screening or direct solicitation transaction; and

(A) The consumer reporting agency has complied with RSA 359-B:4-a;

(B) The consumer has not elected in accordance with RSA 359-B:4-a to have information about himself excluded from such transactions; and

(C) The agency only provides the name and address of the consumer.

(b) Notwithstanding subparagraph (a), a consumer reporting agency may, in the case of a credit transaction initiated by the consumer, use such information in reviewing or collecting an account of the consumer.

(c) An election of a consumer under RSA 359-B:4-a shall terminate and be of no

force or effect following notice from the consumer to the consumer reporting agency, through the system established pursuant to RSA 359-B:4-a, that the election is no longer effective.

[II.]III. Notwithstanding the provisions of [paragraph] *paragraphs I and II*, a consumer reporting agency may furnish an investigative consumer report to the consumer as provided in RSA 359-B:[9, III] 6.

3 New Section; Lists. Amend RSA 359-B by inserting after section 4 the following new section:

359-B:4-a Election to be Excluded From Certain Lists.

I. A consumer may elect to have information about such consumer excluded from any transaction under RSA 359-B:4, I(c)(1) and (5), including any list provided by a consumer reporting agency through pre-screening or direct solicitation transactions that are not initiated by the consumer, by notifying the consumer reporting agency by telephone or in writing.

II. An election of a consumer under paragraph I of this section shall be effective with respect to a consumer reporting agency and any affiliate of the agency within 5 business days after the agency is notified.

III. Each consumer reporting agency shall establish and maintain a notification system, including a toll-free telephone number, which permits any consumer, with appropriate identification and for whom the agency has a file, to notify the agency of the consumer's election under paragraph I. A consumer reporting agency that maintains consumer reports on a nationwide basis shall establish such a notification system on a nation-wide basis and may operate such a system jointly with any other consumer reporting agencies. Compliance with the requirements of this section by any consumer reporting agency shall constitute compliance by the agency's affiliates.

IV. Any person who uses a consumer report in connection with any transaction under RSA 359-B:4, I(c)(1) or (5) shall provide the consumer with the following statement displayed in a conspicuous and readable format and type:

If you wish to be removed from our and other marketing lists and not receive offers and information, please call 1-800-xxx-xxxx or write (insert address) and include your full name and address.

4 Investigative Consumer Reports. RSA 359-B:6 is repealed and reenacted to read as follows:

359-B:6 Disclosure of Investigative Consumer Reports.

I. A person may not procure or cause to be prepared an investigative consumer report on any consumer unless:

(a) It is clearly and accurately disclosed in writing to the consumer, prior to requesting the consumer reporting agency to prepare the report, that an investigative consumer report commonly includes information as to the consumer's character, general reputation, personal characteristics, and mode of living, and the disclosure includes the precise nature and scope of the investigation requested.

(b) The consumer provides the person requesting the report written permission to obtain the investigative consumer report prior to the person making such request to the consumer reporting agency.

(c) The consumer reporting agency provides the consumer a copy of the report upon its completion.

II. No person may be held liable for any violation of paragraph I if such person proves by a preponderance of the evidence that at the time of the violation he maintained reasonable procedures to assure compliance with paragraph I.

5 New Section; Providers of Information. Amend RSA 359-B by inserting after section 6 the following new section:

359-B:6-a Providers of Information.

I. Any person who regularly furnishes information to a consumer reporting agency shall follow reasonable procedures to insure that the information reported to a consumer reporting agency is accurate and complete. No person shall provide information to a consumer reporting agency which such person knows or has reasonable cause to believe is not accurate or complete.

II. A person who (a) in the ordinary course of business regularly and on a routine basis furnishes information to one or more consumer credit agencies about the person's own transactions or experiences with one or more consumers and (b) determines that information on a specific transaction or experience so provided to a consumer reporting agency is not complete or accurate, shall promptly notify the consumer reporting agency of that determination and provide to the consumer reporting agency any corrections to that information, or any additional information, which is necessary to make the information provided by the person to the consumer reporting agency complete and accurate.

III. If the completeness or accuracy of any information on a specific transaction or experience furnished by any person to a consumer reporting agency is subject to a continuing bona fide or nonfrivolous dispute between the affected consumer and that person, the person shall not furnish the information to any consumer reporting agency without also including a notice or designation that the information is disputed by the consumer.

IV. A person who regularly furnishes information to a consumer reporting agency regarding a consumer who has an open-end credit account with that person, and which is closed by the consumer, shall notify the consumer reporting agency of the closure of that account by the consumer, in information regularly furnished for the period in which the account is closed.

V. A person who places a delinquent account for collection (internally or by referral to a third party), charges the delinquent account to profit or loss, or takes similar action, and subsequently furnishes information to a consumer reporting agency regarding that action, shall include within the information furnished the approximate commencement date of the delinquency which gave rise to that action, unless that date was previously reported to the credit reporting agency. Nothing in this paragraph shall require that a delinquency must be reported to a consumer reporting agency.

VI. A person who furnishes information to a consumer reporting agency is liable for failure to comply with this section, unless the furnisher establishes by a preponderance of the evidence that, at the time of the failure to comply with this section, the furnisher maintained reasonable procedures to comply with those provisions.

VII. The requirements of this section shall apply only to information recorded by the consumer reporting agency after January 1, 1995.

6 Disclosures to Consumers. RSA 359-B:9 is repealed and reenacted to read as follows:
359-B:9 Disclosures to Consumers.

I. Every consumer reporting agency shall, upon request and proper identification of any consumer, clearly and accurately disclose to the consumer:

(a) A written copy of the nature, contents and substance of all information, except medical information, in its file on the consumer at the time of the request, and which is obtainable based upon the identifying information supplied by the consumer when making such request, and, if such consumer has made a written request, deliver a written copy or photocopy of all such information except any code identifications which are used solely for purposes of transferring such information to and from credit reporting agencies. The names of the users corresponding to the code identifications shall be disclosed to the consumer, provided the agency shall provide a clear, simple, and plain meaning explanation of the information provided under this paragraph and such explanation shall be in readable format.

(b) The sources of all information obtained through routine credit reporting or through any other credit reporting techniques in the file at the time of the request.

(c) The recipients of any consumer report on the consumer which it has furnished for employment purposes within the 2-year period preceding the request, and for any other purpose, including RSA 359-B:4-a, within the 12-month period preceding the request.

II. A consumer reporting agency shall, in good faith, provide a consumer with a written statement of the consumer's rights under this chapter, as specified in RSA 359-B:15, in the following circumstances:

(a) Whenever a copy of a person's credit report is given to such person.

(b) Whenever a consumer requests a copy of the consumer's rights.

III. Every consumer reporting agency shall provide a toll-free telephone number and trained personnel to explain to the consumer any information furnished to him under this section.

7 Procedure in Case of Disputed Accuracy. RSA 359-B:11 is repealed and reenacted to read as follows:

359-B:11 Procedure in Case of Disputed Accuracy.

I. If the completeness or accuracy of any item of information contained in [his] *the consumer's* file is disputed by a consumer, and such dispute is directly conveyed to the consumer reporting agency by the consumer, the consumer reporting agency shall within a reasonable period of time, but not to exceed 30 days, beginning on the date the appropriate consumer assistance office receives notice of the dispute from the consumer, reinvestigate and record the current status of that information unless it has reasonable grounds to believe that the dispute is frivolous or irrelevant.

II. Within 10 business days after completion of a reinvestigation, the agency shall provide the consumer with written information, free of charge, which includes:

- (a) A statement that the reinvestigation is completed.
- (b) A consumer report that is based on the consumer's file as that file is revised as a result of the reinvestigation.
- (c) A description or indication of any changes made in the consumer report as a result of those revisions.

(d) Notice that, if requested by the consumer, a description of the procedure used to determine the accuracy and completeness of the information shall be provided to the consumer by the consumer reporting agency, including the name, business address, and telephone number of any furnisher of information contacted in connection with that information.

(e) Notice that the consumer has the right to add a statement to the consumer's file disputing the accuracy or completeness of the information.

(f) Notice that the consumer has the right to request that the consumer credit reporting agency furnish notifications under paragraphs VI and VII of this section.

(g) Notice that the consumer has a right to obtain all information required to be disclosed under RSA 359-B:9.

III. If after such reinvestigation such information is found to be inaccurate or can no longer be verified, the consumer reporting agency shall within 10 business days change or delete such information.

IV. If the reinvestigation does not resolve the dispute, the consumer may file a brief statement setting forth the nature of the dispute. The consumer reporting agency may limit such statements to not more than 100 words if it provides the consumer with assistance in writing in clear summary of the dispute.

V. Whenever a statement of a dispute is filed, unless there is reasonable grounds to believe that it is frivolous or irrelevant, the consumer reporting agency shall, in any subsequent consumer report containing the information in question, clearly note that it is disputed by the consumer and provide either the consumer's statement or a clear and accurate codification or summary of the consumer's statement.

VI. Following the filing of a statement of dispute pursuant to paragraph IV, the consumer may request that the consumer reporting agency furnish notification to any person specifically designated by the consumer, who has, within 2 years prior to the filing of the dispute, received a consumer report concerning the consumer for employment purposes, or who has, within 6 months of the filing of the dispute, received a consumer report for any other purposes, which contained the disputed information, that the item is disputed and forward to him a copy of the statement provided for in paragraphs IV and V.

VII. Following any change or deletion of information which is found not to be accurate, or the accuracy of which can no longer be verified, the consumer reporting agency, in good faith, shall, upon the request of the consumer, within 15 business days, furnish notification to any person designated by the consumer who has within 2 years prior to the change or deletion received a consumer report for employment purposes, or within 6 months prior to the change or deletion received a consumer report for any other purpose, which contained the change or deleted item, that the item has been changed or deleted.

VIII. If the reinvestigation is based on consumer-provided documentation obtained from the source of the item in dispute or from public records confirming that the report was inaccurate or incomplete, the consumer reporting agency shall review and consider such documentation within 15 days shall change its relevant records to reflect the results of its reinvestigation.

IX. No information shall be reinserted in a consumer's file after having been deleted pursuant to this section unless the person who furnishes the information verifies that the information is accurate. If any information so deleted from a consumer's file is reinserted in the file, the consumer reporting agency shall promptly notify the consumer of the reinsertion in writing or, if authorized by the consumer for that purpose, by any other means available to the consumer reporting agency. As part of, or in addition to, this notice the consumer reporting agency shall, within 5 business days of reinserting the information, provide the consumer in writing:

(a) A statement that the disputed information has been reinserted.

(b) A notice that the agency will provide to the consumer, within 15 days following a request, the name, address, and telephone number of any furnisher of information contacted or which contacted the consumer reporting agency in connection with the reinsertion.

(c) The toll-free telephone number of the consumer reporting agency which the consumer can use to obtain this name, address, and telephone number.

(d) A notice that the consumer has the right to add a statement to his file disputing the accuracy or completeness of the information.

8 Charges for Certain Disclosures. RSA 359-B:12 is repealed and reenacted to read as follows:

359-B:12 Charges for Certain Disclosures.

I. A credit reporting agency shall not impose a charge on a consumer for a disclosure pursuant to RSA 359-B:9 within 60 days of the consumer being denied credit, employment, insurance, or rental dwelling as a result of information contained in the consumer's credit report. The credit reporting agency may ask for documentation from the consumer of the denial.

II. Except as provided in RSA 359-B:11, VI and paragraph III of this section, a consumer reporting agency shall not charge a consumer for any disclosures or a copy of a consumer report requested pursuant to RSA 359-B:11.

III. Except as otherwise provided, the consumer reporting agency may impose a reasonable charge, not to exceed \$8, for making disclosure to a consumer pursuant to RSA 359-B:9, the charge of which shall be indicated to the consumer prior to making disclosure, and for furnishing notifications, statements, or summaries to a person designated by the consumer pursuant to RSA 359-B:11, VI, the charge for which shall be indicated to the consumer prior to furnishing such information and shall not exceed \$8.

IV. A consumer reporting agency shall furnish free of charge to any consumer who has provided verification of his identity and who meets other requirements as set out in RSA 359-B:10 of this chapter and who requests a copy of his consumer report, one complete consumer report per calendar year.

9 Information for Employment Purposes. Amend RSA 359-B:13 to read as follows:

359-B:13 Public Record Information for Employment Purposes.

I. A consumer reporting agency which furnishes a consumer report for employment purposes and which for that purpose compiles and reports items of information on consumers which are matters of public record and are likely to have an adverse effect upon a consumer's ability to obtain employment shall:

[I.](a) At the time such public record information is reported to the user of such consumer report, notify the consumer of the fact that public record information is being reported by the consumer reporting agency, together with the name and address of the person to whom such information is being reported; or

[II.](b) Maintain strict procedures designed to insure that whenever public record information which is likely to have an adverse effect on a consumer's ability to obtain employment is reported it is complete and up to date. For purposes of this paragraph, items of public record relating to arrests, indictments, convictions, suits, tax liens, and outstanding judgments shall be considered up to date if the current public record status of the item at the time of the report is reported.

II. Notwithstanding paragraph I, a consumer reporting agency which furnishes a consumer report for employment purposes shall make an agreement with such user to the effect that no consumer report may be requested by the user until and unless the user has

provided written notice to the employee or prospective employee that a consumer report regarding the employee will be requested.

10 Requirements on Users of Consumer Reports. RSA 359-B:15, I is repealed and reenacted to read as follows:

I. Whenever credit or insurance for personal, family or household purposes, or employment involving a consumer is denied or terminated or the charge for such credit or insurance is increased either wholly or partly or whenever a consumer's line of credit is reduced because of information contained in a consumer report from a consumer reporting agency, the user of the consumer report shall, within 10 business days of its decision to deny or terminate credit, or to reduce a consumer's line of credit, promptly notify such consumer in writing against whom such adverse action has been taken. The notice shall be in a clear and conspicuous format, and contain a name, address, and toll-free telephone number of any consumer reporting agency which provided any consumer report which was reviewed or otherwise taken into account in the making of the adverse action. The user of the consumer report shall provide a notice of the consumer's rights under this chapter, in a conspicuous and readable format and type in the following manner: "You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding \$8. There is no fee, however, if you have been turned down for credit, employment, insurance, or rental dwelling within the preceding 60 days because of information in your credit report. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file. Each calendar year you are entitled to receive, upon request, one free consumer report. You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. In most cases, under state and federal law, the consumer credit reporting agency must remove accurate, negative information from your report only if it is over 7 years old, and must remove bankruptcy information only if it is over 10 years old. If you have notified a credit reporting agency in writing that you dispute the accuracy of information in our file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency. If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The consumer credit reporting agency must include your statement about the disputed information in a report it issues about you. You have a right to receive a record of all inquiries relating to a credit transaction initiated in the 6 months preceding your request, or one year in the case of a credit report used for employment purposes. This record shall include the recipients of any consumer credit report. You have the right to opt out of any lists compiled through pre-screening or for direct solicitation by or with the assistance of a consumer reporting agency by calling the agency's toll-free number or contacting the agency in writing. You may be entitled to collect compensation, in certain circumstances, if you are damaged by a person's negligent or intentional failure to comply with the provisions of the credit reporting act."

11 Persons Added. Amend the introductory paragraph of RSA 359-B:17 to read as follows: Any consumer reporting agency, *person who furnishes information to any consumer reporting agency*, or user of information which is negligent in failing to comply with any requirement imposed under this title with respect to any consumer is liable to that consumer in an amount equal to the sum of:

HB 1185, relative to the registration of pesticides. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marilyn R. Campbell for Environment and Agriculture: This bill requires that private pesticide applicators pay the same registration and examination fees as commercial applicators. Vote 16-1.

Amendment (5583B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to fees charged for the registration of private
pesticide applicators.

Amend the bill by replacing all after the enacting clause with the following:

I Registration Certificates and Permits. Amend RSA 430:33, I and II to read as follows:

1. No person shall engage in the commercial application of pesticides or in the private application of restricted pesticides within this state without possessing a valid certificate of registration issued by the division. An annual fee of \$20 shall be collected by the division for each commercial *or private* applicator registration, except that no fee shall be collected from any nonprofit entity or from any governmental entity. The board shall by rule establish the criteria for eligibility for, and the limits on the use of, certificates of registration for commercial applicator, private applicator, and commercial applicator for hire. Each application for registration shall contain such information regarding the applicant's qualifications and proposed operations and other relevant matters as the division may require. Every person applying for a registration certificate shall be required to demonstrate by examination, or by such other means as the board by rule may establish, his competency and ability to use pesticides in accordance with standards of the board. The division shall require from each applicant proof of financial responsibility in amounts to be determined under rules adopted by the board. Registered applicators shall maintain routine operational records pursuant to the rules of the board, which records shall be open to inspection at reasonable times by the division or its agents. Operational records for the preceding calendar year shall be submitted by an applicant for renewal of a certificate of registration. Upon submission of such records and satisfaction of such other conditions as the board may by rule impose, the division shall renew a certificate of registration.

II. No person, other than a commercial applicator, shall apply pesticides in this state without first obtaining a written permit from the division except as provided in RSA 430:46. *An annual fee of \$20 shall be collected by the division for each permit, except that no fee*

shall be collected from any nonprofit entity or from any governmental entity. The division shall require each applicant for a permit to demonstrate, by examination or other procedure prescribed by the board in rules, the applicant's competence and ability to use pesticides in accordance with standards of the board. Permit holders shall maintain routine operational records pursuant to rules of the board, which records shall be open to inspection at reasonable times by the division or its agents. Operational records for the preceding calendar year shall be submitted to the division by an applicant for renewal of a permit. Upon submission of such records and satisfaction of such other conditions as the board may by rule impose, the division shall renew a permit.

2 Application for Registration and Permits. Amend RSA 430:34, III to read as follows:

III. Each application for initial examination of a commercial *or private* applicator shall be accompanied by an examination fee of \$5 for each category *or commodity group* in which such examination is requested. When an applicator has been examined by the division and found not qualified, the applicant shall be re-examined at a subsequent date in accordance with rules adopted by the board, provided that each application for re-examination shall be accompanied by a re-examination fee of \$5 for each category *or commodity group* in which re-examination is requested. A separate application and re-examination fee shall be filed by the applicant each time a re-examination is requested. [Private applicators are exempt from this provision.]

3 Collection of Fees. Amend RSA 430:34, V to read as follows:

V. Fees collected from applicants for registration as commercial *or private* applicators under this subdivision constitute a special pesticides control fund which does not lapse but may be used at any time to carry out the provisions of this subdivision.

4 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill requires that private pesticide applicators pay the same registration and examination fees as commercial applicators.

Rep. Marilyn Campbell yielded to questions.

HB 1471-FN-L, relative to reinstating local control over hazardous or endangering practices of pesticide use. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Rebecca E. Lee for the Majority of Environment and Agriculture: HB 1471 would repeal the law that was enacted last session. The majority of the committee was concerned that the present law hasn't been in effect long enough to determine whether or not this law is working. Two other bills that have passed the committee this session would give the proper and influential impact on the pesticide control board from the public and local governmental units. Vote 12-6.

Reps. Betty B. Hall, Amanda A. Merrill, Gregory L. Hanselman, Derek Owen, George T. Musler and Robert A. Daigle for the Minority of Environment and Agriculture: All levels of government should participate in pesticide control. The minority believes that the State should not preempt the local level from enacting ordinances which are more stringent. Seven towns were exempted from the preemption in last year's legislation. We believe there is no rationale for denying the State's other towns from that option. Interim study would allow for further discussion of the relationship between local and State in the regulation of pesticides.

Rep. Betty Hall moved that the words Refer for Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

HB 1583-FN, requiring that dairy products known to contain the genetically produced bovine somatotropin growth hormone be so labeled. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Environment and Agriculture: As amended, this bill states that the Legislature finds that food products sold in New Hampshire be labeled to provide the consumer with the most accurate information about the contents of the food product including those subject to genetic engineering. This amendment removes any requirement for labeling of milk or milk products from cows that have been injected with genetically engineered growth hormones. The amendment, however, creates a study committee that will examine the issues of genetic engineering and food labeling. Vote 11-7.

HB 1412, prohibiting any person who is receiving retirement benefits from serving as a member of the New Hampshire retirement system board of trustees. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Merton S. Dyer for the Majority of Executive Departments and Administration: This bill deals with the Board of Trustees of the New Hampshire Retirement System and would prevent any person from continuing as trustee of the system on their retirement from active service. The committee amendment adds that a person shall not continue to serve as a trustee of the New Hampshire Retirement System if the trustee or spouse of trustee receives retirement benefits from the New Hampshire Retirement System. Vote 12-2.

Rep. Cynthia A. McGovern for the Minority of Executive Departments and Administration: The sponsor of HB 1412 was never consulted about the amendment and does not agree with the changes.

Amendment (4973B)

Amend the title of the bill by replacing it with the following:

AN ACT

prohibiting any person who is receiving, or whose spouse is receiving, retirement system benefits from serving as a member of the New Hampshire retirement system board of trustees.

Amend RSA 100-A:14, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Beginning on July 1, 1994, no person shall be appointed to serve as a trustee on the board who, at the time of the person's appointment, is receiving, or whose spouse is receiving, benefits under any provision of RSA 100-A or under any provisions of its predecessor systems. A person who is appointed to serve as a trustee on the board and who begins to receive, or whose spouse begins to receive, such benefits after his appointment shall immediately resign from the board. A member of the board of trustees who, on July 1, 1994, is receiving, or whose spouse is receiving, benefits under any provision of RSA 100-A or under any provisions of its predecessor systems, shall immediately resign from the board and shall not serve the remainder of the term to which the member was appointed.

AMENDED ANALYSIS

This bill provides that beginning on July 1, 1994, no person shall be appointed to serve as a trustee on the New Hampshire retirement system board of trustees who, at the time of the person's appointment, is receiving, or whose spouse is receiving, benefits under any provision of RSA 100-A or under any provisions of its predecessor systems. A member of the board of trustees who begins to receive such benefits, or whose spouse begins to receive such benefits, after his appointment shall resign from the board. A member of the board of trustees who, on July 1, 1994, is receiving, or whose spouse is receiving, such benefits, shall resign from the board and shall not serve the remainder of the term for which the member was appointed.

HB 1541, establishing an executive branch ethics committee. REFER FOR INTERIM STUDY

Rep. Kathleen W. Ward for Executive Departments and Administration: The committee unanimously voted to request interim study for this very important subject. Now that the legislative branch has its ethics law in place, it is time to address the executive branch. Much consultation and solid bill drafting has to go into any proposal for an equal branch of government and we would like to opportunity to bring forth a fair and equitable bill. Vote 14-0.

HB 1329-L, authorizing municipalities to extend workers' compensation to volunteers performing municipal functions. OUGHT TO PASS WITH AMENDMENT

Rep. Amy L. Bagley for Labor, Industrial and Rehabilitative Services: This bill clarifies the definition of a public employee for purposes of workers' compensation law. The law excludes inmates of county correctional facilities and any volunteers not covered under RSA 281-A:2, VII(b) from receiving workers' compensation benefits. Vote 8-3.

Amendment (5568B)

Amend the title of the bill by replacing it with the following:

AN ACT

clarifying the definition of public employee for purposes of workers' compensation.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition Clarified. Amend RSA 281-A:2, VII by inserting after subparagraph (e) the following unnumbered concluding paragraph:

"Employee", with respect to public employment shall not include any inmate of a county correctional facility who is, under RSA 651, required or allowed to work or perform services for which no significant remuneration is provided or any volunteer not covered under RSA 281-A:2, VII(b) through (e), who performs services for which no significant remuneration is provided.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the definition of a public employee for purposes of workers' compensation law.

Adopted.

Report adopted and ordered to third reading.

HB 1330, prohibiting an employer from requiring union membership as a condition of employment. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Jay C. Ward for the Majority of Labor, Industrial and Rehabilitative Services: HB 1330 is the same recycled bill this committee hears and votes inexpedient to legislate year after year. The majority of this committee is against government interference in restricting the rights of businesses to freely negotiate with their employees. The testimony given in support of this bill concerning intent and statistics was found to be misleading. Also there was overwhelming evidence and testimony presented against this intrusive legislation. Vote 9-6.

Reps. Barberia, Daniels, Carl Johnson, Arthur Smith, Wright and Niel Young for Labor, Industrial and Rehabilitative Services: This bill makes it illegal to require someone to pay dues, fees or any other charges of a union to get or keep a job. Allowing workers this freedom is the arrangement our own State Employees operate under. According to AREA DEVELOPMENT magazine, 71.4% of businesses consider a "Right to Work" law important or very important in deciding where to locate. Because of this competitive advantage, U.S. Labor Department statistics show "Right to Work" states have lower unemployment and greater job growth. Vote 6-9.

Rep. Carl Johnson moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

(Rep. Scanlan in the Chair)

Reps. Gilbreth, Turner and Hawkins spoke against and yielded to questions.

Reps. Thomas Arnold and Daniels spoke in favor and yielded to questions.

Rep. Niel Young spoke in favor.

Reps. Bonnie Packard, Reidy and Trombly spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

Report adopted.

Rep. Senter voted yea and intended to vote nay.

Rep. Musler declared a conflict of interest and did not participate.

HB 1342, prohibiting cable companies from requiring consumers to obtain converter boxes to receive cable television service. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Gary R. Gilmore for the Majority of Science, Technology and Energy: The bill, as amended, prohibits a cable company from requiring a converter box without the agreement of the local franchising authority. The bill also allows for local franchising authorities to impose restrictions on scrambling when renewing franchise agreements. Vote 8-3.

Reps. Karen K. McRae, David B. Holt, Richard L. Cogswell for the Minority of Science, Technology and Energy: The minority of the committee feels that section 53c:3-h puts the State of New Hampshire, Office of the Attorney General in the position of defending the City of Laconia, letting the taxpayers of N.H. pay for a resolution of the Laconia cable subscribers' dispute with their cable operator. This section does not address changes in technology and will disallow consumer choice such as presented in HB 1393. The current state of the art changes in program delivery are evolving so rapidly that passage of this bill will not help consumers, municipalities or franchisees. Vote 4-7.

Amendment (5587B)

Amend the title of the bill by replacing it with the following:

AN ACT

prohibiting cable companies from requiring consumers to obtain converter boxes to receive cable television service and allowing franchising authorities to impose certain conditions on the use of scrambling devices.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Consumer Choice. Amend RSA 53-C by inserting after section 3-g the following new section:

53-C:3-h Consumer Choice. Unless federal law requires a subscriber or other cable customer to obtain a cable converter box to receive cable television service, no company, without the approval of the local franchising authority, shall require any subscriber or any other cable customer to obtain a cable converter box to receive cable television service. Any person requesting pay per view service or premium services may be required to obtain a converter box.

2 Authority to Establish Fees and Impose Conditions. Amend RSA 53-C:4 to read as follows:

53-C:4 Authority to Establish Fees and Impose Conditions.

I. In conjunction with the rights granted in said franchises, any franchising authority may require reasonable fees payable to the municipality and may impose conditions not inconsistent with applicable Rules and Regulations of the Federal Communications Commission, as amended from time to time.

II. In connection with the initial grant or any renewal of any franchise agreement, or renegotiation of issues as allowed by an existing franchise agreement, franchising authorities may impose conditions and restrictions on the use of scrambling or encryption and digital transmission and the use of converter boxes or other forms or types of electronic interface designed to permit reception of a scrambled, encrypted, or digital cable television

signal, to the extent such conditions or restrictions are not inconsistent with federal law and the rules and regulations of the federal communications commission, as amended from time to time.

3 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

4 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill prohibits cable companies from requiring consumers to obtain converter boxes to receive cable television service and allows franchising authorities to impose certain conditions on the use of scrambling devices.

Adopted.

Reps. Rodeschin and Salatiello spoke in favor.

LAID ON THE TABLE

Rep. Rosen moved that **HB 1342**, prohibiting cable companies from requiring consumers to obtain converter boxes to receive cable television service and allowing franchising authorities to impose certain conditions on the use of scrambling devices, be laid upon the table.

Adopted.

REGULAR CALENDAR (Cont'd.)

HJR 22, urging Congress to pass the Federal Mandates Relief Act of 1993. **OUGHT TO PASS WITH AMENDMENT**

Rep. David M. Perry for State-Federal Relations: This House Joint Resolution asks that the Congress fund all mandates they pass on to the state. New Hampshire is in a good moral position to ask for this, having passed 28A to the New Hampshire Constitution forbidding state mandates to the municipalities of our state. Vote 6-4.

Amendment (4541B)

Amend the resolution by replacing the first paragraph after the resolving clause with the following:

That the state of New Hampshire urges the Congress of the United States to pass the Federal Mandates Relief Act of 1993 to provide for federal payments for federal mandates imposed upon state and local governments; and

Adopted.

Rep. Beverly Gage yielded to questions.

Rep. John Chandler spoke in favor.

Rep. Trombly spoke against.

Roll call request sufficiently seconded. The question being the adoption of the amended Committee report.

HB 1223, increasing the age that child passenger restraints are required from 12 years of age to 18 years of age. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Timothy N. Robertson for the Majority of Transportation: The Committee feels this bill would prevent death and serious injuries to minors consistent with other laws protecting minors. Vote 8-6.

Reps. Sherman A. Packard, Frank D. Callaghan, Edward J. Crotty, Emma M. Dodge, Roland M. Turgeon, Gordon E. Bartlett, Maurice B. MacDonald for the Minority of Transportation: The Minority strongly opposes the raising of the age of mandatory seat belt usage to 18 years of age. This is another area that should be left up to proper education by parents, schools and safety officials. We, as elected officials, should not continue down that path of trying to regulate and mandate every issue of life. We should continue to allow the citizens of the state of New Hampshire the freedom to exercise their good common sense and judgment on issues of this nature.

Rep. Dodge moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment and spoke in favor.

Reps. Cloutier, Robertson and Regan spoke against and yielded to questions.

Reps. MacDonald and Sherman Packard spoke in favor.

Rep. Klemarczyk spoke against.

Roll call sufficiently seconded. The question being the adoption of the substitute motion.

HOUSE JOURNAL No. 13

Thursday, March 17, 1994

The House assembled at 10:00 a.m., the hour to which it stood adjourned and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, St. Andrew's Episcopal Church in Hopkinton.

O God, we give You thanks for our beloved state of New Hampshire on this bright St. Patrick's day. Today, though we come from many and various backgrounds, we all have a touch of the blarney to lighten our hearts.

We give thanks to St. Patrick and especially for his ability to drive out all the snakes in Ireland. We are sorry, however, that his ministry ended before he could reach the New Hampshire State Senate.

Whether our work today be in education or tax reform, health care or concern for those who need our help, drive far from us the snakes of division and mistrust, and enable us to do Your will for all Your people. Amen.

Rep. Wasson led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Cole, O'Brien, Vanderlosk, Sargent, DePecol and Fields, the day, illness.

Reps. Ahrens, Langer, Musler, William Riley, Merritt, Paul White, Avery, Richards, Claudette Jean, Mercer, Crum, Lundborn, Gargiulo, MacDonald and Dwyer, the day, important business.

GUEST ON THE ROSTRUM

Harold J. Brubaker, National Chairman of the American Legislative Exchange Council, guest of the Speaker.

SPECIAL ORDERS

HB 1382, creating a special committee to study the turnpike toll collection system and make recommendations. **INEXPEDIENT TO LEGISLATE**

Rep. Marie C. Hawkinson for Appropriations: This bill is unnecessary since the Commissioner of Transportation shall, by Chapter 237:9 establish toll rates, and through chapter 237:11 establish the criteria. Vote 18-1.

Rep. Franklin Torr moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Reps. Schotanus and Gene Chandler spoke in favor.

Adopted.

Rep. Schotanus offered a floor amendment.

Floor Amendment (5636B)

Amend the title of the bill by replacing it with the following:

AN ACT

creating a special committee to study the turnpike toll collection system and make recommendations and making an appropriation for the study from the turnpike fund.

Amend paragraph I(a) of section 2 of the bill by replacing it with the following:

(a) Select a qualified consultant, upon approval by the governor and council, to perform a study of the toll collection system. The department of transportation shall provide technical and clerical support.

Amend the bill by replacing section 3 with the following:

3 Supplemental Appropriation. The sum of \$150,000 is hereby appropriated to the department of transportation for the biennium ending June 30, 1995, for the purpose of the turnpike toll collection system study. The appropriation shall be in addition to any other appropriations to the department of transportation and shall be a charge against the turnpike fund.

Adopted.

Ordered to third reading.

HB 1561, allowing a choice of the motto on New Hampshire license plates. REFER FOR INTERIM STUDY

Rep. William H. Crum, Jr. for Transportation: The Transportation Committee has established a subcommittee to study all issues relating to license plates. It is the majority opinion that this bill be referred to this subcommittee for further study. Vote 12-1.

Rep. Regan spoke in favor.

Adopted.

HB 1260-FN-L, repealing the authority to use local property tax revenue to fund education and creating a committee to study the financing of public education. OUGHT TO PASS WITH AMENDMENT

Rep. Douglass P. Teschner for Ways and Means: The original bill had two components: (1) repeal of the local property tax to fund education and (2) a high-level study committee to address education funding. The majority of the committee, including some critics of the present school financing system, was uncomfortable with the first component. The concept of the second component was, however, widely supported. The committee amendment creates a task force (similar to that in the original bill) which is charged to consider (1) the adequacy, equity, and efficiency of the present educational funding system; (2) alternative financing mechanisms; (3) the relationship between the state, School Administrative Units (SAUs), and local school districts relative to educational control and funding; and, (4) potential funding mechanisms for public kindergarten. Vote 17-2.

Amendment (5501B)

Amend the title of the bill by replacing it with the following:

AN ACT

establishing a task force to study public education funding issues.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that it is in the public interest that the legislature and governor address the issues of the adequacy, equity, and efficiency of the present funding system for public education.

2 Task Force Created. A task force is hereby formed to consider the following issues:

I. Adequacy, equity, and efficiency of the present funding system.

II. Alternative funding mechanisms, such as, but not limited to, sales taxes, income taxes, statewide property taxes, and the advantages and disadvantages of such taxes.

III. The relationship between the state, school administrative units, and local school districts, relative to control and funding of education.

IV. Potential funding mechanisms for public kindergarten.

3 Composition of Task Force. There is established a task force to study public education funding issues. The task force shall consist of the following members:

I. The governor or designee.

II. The speaker of the house of representatives or designee.

III. The president of the senate or designee.

IV. The majority leader of the house.

V. The minority leader of the house.

VI. The majority leader of the senate.

VII. The minority leader of the senate.

VIII. The chairpersons of the appropriations, ways and means, and education committees of the house.

IX. The chairpersons of the finance executive, ways and means, and education committees of the senate.

X. The attorney general.

XI. The chairperson of the state board of education.

4 Meetings; Report. The chairperson of the ways and means committee of the house shall call the first meeting of the task force. At that meeting the task force shall elect a chairperson. The task force shall make a report of its findings, including recommendations for legislation, to the governor, speaker of the house and the senate president on or before November 1, 1994.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a task force to study public education funding issues.

Rep. Douglas Hall spoke against.

Rep. Teschner spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the amendment.

and the amendment was adopted.

Report adopted and ordered to third reading.

Rep. Hurst voted nay and intended to vote yea.

HB 1495, relative to taxes paid on simulcast racing. **OUGHT TO PASS**

Rep. Joyce May Johnson for Ways and Means: This bill limits the tax on dog racing when the pari-mutuel pool is less than \$30,000 per day to \$300 for either live or simulcast dog racing and \$600 for both live and simulcast dog racing. We believe this bill makes the tax distribution more fair by taking into consideration the amount of the daily handle which helps to make the industry more competitive. Vote 15-0.

Adopted and ordered to third reading.

HB 1520-FN-A-L, raising certain taxes and revenue to fund public kindergarten. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Garret P. Cowenhoven for the Majority of Ways and Means: The Committee held a public hearing on March 16, 1994 to consider alternative funding mechanisms. The Committee did not support the tax on gambling winnings or increased sin taxes as funding mechanisms for public kindergarten. Following numerous motions, the Committee voted Inexpedient to Legislate in light of the study committee established in HB 1260 which will include in its study potential funding sources for public kindergarten. Vote 10-9.

Rep. McCann moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Rep. Cowenhoven spoke against and yielded to questions.

Rep. Weeks spoke in favor and yielded to questions.

Reps. Kurk and Gene Chandler spoke against.

Rep. Soucy spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

Report adopted.

(RECESS)**(Speaker Burns in the Chair)**

The Chair requested a Quorum Count and declared a Quorum present.

MOTION TO LIMIT DEBATE

Rep. Dunn moved that debate be limited to 20 minutes for each remaining bill on the day's Calendar, to be equally divided in time, and to include questions.

Reps. Gene Chandler and Buckley spoke against.

Rep. Warburton spoke in favor.

On a division vote, 171 members having voted in the affirmative and 141 in the negative, the motion to limit debate was adopted.

SPECIAL ORDERS (Cont'd.)

HB 1584-FN-A-L, establishing a uniform statewide property tax to provide local property tax relief and to equalize funding for education. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Garret P. Cowenhoven for the Majority of Ways and Means: The statewide property tax has problems including the elimination of the Augenblick formula and a possible 28A mandate issue. The charge of the study committee established in HB 1260 includes studying this bill's subject. Vote 10-9.

Rep. William H. McCann, Jr. for the Minority of Ways and Means: The Minority of the Committee believes that this bill has been studied enough. The statewide property tax would give tax relief to 77 percent of our cities and towns. The bill would provide a redistribution of the biggest broad base tax in New Hampshire. It would benefit our school districts and the children they are trying to educate. It is not a new tax; it is a mechanism to correct a long-term problem in funding education in our state as well as providing a resolution to the Claremont lawsuit.

Rep. Allen moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Rep. Cowenhoven spoke against and yielded to questions.

Reps. Plourde and Joyce Johnson spoke in favor.

Reps. Donna Sytek and Jasper spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

HB 1100, prohibiting the release of wolves. OUGHT TO PASS WITH AMENDMENT

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill seeks to limit the sale, breeding, import, export of wolf dog cross animals and to regulate existing animals as domestic dogs so that the existing animals in the state can be regulated. Vote 10-2.

Amendment (5572)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the importation, possession and breeding of
wild hybrid canines in the State of New Hampshire.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Wild Hybrid Canines. Amend RSA 466 by inserting after section 1-a the following new section:

466:1-b Wild Hybrid Canines.

I. No person shall import, sell, breed, exhibit, export or release a wild hybrid canine in the state of New Hampshire. Any person possessing a wild hybrid canine after January 1, 1995, shall be required to procure a license from the office of the clerk of the municipality in which such wild hybrid canine is kept pursuant to the requirements of RSA 466:1. The fee for such license shall be \$4.50.

II. Before a license is issued for possession of a wild hybrid canine, the person possessing a wild hybrid canine shall furnish to the clerk a certificate that such wild hybrid canine has been vaccinated against rabies in accordance with the provisions of RSA 436:99 - RSA 436:109.

III. The person possessing a wild hybrid canine that is vaccinated with a rabies vaccination approved for canines shall be required by the veterinarian administering the vaccination to sign an affidavit indicating awareness that the use of the canine-approved vaccination on wild hybrid canines is experimental and that the veterinarian administering the vaccination shall not be liable if the wild hybrid canine contracts rabies.

IV.(a) All wild hybrid canines shall be spayed or neutered, provided, however, that a person possessing a wild hybrid canine shall provide certification from the person performing the operation to the satisfaction of the clerk of the municipality in which the wild hybrid canine is kept, as a condition of licensing such animal.

(b) Each wild hybrid canine shall be confined in an enclosure or structure sufficient to prohibit escape or release and allow adequate floor space for the keeping of such animal.

V. Any person failing to meet the requirements of this section shall be guilty of a violation.

2 Wild Hybrid Canine; References Added. Amend RSA 466:19 to read as follows:

466:19 Liability of Owner or Keeper. Any person to whom or to whose property, including sheep, lambs, fowl, or other domestic creatures, damage may be occasioned by a dog *or wild hybrid canine* not owned or kept by him shall be entitled to recover such damage of the person who owns or keeps the dog *or wild hybrid canine*, or has it in his possession, unless the damage was occasioned to him while he was engaged in the commission of a trespass or other tort. A parent or guardian shall be liable under this section if the owner or keeper of the dog *or wild hybrid canine* is a minor.

3 Wild Hybrid Canine; Reference Added. Amend RSA 466:28 to read as follows:

466:28 Killing Dogs *or Wild Hybrid Canines* Legalized. Any person may kill a dog *or wild hybrid canine* that suddenly assaults him while he is peaceably walking or riding without the enclosure of its owner or keeper; and any person may kill a dog *or wild hybrid canine* that is found out of the enclosure or immediate care of its owner or keeper worrying, wounding or killing sheep, lambs, fowl, or other domestic animals.

4 Wild Hybrid Canine; References Added. Amend RSA 466:31 to read as follows:

466:31 Dogs *or Wild Hybrid Canines* a Menace, a Nuisance or Vicious.

I. Any person who considers a dog *or wild hybrid canine* to be a nuisance, a menace or vicious to persons, to property or to other animals may make a complaint in writing to any law enforcement officer, conservation officer, or a selectman of the town or city in which such dog *or wild hybrid canine* is kept. Such officer or selectman shall, within 3 days after the receipt of such complaint, investigate the facts and circumstances of the case, and if the complaint is sustained shall forthwith order the owner, keeper or person who harbors such dog *or wild hybrid canine* to abate the nuisance or menace. Service of such order shall be made upon the owner, keeper or person who harbors such dog *or wild hybrid canine* by any law enforcement officer by causing a certified copy of such order to be delivered to him or

by registered mail to his last known place of abode. Any owner, keeper or person who harbors such dog *or wild hybrid canine* upon whom notice of such order has been served may, within 10 days, bring a petition to the municipal or district court for the town or city, as the case may be, praying that the order be reviewed by the court. After notice to the investigating officers and the person or persons making the complaint, and upon hearing, the court shall affirm, modify or dismiss such order as justice may require. During the pendency of such action and the order of the justice of the court, the owner, keeper or person who harbors such dog *or wild hybrid canine* shall restrain such dog *or wild hybrid canine* from running at large at all times.

II. Under this section, a dog *or wild hybrid canine* is considered to be a nuisance, a menace, or vicious to persons or to property under any or all but not limited to the following conditions:

(a) If it barks *or howls* for sustained periods of time, or during the night hours so as to disturb the peace and quiet of a neighborhood or area;

(b) If it digs, scratches, or excretes, or causes waste or garbage to be scattered on property other than its owner's;

(c) If any female dog in season (heat) is permitted to run at large or be off the premises of the owner or keeper during this period except when being exercised on a leash by a responsible adult. At all other times such dog shall be confined within a building or enclosure in such manner that she will not come in contact (except for intentional breeding purposes) with a male dog. A female dog in heat shall not be used for hunting;

(d) If it growls, snaps at, runs after or chases any person or persons;

(e) If it runs after, or chases bicycles, motor vehicles, motorcycles, or other vehicles being driven, pulled or pushed on the streets, highways, or public ways;

(f) If, whether alone or in a pack with other dogs *or wild hybrid canines*, it bites, attacks, or preys on game animals, domestic animals, fowl or human beings.

II-a. If the skin of a person has been punctured by a dog *or wild hybrid canine* and the incident was reported, including the identity of the dog *or wild hybrid canine* and its owner, to the animal officer, if any, or to the town clerk, such officer or clerk shall, within 24 hours, notify the injured person, or, in the case of a minor, the minor's parent or guardian, whether, according to town records, the dog *or wild hybrid canine* has been appropriately immunized against rabies.

III. Any person who fails, by appropriate action including but not limited to restraining an animal from running at large, or otherwise effectively abating a nuisance found such under the provisions of this section, or who fails to comply with any other provisions of this section after being so ordered, shall have his dog *or wild hybrid canine* taken into custody by the police of the city or constable of the town and such disposition made of the dog as the court may order.

5 Wild Hybrid Canine; References Added. Amend the introductory paragraph of RSA 466:31-a, II to read as follows:

II. Any person who violates any of the provisions of RSA 466:31 shall be liable for a civil forfeiture, which shall be paid to the clerk of the town or city wherein such dog *or wild hybrid canine* is owned or kept within 96 hours of the date and time notice is given by any law enforcement officer to the owner or keeper of a dog *or wild hybrid canine* in violation of RSA 466:31. If the forfeiture is paid, said payment shall be in full satisfaction of the assessed penalty. The forfeiture shall be in the amount as specified for the following violations:

6 Wild Hybrid Canine; References Added. Amend RSA 466:34 to read as follows:

466:34 Pursuing Game, etc. Any owner of a dog *or wild hybrid canine* to whom notice has been given that such dog *or wild hybrid canine*, when at large, has been discovered pursuing or harassing moose, caribou, deer or sheep, or injuring any domestic creature, shall be guilty of a violation for each subsequent occasion on which said dog *or wild hybrid canine* shall be so discovered.

7 Wild Hybrid Canine; Reference Added. Amend RSA 466:35 to read as follows:

466:35 Maiming Game. If any dog *or wild hybrid canine*, at any time, shall maim, injure or destroy any [wild animal] *wildlife* protected by law, the owner thereof shall be fined the same amount which the statutes impose upon persons for killing the same animal contrary to law.

8 Wild Hybrid Canine; References Added. Amend RSA 466:36 to read as follows:

466:36 Killing Dogs. Any conservation officer, state police officer, dog constable, or any New Hampshire certified police officer may kill any dog *or wild hybrid canine* found in the act of maiming or in close pursuit of deer, moose, caribou, sheep, cattle, swine, poultry, or any domestic animal. No civil action for recovery of damages shall lie against any conservation officer, state police officer, dog constable, or any New Hampshire certified police officer while acting under authority granted herein. The owner or owners of any dog [or dogs] *or wild hybrid canine* caught in the act of maiming or in close pursuit of deer, moose, caribou, sheep, cattle, swine, poultry, or any domestic animal shall be guilty of a violation [and notwithstanding the provisions of Title LXII may be fined up to \$500].

9 Wild Hybrid Canine; Reference Added. Amend RSA 466:39 to read as follows:

466:39 City or Town Bylaws. The city council of a city or any town may make such additional bylaws and regulations concerning the licensing and restraining of dogs *or wild hybrid canines* as they deem expedient, and may affix penalties not exceeding \$10 for a breach thereof. Such bylaws and regulations shall relate only to dogs *or wild hybrid canines* owned or kept in such city or town, and the annual fee required for a license shall in no case be more than \$1 in addition to the sum hereby required.

10 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill regulates the importation, possession and breeding of wild hybrid canines. Reps. Gene Chandler, Dickinson and Linda Smith spoke in favor.
Adopted.

Reps. Dickinson and McGuirk offered a floor amendment.

Floor Amendment (5620B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the importation, possession and breeding of wild hybrid canines in the state of New Hampshire and establishing a committee to study wild hybrid canines.

Amend the bill by replacing all after section 9 with the following:

10 Committee Established; Members. There is established a committee to study issues relative to wild hybrid canines including importation, possession and breeding rules or banning such canines from the state. The committee shall consist of the following members:

- I. One senator, appointed by the president of the senate.
- II. One representative, appointed by the speaker of the house.
- III. The commissioner of the department of agriculture, or designee.
- IV. The executive director of the fish and game department, or designee.
- V. One member representing the Humane Society, appointed by the society.
- VI. One breeder of wild hybrid canines, appointed by the governor.
- VII. One owner of wild hybrid canines, appointed by the governor.
- VIII. One licensed veterinarian, appointed by the New Hampshire Veterinary Medical Association.

IX. One AKC registered dog owner, appointed by the governor.

11 Meetings; Mileage. The house member shall call the first meeting within 30 days of the effective date of this act. The members shall elect a chairperson at the first meeting. Members shall serve without compensation except that legislative members shall receive legislative mileage.

12 Report. The committee shall submit a report of its findings, including recommendations for legislation, to the speaker of the house, senate president and governor no later than November 1, 1994.

13 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill regulates the importation, possession and breeding of wild hybrid canines.

This bill also establishes a committee to study issues relative to wild hybrid canines including importation, possession and breeding rules or banning such canines.

Adopted.

Report adopted and ordered to third reading.

REGULAR CALENDAR

HB 1150, requiring a financial institution to allow an applicant for a mortgage loan to select an appraisal firm from a list of firms supplied by the institution. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John B. Hunt for the Majority of Commerce, Small Business and Consumer Affairs: The sponsor of the bill agreed that this bill should apply to commercial properties only. The primary reason for obtaining an appraisal is to make a determination on the value of the property. The lender then must depend on the appraisal to determine the amount of allowable funds that can be loaned. Federal law already prohibits collusion and "conflict of interest" contracting for the vendor services including the hiring of an appraiser. Lenders already utilize the bidding process to obtain the most proficient and most reasonably priced appraisal firms. While lenders may work with several various firms, not all appraisal firms are competent in appraising all properties. A lender is best suited to make the decision and stands to lose the most if the appraisal is not accurate. Vote 13-5.

Rep. Suzanne K. Loder for Commerce, Small Business and Consumer Affairs: The minority of the committee believes passage of this bill would give the consumer, who pays for the appraisal, a choice of appraisers from those listed (okayed) by the lending institution. Vote 13-5.

Rep. Loder moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Rep. Drolet spoke against.

Rep. Braiterman spoke in favor and yielded to questions.

Rep. Bonnie Packard spoke against and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

HB 1347, requiring a financial institution to allow an applicant for a mortgage loan to select a hazardous waste site assessment firm from a list of firms supplied by the institution. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John B. Hunt for the Majority of Commerce, Small Business and Consumer Affairs: The risk of environmental liability and responsibility has made hazardous waste site assessments a critical issue in determining whether a loan will be made on certain types of properties. The lender wants to assure that the collateral value of the property is not compromised in any way by hazardous waste problems and, as a safety and soundness measure, should, therefore, be allowed to make the final decision on the assessment firm it believes can best provide the services needed based on past relationships and experiences. Since the lender is the entity at risk when making the loan, the lender should be allowed to select the most de-

pendable and most reasonably priced assessment firm. There are a limited number of hazardous waste site assessment firms in this state and not all firms are equally proficient in all areas of hazardous waste assessments. Vote 8-7.

Rep. Elizabeth L. Crory for the Minority of Commerce, Small Business and Consumer Affairs: This bill insists a bank, which requires a potential borrower to pay for a hazardous waste site assessment, supply the bank's approved list of appraisers to perform the assessment. The borrower shall select an appraiser from the bank's approved list. We feel this allows choice and competition, which is vital for a stable banking environment.

Rep. Newland moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Reps. Hunt and Bonnie Packard spoke against.

Rep. Fuller Clark spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

HB 1377, requiring an optometrist or ophthalmologist to release prescriptions for replacement eyeglasses and contacts to patients upon request. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul L. Drolet for Commerce, Small Business and Consumer Affairs: This bill provides that the providers shall not be responsible for servicing replacement eyeglasses and contact lenses they did not prescribe. Vote 13-3.

Amendment (5429B)

Amend the title of the bill by replacing it with the following:

AN ACT

requiring an optometrist or ophthalmologist to release prescriptions for replacement contact lenses, and setting certain fees for certain out-of-state business registration and renewal.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Contact Lens Prescriptions to be Provided to Patient. Amend RSA 327 by inserting after section 25 the following new section:

327:25-a Contact Lens Prescriptions to be Provided to Patient.

I. After contact lenses have been adequately fitted and the patient released from immediate follow-up care by an optometrist registered under this chapter or an ophthalmologist registered under RSA 329, the prescribing optometrist or ophthalmologist shall provide to the patient a prescription in writing for replacement contact lenses.

II. Optometrists and ophthalmologists shall not be required to service contact lenses that they did not dispense.

III. An optometrist or ophthalmologist may refuse to give the patient a copy of the patient's contact lens prescription until the patient has paid for the eye examination, but only if that optometrist or ophthalmologist would have required immediate payment from that patient had the examination revealed that no ophthalmic goods were required.

IV.(a) No person shall conduct or operate a business outside of the state for the sale at retail of contact lenses to individuals within the state unless such business is registered with a permit issued by the board of pharmacy if the out-of-state business is a pharmacy, or by the board of registration in optometry if the out-of-state business is not a pharmacy.

(b) The board of pharmacy or the board of registration in optometry shall issue a permit to such out-of-state business if the business discloses and provides proof:

(1) That the business is in compliance with all applicable laws and rules in the state in which the business is located;

(2) Of the operating locations and the names and titles of all principal corporate officers;

(3) That the business complies with all lawful directions and requests for information from the board of pharmacy and the board of registration in optometry of all states in which it conducts business; and

(4) That the business agrees in writing to comply with all New Hampshire laws and rules relating to the sale or dispensing of contact lenses.

(c) The board of pharmacy or the board of registration in optometry shall assess the following registration fees for out-of-state contact lens sale companies:

(1) \$300 for the initial registration.

(2) \$150 for an annual registration renewal.

V. For purposes of this section, "prescription for contact lenses" means a dated and signed written direction specifying that it is for contact lenses and which shall include at least the power, size, curvature, color and material composition of the contact lenses. Other parameters or instructions, including but not limited to lens manufacturer, prescription expiration date, number of permitted refills, and a statement prohibiting substitutions may be included at the prescriber's professional discretion and shall be honored by the person who fills the prescription. Unless otherwise specified by the prescriber for health reasons, a contact lens prescription shall expire one year from the date of issue.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires licensed optometrists and ophthalmologists to release prescriptions for contact lenses to patients in writing, and provides that optometrists and ophthalmologists shall not be responsible for servicing contact lenses that they did not prescribe.

It also sets forth criteria for registration of out-of-state contact lens providers and establishes fees for such business registration and renewal.

Adopted.

HB 1396, limiting the use of information compiled by consumer reporting agencies. OUGHT TO PASS WITH AMENDMENT

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: This bill, as amended, sets the criteria in which consumer credit bureaus sell lists to credit card companies and allow consumers to have their names removed from these lists by calling an 800 number. Vote 13-1.

Amendment (5519B)

Amend the bill by replacing all after the enacting clause with the following:

I New Paragraphs; Consumer Credit Reporting; Definitions Added. Amend RSA 359-B:3 by inserting after paragraph IX the following new paragraphs:

X. "Firm offer of credit" means any offer of credit to a consumer which will be honored if, based on information in a consumer report on the consumer and other information bearing on the creditworthiness of the consumer, the consumer is determined to meet the criteria used to select the consumer for the offer.

XI. "Pre-screening" means a process by which a consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides this list to the client or third party on behalf of the client for the purpose of making a firm offer of credit.

XII. "Direct solicitation" means the process by which the consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides this list to the client or a third party on behalf of the client for use in soliciting those consumers for an offer of a product or service.

2 New Paragraph; Use of Credit Reports. Amend RSA 359-B:4 by inserting after paragraph I the following new paragraph:

I-a.(a) A consumer reporting agency may furnish information for the purposes of a transaction under paragraph I(c)(1) and (5) of this section when the transaction is not initiated by the consumer only if:

(1) The consumer authorized the consumer reporting agency to furnish the information; or

(2) The transaction involves a firm offer of credit to the consumer or is a pre-screening or direct solicitation transaction; and

(i) the consumer reporting agency has complied with RSA 359-B:4-a;

(ii) the consumer has not elected in accordance with RSA 359-B:4-a to have information about the consumer excluded from such transactions; and

(iii) the agency only provides the name and address of the consumer.

(b) Notwithstanding subparagraph (a), a consumer reporting agency may, in the case of a credit transaction initiated by the consumer, use such information in reviewing or collecting an account of the consumer.

(c) An election of a consumer under RSA 359-B:4-a shall terminate and be of no force or effect following notice from the consumer to the consumer reporting agency, through the procedure established pursuant to RSA 359-B:4-a, that the election is no longer effective.

3 New Section; Lists. Amend RSA 359-B by inserting after section 4 the following new section:

359-B:4-a Election To Be Excluded From Certain Lists.

I. A consumer may elect to have information about him excluded from such consumer transaction under RSA 359-B:4 I(c)(1) and (5), including any list provided by a consumer reporting agency through pre-screening or direct solicitation transactions that are not initiated by the consumer, by notifying the consumer reporting agency by telephone or in writing.

II. An election of a consumer under paragraph I of this section shall be effective with respect to a consumer reporting agency and any affiliate of the agency within 5 business days after the agency is notified.

III. Each consumer reporting agency shall establish and maintain a notification system, including a toll-free telephone number, which permits any consumer, with appropriate identification and for whom the agency has a file, to notify the agency of the consumer's election under paragraph I. A consumer reporting agency that maintains consumer reports on a nationwide basis shall establish such a notification system on a nation-wide basis and may operate such a system jointly with any other consumer reporting agencies. Compliance with the requirements of this section by any consumer reporting agency shall constitute compliance by the agency's affiliates.

IV. Any person who uses a consumer report in connection with any transaction under RSA 359-B:4 I(c)(1) or (5) shall provide the consumer with the following statement displayed in a conspicuous format and location:

If you wish to be removed from our and other marketing lists and not receive offers and information, please call 1-800-xxx-xxxx or write (insert address) and include your full name and address.

4 Effective Date. This act shall take effect January 1, 1995.

Adopted.

Report adopted and ordered to third reading.

HB 1456, relative to mental health care service providers. OUGHT TO PASS

Rep. Anthony Syracuse for Commerce, Small Business and Consumer Affairs: This bill allows health maintenance organizations and nonprofit insurance companies to retain their power to establish the standards, criteria, and level of payment for mental health care providers they recognize for reimbursement. Any mental health care provider who meets these criteria and is willing to accept the established level of payment shall receive reimbursement. The unique relationship between a therapist and a patient as well as greater choice for patients was an important consideration. Vote 10-8.

Rep. Hunt moved that the words Refer for Interim Study be substituted for the report of the Committee, Ought to Pass.

Reps. Neman, Robert Wheeler and Hunt spoke in favor.

Reps. Katherine Wheeler, Manning, Crory and Guay spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

Rep. Teschner declared a conflict of interest and did not participate.

HB 1466, including advanced registered nurse practitioners in insurance policies for certain conditions. **OUGHT TO PASS**

Rep. Beverly A. Gage for Commerce, Small Business and Consumer Affairs: This bill includes psychiatric mental health advanced registered nurse practitioners under insurance policies for reimbursement for expenses arising from the treatment of mental illnesses for emotional disorders. Vote 13-2.

Adopted and ordered to third reading.

HB 1500-FN, defining retail level distributors and requiring the registration of pharmacies operating outside of the state that sell to individuals within the state. **OUGHT TO PASS WITH AMENDMENT**

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: This bill defines "out-of-state pharmacy" and requires that they be registered by the board of pharmacy if they are selling medicine in the state. Vote 15-1.

Amendment (5259B)

Amend the title of the bill by replacing it with the following:

AN ACT

defining "out-of-state pharmacy" and requiring the registration of such pharmacies that sell to individuals within the state.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; "Out-of-State Pharmacy" Defined. Amend RSA 318:1 by inserting after paragraph IX the following new paragraph:

IX-a. "Out-of-state pharmacy" means a pharmacy located outside of this state, the product of which is distributed at retail to individuals within this state.

Amended Subdivision Heading. Amend the subdivision heading preceding RSA 318:37 to read as follows:

Licensure or Registration of Pharmacies

2 New Paragraph; Licensure Required for Out-of-State Pharmacies. Amend RSA 318:37 to read as follows:

318:37 *License or Registration Required*[, When]; *Compliance*.

I. No person shall conduct or operate a pharmacy *within the state* for the sale at retail of drugs and medicines unless such pharmacy is [registered] *licensed* with[,] and a permit [therefor] has been issued by[,] the pharmacy board, except as provided in this chapter.

II.(a) No person shall conduct or operate an out-of-state pharmacy for the sale at retail of drugs and medicines to individuals within the state unless such pharmacy is registered with and a permit has been issued by the board of pharmacy.

(b) The board of pharmacy shall issue a permit to such out-of-state pharmacy if the pharmacy discloses and provides the location, names, and titles of all principal corporate officers and all pharmacists who are dispensing drugs to residents of this state, and proof that;

(1) The pharmacy is licensed and in good standing in the state in which such pharmacy is located. The pharmacy shall submit a copy of the most recent inspection report pursuant to any inspection conducted by the regulatory or licensing body of the state in which such pharmacy is located, provided that the board of pharmacy may, at its option, perform its own inspection.

(2) It complies with all lawful directions and requests for information from the board of pharmacy of all states in which it is licensed or registered, except that it shall respond directly to all communications from the board concerning emergency circumstances arising from the dispensing of drugs to residents of this state.

(3) It maintains its records of drugs dispensed to residents of this state so that the records are readily retrievable from the records of other drugs dispensed.

(4) It cooperates with the board in providing information to the board of pharmacy of the state in which it is licensed concerning matters related to the dispensing of drugs to residents of this state.

(5) During its regular hours of operation, but not less than 6 days per week, for a minimum of 40 hours per week, a toll-free telephone service is provided to facilitate communication between patients in this state and a pharmacist at the pharmacy who has access to the patients' records. The toll-free number shall be disclosed on the label affixed to each container of drugs dispensed to residents of this state.

(c) The board of pharmacy shall provide registration forms to such out-of-state pharmacies.

(d) The board of pharmacy shall assess the following fees for out-of-state pharmacy registrations:

(1) \$300 for initial registration.

(2) \$150 for annual registration renewal.

(e) All persons registered under this paragraph shall comply with federal requirements for the purpose of assuring and, if necessary, the board of pharmacy's inspecting to assure, that the products distributed by these registrants meet the same standards as those required for in-state distribution.

4 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill defines "out-of-state pharmacy," and requires that they be registered by the board of pharmacy. It also sets forth additional criteria which shall be met by such pharmacies.

Adopted.

Report adopted and ordered to third reading.

HB 1559, prohibiting smoking in all indoor public places and workplaces, with certain exceptions. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for the Majority of Commerce, Small Business and Consumer Affairs: The amendment replaces the entire bill with a compromise that requires any new building that begins construction after March 1, 1995, must have walls and a different ventilation to ensure smoke does not intrude into the nonsmoking areas. Vote 10-7.

Reps. Peter F. Wells, Lawrence Guay, Richard L. Hill, and Beverly A. Gage for the Minority of Commerce, Small Business and Consumer Affairs: This bill will further restrict smok-

ing in indoor public places and work places. It will increase the cost of doing business in New Hampshire for small business and the tourist industry. Social changes are presently occurring that are offering significant choices to workers and customers of businesses. Vote 10-7.

Rep. Wells moved that the words Inexpedient to Legislate be substituted for the report of the Committee Ought to Pass with Amendment, and spoke in favor.

Rep. Loder spoke against and yielded to questions.

Rep. David Holt spoke in favor.

Roll call request not sufficiently seconded.

On a division vote, 114 members having voted in the affirmative and 217 in the negative, the motion failed.

Rep. Gordon wished to be recorded in opposition to the substitute motion.

Amendment (5565B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to smoking in indoor public places.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition Changed. Amend RSA 155:65, V to read as follows:

V.(a) *For buildings constructed prior to March 1, 1995*, "effectively segregated" means the following conditions have been met:

[(a)](1) Procedures for accurately and fairly determining preference have been followed;

[(b)](2) The size and location of no-smoking and smoking-permitted areas are designed, designated, or juxtaposed so that smoke does not cause harm or unreasonably intrude into the area occupied by persons who are not smoking;

[(c)](3) A contiguous portion of the enclosed public place, including any seating arrangements, measures a minimum of 200 square feet, and at least one of the following 2 contingencies exist:

[(1)](A) There is a continuous, physical barrier such as a wall, partition or furnishing at least 56 inches in height to separate the no-smoking area from a smoking-permitted area. The barrier may contain doors or portals for exit and entry; or

[(2)](B) There is a space of at least 4 feet in width to separate the smoking-permitted and no-smoking areas. This space may be either an unoccupied area or a section of seating area representing a buffer zone in which smoking is not permitted, but which itself is not part of the no-smoking designated area; and

[(d)](4) In buildings where existing ventilation systems are in place, areas designated as smoking areas are located, where reasonably possible, proximate to exhaust vents.

(b) *For any building, the construction of which is begun on or after March 1, 1995*, "effectively segregated" means there is a continuous, physical barrier from floor to ceiling such as a wall or partition with *either* separate ventilation systems for the no-smoking area and the smoking-permitted area *or a direct exhaust system servicing the smoking area*. The barrier may contain doors for exit and entry and the air pressure in the smoking area shall be kept negative with respect to the no-smoking area.

2 Effective Date. This act shall take effect March 1, 1995.

AMENDED ANALYSIS

This bill prohibits smoking in all indoor public places and workplaces constructed after March 1, 1995, unless there is a separate room with either a separate ventilation system or a direct exhaust system servicing the smoking area.

Adopted.

(k) Two members who are public high school students, appointed by the New Hampshire Association of Student Councils.

(l) One public member, appointed by the governor.

(m) One member who is a member of the New Hampshire Medical Society, appointed by the society.

Amend RSA 186:67-a, IV as inserted by section 1 of the bill by replacing it with the following:

IV. A quorum shall consist of 8 members.

Adopted.

Report adopted and ordered to third reading.

HB 1528, establishing a safe school zone and relative to school violence. OUGHT TO PASS WITH AMENDMENT

Rep. William E. Williamson for Education: HB 1528 addresses the problem of violence within the school environment by defining school property and locations used for school sponsored functions as safe zones wherein possession of a controlled substance, weapons and acts of violence are prohibited. Considerable attention was given to assuring that the provisions of this bill will not be in conflict with existing statutes in the areas of criminal justice and juvenile justice through input from other House policy committees and from the Attorney General's office. As the bill was originally presented to the committee, all firearms were prohibited from safe school zones. After much discussion relating to the concerns expressed by persons who are properly permitted to carry concealed weapons, it was determined that there are legitimate reasons to allow firearms within a safe school zone and these have been addressed in the bill with the understanding that additional reasons could be addressed by the local school superintendent on a case by case basis under the authority to authorize specific activities allowed within safe school zones. The committee felt this was a reasonable solution to this sensitive issue. Vote 15-1.

Amendment (5496B)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Board's Rulemaking Authority Added. Amend RSA 21-N:9, II by inserting after subparagraph (w) the following new subparagraph:

(x) Safe school zones, as provided in RSA 193-D:2.

2 New Subdivision; Possession of a Dangerous Weapon in a Safe School Zone. Amend RSA 159 by inserting after section 24 the following new subdivision:

Possession of Firearm or Dangerous Weapon in a Safe School Zone

159:25 Possession of Firearms or Other Dangerous Weapons in a Safe School Zone.

I. A person shall be guilty of possession of a firearm or dangerous weapon in a safe school zone if such person knowingly possesses a firearm or dangerous weapon in a safe school zone without a legitimate purpose.

II. As used in this section:

(a) "Firearm" means a pistol, revolver, or other firearm whether or not there is ammunition within the weapon.

(b) "Dangerous weapon" means any knife with a blade longer than 2-1/2 inches, switch knife, stiletto, dagger, dirk knife, blackjack, metallic knuckles, slungshot, mace-like weapon, billies, or martial arts weapon as defined in RSA 159:24, I.

(c) "Safe school zone" means "safe school zone" as defined in RSA 193-D:1, II.

(d) "School property" means "school property" as defined in RSA 193-D:1, V.

(e) "Legitimate purpose" means any activity authorized by the superintendent of schools or designee, any activity permitted by school policy, possession of a hunting rifle or shotgun by a person who has a valid New Hampshire hunting license and who travels to or from the school property for the purpose of delivering or picking up persons or property during hunting season, or possession of a firearm by a school employee, excluding pupils, or a par-

ent of a pupil in attendance in the local school district and who possesses a valid New Hampshire permit to carry a concealed weapon. It is not a legitimate purpose that a person fears for one's own or some other person's safety.

(f) "Mace-like weapon" means a heavy, often spiked staff or club.

III. This section shall not apply to marshals, sheriffs, police officers, or other duly appointed peace or law enforcement officers whether state, county, local, or federal, or bailiffs and court officers responsible for court security, nor to members of the armed services of the United States when on duty, nor to the national guard when on duty, nor to duly authorized military or civil organizations when parading or members thereof when assembling for a parade or dispersing after a parade.

IV. Any person violating this section shall be guilty of a class A misdemeanor, unless such person possesses a loaded pistol or revolver as defined in RSA 159:4, in which case such person shall be guilty of a class B felony.

3 Change "Dismissal" to "Expulsion." Amend RSA 193:13 to read as follows:

193:13 Suspension and [Dismissal] *Expulsion* of Pupils. The superintendent, or [his] *a* representative [as] designated in writing, is authorized to suspend pupils from school for gross misconduct, providing that where there is a suspension lasting beyond 5 school days, the parent or guardian has the right to appeal any such suspension to the local board. Any suspension to continue beyond 20 school days must be approved by the local board. Any pupil may be [dismissed] *expelled* from school by the local school board for gross misconduct or for neglect or refusal to conform to the *code of conduct authorized under RSA 193-D or any other* reasonable rules of the school and [said] *the* pupil shall not attend school until restored by the local board. Any [dismissal must] *expulsion shall* be subject to review if requested prior to the start of each school year and further, any parent or guardian has the right to appeal any such [dismissal] *expulsion* by the local board to the state board of education.

4 New Chapter; Safe School Zones. Amend RSA 193 by inserting after chapter 193-C the following new chapter:

CHAPTER 193-D SAFE SCHOOL ZONES

193-D:1 Definitions. In this chapter:

I. "Act of theft, destruction, or violence" means:

(a) Any assault or attempted assault under RSA 631.

(b) Any sexual assault under RSA 632-A.

(c) Criminal mischief or arson under RSA 634.

(d) Possession of a firearm or other dangerous weapon under RSA 159.

(e) Theft under RSA 637.

(f) Robbery under RSA 636.

(g) Illegal sale or possession of a controlled drug under RSA 318-B.

(h) Any fight or assault by mutual consent where any bodily injury, however slight, is sustained by any participant or school employee.

II. "Safe school zone" means an area inclusive of any school property or property used by a school for school purposes or school buses.

III. "School" means any public or private elementary, secondary, or secondary vocational-technical school in New Hampshire.

IV. "School employee" means any school administrator, teacher, or other employee of any public or private school, school district, school department, or school administrative unit, or any person providing or performing contract services for any public or private school, school district, school department, or school administrative unit.

V. "School property" means all real property, physical plant and equipment used for school purposes, including but not limited to school playgrounds and buses, whether public or private.

VI. "School purposes" means school-sponsored programs, including but not limited to educational or extra-curricular activities at any facility or location, but not including field trips or events held at a location other than school property which are simultaneously open to the public.

193-D:2 State Board Rulemaking Authority; Public School District Policies; Model Code of Conduct.

I. The state board of education shall adopt rules, under RSA 541-A, relative to a model code of conduct for public school pupils and public school employees.

II. Such rules shall include policies for:

- (a) Disciplinary proceedings, including procedures assuring due process.
- (b) Standards and procedures for suspension and expulsion of pupils.
- (c) Procedures pertaining to discipline of pupils with special needs.
- (d) Standards and procedures to assure school building security and safety of pupils and school employees.

(e) The disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of others' civil rights.

(f) Procedures for reporting acts of theft, destruction, or violence under RSA 193-D:5.

193-D:3 Codes of Conduct; Approval; Adoption.

I. Each local school board shall adopt and make available a code of conduct for pupils and school personnel. Such code of conduct shall be no less restrictive than the model code of conduct developed by the state board of education under RSA 193-D:2.

II. Local codes of conduct shall be filed with the state board of education and shall be updated and refiled at least every 2 years.

193-D:4 Criminal Penalties. Any person convicted of any offense committed in a safe school zone at any time of year shall be subject to an extended term of imprisonment as provided in RSA 651:6.

193-D:5 Written Report Required.

I. Any public or private school employee who becomes aware of an act of theft, destruction, or violence in a safe school zone shall report such act in writing to an immediate supervisor. A supervisor receiving such report shall immediately forward it to the school principal who shall file it with the local law enforcement authority. Such report shall be made by the employee and filed with the local law enforcement authority within 24 hours for controlled drug crimes and crimes against a person, and within 5 calendar days for property crimes.

II. The report required under paragraph I shall include:

- (a) The name and home address, if known, of any person suspected of committing an act of theft, destruction, or violence in a safe school zone.
- (b) The name and home address, if known, of any witness to the act of theft, destruction, or violence in a safe school zone.
- (c) A summary of events, as available.
- (d) Any other pertinent information.

193-D:6 Waiver of Written Report Requirement. The written report required under RSA 193-D:5 shall be waived when school authorities initiate a police response to or are aware of a police investigation of any such incident which, in fact, results in a written police report.

193-D:7 Penalties. Any person who fails to comply with the reporting requirements under RSA 193-D:5, unless such report is waived under RSA 193-D:6, shall be guilty of a violation.

193-D:8 Confidentiality. Notwithstanding any other provision of law, it shall be permissible for any law enforcement officer and any school administrator to exchange information regarding the identity of any juvenile, police records relating to a juvenile, or other relevant information when such information reasonably relates to criminal conduct, suspected criminal conduct, or any conduct which would classify a pupil as a child in need of services under RSA 169-D or a child in need of protection under RSA 169-C.

193-D:9 Weapons Offense; Penalty. Any person convicted of an offense under RSA 159:25 committed in a safe school zone shall be guilty of an offense as provided in RSA 159:25, IV.

193-D:10 Transfer Records; Notice. A pupil transferring into a local system shall request that a copy of the pupil's complete school record from the previous school be forwarded directly to the new school system. All elementary and secondary educational institutions, including academies, private schools, and public schools, shall upon request of a parent, pupil, or former pupil, furnish a complete school record for a pupil transferring into a new school system. Such record shall include, but not be limited to, records relating to any incidents involving suspension or criminal acts or any incident reports in which the pupil was charged with any act which resulted in a suspension or expulsion.

5 New Subparagraph; Extended Term of Imprisonment; Crime Committed in Safe School Zone. Amend RSA 651:6, I(i) to read as follows:

(i) He was an on-duty law enforcement officer at the time that he committed or attempted to commit any of the crimes defined in RSA 631[.]; *or*

(j) *He has committed a crime in a safe school zone under RSA 193-D.*

6 Effective Date.

I. Sections 1, 3 and RSA 193-D:2 as inserted by section 4 of this act shall take effect upon its passage.

II. Sections 2, 5 and RSA 193-D:4 as inserted by section 4 of this act shall take effect September 1, 1994.

III. RSA 193-D:3 as inserted by section 4 of this act shall take effect July 1, 1995.

IV. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill inserts a chapter relative to safe school zones which addresses and defines acts of theft, destruction, or violence, including possession of a weapon.

In public schools, adoption and availability of a code of conduct for both pupils and school employees are required. In both public and private schools, notice regarding transferring pupils found in violation of this chapter is required.

A penalty provision provides for penalties up to twice those otherwise authorized under the laws of this state.

Public and private school personnel are required to report any incident involving acts of theft, destruction, or violence.

Reps. Williamson and Hutchinson spoke in favor.

Adopted.

Rep. Houlahan wished to be recorded in opposition to the Committee amendment.

Reps. Welch and Donna Sytek offered a floor amendment.

Floor Amendment (5591B)

Amend RSA 159:25, II(e) as inserted by section 2 of the bill by replacing it with the following:

(e) "Legitimate purpose" means any activity authorized by the superintendent of schools or designee; any activity permitted by school policy; possession of a hunting rifle or shotgun by a person who has a valid New Hampshire hunting license and who travels to or from the school property for the purpose of delivering or picking up persons or property during hunting season; or possession of a firearm by any person, excluding pupils, who is 18 years of age or older and who possesses a valid New Hampshire permit to carry a pistol or revolver. It is not a legitimate purpose that a person fears for one's own or some other person's safety.

Reps. Welch and Donna Sytek spoke in favor and yielded to questions.

Rep. Larson spoke against.

Roll call request sufficiently seconded. The question being the adoption of the floor amendment.

HB 1189, establishing a study committee to examine the Clean Air Act Amendments of 1990 and implementation of the Act. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Environment and Agriculture: This bill creates a study committee to examine the issue of California car standards in New Hampshire. This study is timely and necessary as the Environmental Protection Agency is currently in the process of deciding if California standards should be adopted in the Northeast. The bill, as amended, also makes technical revisions to the emissions testing legislation passed in 1993. These technical revisions were requested by the administrator of the auto emissions testing program. Vote 13-2.

Amendment (5522B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to emissions testing and establishing a committee to examine the
Clean Air Act Amendments of 1990 and implementation of the Act.

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-5 to read as 12-16, respectively:

1 Emissions Certificate; Unavailable Subject Vehicles. Amend the introductory paragraph of RSA 261:72-a, V to read as follows:

V. The commissioner shall adopt rules, after public hearing, for the reregistration of subject vehicles that are temporarily located out of state *or are otherwise unavailable* during the time period of required reregistration and which are scheduled for biennial emissions inspection. Such rules may, provided the emissions reductions expected from such vehicles under the emissions inspection program are not significantly compromised, allow for the following:

2 New Section; Ten-Day Emissions Registration. Amend RSA 261 by inserting after section 261:72-a the following new section:

261:72-b Ten-Day Emissions Registration. The owner of any vehicle that has had its registration suspended for violating emissions testing requirements under RSA 261:72-a may apply to the division for a one-time, in-transit registration for such vehicle for the purpose of

transporting the vehicle for emissions related testing, repairs and subsequent registration. Application shall be made on a form furnished by the division for such purposes and shall contain such information as the director may require. If satisfied that the vehicle is to be driven as provided in this section, the division, upon payment of a fee of \$10, shall assign to such vehicle a distinctive number and deliver to the applicant an in-transit registration valid for a 10-day period from the date of issuance, in such form as the director shall prescribe. The registration shall specify the terms and conditions under which the vehicle may be driven upon the ways of this state, and no such vehicle shall be operated in violation of such terms and conditions.

3 New Paragraph; Definition Added. Amend RSA 268:2 by inserting after paragraph IV the following new paragraph:

IV-a. "Commercial design military vehicle" means a commercial design motor vehicle, such as a light truck, van or passenger vehicle, which is owned or leased and operated by the military on a federal installation, and which is used in tactical, tactical support, training, transportation, relief or any other such operations.

4 New Paragraphs; Definitions Added. Amend RSA 268:2 by inserting after paragraph XV the following new paragraphs:

XV-a. "Non-program area fleet" means 25 or more vehicles owned or operated by a single person, registered outside the program area and used in a business enterprise. In determining the number of vehicles which are owned or operated by a single person for purposes of this paragraph, all vehicles owned or operated, leased or otherwise controlled by such person, by any person who controls such person, by any person controlled by such person, and by any person under common control with such person shall be treated as owned by such person.

XV-b. "Person" means any individual, trust, firm, joint stock company, corporation (including a government corporation), limited liability company, partnership, association, state, municipality, commission, United States government or any agency thereof, or any interstate body.

5 New Paragraph; Definition Added. Amend RSA 268:2 by inserting after paragraph XX the following new paragraph:

XX-a. "Tactical military vehicle" means a motor vehicle designed to military specifications, such as a tank, a Humvee or an armored personnel carrier, which is used for combat, combat support, combat service support, direct transportation support of combat, tactical or relief operations or for training of personnel for such operations.

6 Subject Vehicles Added. Amend RSA 268:4, I to read as follows:

I. Each vehicle registered or to be registered in Hillsborough, Merrimack, Rockingham and Strafford counties, *each non-program area fleet vehicle primarily operated within the program area, and each commercial design military vehicle and federally registered vehicle operated on federal installations within the program area* is subject to the inspection and maintenance requirements of this chapter. Upon certification by the commissioner of environmental services that an additional county or counties need to be included in the program in order to comply with the Clean Air Act, the commissioner shall, after public hearing and consultation with the advisory committee, and upon approval of the governor, adopt rules to include such county or counties and associated registered vehicles within the coverage of this chapter. The same program requirements shall be instituted in the expanded program area as are in effect for the existing program area, except that, in Coos, Carroll, Grafton, Belknap, Cheshire and Sullivan counties, convenient public access as defined in RSA 268:7, I, shall mean that at least 80 percent of subject vehicles must be registered within a 15 mile radius of a station and 95 percent within a 30 mile radius of a station.

7 New Subparagraphs; Antique Motor Vehicle and Military Tactical Vehicle Exemptions. Amend RSA 268:4, II by inserting after subparagraph (b) the following new subparagraphs:

(c) Vehicles registered as antique motor vehicles as defined by RSA 259:4.

(d) Tactical military vehicles.

8 Emissions Inspection. Amend RSA 268:5, II to read as follows:

II. For 1981 and newer model vehicles, excluding vehicles 10,001 to 26,000 pounds manufacturer's gross vehicle weight rating, the high tech IM240 transient mode test with purge evaporative testing or an EPA approved equivalent alternative test or tests shall be performed.

For 1968 - 1980 model vehicles and all 1968 and newer model vehicles 10,001 to 26,000 pounds manufacturer's gross vehicle weight rating, a 2-speed test shall be performed. Pressure testing shall be performed on all 1979 and newer model vehicles. Visual inspection for emissions control equipment shall be performed on 1975 and newer model vehicles *unless the type of emissions test performed makes this unnecessary.*

9 Administrative Fines. RSA 268:12, II is repealed and reenacted to read as follows:

II. The commissioner, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$10,000 for each offense upon any inspection contractor or emissions inspector who violates any rule adopted pursuant to this chapter. Rehearings and appeals from a decision of the commissioner under this paragraph shall be in accordance with RSA 541. Any administrative fine imposed under this chapter shall not preclude the imposition of further penalties pursuant to this chapter.

10 Voluntary Certification Standards; Reference Added. Amend RSA 268:13, I and II to read as follows:

I. The department shall develop a voluntary training and certification program for mechanics [who] *and voluntary certification standards for repair businesses that* make emissions-related repairs. The department shall include in the contract agreement specified in RSA 268:10 those training and certification services deemed appropriate and reasonable for the inspection contractor to provide. The department may also make use of training and certification programs that exist in the public and private sector.

II. Certified mechanics *or authorized agents* shall be granted priority access for reinspection of vehicles at emissions inspection stations.

11 Sales of Nonconforming Vehicles. Amend RSA 268:19 is repealed and reenacted to read as follows:

268:19 Sales of Nonconforming Vehicles; Revocation.

I. Notwithstanding any other law to the contrary, a contract of sale for a vehicle that is subject to emissions inspection, based on the residency of the buyer, may be voided by the buyer due to emissions inspection failure. Two separate procedures shall be used to void a sale depending on whether the seller owns and operates a certified emissions repair business. For both procedures, all of the following conditions shall first be met:

(a) The seller does not provide the buyer at the time of sale with a certificate of compliance issued for the vehicle within the last 75 days and the vehicle fails to pass an initial emissions inspection within 7 days from the date of sale;

(b) The defects which are the reasons for the emissions inspection failure were not caused by the buyer;

(c) The buyer notifies the seller of the emissions inspection failure and provides the seller with a copy of the certificate of denial within 10 days of the date of sale;

II. If the seller owns and operates a certified emissions repair business, the seller shall be provided 10 days from the date the conditions of subparagraph I(c) are met to repair the vehicle at the repair business and have it reinspected as provided for in this chapter, at no expense to the buyer. The seller shall be allowed possession of the vehicle for repair and inspection purposes for up to 5 days during the 10-day period on dates of the seller's choosing. The seller shall inform the buyer at the beginning of the 10-day period of the dates the seller will require access to the vehicle. The buyer may void the sale at the end of the 10-day period if the vehicle has not passed emissions inspection.

III. If the seller does not own and operate a certified emissions repair business at which the necessary repairs can take place, the buyer may either void the sale or enter into a written agreement with the seller for the repair and reinspection of the vehicle and future conditions under which the sale may be voided. The buyer shall have no more than 12 days from the date of sale to void the sale, unless otherwise provided in a written agreement.

IV. For the buyer to void a sale once the conditions of paragraphs I and either II or III have been met, the buyer shall give possession of the vehicle to the seller, within the time frames specified in paragraphs II and III, in substantially the same condition as of the time of sale. The seller shall then refund the purchase price of the vehicle to the buyer.

V. This section shall not apply to wholesale vehicle transactions.

VI. The department shall provide to new owners of vehicles notice of the provisions of this section at the time of vehicle registration or when a 20-day registration is issued under RSA 261:57. The department shall clearly explain in the notice the process the buyer and seller shall follow to comply with this section.

Amend the bill by replacing section 13 with the following:

13 Membership. The committee shall consist of the following members:

I. Four representatives of the house environment and agriculture committee, appointed by the speaker.

II. Two senators from the senate environment committee, appointed by the senate president.

III. One member of the public, appointed by the governor.

IV. The commissioner of the department of safety, or designee.

V. The commissioner of the department of transportation, or designee.

VI. The commissioner of the department of environmental services, or designee.

VII. The commissioner of the department of resources and economic development, or designee.

Amend the bill by inserting after section 15 the following and renumbering the original section 16 to read as 17:

16 Repeal. RSA 268:12, V, relative to penalties subject to a hearing process, is repealed.

AMENDED ANALYSIS

This bill:

(1) Authorizes the issuance of a 10-day emissions registration certificate for the purpose of transporting a vehicle for emissions related testing, repairs and subsequent registration.

(2) Modifies the motor vehicle emissions testing process.

(3) Modifies the law regarding sales of nonconforming vehicles and revocation of a sales contract.

(4) Establishes a committee to examine the Clean Air Act Amendments of 1990 and implementation of the act.

Adopted.

Report adopted and ordered to third reading.

HB 1110, relative to the qualifications and license waiver period for speech and language pathologists. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sandra Dowd for Executive Departments and Administration: The bill has two provisions. The first is to change the waiver period for education, practicum and professional experience requirements for a speech-language pathologist license from July 1, 1993 to September 30, 1994. The second provision repeals the sunset review of the administrative attachment of the board of marital mediators. Vote 13-0.

Amendment (5120B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the license waiver period for speech and language pathologists, and repealing the sunset review of the administrative attachment of the board of marital mediators.

Amend the bill by replacing all after the enacting clause with the following:

1 Waiver Period Changed. Amend RSA 326-F:9, I(c) to read as follows:

(c) Applies for a license in speech-language pathology [within one year after the effective date of this chapter] *on or before September 30, 1994*.

2 Repeal. 1992, 207:7, relative to the sunset review of the administrative attachment of the board of marital mediators to the judicial council, is repealed.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

The bill changes the waiver period for education, practicum, and professional experience requirements for a speech-language pathologist license from July 1, 1993, to September 30, 1994.

The bill also repeals the sunset review of the administrative attachment of the board of marital mediator to the judicial council.

Adopted.

Rep. Dunn offered a floor amendment.

Floor Amendment (5421B)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

Rep. Dunn spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

HB 1353, establishing a committee to study the structure of administrative and service delivery areas for certain social services. **INEXPEDIENT TO LEGISLATE**

Rep. William F. Kidder for Executive Departments and Administration: The intent of this bill is proper, however, the procedure to make it effective and the related costs to execute it, in the opinion of the committee, are not critical at this time. Already services are available from each agency and they all may be contacted via an 800 telephone number - see page 23 in the telephone directory of state departments. Vote 13-1.

Adopted.

HB 1481-L, relative to property tax exemptions and municipal core service charges or fees. **REFER FOR INTERIM STUDY**

Rep. Glen C. Gervais for Municipal and County Government: After a great deal of debate and deliberation of this complex issue and after hearing hours of innovative and informative testimony, a majority of the committee felt that the general concept and the variety of possible amendments deal with an important issue which deserves a more extensive review. Vote 12-5.

Adopted.

Rep. Houlahan wished to be recorded in favor.

HB 1402, establishing a committee to study the feasibility of creating a Strafford county fire department. **OUGHT TO PASS WITH AMENDMENT**

Rep. Loren J. Jean for Public Protection and Veterans Affairs: Testimony was mostly in favor of the study which has been attempted many times before but lacked organization to follow through. The sponsor indicated that this bill would provide the framework necessary to organize the study. The amendment changes the committee makeup as agreed to by the sponsor and eliminates compensation of legislative members. It was the feeling of the majority of the committee that a county study should be county funded. Vote 9-5.

Rep. Keans moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment, spoke in favor and yielded to questions.

Reps. McCann and Hilliard spoke against.

On a division vote, 197 members having voted in the affirmative and 121 in the negative, the motion was adopted.

The substituted report was adopted.

HB 1245, requiring the sweepstakes commission to obtain legislative approval before introducing any new video or electronic games of chance. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Regulated Revenues: This bill will require the Sweepstakes Commission to get legislative approval before instituting new electronic games such as keno or other video games. Vote 10-2.

Amendment (5203B)

Amend the bill by replacing section 1 with the following:

1 New Section; Legislative Approval Required for New Video or Electronic Games of Chance. Amend RSA 284 by inserting after section 21-ii the following new section:

284:21-iii Video or Electronic Games of Chance; Legislative Approval Required. The sweepstakes commission shall not establish or authorize the establishment of video or electronic

games of chance after the effective date of this section without approval by a majority of those members of the house and senate present and voting. For purposes of this section, "video or electronic games of chance" means a game played on an electronic, electro-mechanic, or computerized game machine which, upon the insertion of cash, tokens, or a cash voucher, is available to play an electronic game of chance, which machine uses a video display and microprocessors to determine the result of the game, whereby chance the player may receive cash, or credits or tokens that may be redeemed for cash. Video or electronic games of chance shall include, but not be limited to, slot machines, video poker, blackjack, line-up, and keno. Video or electronic games of chance shall not include any games authorized by the state of New Hampshire to be conducted by the sweepstakes commission, provided that there is only one drawing per day for all players on such day.

Adopted.

Report adopted and ordered to third reading.

HB 1148-FN-A, to exempt certain individuals from the payment of the tax on interest and dividends. **INEXPEDIENT TO LEGISLATE**

Rep. Roland Sallada for Ways and Means: This bill attempted to eliminate a class of taxpayers from the age of 62 and older from paying the Interest and Dividends Tax. After study and exploring the tax consequences, it was found that the State of New Hampshire would lose a minimum of \$13 million. The sponsor did not offer any way to make up the loss of revenue. Vote 13-0.

Adopted.

Rep. Houlahan wished to be recorded in favor of the bill.

HB 1570-FN-A-L, decreasing the temporary rate of the meals and rooms tax from 8 percent to 7 percent. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Barbara E. Arnold for Majority of Ways and Means: The state budget, as presently enacted, is based upon an 8 percent rooms and meals tax rate. The resulting revenue includes federal Medicaid funds through the hospital reimbursement mechanism. The bill would result in the loss of \$27.5 million. The committee felt that this was not an appropriate action at this time. Vote 12-7.

Rep. Alphonse O. Plourde for the Minority of Ways and Means: The hospitality industry presented evidence that the meals tax is the second highest tax in the nation (behind Washington, DC at 9 percent), and the rooms tax is among the highest in the nation. This tax makes the hospitality industry significantly less competitive than our neighboring states. The minority believes the state is losing significant "wholesale" tourism business, such as bus tours and convention business. Moreover, the state legislature continues to break the promise to repeal this temporary tax by holding it hostage to the "Medicaid" scheme. Rolling back the tax to 7 percent will stimulate economic growth and allow the hospitality industry to generate more revenues to fund essential services of state government.

Rep. Plourde moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Reps. Douglas Hall and Cowenhoven spoke against and yielded to questions.

Rep. David Young spoke in favor and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

RECONSIDERATION

Having voted with the prevailing side, Rep. John Chandler moved that the House reconsider its action whereby it passed **HJR 22**, urging Congress to pass the Federal Mandates Relief Act of 1993.

On a division vote, 233 members having voted in the affirmative and 85 in the negative, reconsideration prevailed and the question was third reading and final passage.

Reps. Buckley and Ann Torr spoke in favor.

Roll call request sufficiently seconded. The question being third reading and final passage of **HJR 22**.

HOUSE JOURNAL No. 14

Thursday, March 31, 1994

The House assembled at 1:00 p.m., the hour to which it stood adjourned and was called to order by the Speaker.

His Excellency, Governor Stephen Merrill, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of hope and compassion, we give You thanks for the life of Jim Chandler and for his many gifts that brought life, laughter and meaning to family, friends and colleagues. Grant, O God, that we may cherish his memory not by clinging to the past but by embracing the future with the same kind of grace, humility and wit that we saw embodied in Jim. In Your name, we pray. Amen.

Rep. Copenhagen led the Pledge of Allegiance.

The House of Representatives offered by the following:

HOUSE RESOLUTION NO. 56

memorializing House Clerk James A. Chandler

WHEREAS, the New Hampshire House of Representatives, on this day March 31, 1994, does convene with great sorrow after having learned of the death of our esteemed and beloved Clerk, James A. Chandler, known to all as Jim, and

WHEREAS, in his role as House Clerk, Jim Chandler, faithfully and with the highest competence, did serve the House membership for twelve years, first between 1976 and 1982 and then again from 1988 to the present, with earlier service as Assistant Clerk and as an Administrative Assistant, and

WHEREAS, Jim Chandler did have another phase to his accomplished and distinguished legislative tenure, namely his three terms as an elected Representative, serving first the voters of Portsmouth for the biennium of 1971-72, and then the voters of Concord for the bienniums of 1985-86 and 1987-88, and

WHEREAS, Jim Chandler, being a man of uncommon energy, also did sit as a City Councilor in Franklin, where he resided, giving to the local voters the same devotion and competence that he gave to the House of Representatives, and

WHEREAS, Jim Chandler was a man blessed with compassion, great sensitivity, wonderful wit, an uncanny knack for using soft words in hard situations, and an innate ability to always see the best in everything and in everyone, and

WHEREAS, Jim Chandler truly understood the meaning of fun and did serve as a wonderful role model who showed us all how easy it can be to enjoy life to its fullest and its friendliest, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that James A. Chandler be granted highest praise and accolades for his indefatigable dedication to the New Hampshire House of Representatives and to making life and the legislative process fun, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote of silent prayer.

HB 1380-L, prohibiting municipalities from taxing as real estate antennas, towers and related or supporting structures used exclusively in the operation of amateur radio communications stations.

HB 1399, relative to the road toll on users of special fuel.

HB 1430, repealing the annual commemorative rifle or shotgun lottery.

HB 1449, relative to professional standards review organizations for physical therapists.

HB 1516-FN-A, transferring duties and powers with respect to the law library from the state library to the supreme court, and transferring a judicial branch position in the law library to the state library and making an appropriation therefor.

HB 1529-FN, relative to the apportionment, priority of and limitations on bridge betterment funds.

HCR 20, A resolution providing that long-term care services in New Hampshire be based on a philosophy that is family-centered, supports and empowers the individual, is community-based, and prioritizes the least restrictive alternatives.

HCR 27, A resolution encouraging federal legislation to recognize atomic veterans.

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 576-FN-A, relative to the taxation of meals. (Amendment printed SJ 9, 3/22/94)

Rep. Cowenhoven moved that the House concur.

Adopted.

HB 661-FN-A, relative to the highway and bridge betterment program. (Amendment printed SJ 10, 3/24/94)

Rep. Gene Chandler moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. John Chandler, Pfaff, McCarty and Cloutier.

HB 1231, requiring the state of New Hampshire to designate an area on the police standards and training academy grounds for a law enforcement memorial and establishing a committee to oversee the design and construction of the memorial. (Amendment printed SJ 10, 3/24/94)

Rep. Gene Chandler moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Gene Chandler, Keans, Katherine Rogers and Peyron.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 1336 and 1516.

Rep. Dunn, Sen. Currier for the Committee

VACATES

Rep. Channing Brown moved that the House vacate the reference of **SB 504-FN-A**, relative to funding for state literacy programs and making an appropriation therefor, to the Committee on Appropriations.

Adopted and referred to Education.

Rep. Channing Brown moved that the House vacate the reference of **SB 709-FN**, relative to changes mandated by OBRA and repealing a statute in conflict with the children's health plan, to the Committee on Appropriations.

Adopted and referred to Health, Human Services and Elderly Affairs.

Rep. Channing Brown moved that the House vacate the reference of **SB 728-FN-A-L**, providing incentive aid for public kindergarten programs, establishing a committee to review the maximization of revenues from programs administered by the New Hampshire sweepstakes commission, and making an appropriation therefor, to the Committee on Appropriations.

Adopted and referred to Education.

Rep. Bonnie Packard moved that the House vacate the reference of **SB 33**, relative to licensing of certified public accountants, to the Committee on Commerce, Small Business and Consumer Affairs.

Adopted and referred to Executive Departments and Administration.

PARLIAMENTARY SITUATION

The Speaker explained that the Senate passed and the House accepted two bills that, under House Rule 34(b), need a two-thirds majority for the House to introduce because substantially similar legislation was killed by the House last session.

RESOLUTION

Rep. Ann Torr offered the following: **RESOLVED** that Senate Bill numbered 529, limiting liability of trappers for certain accidents involving domestic animals, shall be by this resolution read a first and second time.

Rep. Trombly spoke in favor.

Rep. Mock spoke against.

Roll call request not sufficiently seconded.

On a division vote, 100 members having voted in the affirmative and 239 in the negative, the motion failed.

RESOLUTION

Rep. Ann Torr offered the following: **RESOLVED** that Senate Bill numbered 799, eliminating straight ticket voting on the ballot, shall be by this resolution read a first and second time.

On a division vote, 110 members having voted in the affirmative and 232 in the negative, the motion failed.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 541-FN-L, allowing the commissioners of the departments of health and human services, corrections, resources and economic development, and safety to settle small claims against their departments, was removed at the request of Rep. Record.

SB 538, establishing a state freshwater fish, was removed at the request of Rep. Drake. Consent Calendar adopted.

SB 559, relative to international adoptions. **OUGHT TO PASS WITH AMENDMENT** Rep. Elizabeth S. Hager for Children, Youth and Juvenile Justice: This is an important

change in the law that will expedite adoptions of children from other countries. It will mean that these children will have clear adoption papers from their home state of New Hampshire. Vote 14-0.

Amendment (5674B)

Amend RSA 170-B:22, II as inserted by section 2 of the bill by replacing it with the following:

II. The court may validate and issue an adoption decree for an adoption finalized in another jurisdiction, provided that evidence satisfactory to the court is produced to demonstrate the validity of such adoption. For the purposes of this paragraph, satisfactory evidence includes documentation from the United States Department of Justice or the Department of State that a legal adoption has been completed in another country. Probate court rules shall specify such acceptable documentation.

SB 726-FN, changing the title of the division for children and youth services to the division for children, youth and families. OUGHT TO PASS

Rep. Deborah L. Woods for Children, Youth and Juvenile Justice: The Division has requested this formal name change to reflect its focus on the entire family and its commitment to the families of New Hampshire. The bill amends all relevant RSAs. Vote 14-0.

SB 550-FN, relative to fees for filing documents with the insurance department. REFER FOR INTERIM STUDY

Rep. Robert S. Mercer for Commerce, Small Business and Consumer Affairs: The sponsor was the only person to testify on the bill. He requested the bill be sent to interim study because of the large number of fees that are changed. The committee concurred with the sponsor's request. Vote 11-0.

SB 654, establishing a committee to study the feasibility of instituting a statewide kindergarten program. INEXPEDIENT TO LEGISLATE

Rep. Suzan L. R. Franks for Education: The contents of this bill forming a study committee to look into the feasibility of establishing a kindergarten program will be addressed by the Task Force established in HB 1260. The Task Force is charged with examining the kindergarten issue as well as other educational funding concerns. Vote 19-0.

SB 780, expanding the membership and extending the reporting deadline for the task force coordinating resources addressing sexual assault and sexual harassment at postsecondary institutions. OUGHT TO PASS

Rep. Susan B. Durham for Education: This bill expands the membership of the task force on sexual assault by adding representatives from campus service providers, campus security and deans of students. The reporting deadline is extended to December 1, 1994. Vote 19-0.

SB 524, relative to the rulemaking authority of the pesticide control board and the labeling of pesticides. OUGHT TO PASS

Rep. Gregory L. Hanselman for Environment and Agriculture: This bill was requested by the Department of Agriculture to facilitate rulemaking functions of the Pesticide Control Board and accommodate labeling requirements. Before review by committee, it received approval of the staff attorney at the Joint Rules Committee and the Attorney General's office, and it was supported by all in attendance at the public hearing. Vote 13-0.

SB 503-FN, relative to the practice of electrology and the collection of certain fees. OUGHT TO PASS

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill, requested by the Division of Public Health, updates and clarifies the language concerning licensure and regulation of the practice of electrology. Vote 14-0.

SB 785, establishing a committee to review current procedures of the central registry in the department of health and human services. OUGHT TO PASS

Rep. Joan Sullens for Health, Human Services and Elderly Affairs: This bill establishes a committee to review the current procedures of the central registry maintained by the Division for Children and Youth Services for the purposes of child protection. Vote 13-0.

SB 515, relative to requirements for alternate jurors. OUGHT TO PASS

Rep. Robert A. Lockwood for Judiciary: The bill refines the jury system by giving the court the option of retaining one or more alternate jurors after deliberations on a case have begun. Now, the court must retain all alternate jurors. The bill requires the court to keep chosen alternate jurors separated from the deliberating jurors unless called on by the court. Vote 14-1.

SB 521, establishing a committee to study skiing accident laws. INEXPEDIENT TO LEGISLATE

Rep. Rick G. Newman for Judiciary: The subject matter of this bill will be incorporated into HB 1387 which has been sent to interim study. The committee intends to report back to the legislature on this subject with that interim study report. Vote 13-0.

SB 540, limiting rights of reversion relative to real property. INEXPEDIENT TO LEGISLATE

Rep. Edward M. Gordon for Judiciary: This legislation places statutory limits on rights of reverter and rights of re-entry. The Committee heard testimony that occasional problems arise regarding titles to property in which these rights exist. However, the Committee found that traditional remedies remain available and blanket legislation to extinguish such rights is unnecessary. Vote 13-1.

SB 561, prohibiting the right of setoff against an individual retirement account or a simplified employee pension. OUGHT TO PASS WITH AMENDMENT

Rep. Tyler P. Harwell for Judiciary: This legislation is intended to bring New Hampshire in line with the federal law. Federal law does not permit IRA's, etc., to be used as collateral. This legislation makes it unlawful to exercise the traditional "right-of-setoff" held by banks against such accounts, a handy substitute for collateral rights, while studiously preserving all other remedies provided by law. Vote 17-0.

Amendment (5614B)

Amend the title of the bill by replacing it with the following:

AN ACT

limiting the right of seizure, setoff, or attachment against an individual retirement account or a simplified employee pension.

Amend the bill by replacing section 1 with the following:

1 Limitation on Seizure, Setoff, or Attachment. Amend RSA 515 by inserting after section 13 the following new section:

515:13-a Limitation on Seizure, Setoff, or Attachment by Banks. Individual retirement accounts or simplified employee pensions, as defined by section 408 of the United States Internal Revenue Code of 1986, as amended, shall be subject to seizure, setoff, or attachment for the benefit of creditors only by means of legal process, and not by unilateral action by the bank with which such accounts are deposited, or by other creditors, notwithstanding any agreements to the contrary.

AMENDED ANALYSIS

This bill limits the rights of seizure, setoff, or attachment against an individual retirement account or a simplified employee pension.

SB 660, relative to settlements on behalf of minors. OUGHT TO PASS

Rep. Nick Hart for Judiciary: This bill would allow courts to approve settlements on behalf of minors and allow the funds to be invested for the minors' benefit and available when needed. Vote 14-0.

SB 722, relative to petitions for declaratory judgments to determine insurance coverage. OUGHT TO PASS

Rep. Edward M. Gordon for Judiciary: This legislation clarifies declaratory judgment actions to determine insurance coverage. The current law has resulted in confusion as to when such a declaratory judgment may be filed. The committee believes this legislation will correct the confusion. Vote 12-0.

SB 798, increasing the exemption amount from attachment and execution for certain personal property. **OUGHT TO PASS**

Rep. David C. Allison for Judiciary: The Act (RSA 511:2) was last amended in 1981. Accordingly, the committee agrees that it is appropriate to increase personal property exemptions to reflect inflationary increases in such properties as household furniture, tools of the trade, and automobiles. Vote 11-1.

HR 54, encouraging declassification and dissemination of documents and materials relating to American POW/MIAs **OUGHT TO PASS**

Rep. James J. Fenton for Public Protection and Veterans Affairs: This house resolution encourages the United States Government to declassify and disseminate documents and materials relating to American POW-MIA's. The testimony given in this crowded, double-hearing room was most impressive and a moving experience to all committee members. Certified copies of this house action shall be forwarded to our congressional delegation. Vote 15-0.

SB 544-FN-L, relative to the requirements for sprinkler systems. **OUGHT TO PASS WITH AMENDMENT**

Reps. Gordon E. Wiggin, Lucien G. Bergeron, James J. Fenton, John W. Flanders, Sr., Bruce Foster Hunter, Rudy Lessard, Robert H. Milligan, Rodolphe G. Paquette, George R. Rubin, Richard A. Soucy and David A. Welch for Public Protection and Veterans Affairs: This legislation was introduced at the request of the State Fire Marshall to close a loop hole in the current regulations which allow multi-story and other buildings to be constructed with no sprinkler or fire suppression systems; providing that fire detection devices are installed. Nothing in this legislation shall be construed to prevent municipalities from adopting bylaws or ordinances in this subject area providing that such bylaws or ordinances are no less restrictive than those adopted by the Fire Marshall. The House amendment merely moves the "brackets" to clearly indicate the material removed from the current law and makes no substantive change to this legislation as introduced. Vote 11-0.

Amendment (5652B)

Amend RSA 153:5 as inserted by section 1 of the bill by replacing it with the following: 153:5 Rules. The state fire marshal shall adopt rules, with the approval of the commissioner of safety, to be known as the state fire code, pursuant to RSA 541-A, to further the purposes of this chapter and such applicable fire safety and building laws as he shall deem necessary for the protection from fire and fire hazards for people in the state and for the general welfare of property and people within the state. The rules may include, but not be limited to, the keeping, storage, use, manufacture, sale, handling, transportation or disposal of highly flammable materials and rubbish, and of flammable fluids and compounds and flammable tablets and may include standards for the materials and construction of receptacles and buildings to be used for any of these purposes. The fire marshal may adopt the most recent edition of the provisions of the national fire protection association code or other recognized codes as rules, in whole or in part; however, such rules shall not require automatic suppressant or sprinkler systems in areas of buildings or additions, in which the discharge of water would be undesirable as determined by the state fire marshal, or in rooms or areas containing either generators, transformers, telecommunications equipment or facilities or electronic data processing equipment, or in [facilities in which rooms or areas are protected with an automatic fire alarm system] *telecommunications or electric utility company's equipment buildings or areas occupied exclusively for telecommunications equipment, electrical transformation and switching equipment, associated electrical distribution equipment, batteries and standby engines or generators, provided, that those spaces or areas are equipped throughout with an automatic fire detection system.* The rules shall apply to the construction and remodeling of buildings and structures for the containment of flammable liquids and to the new installation and replacement of equipment used in connection with flammable liquids. The rules shall apply to existing buildings, structures or equipment. The fire marshal may exempt a building, structure or equipment from such rules if he finds that such exemption does not constitute a hazard to the public welfare and safety. A reasonable time, as determined by the state fire marshal, shall be allowed to make necessary alterations. Nothing in this section shall be

construed to prevent municipalities from adopting bylaws or ordinances relative to a subject area of rules adopted by the fire marshal in accordance with this section if such bylaws or ordinances are no less restrictive than those adopted by the fire marshal.

SB 587, revising the penalty provision for carrying a weapon without a valid license. **OUGHT TO PASS**

Rep. Leo P. Pepino for Public Protection and Veterans Affairs: The bill addresses an oversight in the current law and revises the penalty for carrying a loaded, concealed weapon without a valid permit. Presently, RSA 159:4 provides a misdemeanor for the first offense of carrying a loaded pistol or revolver without a license. The second and subsequent offenses are Class "B" felonies. SB 587 calls for a Class "B" felony only if the second or subsequent offense occur within seven years of the previous conviction. Licenses presently are granted for four years. Renewal will be on the birth date of the holder within the fourth year if legislation passed by this House is approved in the Senate. Vote 12-0.

SB 536, relative to appropriations for the expansion of the port of Portsmouth. **OUGHT TO PASS**

Rep. Terence R. Pfaff for Public Works: This bill is a fiscal committee request. It combines the capital appropriations made in 1993 and 1991 to the New Hampshire Port Authority into 1991, Revised Statutes Annotated 351:5; it also changes line 13 to "overview from oversight." Vote 15-0.

SB 678, establishing a committee to study the fairness and equity of the current turnpike road toll system and the feasibility of financing highway projects through alternative means. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler for Public Works: This bill would establish a committee to study the turnpike system. The Committee has already heard testimony regarding this subject matter in House Bill 1382, and amended that bill to appropriate \$150,000.00 from the turnpike fund to provide for an independent, unbiased report on the turnpike system. The House has passed this amended piece of legislation, so SB 678 is not needed at this juncture. Vote 15-0.

SB 686, reclassifying a portion of Stratham Heights Road in the town of Stratham. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gene G. Chandler for Public Works: This bill would reclassify a portion of Stratham Heights Road from the intersection of Route 101 and the intersection of Guinea Road as a Class V highway. This bill was unanimously supported by the Public Works Committee, the Stratham Board of Selectmen and the Department of Transportation. The amendment changes the effective date to December 1, 1994 to allow time for the Department of Transportation to finish repairs to the section of road which will be reclassified. Vote 15-0.

Amendment (5364B)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect December 1, 1994.

SB 781-A, requiring the department of transportation to redesign and reconstruct a portion of exit 6 on the Spaulding turnpike from funds previously appropriated. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gene G. Chandler for Public Works: This bill deals with the same subject matter as HB 1518, namely design and construction of a portion of exit 6 on the Spaulding Turnpike at its intersection with New Hampshire Route 4 and Boston Harbor Road. SB 781 has been amended by the Public Works Committee exactly as HB 1518 was amended and overwhelmingly passed. The Public Works' amended version of this bill authorizes the project and directs that the project not proceed until the Governor and Council transfer the necessary million from funds remaining from any projects outlined in RSA 237:7. This project should be completed in conjunction with the Scammell Bridge project and the committee strongly supported that idea. The Department of Transportation testified that by the time this exit-6 project was ready to begin, there would be sufficient funding from already legislated projects to complete the project and have it coincide with the Scammell Bridge project, thereby saving

money and inconvenience to the area. In addition to adopting the Public Works amendment, the Appropriations Committee allowed for an additional choice; increasing the turnpike bonding authority by \$1 million. The Public Works Committee has told other sponsors of legislation that there is no money available for special projects and could not have approved this construction project if it could not have been done with existing funds. We feel that considerably more public comment and hearings need to be held before undertaking such a dramatic move as increasing the bonding authority of the turnpike system. Upcoming hearings on the 10-year plan will allow for that public debate, if desired. Vote 14-2.

Amendment (5609B)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Spaulding Turnpike; Exit 6 Redesign and Reconstruction. Amend RSA 237:2 by inserting after paragraph II-b the following new paragraph:

II-c. Redesign and reconstruct a portion of exit 6 on the Spaulding turnpike at its intersection with N.H. Route 4 and Boston Harbor Road. This project shall not begin until the governor and council authorizes a transfer of a sum not to exceed \$1,000,000 from any funds remaining in projects under RSA 237:7, I as authorized by RSA 237:7, II.

2 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill requires the department of transportation to redesign and reconstruct a portion of exit 6 on the Spaulding turnpike from appropriated funds transferred from other highway projects.

Referred to Appropriations.

SB 533, prohibiting any person from altering or removing any sand or vegetation from any sand dune without a permit from the wetlands board. **OUGHT TO PASS**

Rep. Martin Feuerstein for Resources, Recreation and Development: This bill prohibits altering or removing any sand or vegetation from any sand dune without a permit from the wetlands board. It also provides that, on request, the wetlands board shall provide a preapplication assessment to any owner of a lot of record located in a sand dune. Vote 13-0.

REGULAR CALENDAR

HB 1050-FN, establishing the health care transition fund and continually appropriating the fund to the department of health and human services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment completely replaces the original bill. The state will claim an additional \$130 million in Medicaid funds in FY'94 and will use \$27.6 million of this amount for supplemental appropriations in FY'94 and FY'95. These appropriations will be for medicaid provider payments, AFDC, nursing home costs, APTD, transportation and ancillary services for job training for welfare recipients, and children's services. All are related to caseloads which continue to exceed those projected in the budget one year ago. An additional \$2.6 million is appropriated into the 1 percent administrative fund and the fund is made non-lapsing until June 30, 1995.

The remainder of the additional medicaid funds (almost exactly \$100 million) is appropriated into a newly established fund: the Health Care Transition Fund. No monies are appropriated from this fund. Rather, appropriations, if they are to occur, will be made in other bills or by subsequent actions of the legislature.

Authority to expend money from this fund is NOT delegated to the legislative fiscal committee and governor and council. Rather, spending is to be authorized by the normal state budgeting process defined in RSA 9. This ensures that the legislative branch remains firmly in control of all expenditures from this large new fund.

Specific purposes and goals of this Fund are established in the bill to convey clearly the intent that the monies be restricted to health care uses. The goals are sufficiently permissive to allow the Fund to support policy initiatives in other bills (notably SB 774, 775, 625, and 711) that are part of the Governor's Health Care Reform proposal without prejudicing policy committee actions on those or other bills or consideration of other policy initiatives.

The bill also requires that future initiatives be "part of a state health plan approved under a process established by the legislature." This ensures legislative involvement in the critical planning and policy process.

The bill also appropriates new "proportionate share payments" to counties for the purpose of claiming additional Medicaid funds and to reduce the cost of nursing home care to the counties by \$8 million each year. This aspect of the bill is pure property tax relief for county taxpayers. HB 1050-FN is simply a convenient vehicle to accomplish this, our committee having no other logical vehicle to do so. Vote 22-1.

Amendment (5719B)

Amend the title of the bill by replacing it with the following:

AN ACT

establishing the health care transition fund, making certain appropriations,
and clarifying the procedure relative to the uncompensated
care administration fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that the state has a fundamental interest in improving the ability of its citizens to access health care that is of a consistently high quality in order to promote the general welfare and health of the community. In addition, the state has a special responsibility to assure that citizens with special needs have the ability to access medically related support services. From 1980 to 1991, health care costs in New Hampshire rose at an annual rate of 13.4 percent. If the goal of increased access to quality health care is to be achieved in the state, the reform of government's role in the health care system must be based upon a carefully planned set of changes that is funded in advance and that is the result of collaboration among health care consumers, providers, government, and the business and academic communities of the state.

2 New Subdivision; Health Care Transition Fund. Amend RSA 167 by inserting after section 68 the following new subdivision:

Health Care Transition Fund

167:69 Definitions. In this subdivision:

- I. "Commissioner" means the commissioner of health and human services.
- II. "Department" means the New Hampshire department of health and human services.
- III. "Fund" means the health care transition fund established in RSA 167:70.

167:70 Health Care Transition Fund.

I. There is hereby established in the office of the state treasurer a fund to be known as the health care transition fund.

II. The state treasurer shall invest and reinvest the assets of the fund in accordance with law, and the principal assets and accumulated income in the fund shall be nonlapsing.

167:71 Purposes of the Fund.

I. The moneys in the fund shall be expended to:

- (a) Fund in advance the planning and implementation of new health care initiatives which are part of a state health plan approved under a process established by the legislature.
- (b) Buffer individual citizens from the impact of changes in existing health care programs which may occur at the federal level during the time this fund is in existence.

II. The goals of this fund are established to:

(a) Increase access to health care services by ensuring an appropriate supply and state-wide distribution of general physicians and other primary care providers and services, including mental health and substance abuse services.

(b) Ensure access to health care services by increasing the availability of medicaid coverage for economically disadvantaged families and adult households.

(c) Support the development and implementation of a planning, data and quality assessment process within the office of health planning.

(d) Support community-based long-term care services.

(e) Support the physical and mental health care needs of at-risk children and their families.

167:72 Accumulated Income. Commencing with the fiscal year ending June 30, 1995, the state treasurer shall annually, on or before October 1, certify an amount to the commissioner which shall be the sum of the income accumulated in the fund plus the market value of the principal assets held in the fund. The rate of expenditure shall guarantee the funding of the purposes in RSA 167:71 for a minimum period of 6 years from the effective date of this subdivision.

167:73 Annual Health Care Initiatives Budget. Appropriations from the health care transition fund shall be consistent with the purposes of the fund and shall be made in accordance with the budgetary procedures established in RSA 9 or in accordance with any process which may subsequently be established by the legislature to control expenditures from the fund.

3 Repeal. RSA 167:69-167:73, relative to the health care transition fund, are repealed.

4 Contingency; Disposition of Fund. Section 3 of this act shall take effect when the market value of the principal assets and accumulated income held in the fund is certified by the state treasurer to the commissioner of health and human services to be less than \$100,000. Upon repeal, the entire remaining value of the fund shall lapse into the general fund.

5 Funding. An amount equal to the difference between the funds recovered under the medicaid plan amendment, TN #93-19, and the supplemental appropriations made in section 6 of this act shall be deposited into the health care transition fund established in section 2 of this act, and such amount is hereby appropriated. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

6 Supplemental Appropriations. Amend 1993, 349:1 by making the following supplemental appropriations to the following PAUs:

8 Clarification. Amend RSA 167:64, I(c) to read as follows:

(c) One percent of the payments made from the [fund] *class lines in the budget of the office of the commissioner, department of health and human services, entitled "hospital disproportionate share," "New Hampshire hospital disproportionate share," and "hospital uncompensated care pool"* shall be placed in a separate [PAU] *class line* reserved for the expenses of the department in administering this subdivision.

9 Effective Date.

I. Section 3 shall take effect as provided in section 4.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes the health care transition fund in an effort to assist individual citizens if changes in existing health care programs occur at the federal level. An amount equal to the difference between the funds received from the medicaid disproportionate share and certain supplemental appropriations is appropriated to the fund.

The bill also clarifies the manner of calculating the amount of money which goes into the uncompensated care administration fund.

Rep. Douglas Hall spoke in favor and yielded to questions.

Adopted.

The Committee offered a floor amendment.

Floor Amendment (5762B)

Amend RSA 167:71, I(a) as inserted by section 2 of the bill by replacing it with the following:

(a) Fund the planning and implementation of health care initiatives which have been enacted by the legislature or which are part of a state health plan approved under a process established by the legislature.

Rep. Channing Brown spoke in favor.

Adopted.

Rep. Douglas Hall spoke in favor of the amended Committee report.

Roll call request sufficiently seconded. The question being the adoption of the amended report.

and the report was adopted.
 Ordered to third reading.

SB 642-FN, relative to drug-free school zones and creating a special fund for providing and replacing zone signs. **OUGHT TO PASS**

Rep. Stanley N. Searles, Sr. for Education: This bill gives rulemaking authority to the State Board of Education for drug-free school zones. A study committee is established to look at the effectiveness of the drug-free school zone provisions and to analyze if it has reduced drug related crimes and to study the penalty provisions of the law. The penalty for violations in posted areas will cover the cost of sign replacements. Thus there is no need for fiscal note. Vote 18-0.

Adopted and ordered to third reading.

SB 507-FN-L, increasing fees for bail commissioners. **INEXPEDIENT TO LEGISLATE**

Rep. Edward M. Gordon for Judiciary: This legislation provides for an increase in the fee for bail commissioners from \$15 to \$25. During the testimony before the Committee, concern was expressed regarding the effectiveness of the present system of establishing bail. The Committee believes that the existing bail statutes may need to be reviewed. However, the majority of the Committee does not believe that this limited legislation should form the basis for such a review. Vote 9-8.

Rep. Gosselin moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Reps. Gordon and Hart spoke against.

Rep. Emerton spoke in favor.

On a division vote, 119 members having voted in the affirmative and 228 in the negative, the motion failed.

Report adopted.

Rep. Hill declared a conflict of interest and did not participate.

SB 530-L, relative to town liability for riot damage. **OUGHT TO PASS**

Rep. Robert A. Lockwood for Judiciary: This bill repeals three archaic statutes that have been declared invalid by the courts. The statutes make municipalities liable for damages caused in a riot even though the municipalities take reasonable and prudent action to prevent the damages. Municipalities will continue to be liable for damages that are their responsibility. Vote 16-2.

Adopted and ordered to third reading.

SB 656, repealing the chapter regarding subversive activities act. **OUGHT TO PASS**

Rep. Tyler P. Harwell for Judiciary: RSA 648 related to subversive activities was long ago found to be unconstitutional and thus itself subversive of our constitutional government. It should never have been enacted into law. The majority of the committee recommends its repeal. Vote 13-4.

Adopted and ordered to third reading.

SB 758-FN, relative to a civil filing fee surcharge for civil legal assistance to low-income persons. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rick G. Newman for Judiciary: New Hampshire Legal Assistance provides much needed services to people in our state who are most in need of having their voices heard. The original bill would have established a new fee to provide this funding. The amendment eliminates the new fee and appropriates \$240,745.00 from the General Fund. The FN calls for state expenditures of \$240,745.00 ending June 30, 1995. Vote 17-1.

Amendment (5684B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to civil legal assistance to low-income persons

and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Legal Assistance. New Hampshire Legal Assistance shall use the appropriation provided for in section 2 of this act to fund the provision of civil legal representation to low-income persons in the state.

2 Appropriation. The sum of \$240,745 is appropriated to the state treasurer for the fiscal year ending June 30, 1995, for the purposes of section 1 of this act. The governor is authorized to draw a warrant out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

The bill makes an appropriation for fiscal year 1995 to be used by New Hampshire Legal Assistance to fund civil legal assistance to low-income persons in New Hampshire.

Adopted.

Rep. Donna Sytek spoke against.

Rep. Newman spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the amended report.

and the report was adopted.

Referred to Appropriations.

Rep. Elizabeth Moore wished to be recorded in favor of the report.

SB 598, extending lapse dates of certain appropriations in 1993, 359 (HB 25-A). **OUGHT TO PASS**

Rep. Sandra B. Keans for Public Works: This bill was introduced because a season of construction was lost when the Capital Budget was vetoed. Almost all state projects, because of the nature of the process, require about two years to complete. Funds in the Capital bill were to lapse July 1995, halfway through the construction season. With this bill, the unexpended funds will remain in place for the extra building season. If we do not pass the bill, we will undoubtedly have to do it in the spring of 1995 so that partially completed projects can be finished. Vote 16-0.

Adopted and referred to Appropriations.

SB 752-FN, relative to signage on highways and signage fees and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. John P. Chandler for Public Works: The purpose of this bill as amended is to make corrections in RSA 230:49, identified during the rule-making process to implement the so-called "Logo Program" for motorist services on the interstate, turnpike and limited-access highways in the state. Specifically, the amendment (1) establishes distances from exits for

facilities to qualify, (2) requires that the fees established in rules be reasonable and equitable, (3) establishes a revolving fund to receive all fees and to defray all costs, and (4) takes effect upon passage to facilitate implementation for the coming tourist season. Vote 15-0.

Amendment (5611B)

Amend the bill by replacing all after the enacting clause with the following:

1 Signs on Limited Access Highways; Signs; Rulemaking Added; Authority to Impose Fees Added; Distance Established. RSA 230:49 is repealed and reenacted to read as follows:

230:49 Motorist Service Signing Program Established; Signs.

I. The location of fuel and other essential motorist services on connecting service roads within 3 miles of the intersection with the limited access highway, within 5 miles for a campground, or within 1 mile of the intersection in urban compact areas, may be indicated to users of the limited access facility by appropriate signs, the specifications of which shall be determined by the commissioner of transportation. The distance specified shall be measured by computing the travel length from the terminal of an exit ramp to the nearest point along the public highway where the nearest existing driveway entrance to the service is reached.

II. Signs permitted under paragraph I may be rented for a fee established by rules adopted by the commissioner of transportation pursuant to RSA 541-A. The amount of the fee shall be reasonable and equitable and not exceed a fair portion of the cost of implementing and maintaining the motorist service signing program. The amount of fees collected shall be sufficient to ensure the motorist service sign program is self supporting. Fees for motorist-oriented service signing as set forth in paragraph I and collected under this paragraph shall be deposited in the motorist service signing fund established in paragraph III.

III. There is established a special fund to be known as the motorist service signing fund which is hereby authorized as a revolving fund. The fees deposited in the account shall be continually appropriated to the commissioner of the department of transportation for the exclusive purpose of implementing and maintaining the motorist service signing program. The program shall not be dependent on any funding sources other than the fees deposited in the special account. The commissioner of transportation may expend funds in the account to defray administrative, manufacturing, installation and maintenance costs incurred by the department in administering the motorist service signing program.

2 New Subparagraph; Application of Receipts. Amend RSA 6:12, I by inserting after subparagraph (hhh) the following new subparagraph:

(iii) Moneys received by the department of transportation under RSA 230:49, II, which shall be credited to the motorist service signing account established in RSA 230:49, III.

3 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and referred to Ways and Means.

SB 553, repealing the law that changed Upper Beach Pond in the town of Wolfeboro to Alpine Lake and permitting a dam to be constructed on Province Lake in the town of Effingham. OUGHT TO PASS

Rep. Janet M. Conroy for Resources, Recreation and Development: In 1913 the state did make a law that created Alpine Lake close within the mountains reach, this pond was formerly Upper Beach.

As a Committee we strongly feel, the law of 1913 should be repealed and Alpine Lake will forever be Upper Beach Pond to you and me.

The Senate amended the bill to read: "To build a dam that Province Lake will need."

A town meeting article in Effingham will raise the money to build said dam.

If not, then those around the lake will ante up the dough and payment make. As a postscript, I'll say, the money was raised on Town Meeting Day. Vote 15-0.

Adopted and ordered to third reading.

REMARKS

Rep. Dickinson moved that Rep. Conroy's remarks correcting the SB 553 Committee statement be printed in the Journal.

Adopted.

Clerk's note: The corrected Committee statement is printed above.

REGULAR CALENDAR (Cont'd.)

SB 541-FN-L, allowing the commissioners of the departments of health and human services, corrections, resources and economic development, and safety to settle small claims against their departments. **OUGHT TO PASS WITH AMENDMENT**

Rep. Alice Barnard Record for Judiciary: The committee was in full concurrence to allow the commissioners of the Department of Health and Human Services to settle small claims with \$100 or less, but claims between \$100 - \$500 must be submitted to the Board of Claims for approval. Vote 16-0.

Amendment (5640B)

Amend the title of the bill by replacing it with the following:

AN ACT

allowing the commissioner of the department of health and human services to settle small claims against the departments.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Small Claims; Department of Health and Human Services. Amend RSA 126-A by inserting after section 2 the following new section:

126-A:2-a Small Claims.

I. The commissioner may use funds accruing to the department of health and human services for the payment of small claims of \$100 or less occasioned by non-insured personal loss or accidents due to the activities of the department. Any person claiming loss or damage due to the activities of the department in an amount of \$100 or less may make application to the commissioner for payment. The application shall be filed within 60 days of the date the loss or damage is incurred. If the commissioner, upon investigation, is of the opinion that the loss or damage was caused as a result of the activities of the department, the commissioner shall make payment to the claimant from department funds.

II. Any person claiming loss or damage due to the activities of the department in an amount of less than \$500, but greater than \$100, may make application to the commissioner for payment of such claim. The application shall be filed within 60 days of the date the loss or damage is incurred. If the commissioner, upon investigation, is of the opinion that the loss or damage was caused because of the activities of the department, the commissioner shall submit a recommendation to the governor and council for approval of payment to the claimant from department funds.

2 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill allows the commissioner of the department of health and human services to settle small claims against the department.

Adopted.

Rep. Alice Record offered a floor amendment.

Floor Amendment (5756B)

HOUSE JOURNAL No. 15

Thursday, April 14, 1994

The House assembled at 1:00 p.m., the hour to which it stood adjourned and was called to order by the Speaker.

His Excellency, Governor Stephen Merrill joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of boundless compassion, as You are patient with us help us to be patient with one another and ourselves; as You continually invite us to new life, help us to be for each similar experience of encouragement. Save us from slavery to personal agendas and grant us the gifts of flexible minds and open hearts so that we may genuinely learn with and from one another and make decisions that serve and celebrate Your will. Amen.

Rep. Perkins led the Pledge of Allegiance.

The House of Representatives offered the following:

HOUSE RESOLUTION NO. 57

memorializing State Representative John F. O'Brien

WHEREAS, we have learned with great sorrow of the death of our esteemed colleague John F. O'Brien, who was serving his third consecutive term as an honorable member of the New Hampshire House of Representatives, and

WHEREAS, during his tenure as an elected servant of the people of District 4 of Strafford County, John F. O'Brien devotedly and diligently did serve as a member of the Standing Committees on Public Protection and Veterans Affairs; Executive Departments and Administration; and Education, and

WHEREAS, John F. O'Brien was blessed with a wonderful wit and sense of humor, and did have the power to make people laugh heartily, and

WHEREAS, John F. O'Brien, between the years of 1941 and 1945, did serve his country with honor and pride as a member of the First Cavalry Division of the United States Army, and

WHEREAS, John F. O'Brien was a life member of the Disabled American Veterans and a loyal member of the Ancient Order of Hibernians, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that John F. O'Brien be accorded highest praise for his distinguished and faithful service as a legislator, and as a member of the United States Army, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote of silent prayer.

COMMITTEE REPORTS
CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 580-FN, establishing a committee to study future directions for New Hampshire child care licensing policies, was removed at the request of Rep. Holden.

SB 592, relative to the display of expired motor vehicle plates, was removed at the request of Rep. George Katsakiores.

SB 585, increasing penalties for certain acts of cruelty to animals, was removed at the request of Rep. Drake.

Consent Calendar adopted.

SB 90, relative to child support enforcement and child support payments. **OUGHT TO PASS WITH AMENDMENT**

Rep. Deborah L. Woods for Children, Youth and Juvenile Justice: This bill revises notice and service requirements relative to child support enforcement. It also provides for non-AFDC cases in certain circumstances to have support payments made through the Division without having to petition the court. Vote 17-0.

Amendment (5783B)

Amend RSA 161-B:4, I(b)(2) as inserted by section 1 of the bill by replacing it with the following:

(2) A court, pursuant to RSA 173, has issued a protective order enjoining a parent of a child from abusing or interfering with the liberty of the child's other parent, guardian, or legal representative, and that such order remains in full force and effect at the time the person applies for child support services.

SB 617, establishing a committee to study the problem of suicide among young people. **INEXPEDIENT TO LEGISLATE**

Rep. Janet S. Arndt for Children, Youth and Juvenile Justice: Suicide among young people is of deep concern to our committee. In the committee's research it was found that several groups are already involved in the study of youth suicide, including the N.H. Department of Education. In fact, there is a community-wide effort in Goffstown (the sponsor's district) for suicide prevention. This bill would be redundant. Vote 15-0.

SB 677-FN, relative to paternity. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eugene L. Gagnon for Children, Youth and Juvenile Justice: SB 677-FN codified the New Hampshire in-hospital paternity program. Currently, medical records personnel in hospitals offer affidavits to parents when a child is born out of wedlock. The hospital files it with the town or city clerk. This bill also requires that a copy of the affidavit be filed with the Office of Child Support Enforcement Services. Vote 15-0.

Amendment (5703B)

Amend RSA 126:6-a, II-a as inserted by section 3 of the bill by inserting after subparagraph (g) the following new subparagraph:

(h) The director of the division of human services shall adopt rules pursuant to RSA 541-A relative to implementing the director's duties under this paragraph.

Amend RSA 168-a:2, I(b) as inserted by section 4 of the bill by replacing it with the following:

(b) An affidavit of paternity with the clerk of the town where the birth of the child occurred pursuant to RSA 126:6-a, I(b) or II. The affidavit of paternity shall have the legal effect of establishing paternity without requiring further action pursuant to this chapter. The director of the division of human services shall adopt rules under RSA 541-A relative to the affidavit of paternity under RSA 126:6-a.

Amend the bill by replacing section 5 with the following:

5 Chain of Custody. Amend RSA 522:4, III to read as follows:

III. A notarized report of the blood, tissue and/or genetic marker tests, prepared by the appointed experts, shall be admitted at trial *as evidence of paternity without the need for foundation testimony or other proof of authenticity or accuracy*, unless a written challenge to the testing procedure or results of the blood, tissue and/or genetic marker tests has been filed with the court and delivered to opposing counsel at least 30 days before any hearing set to determine the issue of paternity. Failure to make that timely challenge constitutes a waiver of the right to have the experts appear in person and shall not be grounds for a continuance of the hearing to determine paternity.

IV. If the court's notice of hearing is issued less than 40 days before the hearing to determine paternity, then upon motion by a party setting forth the party's intention to challenge the blood test result, the hearing shall be continued for 45 days.

AMENDED ANALYSIS

This bill establishes a procedure to be used when parents sign an affidavit of paternity. The bill also clarifies when paternity is established for the purposes of child support.

SB 784, establishing a committee to study alternatives to the secure commitment of both male and female juveniles adjudicated delinquent pursuant to RSA 169-B. **INEXPEDIENT TO LEGISLATE**

Rep. Deborah L. Woods for Children, Youth and Juvenile Justice: The subject matter of HB 784 is included in studies already established under the Corrections & Criminal Justice Committee and study committees include all members involved in this proposed legislation. Therefore, this legislation would be redundant. Vote 15-0.

SB 574, relative to credit for reinsurance. **OUGHT TO PASS**

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: This bill makes a technical amendment to the credit for reinsurance statute by recognizing that the reinsurer, Lloyds of London, has changed its membership requirements to permit participation of corporations. If this bill is not adopted, New Hampshire domestic insurers would be restricted in their purchase of reinsurance from Lloyds of London, with the result that their ability to write insurance would be restricted. Vote 11-0.

SB 504-FN-A, relative to funding for state literacy programs and making an appropriation therefor. **REFER FOR INTERIM STUDY**

Rep. Nils H. Larson, Jr. for Education: This bill and SB 505 have areas of mutual concern. The committee would like to work on both bills so that legislation can be proposed which is consistent and appropriate. Vote 11-0.

SB 505, establishing a study committee to review the statutory provisions relative to compulsory school attendance. **REFER FOR INTERIM STUDY**

Rep. Nils H. Larson, Jr. for Education: This bill and SB 504 have areas of mutual concern. The committee would like to work on both bills so that legislation can be prepared which is consistent and appropriate in dealing with students at risk. Vote 11-0.

SB 634, establishing a committee to study and promote the use of non-motorized transportation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Daniel M. Burnham for Environment and Agriculture: This bill sets up a study committee to make sure New Hampshire enhances the use of non-motorized transportation both as a method of reducing traffic congestion and air pollution. Vote 17-0.

Amendment (5642B)

Amend paragraph VI of section 3 of the bill by replacing it with the following:

VI. Two representatives of bicycling organizations who represent users of bicycles for transportation rather than recreation, appointed by the governor.

SB 786-FN-L, allowing manufacturers and dealers to sell certain motor vehicles in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Environment and Agriculture: This bill will allow New Hampshire automobile dealers, on a voluntary basis, to sell in New Hampshire cars built to California Emissions Standards. There is no requirement to sell such vehicles, but this bill will allow customers a choice. Vote 17-0.

Amendment (5735)

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect upon its passage.

SB 572-FN, relative to maximum benefit limitations under the New Hampshire retirement system. **OUGHT TO PASS WITH AMENDMENT**

Rep. J. Gregory McGrath for Executive Departments and Administration: This bill makes reference changes to the Federal Tax Code so that the New Hampshire Retirement System will maintain its tax exempt status. The amendment authorizes expending \$3000 from the retirement system administrative account to implement the necessary administrative changes. Vote 12-0.

Amendment (5743B)

Amend the bill by replacing section 2 with the following:

2 Appropriation. The sum of \$3,000 is hereby appropriated for the fiscal year ending June 30, 1994, from the New Hampshire retirement system administrative account, to be expended by the New Hampshire retirement system for the purpose of implementing the provisions of section 1 of this act.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes reference changes to the United States Internal Revenue Code relative to maximum benefit limitations under the retirement system statutes.

The bill appropriates \$3,000 for the fiscal year ending June 30, 1994, from the New Hampshire retirement system administrative account in order to implement the provisions of the bill.

Referred to Appropriations.

SB 630, relative to the New Hampshire industrial heritage commission. **OUGHT TO PASS**

Rep. Robert H. Turner for Labor, Industrial and Rehabilitative Services: This bill repeals the lapse date from the current law passed in 1991. It also increases the commission membership from 17 to 25. It further changes the name from "The New Hampshire Industrial Heritage Commission" to "The New Hampshire Industrial Heritage Park". Vote 13-0.

SB 214-FN-L, requiring municipalities to give notice to property taxpayers of their right to seek tax abatements, tax exemptions and other forms of tax relief. **OUGHT TO PASS**

Rep. Joseph E. Stone for Municipal and County Government: This bill requires municipalities to give notice to property taxpayers, as part of their tax bills, of their right to seek abatements, exemptions, credits, and liens. This bill does not mandate. Municipalities can use up the present tax notices. Once used, the new forms will conform to statute requirements. Vote 13-0.

SB 506, allowing matters of state or national concern to be placed on the official ballot used for the election of town officers **INEXPEDIENT TO LEGISLATE**

Rep. Richard Noyes for Municipal and County Government: This seven-line proposal for dealing with a process at the very heart of municipal government includes no resolutions to several issues which would inevitably arise, including who decides and just what is a matter of state or national concern. It seemed to the committee an overly simple solution in search of a problem. Vote 15-0.

SB 528, relative to central business service districts. OUGHT TO PASS

Rep. Richard Noyes for Municipal and County Government: This bill simply broadens the possibilities opened by earlier enabling legislation which has been used to advantage by some municipalities, and had strong support from some who have had favorable results. It allows cities and towns to establish more than one central business service district. Vote 13-0.

SB 537, relative to bonds issued by certain chartered towns. OUGHT TO PASS

Rep. Elizabeth A. Cepaitis for Municipal and County Government: This legislation gives to towns with town-council forms of government authority to issue bonds and/or notes. The appropriate wording inadvertently was omitted in previous legislation. Vote 13-0.

SB 543-FN-A-L, requiring that the department of revenue administration conduct an annual ratio study relative to real estate assessments and sales and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Richard Noyes for Municipal and County Government: This bill, as amended, authorizes the Department of Revenue Administration to do its assigned job in a manner generally agreed by experts, and by our own study committee reviewing assessment practice, to be the right one. Vote 13-0.

Amendment (5763B)

Amend RSA 21-J:3, XXII as inserted by section 1 of the bill by replacing it with the following:

XXII. Annually conduct an assessment/sales ratio study to determine the average level and uniformity of assessment for each municipality in the state, for the purpose of equalization under paragraph XIII.

AMENDED ANALYSIS

This bill requires the department of revenue administration to conduct an annual assessment/sales ratio study to determine the average level and uniformity of assessment for each municipality in the state. The bill makes an appropriation for the study.

Referred to Appropriations.

SB 566-L, relative to membership on city planning boards. INEXPEDIENT TO LEGISLATE

Rep. David W. Hess for Municipal and County Government: Existing law provides a vehicle to address the awkward situations cited as the only basis for this legislation. There is no need for this bill. Vote 13-0.

SB 586, relative to licensing of cats and cat identification. OUGHT TO PASS

Rep. Linda T. Foster for Municipal and County Government: In recognizing that public health is seriously threatened by the rapid spread of rabies, this legislation allows municipalities to license cats in a similar manner as it licenses dogs. If a municipality elects to license cats, it shall require a form of identification approved under rules adopted by the commissioner of agriculture. Vote 12-1.

SB 620-L, standardizing the form used for abatement applications to municipalities. OUGHT TO PASS

Rep. Richard Noyes for Municipal and County Government: The bill simply empowers the Board of Land and Tax Appeal to use a tool (standard form) which will make possible a more efficient fulfillment of its responsibilities, thereby speeding up the process. It mandates no change in policy or in fundamental practice. Vote 12-0.

SB 688-L, relative to redemption of property subject to tax liens for the elderly and disabled. OUGHT TO PASS WITH AMENDMENT

Rep. Richard Noyes for Municipal and County Government: The amendment, which replaces the bill, does two things: it adds the necessary cross-references left off of earlier legislation setting up the elderly exemption lien provision, and it increases from six to nine months the period in which successors to a deceased owner have to resolve the lien by bringing the tax obligation up to date. Since nine months is the standard period of time for settling estates, it is an appropriate period in which to resolve the exemption lien. Vote 15-0.

Amendment (5807B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to redemption of property subject to tax liens for the elderly and disabled and inserting certain references with regard to the exemption for the totally and permanently disabled.

Amend the bill by replacing all after the enacting clause with the following:

1 Tax Sale or Tax Lien Procedure Authorized. Amend RSA 72:38-a, V to read as follows:

V. When the owner of a property subject to a tax lien dies, the heirs, heirs-at-law, assignee or devisee shall have first priority to redeem the estate by paying in full the tax lien plus any interest due. *If the heirs, heirs-at-law, assignees or devisees do not redeem the property within 9 months of the date of death of the property owner, the municipality may commit the accrued amount of the lien to the collector of taxes with a warrant signed by the assessing officials requiring him or her to collect it; and the collector of taxes shall have the same rights and remedies in relation thereto as provided in RSA 76:13 and RSA 80. Prior to holding a tax sale or executing a priority tax lien under RSA 80:59, the collector shall, at least 30 days prior to such tax sale or tax lien execution, send notice by certified or registered mail, to the last known post office address of the current owner, if known, or to the last known address of the deceased taxpayer, and to all mortgagees from whom permission has been sought pursuant to paragraph IV of this section. Any person with a legal interest in the property may redeem it, either prior to the tax sale or tax lien execution, or subsequently as set forth in RSA 80:32 or RSA 80:69.*

2 Transition. For any property upon which a municipality holds an unredeemed tax lien granted pursuant to RSA 72:38-a, and the applicant has died prior to the effective date of this act, the 9-month period as provided in section 1 of this act, after which the amount may be committed to the collector of taxes, shall be deemed to begin upon the effective date of this act.

3 Reference Inserted. Amend RSA 72:33 to read as follows:

72:33 Application for Exemption or Tax Credit. No person shall be entitled to the exemptions or tax credits provided by RSA 72:28, 29-a, 30, 31, 32, 35, 36-a, 37, 37-a, *37-b*, 39, 43-b, 43-f, 43-h, 62, 66 and 70 unless he shall have filed with the selectmen or assessors, on or before April 15 of some year, a permanent application therefor signed under penalty of perjury, on a form approved and provided by the commissioner of revenue administration showing that the applicant is duly qualified and is the true and lawful owner of the property on which the exemption or tax credit is claimed. Any person who changes his residence after filing such a permanent application shall file an amended permanent application on or before the April 15 immediately following his change of residence. The filing of the permanent application shall be sufficient for said persons to receive these exemptions or tax credits on an annual basis so long as the applicant does not change his residence. If any person, otherwise qualified to receive an exemption or tax credit, shall satisfy the selectmen or assessors that he was prevented by accident, mistake or misfortune from filing a permanent application or amended permanent application on or before April 15 of the year in which he desires the exemption or tax credit to begin, said officials may receive said application at a later date and grant an exemption or tax credit thereunder for that year; but no such application shall be received or exemption or tax credit granted after the local tax rate has been approved for that year.

4 Reference Inserted. Amend RSA 72:33-a to read as follows:

72:33-a Application for Exemption or Tax Credit by a Beneficial Interest Owner of a Trust. No beneficial interest owner of a trust owning real estate shall be entitled to the exemptions or tax credits provided by RSA 72:28, 29-a, 30, 31, 32, 35, 36-a, 37, 37-a, *37-b*, 39, 43-b, 43-f, 43-h, 62, 66, and 70 unless he shall have filed annually with the selectmen or assessors, on or before April 15, an application therefor signed under penalty of perjury, on a form approved and provided by the commissioner of revenue administration, showing that the applicant is duly qualified for the exemption or tax credit, and is the true and lawful beneficial interest owner of the trust owning the real estate on which the exemption or tax credit is claimed. If any beneficial interest owner, otherwise qualified to receive an exemption or tax credit, shall

satisfy the selectmen or assessors that he was prevented by accident, mistake or misfortune from filing the application on or before April 15, said officials may receive said application at a later date and grant an exemption or tax credit therefor for that year, but no such application shall be received or exemption or tax credit granted after the local tax rate has been approved for that year.

5 Reference Inserted. Amend RSA 72:34-a to read as follows:

72:34-a Appeal From Refusal to Grant Exemption or Tax Credit. Whenever the selectmen or assessors refuse to grant an applicant an exemption or tax credit to which he may be entitled under the provisions of RSA 72:23, 23-d, 23-e, 23-f, 23-g, 23-h, 23-i, 23-j, 23-k, 28, 29-a, 30, 31, 32, 35, 36-a, 37, 37-a, *37-b*, 39, 40, 41, 42, 43-b, 43-f, 43-h, 62, 66, or 70 said applicant may appeal in writing within 6 months of notice of the final tax bill to the board of tax and land appeals which may order an exemption or tax credit, or an abatement if a tax has been assessed. "Notice of the final tax bill" means the date the board of tax and land appeals determines to be the last date of mailing of the final tax bill by the taxing district.

6 Reference Inserted. Amend RSA 74:7-a, II to read as follows:

II. A person who is qualified for an exemption or tax credit under RSA 72:28, 29-a, 30, 31, 32, 35, 36-a, *37, 37-a, 37-b, 39, 43-b, 43-f* [or], 43-h, *62, 66, or 70* and who has filed a proper permanent application for the exemption or tax credit with the proper selectmen or assessors as provided in RSA 72:33 and 72:42 which has been approved by the selectmen or assessors, shall not lose the exemption or tax credit, shall not have the exemption or tax credit rescinded, and shall not be required to file a subsequent application because he is liable for a penalty under paragraph I due to his failure to file a fully completed inventory form on time.

7 Effective Date.

I. Sections 1 and 2 of this act shall take effect January 1, 1995.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows a municipality to make property subject to a tax sale or the tax lien procedure when the owner of a property subject to a tax lien for the elderly and disabled dies and the heirs, heirs-at-law, assignee or devisee do not redeem the property within 9 months of the death of the owner.

The bill also inserts references as made necessary by the enactment of RSA 72:37-b, exemption for the totally and permanently disabled, in 1993.

SB 648-FN, amending the 10-year highway plan and requiring the department of transportation to construct northbound and southbound entrance and exit ramps on I-93 in the town of Thornton. INEXPEDIENT TO LEGISLATE

Rep. John P. Chandler for Public Works: This Senate bill would add to the ten-year plan a complete new interchange on Interstate 93 in Thornton between the present exits 29 and 30, both of which connect directly with US Route 3 and are only seven miles apart. While it is true that the right-of-way was purchased years ago as a contingency, there are no known traffic problems on US Route 3 and no uncommitted Interstate 4R funds which could be used for this project. More appropriately, this project should be nominated to the regional planning commission for consideration in its regional Transportation Improvement Program (TIP) in mid-1994, and, if favorably recommended to the state, for consideration in the 1995 update of the Statewide Transportation Improvement Program (STIP). Vote 12-1.

SB 764-FN, requiring the department of transportation to maintain and plow an additional one-mile stretch of Tri-Cothic Road in the town of Ellsworth. INEXPEDIENT TO LEGISLATE

Rep. Edwin O. Smith for Road Works: The committee has sympathy for the four families affected by this bill. However, due to the cost in excess of \$375,000, we could not support this concept. State winter maintenance has never been done on this road. Knowing the winter maintenance situation, these four families choose to live year-round on this road. The committee could see that many more similar situations not created by the state would need large amounts of money to correct. Vote 18-0.

SB 766-A, making an appropriation to the department of transportation for the construction of sidewalks in the Weirs Beach area. INEXPEDIENT TO LEGISLATE

Rep. Sandra B. Keans for Public Works: The sponsor requested that the committee report the bill Inexpedient to Legislate. The Department of Transportation is willing to work with Laconia to fund this project out of Enhancement Funds when and if the application is filed. Vote 16-0.

SB 513, requiring the sweepstakes commission to use instant lottery tickets made from recycled materials. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Regulated Revenues: The committee felt we should not single out one agency to use recycled paper by law. The State has such a policy and the Sweepstakes Commission is complying. Vote 13-0.

SB 512-FN, authorizing a New Hampshire Pearl Harbor survivor special number plate. **REFER FOR INTERIM STUDY**

Rep. Maurice B. MacDonald for Transportation: The Transportation Committee has formed a subcommittee to consider the ramifications of the numerous requests for special motor vehicle license plates. This bill, along with many others, will be considered by this subcommittee in deciding the issue of special plates. To be considered by the subcommittee are larger issues such as our ability to manufacture various series of special plates and the fees to be charged for these plates. Vote 13-0.

SB 563, exempting motorcycles manufactured prior to January 1, 1973, from the requirement that they be equipped with directional signals. **OUGHT TO PASS**

Rep. Sherman A. Packard for Transportation: This bill brings New Hampshire into compliance with federal guidelines and the guidelines that all motorcycle manufacturers are regulated by federal code that requires all motorcycles manufactured after January 1, 1973 be equipped with directional signals. Prior to that date, motorcycles were not manufactured with directional signals. Vote 11-0.

SB 707-FN, lowering the age of eligibility for a nondriver's picture identification card. **OUGHT TO PASS**

Rep. Bernard J. Raynowska for Transportation: Passage of this bill will lower the age from 18 to 16 for those residents who wish to purchase a non-driver's picture identification card. Vote 12-0.

SB 727-FN, extending the driver attitude training program. **OUGHT TO PASS**

Rep. Thaddeus E. Klemarczyk for Transportation: When the driver-attitude-training-for-habitual-offenders bill passed, it was subject to a two-year sunset clause that included a minimum period for loss of license of a habitual offender to be one year. This bill corrects that problem by extending the program until July 1, 1996. Vote 13-0.

SB 511, permitting the executive director of the department of fish and game to impose administrative fines. **OUGHT TO PASS**

Rep. Linda Ann Smith for Wildlife and Marine Resources: The Committee voted unanimously to permit the executive director of the department of Fish and Game to impose administrative fines. This bill will allow the department to assess a lesser penalty than what current law now requires: the revocation of a license. Numerous other agencies already have this ability with exactly the same language. Vote 11-0.

SB 567, establishing a committee to study the feasibility of allowing the use of snares for the purposes of trapping. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul A. McGuirk for Wildlife and Marine Resources: The bill establishes a study committee to examine the issue of use of snares for trapping of fur-bearing animals and other large wild animals. Vote 10-0.

Amendment (5800B)

Amend section 2 of the bill by inserting after subparagraph I(f) the following new subparagraph:

(g) A member of the Farm Bureau Federation of New Hampshire, appointed by the Federation.

SB 569, permitting the checking of traps at night subject to certain restrictions. **OUGHT TO PASS**

Rep. Ervin R. Lachut for Wildlife and Marine Resources: The committee felt that this is a humane issue. It allows the trappers a time frame within their busy schedules to check their traps without interfering with their employment. Vote 11-0.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **HB 1586-FN-L**, regarding victim and law enforcement access to juvenile court records.

Adopted by the necessary two-thirds.

REGULAR CALENDAR

HB 1586-FN-L, regarding victim and law enforcement access to juvenile court records. **OUGHT TO PASS WITH AMENDMENT**

Rep. Elizabeth S. Hager for Children, Youth and Juvenile Justice: Now, in New Hampshire, juvenile records are kept totally confidential unless a juvenile is certified to be tried as an adult. Our committee heard compelling testimony that this confidentiality creates a hardship for victims who are trying to deal with the results of the crime. This bill opens limited information about the perpetrator of certain felonies, including murder, assault and sexual assault to the victim or immediate family members of the victim. The Governor asked that this bill be introduced because the issue has concerned him since his days as Attorney General. The amendment clarifies the intent of the bill. Vote 14-1.

Amendment (5673B)

Amend the title of the bill by replacing it with the following:

AN ACT

regarding victim and law enforcement access to certain confidential information regarding a juvenile offender.

Amend the bill by replacing all after the enacting clause with the following:

I Purpose; Intent.

I. The general court recognizes that minors often commit delinquent acts as a result of youthful immaturity. Consequently, the juvenile justice system strives to protect minors from the debilitating stigma that may follow them throughout life because of their youthful indiscretion. In furtherance of that goal, juvenile records and proceedings are kept confidential to facilitate the minor's successful integration into society. Such confidentiality must be carefully guarded.

II. The general court recognizes, as well, that minors are increasingly committing more serious crimes including murder, assault and sexual assault. Because of the rules regarding confidentiality, victims are prohibited from learning about the circumstances of the case and participating in discussions with the prosecutor regarding the disposition of the case, unless and until the minor is certified to be tried as an adult. Victims also do not receive notice of a minor offender's return to community, unless the minor has been certified and tried as an adult. Such lack of knowledge causes frustration, fosters distrust of the criminal justice system, and prolongs the victim's healing process.

III. This act permits the disclosure of limited information to victims of murder, manslaughter, negligent homicide, attempted murder, first-degree assault, aggravated felonious sexual assault, and felonious sexual assault, and will require the victims to abide by the confidentiality rules. By enacting this legislation, the general court recognizes the competing interests of both minor offenders and victims and appreciates the delicate balance that must exist between them. While protecting the rights of victims, this act is limited in its application to ensure that such disclosure occurs in only the most serious cases and to guarantee that such disclosure is limited.

2 New Section; Access to Information by Victims and Law Enforcement Agencies. Amend RSA 169-B by inserting after section 35 the following new section:

169-B:35-a Access to Information by Victims' Immediate Family, and Law Enforcement Agencies; Definitions; Minor's Rights; Protocol; Confidentiality; Limitations.

I. For the purposes of this section:

(a) "Victim" shall mean a person who suffers direct physical, emotional, or psychological harm as a result of the commission of a violent crime. "Victim" also includes the immediate family of any victim who is a minor or who is incompetent, or the immediate family of a homicide victim.

(b) "Immediate family" shall mean a victim's spouse, parent, sibling, or child; a person acting in loco parentis for the victim; or anyone related to the victim by blood or marriage and living in the same household as the victim.

(c) "Violent crime" shall mean capital, first-degree or second-degree murder, attempted murder, manslaughter, aggravated felonious sexual assault, felonious sexual assault, first-degree assault, or negligent homicide committed in consequence of being under the influence of intoxicating liquor or controlled drugs, as these crimes are defined by statute.

II. To the extent that the rights provided in this paragraph can be reasonably guaranteed by the courts, law enforcement, and the public agencies charged with the responsibility for the welfare of minors and are not inconsistent with the constitutional rights of the minor, a victim shall be entitled to the rights provided in this paragraph. Consistent with the protocols created pursuant to paragraph III of this section, a victim may request:

(a) In cases where a minor is charged with a violent crime, prior to the disposition of the minor pursuant to RSA 169-B:19 or a transfer hearing pursuant to RSA 169-B:24, to:

(1) Be informed of the name, age, address, and custody status of the minor arraigned or adjudicated for the violent crime;

(2) Be informed of all court proceedings conducted pursuant to RSA 169-B;

(3) Confer with the prosecution and be consulted about the disposition of the case, including plea bargaining;

(4) Be informed of case progress and final disposition;

(5) Have input in the juvenile predispositional report;

(6) Appear and make a written or oral victim impact statement at the dispositional hearing or, in the case of a plea bargain, prior to any plea bargain agreement; and,

(7) Be informed of an appeal, receive an explanation of the appeal process, and receive notice of the result of the appeal.

(b) Subsequent to the disposition of a minor adjudicated for a violent crime, the victim shall receive notice of all review hearings conducted pursuant to RSA 169-B:31 and notice of any change in placement, temporary release or furlough, interstate transfer, parole, run-away, escape, or release of the minor.

(c) When the court's jurisdiction over a minor adjudicated for a violent crime terminates pursuant to RSA 169-B:4 or 169-B:19, the victim and the arresting law enforcement agency shall receive notice of the termination of the court's jurisdiction and any information concerning the minor's intended residence. The arresting law enforcement agency may provide information concerning the location of the minor's intended residence to the law enforcement agency of that location if public safety requires such notification.

III. The department of justice shall develop protocols for the implementation of the provisions of this section to be used by law enforcement personnel, prosecutors, victim witness advocates, the division of children and youth services, and private providers of residential services to delinquents.

IV. It shall be unlawful for a victim or member of law enforcement agency to disclose any confidential information to any person not authorized or entitled to access such confidential information. Any person who knowingly discloses such confidential information shall be guilty of a misdemeanor.

V.(a) Except as expressly provided in this section, nothing in this section shall be construed to provide victims with the right to attend proceedings conducted pursuant to RSA 169-B, 170-H, or 621; to participate in decisions concerning the changes in placement, temporary release or furlough, interstate transfer, parole, or release of a minor adjudicated of a violent crime; or to have direct access to the case records or the court records of a minor adjudicated for a violent crime.

(b) Nothing in this section shall be construed as creating a cause of action against the state, a county or municipality, or any of their agencies, instrumentalities or employees, or private providers of residential services to adjudicated delinquents.

(c) Nothing in this section shall be construed as creating any new cause of action or new remedy or right for a criminal defendant.

3 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill sets forth certain confidential information to which a victim of a juvenile offender shall have access pending the adjudication of delinquency and subsequent to disposition of a delinquency case subject to confidentiality requirements. It also sets forth information to which the law enforcement agency where the adjudicated individual intends to reside shall have access subject to confidentiality requirements.

This bill was requested by the governor.

Adopted.

Report adopted and ordered to third reading.

SB 796, allowing the state board of education to solicit funds to implement character and citizenship education. **OUGHT TO PASS WITH AMENDMENT**

Rep. Nils H. Larson, Jr. for Education: This bill authorizes the acceptance of additional funds to support the program of Character and Citizenship Education implemented by the State Board of Education and appropriates money for the State's portion of the program. Vote 14-0.

Amendment (5874B)

Amend the title of the bill by replacing it with the following:

AN ACT

allowing the state board of education to accept funds to implement character and citizenship education and making an appropriation therefor.

Amend the bill by replacing all after section 2 with the following:

3 Authorization. The state board of education is hereby authorized to accept funds from philanthropic, private and public sources to implement the provisions of this act. Any funds accepted shall be continually appropriated to the state board of education.

4 Appropriation. The sum of \$50,000 is hereby appropriated to the state board of education for the biennium ending June 30, 1995, for the purposes of this act. This sum shall be nonlapsing. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the state board of education to accept funds to implement character and citizenship programs in schools.

This bill also makes an appropriation for the purposes of this act.

Adopted.

Report adopted and referred to Appropriations.

SJR 1, proclaiming 1993-1994 as university of New Hampshire year. **OUGHT TO PASS**

Rep. Charles B. Yeaton for Education: The education committee feels that it is important that the literature recognize the many accomplishments and contributions the University of New Hampshire has made to the lives of the citizens of New Hampshire during the 100 years of its existence. Vote 14-0.

Adopted and ordered to third reading.

SB 527, relative to terms of legislative members of the state board of claims and relative to the jurisdiction of the board of tax and land appeals. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kathleen W. Ward for Executive Departments and Administration: The committee agrees that members of the State Board of Claims should be allowed to serve a second six-year term to ensure experience and continuity on the board. The amendment removes a non-germane section to the bill that should be dealt with in separate legislation Vote 13-3.

Amendment (5774B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to terms of legislative members of the state board of claims.

Amend the bill by replacing all after section 1 with the following:

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a legislative member of the state board of claims who has completed one 6-year term on the board to serve an additional 6-year term.

Adopted.

Report adopted and ordered to third reading.

SB 579-FN, relative to group II death benefits under the New Hampshire retirement system. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will add repeated trauma or gradual degeneration to the causes of death that the Retirement System can use to determine benefits for group II members. The Labor Commission must find that the condition was compensable pursuant to RSA 281-A:43 before the retirement board can act. Any claims for accidental death benefit pending on the effective date of this act will be covered by this act. Vote 11-1.

Adopted and referred to Appropriations.

SB 750-FN, relative to the medical examiner and establishing a committee to study the office of the medical examiner. **OUGHT TO PASS**

Rep. Gerald O. Gosselin for Executive Departments and Administration: This bill updates the present law regarding untimely deaths, regarding removal, personnel giving permission to remove from the scene, autopsies and finally cremation or burial. This bill also sets a new fee for a death certificate. Vote 10-2.

Adopted and referred to Ways and Means.

SB 774-FN, to increase the medicaid coverage for all children up to 18 years of age and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Katherine Wells Wheeler for Health, Human Services and Elderly Affairs: This bill increases the eligibility level for Medicaid coverage to a minimum of 185 percent of the federal poverty level for all pregnant women and children up to 18 years of age. Currently, the eligibility level for pregnant women and children up to age 10 is 170 percent. The sum appropriated for this increase shall be a charge against the health care transition fund, if established. Vote 19-0.

Amendment (5869B)

Amend the title of the bill by replacing it with the following:

AN ACT

to increase the medicaid coverage for all pregnant women and children up to 18 years of age and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Increase Eligibility Level for Medicaid Coverage; Technical Changes. Amend RSA 167:68, I to read as follows:

I. Establish by [January 1, 1994] *July 1, 1994*, categorically needy coverage groups under RSA 167:6, VII and Title XIX of the Social Security Act, sections 1902(a)(10)(A)(i)(IV), 1902(a)(10)(A)(i)(VI) and 1902(a)(10)(A)(i)(VII) and establish less restrictive income and resource methodologies under section 1902(r)(2) of Title XIX of the Social Security Act as necessary to [provide medical assistance coverage to all individuals whose family income does not exceed 170 percent] *increase the eligibility level for medicaid coverage to a minimum of 185 percent* of the federal poverty level disregarding resources for a family size equal to the size of the family including the woman, infant or child. This includes:

2 New Subparagraph; Coverage Extended. Amend RSA 167:68, I(d) to read as follows:

(d) Children born after September 30, 1983, who have attained 6 years of age but have not attained 19 years of age[.]; *and*

(e) Children born on or before September 30, 1983, who have not yet attained 19 years of age.

3 Appropriation. The sum of \$1,874,385 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services. The sum appropriated under this section shall be a charge against the health care transition fund if established.

4 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and referred to Appropriations.

SB 775-FN, providing medicaid coverage for adults 18 to 64 years of age. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: This bill requests a federal waiver to allow Medicaid coverage for adults 18 to 64 years of age who have incomes less than the AFDC payment standard. Testimony indicated that this bill would be a savings to local governments that presently often have to pay for medications and emergency health care for this uninsured group. Vote 18-0.

Amendment (5873B)

Amend the title of the bill by replacing it with the following:

AN ACT

providing medicaid coverage for adults 18 to 64 years of age and changing the definition of disability for the purposes of eligibility for aid to the permanently and totally disabled.

Amend the bill by replacing all after the enacting clause with the following:

1 Request for Federal Waiver. The director of the division of human service, department of health and human services, shall request a federal waiver which will allow medicaid coverage to be extended to adults, 18 to 64 years of age who have incomes less than the AFDC payment standard. If the waiver is approved and federal financial participation is secured, then the director of the division of human services shall adopt rules under RSA 541-A to implement this program.

2 Funding. The funds required to implement the provisions of this act shall be derived from the health care transition fund, if established.

3 Definition Changed. RSA 167:6, VI is repealed and reenacted to read as follows:

VI. For the purposes hereof, a person shall be eligible for aid to the permanently and totally disabled who is between the ages of 18 and 64 years of age inclusive; is a resident of the state; and is disabled as defined in the federal Social Security Act, Titles II and XVI and the regulations adopted under such act. In determining disability, the standards for "substantial gainful activity" as used in the Social Security Act shall apply, including all work incentive provisions including Impairment Related Work Expenses, Plans to Achieve Self Support, and subsidies. No person shall be eligible to receive such aid while receiving old age assistance, aid to the needy blind, or aid to families with dependent children.

4 Effective Date.

I. Section 3 of this act shall take effect December 1, 1995 at 12:01 a.m.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the director of the division of human services, department of health and human services, to seek a federal waiver to provide medicaid coverage for adults 18 to 64 years of age who have income less than the AFDC payment standard. The funds required to implement the provisions of this act shall be derived from the health care transition fund, if established.

This bill also amends the definition of disability of the purposes of eligibility for aid to the permanently and totally disabled so that the change which was to take effect December 1, 1995, will not take effect and the current law will remain in effect.

Adopted.

Report adopted and referred to Appropriations.

SB 548-FN, relative to repayment of fees and expenses incurred by the state on behalf of indigent defendants. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rick G. Newman for Judiciary: This bill as amended changes the provisions of law regarding the repayment of fees paid by the state for indigent defendants. This bill will cap the amount of repayment assessed and will equalize the amount charged to all persons. Vote 10-5.

Amendment (5750B)

Amend the bill by replacing section 1 with the following:

1 Repayment. Amend RSA 604-A:9, I and I-a to read as follows:

I. Any adult defendant who has had counsel or a public defender assigned to him at the expense of the state shall, provided that the defendant's sentence does not include actual incarceration in the state prison, if the defendant is not placed on probation or sentenced to a period of conditional discharge, be ordered by the court under paragraph I-b to repay the state through the unit of cost containment, [all fees and expenses paid on his behalf] *the fees and expenses paid by the state on his behalf according to a schedule established by the administrator of the cost containment unit with the approval of the administrative justices of the courts* on such terms as the court may order consistent with the defendant's present or future ability to pay, such ability to be determined by the unit of cost containment. [The office of cost containment may collect from the defendant a service charge of up to 10 percent of the total amount of fees and expenses owed by such defendant.] *At no time shall the defendant be required to repay an amount greater than the state's flat rate for a public defender.* If the defendant is placed on probation or sentenced to a period of conditional discharge, the defendant shall be ordered by the court to repay the state, through the department of corrections, all fees and expenses paid on his behalf on such terms as the court may order consistent with the defendant's present or future ability to pay.

I-a. Notwithstanding the provisions of paragraph I, any juvenile charged with being delinquent who has had counsel or a public defender assigned to him at the expense of the state, or any person liable for the support of the juvenile pursuant to RSA 604-A:2-a, shall be ordered by the court to repay the state through the unit of cost containment, [all fees and expenses paid on the defendant's behalf] *the fees and expenses paid by the state on the defendant's behalf according to a schedule established by the administrator of the cost containment unit with the approval of the administrative justices of the courts* on such terms as the court may order consistent with the defendant's present or future ability to pay. [The office of cost containment may collect from the defendant or the person liable for his support a service charge of up to 10 percent of the total amount of fees and expenses owed by such defendant.] *At no time shall the defendant be required to repay an amount greater than the state's flat rate for a public defender. Liability for repayment under this paragraph shall end when the juvenile reaches the age of majority.*

AMENDED ANALYSIS

This bill requires defendants ordered to repay the state for counsel or a public defender assigned to him under the indigent defense program to repay the fees and expenses paid by the state on his behalf according to a schedule established by the administrator of the office of cost containment with the approval of the administrative justices of the courts. The bill sets certain new guidelines for repayment.

Adopted.

Reps. Newman and Lown offered a floor amendment.

Floor Amendment (5948B)

Amend the bill by replacing section 1 with the following:

1 Repayment. Amend RSA 604-A:9, I and I-a to read as follows:

I. Any adult defendant who has had counsel or a public defender assigned to him at the expense of the state shall, provided that the defendant's sentence does not include actual incarceration in the state prison, if the defendant is not placed on probation or sentenced to a period of conditional discharge, be ordered by the court under paragraph I-b to repay the state through the unit of cost containment, [all fees and expenses paid on his behalf] *the fees and expenses paid by the state on his behalf according to a schedule established by the*

administrator of the cost containment unit with the approval of the administrative justices of the courts on such terms as the court may order consistent with the defendant's present or future ability to pay, such ability to be determined by the unit of cost containment. The office of cost containment may collect from the defendant a service charge of up to 10 percent of the total amount of fees and expenses owed by such defendant. *At no time shall the defendant be required to repay, for legal services, an amount greater than the state's flat rate for a contract attorney as established contractually pursuant to RSA 604-B.* If the defendant is placed on probation or sentenced to a period of conditional discharge, the defendant shall be ordered by the court to repay the state, through the department of corrections, all fees and expenses paid on his behalf on such terms as the court may order consistent with the defendant's present or future ability to pay.

I-a. Notwithstanding the provisions of paragraph I, any juvenile charged with being delinquent who has had counsel or a public defender assigned to him at the expense of the state, or any person liable for the support of the juvenile pursuant to RSA 604-A:2-a, shall be ordered by the court to repay the state through the unit of cost containment, [all fees and expenses paid on the defendant's behalf] *the fees and expenses paid by the state on the defendant's behalf according to a schedule established by the administrator of the cost containment unit with the approval of the administrative justices of the courts* on such terms as the court may order consistent with the defendant's present or future ability to pay. The office of cost containment may collect from the defendant or the person liable for his support a service charge of up to 10 percent of the total amount of fees and expenses owed by such defendant. *At no time shall the defendant be required to repay, for legal services, an amount greater than the state's flat rate for a contract attorney as established contractually pursuant to RSA 604-B. Liability for repayment under this paragraph shall end when the juvenile reaches the age of majority, except in a case where the juvenile was certified and tried as an adult.*

AMENDED ANALYSIS

This bill requires defendants ordered to repay the state for counsel or a public defender assigned to him under the indigent defense program to repay the fees and expenses paid by the state on his behalf according to a schedule established by the administrator of the office of cost containment with the approval of the administrative justices of the courts. The bill sets certain new guidelines for repayment.

Rep. Lown spoke in favor.

Adopted.

Report adopted and ordered to third reading.

SB 578-L, relative to the collection of property taxes in certain municipalities. OUGHT TO PASS

Rep. Linda T. Foster for Municipal and County Government: This is enabling legislation which permits certain municipalities to adopt a six-year schedule for collecting taxes. These municipalities will then be able to comply with RSA 76:15c, the process for semi-annual tax collection, in the seventh year. Vote 11-3.

Adopted and ordered to third reading.

SB 644-FN-A, appropriating funds for the redesignation of a portion of New Hampshire Route 51 as New Hampshire Route 101. OUGHT TO PASS

Rep. Terence R. Pfaff for Public Works: This bill deals with redesignation and resigning Routes 51, 108 and 101 in the towns of Stratham, Exeter and Hampton. The committee dealt with this issue last year and intended that there be a phasing-in of the new signage as construction went along. Now that the engineering is nearing completion it is becoming evident that the overall project completion will be delayed by as much as two years, necessitating the execution of new signage to help alleviate confusion and improve safety. Vote 17-0.

Adopted and referred to Appropriations.

SB 806, relative to a capital appropriation for repair and restoration of the state house. OUGHT TO PASS WITH AMENDMENT

Rep. John P. Chandler for Public Works: The state house dome repair project authorized in 1991 is back again. In 1993, we appropriated from the unexpended balance \$123,000 to repair and paint the exterior of the state house including the windows and to restore room 120. This Senate bill appropriates \$39,000 more for refurbishing the Senate chamber, re-upholstering of its chairs and repair of its sound system. The Public Works Committee amendment appropriates still another \$20,000 to re-upholster the chairs in the state house cafeteria and Legislative Office Building basement lobby, also from the unexpended balance, but deletes a provision to place any then-remaining balance at the disposal of Joint Legislative Facilities Committee. Vote 13-1.

Amendment (5850B)

Amend the bill by replacing section 1 with the following:

1 Balance from State House Dome Repair Project Appropriation. Amend 1991, 351:1, II, A as amended by 1993, 359:22 to read as follows:

359:22 Appropriation; State House Repairs. Amend 1991, 351:1, II, A to read as follows:

- A. Repair State House dome; repair and paint exterior of State House; repair State House windows; restoration of room 120 in the State House; *refurbish senate chamber; upholster chairs.** \$250,000

* Any anticipated balance from the state house dome repair project in this authorization shall be transferred from the department of administrative services to the general court. Of that balance, \$123,000 is available for repairing and painting the exterior of the state house, repairing the state house windows, and restoring room 120 in the state house; *\$30,000 is available for refurbishing of the senate chamber, including upholstering of chairs and sofas, new carpeting and sound system repair; and \$20,000 is available for upholstering of chairs in the state house cafeteria and the legislative office building basement lobby.*

AMENDED ANALYSIS

This bill allows the balance of a capital appropriation for state house dome repair and state house restoration to be used to refurbish the senate chamber and for certain other state house repairs and refurbishments.

Report adopted and referred to Appropriations.

SB 226-FN, relative to special number plates for reserve members. REFER FOR INTERIM STUDY

Rep. Fred A. Kruse for Transportation: A subcommittee has been formed to consider the ramifications of the numerous requests for special motor vehicle license plates. This bill, along with many others, will be considered by this subcommittee. To be considered are larger issues such as our ability to manufacture various series of special plates and the fees to be charged for these plates. Vote 11-2.

Adopted.

SB 580-FN, establishing a committee to study future directions for New Hampshire child care licensing policies. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth S. Hager for Children, Youth and Juvenile Justice: This bill is no longer needed because its entire content was included in HB 1429-L which was passed by the House last month. Vote 14-0.

Rep. Holden moved Recommit to Committee and spoke in favor.

Adopted.

SB 592, relative to the display of expired motor vehicle plates. OUGHT TO PASS

Rep. Kenneth W. Malcolm for Transportation: This bill, which received unanimous committee support, stipulates that no expired number plates shall be displayed on any motor vehicle registered in New Hampshire. No one appeared or sent letters in opposition to this bill. Vote 13-0.

The Committee offered a floor amendment.

Floor Amendment (5925B)

Amend the title of the bill by replacing it with the following:

AN ACT

making a technical correction to the regulation of the height
of a motor vehicle body and chassis.

Amend the bill by replacing all after the enacting clause with the following:

1 Determining Height of Motor Vehicle. Amend RSA 266:9 to read as follows:

266:9 Height of Motor Vehicle Body and Chassis. No person shall change the height of, or alter a bumper of, a private passenger vehicle so that the height of any horizontal bumper falls below the minimum distance of 16 inches or above the maximum distance of 20 inches. No person shall change the height of, or alter a bumper of, any vehicle other than a private passenger vehicle so that the height of any horizontal bumper falls below the minimum distance of 16 inches or above the maximum distance of 30 inches. Measurement shall be made from the level ground to the bottom of the bumper with tires inflated to manufacturer's maximum air pressure. If a vehicle is not commonly manufactured with a rear bumper, measurement shall be made to the bottom edge of the chassis frame siderails. No motor vehicle that has been changed or altered so as to exceed the limitations of this section shall be driven on any way without the prior approval of the director. For the purpose of this section, in addition to the definition contained in RSA 259:81, the term "private passenger vehicle" shall mean a vehicle that has no provision for carrying a load other than a conventional [truck] *trunk* or the cargo area of a station wagon or similar type of vehicle.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill corrects a typographical error in RSA 266:9 by changing the word "truck" to "trunk".

Rep. George Katsakiores spoke in favor.

Rep. Jasper spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

REMARKS

Rep. George Katsakiores moved that the remarks of Rep. Jasper and the question by Rep. Trombly be printed in the Journal.

Adopted.

Rep. Jasper: Thank you Mr. Speaker. Some of you may have read about the problem that exists in the law with this. The sentence doesn't read properly now. It says, "other than a conventional truck." That really doesn't make sense. What it is supposed to say and was intended to say is, "other than a conventional trunk." I have a constituent who has been found guilty of the height violation because the judge and the police said because of that wording pickup trucks can only have bumpers 20 inches high. If any of you have bumpers on pickup trucks you know that they are usually well over 20 inches. In fact, this Legislature intended that bumpers on pickup trucks should be up to 30 inches. We need to correct this so people will not be convicted and fined and have to pay additional insurance on this. The original bill dealt with expired license plates. There is a problem with that bill as drafted and that is why it is no longer here. The problem is that we specifically have a statute, I believe it is 266:89, which says you may display an expired license plate on an antique vehicle manufactured in 1942 or prior to that. There are also issues about antique vehicles newer than that displaying a third license plate if they have two valid antique plates. Bob Dunn was not in this week. Bob Turner was not available at the time and there were some other issues that came up. We felt that it was important that we correct it in the right manner. Since it seemed obvious this would go to a Committee of Conference, it would give us the time to work out the problems in the original bill if the Senate wishes to do that. I would urge that you adopt this floor amendment and that you let the process go forward. I'm sure we will go to a Committee of Conference, and hopefully, we can take care of both of the problems that seem to exist at the present time.

Rep. Trombly: Rep. Jasper, whereas this was just a typographical error and at least one citizen was erroneously convicted of a violation of this statute, don't you believe this was

also the intent of the legislature to direct a judge to look favorably upon and grant a motion to annul the record of any person convicted of violating the statute if such a motion is filed?

Rep. Jasper: Thank you very much Rep. Trombly. I would certainly hope so and I appreciate the question.

REGULAR CALENDAR (Cont'd.)

SB 585, increasing penalties for certain acts of cruelty to animals. **OUGHT TO PASS**

Rep. Paul A. McGuirk for Wildlife and Marine Resources: This bill does not change the basic wording in current RSA's but does increase the penalties for animal cruelty and will give the judicial system a more effective method of control. Vote 12-0.

Rep. Drake moved to Recommit to Committee and spoke in favor.

Adopted.

HOUSE JOURNAL No. 16

Tuesday, April 19, 1994

The House assembled at 1:00 p.m., the hour to which it stood adjourned and was called to order by the Speaker.

His Excellency, Governor Stephen Merrill joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Father Amie Boisselle Pastor of the Sacred Heart Roman Catholic Church in Concord.

Creator of the Universe, You are the world's true sun, ever rising, never setting, Whose life-giving warmth engenders, preserves, nourishes and gladdens all things in heaven and earth. Shine in our heart so that we may have the fire of Your love; scatter selfish thoughts that we may not ignore the needs of others; blaze within us so we may radiate Your goodness to men and women. You have bequeathed us Your commandments, Your laws and Your teachings of justice. You created human beings to be Your messengers, protectors of the weak and servants of just causes. Your light illumines our minds, reminding us always that life is based on justice. Grant us courage, strength and prudence to be worthy messengers of Your eternal justice and truth. Almighty Father, grant us, we pray, to be grounded and settled in Your truth; that which we know not, reveal; that which is wanting in us, fill up; that which we know, confirm and keep us blameless in Your service. You are the creator of the human family, help us grow in Your love and in Your power, so that we may be true signs of Your presence. May the love that we show each other be a genuine expression of our common kinship as one family. Help us in all we do to be builders of family and of community. For this we pray. Amen.

Rep. Dunn led the Pledge of Allegiance.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 685, relative to the rulemaking authority of the fire standards and training commission, including the authority to establish fees; and granting municipalities options for fire department financing and property ownership, was removed at the request of Rep. Welch.

SB 708-FN, permitting the aquaculture of oysters and the use of live bait for the purpose of taking fish on Lake Sunapee, was removed at the request of Rep. Felch.

Consent Calendar adopted.

SB 598, extending lapse dates of certain appropriations in 1993, 359 (HB 25-A). **OUGHT TO PASS WITH AMENDMENT**

Rep. Frances L. Riley for Appropriations: The projects which were arrested when the capital budget veto was being considered have reached their lapse dates. This legislation extends these lapse dates to enable the projects to continue. Vote 16-0.

Amendment (5987B)

Amend the title of the bill by replacing it with the following:

AN ACT

extending lapse dates of certain appropriations in
1993, 349 (HB 1) and 1993, 359 (HB 25-A).

Amend the bill by inserting after section 2 the following and renumbering section 3 to read as 4:

3 Lapse Date Extension. Amend PAU 02, 01, 04 class line 91 as inserted by 1993, 349:1 to read as follows:

	<i>FY 1994</i>	<i>FY 1995</i>
91 Jury expense	<i>F</i> \$101,218	

AMENDED ANALYSIS

This bill extends the lapse dates for certain appropriations made in the 1993 capital budget to compensate for lost construction time while the governor's veto was being considered.

The bill also extends the lapse date for an appropriation made in the 1993 operating budget for a pilot program eliminating trial de novo in superior courts in Rockingham county.

SB 670-FN, making technical corrections to the securities laws and relative to fees for securities registration. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs: This bill addresses the concerns of the Securities Department with the sale of so-called initial public offerings to the general public by establishing rules of suitability of sale modeled on existing federal legislation. It also provides for an expanded investigatory department and more activity in the field of investor education. A further amendment reinstates the corporate charter of the Union International Corporation of Manchester. This is in accord with custom in the case of lapsed charters. Vote 15-1.

Amendment (5895B)

Amend the title of the bill by replacing it with the following:

AN ACT

making technical corrections to the securities laws, relative
to fees for securities registration, and reinstating the
charter of the Union International Corporation.

Amend RSA 421-B:15, IX-a as inserted by section 10 of the bill by replacing it with the following:

IX-a. Any person who fails to file a sales report required by rules adopted pursuant to this section shall forfeit to the state \$25 for each day of delinquency, provided, however, that the secretary of state may, for good cause shown, abate all or a portion of said delinquency penalty.

Amend RSA 421-B:17, I(f) as inserted by section 12 of the bill by inserting after subparagraph (4) the following new subparagraph:

(5) The secretary of state shall adopt rules relative to suitability requirements for investors purchasing securities offered pursuant to subparagraph (f)(1)(i). For the purposes of adopting the initial set of rules as provided by this section the secretary of state shall be authorized to adopt emergency rules as provided in RSA 541-A:3-g, notwithstanding the requirement under RSA 541-A:3-g, I, requiring an imminent peril to public health or safety.

Amend RSA 421-B:26 as inserted by section 22 of the bill by inserting after paragraph VI the following new paragraph:

VII. Any person ordered to make rescission, restitution, disgorgement, or repurchase pursuant to paragraph V or VI of this section shall be entitled to a trial de novo in the Merrimack county superior court.

Amend the bill by replacing all after section 29 with the following:

30 Reinstatement of Corporate Charter. The charter of Union International Corporation of Manchester; New Hampshire, incorporated on March 26, 1986, was forfeited on November 1, 1990, under RSA 293-A:95, I(a). Upon payment of any fees in arrears and the filing with the secretary of state of any returns required by law, Union International Corporation shall be reinstated for all purposes as a New Hampshire corporation, and this reinstatement shall be retroactive to November 1, 1990.

31 Investor Protection; Funding. Notwithstanding any other law to the contrary, the secretary of state may use moneys credited to the investor education fund created by RSA 421-B:26, IV, to provide investor protection and to investigate and resolve investor complaints or inquiries concerning securities offerings, broker-dealers, agents or investment advisors.

32 Effective Date.

I. Sections 19, 23, 24, 29, 30 and 31 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes technical corrections to RSA 421-B, the state securities laws. The bill establishes certain fees for securities registration.

The bill reinstates the charter of Union International Corporation.

This bill is a request of the bureau of securities regulation, department of the state.

Referred to Ways and Means.

SB 517, making it a crime to obstruct the reporting of a crime or a bodily injury. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard H. Campbell, Jr. for Corrections and Criminal Justice: This bill makes it a misdemeanor to obstruct a report of crime or injury or a call for emergency medical assistance. The amendment changes some of the wording and also deletes a felony provision. Vote 12-0.

Amendment (6007B)

Amend RSA 642:10 as inserted by section 1 of the bill by replacing it with the following:

642:10 Obstructing Report of Crime or Injury.

I. A person shall be guilty of an offense under this section who disconnects, damages, disables, removes, or uses physical force or intimidation to block access to any telephone, radio, or other electronic communication device with a purpose to obstruct, prevent, or interfere with:

(a) The report of any criminal offense to any law enforcement agency; or

(b) The report of any bodily injury or property damage to any law enforcement agency; or

(c) A request for ambulance or emergency medical assistance to any governmental agency, or any hospital, doctor, or other medical service provider.

II. It shall be an affirmative defense to prosecution under this section that the actor reasonably believed his conduct to be necessary to prevent a criminal false alarm.

III. Obstructing report of a crime or injury is a misdemeanor.

SB 535-FN, relative to the issuance of tax-exempt bonds for the purpose of financing the acquisition and origination of educational loans and providing for indemnification of board members, officers, and employees of the higher education and health facilities authority. **OUGHT TO PASS**

Rep. Patricia M. Skinner for Education: Permits the New Hampshire Higher Education Loan Corporation to broaden its secondary market for higher education loans to longer term sources of capital exempt bonds to support educational loans that provide an efficient stable secondary market. Vote 15-0.

SB 560, requiring participating districts in AREA school systems to negotiate withdrawal plans. **INEXPEDIENT TO LEGISLATE**

Rep. Karen K. Hutchinson for Education: This measure affects AREA school agreements and would affect many districts. At this time, it would be irresponsible to pass this legislation because the impact on bond issues and negotiated agreements would be detrimental to all. Vote 20-0.

SB 647, relative to compulsory attendance. OUGHT TO PASS WITH AMENDMENT

Rep. Patricia B. Brown for Education: This bill requires a child — between the ages of 16 and 18 wishing to withdraw from school — to meet with the principal or his/her designee and to obtain written approval from the child's parent or guardian 60 days prior to withdrawal. A waiver of the 60 days may be granted at the discretion of the school board. Vote 20-0.

Amendment (5878B)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Consent for Withdrawal From School Required. Amend RSA 193:1 by inserting after paragraph III the following new paragraph:

IV. Any child at least 16 years of age and under 18 years of age who wishes to terminate such child's public or nonpublic education prior to graduating from high school shall do so only after a conference with the principal or designee. The principal shall request a conference with the parent, guardian, or other custodian. Written approval of withdrawal must be received from such child's parent, guardian, or other person residing in the state and having custody or charge of such child at least 60 days prior to withdrawal. However, a waiver to the 60-day notice requirement may be granted at the discretion of the school board. The written approval shall be dated and the signature witnessed by the principal of the school where the child is in attendance, or the principal's designee.

AMENDED ANALYSIS

This bill requires any child between 16 and 18 years of age who wishes to terminate such child's education to meet with the principal and provide written approval of the withdrawal, signed by such child's parent, guardian or custodian, at least 60 days prior to withdrawal. A waiver to the 60-day notice requirement may be granted at the discretion of the school board.

SB 690, establishing a committee to study the feasibility of involving the university system of New Hampshire with the training of state employees. OUGHT TO PASS WITH AMENDMENT

Rep. Stanley N. Searles, Sr. for Education: This bill establishes a committee to study the feasibility of involving the university system in the training of state employees. Vote 19-0.

Amendment (5901B)

Amend paragraphs I and II of section 2 of the bill by replacing them with the following:

I. Two members of the senate, one of whom shall be a member of the senate executive departments and administration committee, appointed by the president of the senate.

II. Two members of the house, one of whom shall be a member of the house executive departments and administration committee, appointed by the speaker of the house.

SB 675-FN, permitting the propagation and sale of Virginia white-tailed deer. INEXPEDIENT TO LEGISLATE

Rep. Betsy A. Coes for Environment and Agriculture: Virginia white-tailed deer is the species found in New Hampshire. Testimony was strongly against the importation of white-tails because this would also allow the importation of disease to our native herd. New Hampshire presently allows importation and propagation of sika, red and fallow deer, and elk. Vote 17-0.

SB 545-FN, relative to the salary of the executive director of the pharmacy board. INEXPEDIENT TO LEGISLATE

Rep. Kathleen W. Ward for Executive Departments and Administration: This bill is reported ITL at the request of the sponsor and the Board of Pharmacy. The Board was not aware of some of the changes that would occur in the change from classified employee to unclassified employee. The Board will pursue another approach to address its concerns. Vote 13-0.

SB 565-FN, relative to state contracts. OUGHT TO PASS

Rep. Kathleen W. Ward for Executive Departments and Administration: This legislation was requested by the Joint House/Senate/Executive Private Sector committee on privatization. The bill raises the dollar amounts for purchase and contracts to a more reasonable level versus the amounts established in 1979. Vote 12-0.

SB 575-FN, modifying the dental practice act. OUGHT TO PASS WITH AMENDMENT

Rep. Sandra K. Dowd for Executive Departments and Administration: The bill provides provisions to modify the dental practice act. The bill deletes the provision requiring inactive registration fee to be 75% of the active registration fee. It also deals with infection control guidelines and other changes in the dental practice act. Vote 16-0.

Amendment (6003B)

Amend the title of the bill by replacing it with the following:

AN ACT

modifying the dental practice act, and authorizing the attorney general
to hire an investigator and a stenographer.

Amend the bill by inserting after section 4 the following and renumbering section 5 to read as 6:

5 Attorney General Authorized to Fill Positions. The attorney general is authorized to hire, as of the effective date of this act, one investigator in Group J and one legal stenographer III at labor grade 12.

AMENDED ANALYSIS

This bill provides that new licensure requirements shall be met by those who allow their licenses to lapse, deletes the provision requiring the inactive registration fee to be 75 percent of the active registration fee, specifies guidelines for infection control, and makes a technical correction changing the terms "widow" and "wife" to "spouse."

This bill also authorizes the attorney general to hire an investigator and a legal stenographer.

Referred to Appropriations.

SB 612, relative to the electricians' licensing board. OUGHT TO PASS WITH AMENDMENT

Rep. Merton S. Dyer for Executive Departments and Administration: This bill brings up to date some changes that have occurred within the electricians board and its staff. It also spells out the years of service required by an apprentice electrician. This change was requested by the board at the suggestion of the Joint Legislative Committee on Administrative Rules. Vote 13-0.

Amendment (5945B)

Amend the bill by replacing section 5 with the following:

5 Years of Service as Apprentice Electrician. Amend RSA 319-C:7, II(a) to read as follows:

(a) [At least] **Between 2 and 4** years' service as an apprentice electrician. The board may give credit toward such service for the satisfactory completion of a course of instruction in the field at a school [approved] **recognized** by the board; and

AMENDED ANALYSIS

This bill clarifies that, except when working for certain corporations or partnerships, journeyman electricians are to be employed by master electricians.

The bill limits members of the electricians' board to 2 terms.

The bill requires that an applicant for a license as a journeyman or master electrician serve between 2 and 4 years as an apprentice.

The bill eliminates the position of executive secretary.

The bill also makes other technical corrections.

The bill also makes a person who fraudulently represents himself as a licensed journeyman or master electrician guilty of a misdemeanor.

SB 640-FN, abolishing the advisory board of massage practitioners, establishing a regulatory board of massage practitioners, and specifying the board's duties, rulemaking authority, and fee collection procedures. REFER FOR INTERIM STUDY

Rep. Sandra K. Dowd for Executive Departments and Administration: This bill is a major revamping of the statute i.e., abolishing the advisory board of massage practitioners and establishing a regulatory board, plus other major changes. We had more questions than answers and felt this bill should be studied. Vote 14-0.

SB 641-FN, relative to group II retirement system membership for peace officers in the division of safety services. OUGHT TO PASS WITH AMENDMENT

Rep. Ray F. Langer for Executive Departments and Administration: This action makes Marine Patrol Officers eligible for Group II coverage under RSA 100-A:1. The subcommittee received past correspondence that convinced the members that this was a correct move for it places all personnel employed in this position in the same category. Vote 14-0.

Amendment (5961B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to group II retirement system membership for full-time
marine patrol officers in the division of safety services.

Amend the bill by replacing section 1 with the following:

1 New Subparagraph; Definition of Permanent Policeman. Amend RSA 100-A:1, VII by inserting after subparagraph (d) the following new subparagraph:

(e) Full-time marine patrol officers employed in the department of safety who have all the powers of a peace officer under RSA 270:12-a.

AMENDED ANALYSIS

This bill adds full-time marine patrol officers employed in the department of safety who have all the powers of peace officers, to the definition of "permanent policeman" for the purposes of group II membership in the New Hampshire retirement system.

Referred to Appropriations.

SB 664, relative to laid off state employees whose positions are federally funded. OUGHT TO PASS

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will require, if the Legislature enacts any benefits for laid-off employees, such benefits will apply to all state employees regardless of their source of funding. Vote 14-0.

SB 669-FN, relative to creditable service under the retirement system for time during which a person is receiving workers' compensation. OUGHT TO PASS

Rep. Kathleen W. Ward for Executive Departments and Administration: This bill would allow persons who have been on workers' compensation to have one year of the time they were on workers' compensation counted as creditable worktime for purposes of retirement. This bill is necessary to make the statute compatible with our new state workers' compensation law. Vote 15-0.

Referred to Appropriations.

SB 797, repealing the ability of state agencies to be exempt from the purchase of recycled paper products. INEXPEDIENT TO LEGISLATE

Rep. Gerald O. Gosselin for Executive Departments and Administration: This bill would have required without exception the use of recycled paper for all state agencies. It made no provisions for any paper which would have required a special type of paper or possibly, safety paper which has to be used for some departments. Also, one of the sponsors requested that it be ITL. Vote 13-0.

SB 803, relative to land surveyor licensing examinations. OUGHT TO PASS WITH AMENDMENT

Rep. William P. Boucher for Executive Departments and Administration: The bill was sent to a subcommittee for additional information based on the public hearing. The vote of the

subcommittee was 4-0, and the full committee voted 15-0 for the amendment which added clarifying information in the area of credit for completing the requisite years of professional experience. Vote 15-0.

Amendment (5926B)

Amend the bill by replacing section 1 with the following:

1 Three Examination Failures Require Additional Requirements Prior to Reexamination. Amend RSA 310-A:66 to read as follows:

310-A:66 Examinations.

I. The board, upon application and payment of a fee, shall provide a written examination in fundamentals of land surveying. [The board shall provide a professional examination for those who have passed the fundamentals examination or are otherwise qualified to take the professional examination without regard to experience criterion. However, those who have successfully passed the fundamentals examination and the professional examination shall not be licensed until they have also complied with the requirements of experience.] *Upon application and payment of the fee, and after successfully passing the fundamentals examination and completing the requisite years of professional experience, the board shall provide a written professional examination.*

II. Examinations shall be held at such time and place as the board shall determine. The scope of the examination and the method of procedure shall be prescribed by the board. A candidate failing an examination may apply for reexamination at the expiration of 6 months. Subsequent examination will be granted upon payment of [a] *the fee to be determined by the board. A candidate failing the examination 3 consecutive times shall be required to furnish evidence of additional experience, study, or education credits acceptable to the board before being allowed to take the examination again.*

AMENDED ANALYSIS

This bill revises the professional examination provision for land surveyors and requires an applicant who has failed the examination 3 consecutive times to provide evidence of additional experience, study, or education before being eligible for reexamination.

SB 510, eliminating the requirement that every independently operated booth have a separate sink in barbershops or cosmetology shops. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: This bill changes the provision that requires a separate sink for each independently operated booth. This provision created a hardship for cosmetologists, and the bill corrects the statute. Vote 19-0.

Amendment (5871B)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

SB 576, relative to disease control. **OUGHT TO PASS WITH AMENDMENT**

Rep. Alphonse Haettenschwiller for Health, Human Services and Elderly Affairs: The bill amends current law on communicable disease to clarify certain authorities of the director or designee and authorizes injunctive relief to prevent violations of such law. Vote 18-0.

Amendment (5604B)

Amend the bill by inserting after section 7 the following and renumbering the original section 8 to read as 9:

8 Clarification. Amend RSA 141-C:17 to read as follows:

141-C:17 Purchase; Distribution. The director may purchase and distribute anti-toxins, serums, vaccines, immunizing agents, antibiotics and other pharmaceutical agents which [he] *the director* deems advisable in the interest of health [for the treatment and control of infectious diseases]. The director shall adopt rules relative to the distribution of these pharmaceutical agents.

SB 604 FN, relative to the Medicaid look-back provisions for applicants for public or medical assistance. **OUGHT TO PASS WITH AMENDMENT**

Rep. Katherine D. Foster for Health, Human Services and Elderly Affairs: This legislation changes the Medicaid look-back to 60 months for trusts instead of the current 30 and 36 months for transfer of property. Public assistance will be denied in accordance with the rules of the Division of Human Services as are currently being implemented. Vote 19-0.

Amendment (5638B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the medicaid look-back provisions for applicants for public or medical assistance and authorizing the commissioner of the department of health and human services to adopt rules relative to the compensation of the members of the drug use review board.

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Rulemaking; Drug Use Review Board. Amend RSA 126-A:4 by inserting after paragraph IV the following new paragraph:

IV-a. The commissioner shall adopt rules pursuant to RSA 541-A relative to the compensation of the members of the drug use review board.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the Medicaid look-back provisions to transfers of property for less than fair market value within 36 months or for payments from a trust or portions of a trust that are treated as assets within 60 months immediately preceeding application. Any person whose transfer of property meets these criteria shall be denied public assistance only in accordance with the rules of the division of human services. The current law looks to transfers of property made 30 months preceding an application for assistance.

This bill also authorizes the commissioner of the department of health and human services to adopt rules relative to the compensation of the members of the drug use review board, which is established under the rules of the division of human services.

SB 613, relative to administrative fines for violations of the emergency medical services law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maxwell D. Sargent for Health, Human Services and Elderly Affairs: This legislation corrects any oversight when emergency medical services rules were recodified. It permits the director of the Division of Public Health Services to adopt rules imposing administrative fines for violation of EMS rules. The amendment clarifies that agencies as well as persons are subject to fines. Vote 14-0.

Amendment (5859B)

Amend RSA 151-B:19-a as inserted by section 2 of the bill by replacing it with the following:

151-B:19-a Administrative Fines. The director, after notice and hearing, pursuant to rules adopted under RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person or entity licensed under this chapter who violates any provision of this chapter or rules adopted under this chapter. Rehearings and appeals from a decision of the director shall be in accordance with RSA 541. Any administrative fine imposed under this section shall not preclude the imposition of further penalties or administrative actions under this chapter. The director shall adopt rules in accordance with RSA 541-A relative to administrative fines which shall be scaled to reflect the scope and severity of the violation. The sums obtained from the levying of administrative fines under this chapter shall be forwarded to the state treasurer to be deposited into the general fund.

SB 639, relative to medical records and the fee for retrieving medical record copies. **IN-EXPEDIENT TO LEGISLATE**

Rep. Alson W. Brown for Health, Human Services and Elderly Affairs: The majority of the committee believes this bill to be flawed and lacking necessary information. It deals with fees for in-state and out-of-state retrieval of medical records. It is best handled through a new bill submitted at a later date. Vote 18-1.

SB 658, regulating the practice of dental hygiene, including the issuance of licenses and fees. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maxwell D. Sargent for Health, Human Services and Elderly Affairs: This bill simply puts the parameters of practice for dental hygienists that are now only in regulations into the law like all other licensed professionals. It also re-affirms that hygienists practice under the supervision of dentists. Both the Dental Society and Hygienists Association agreed to the amended bill. Vote 14-0.

Amendment (5886B)

Amend section 3 of the bill by inserting after RSA 317-A:21-c the following:

317-A:21-d Practice Limitations. Nothing in this chapter shall be construed to permit the independent practice of dental hygienists.

SB 589, relative to the powers of fiduciaries in environmental matters. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rick G. Newman for Judiciary: This bill, as amended, establishes a statutory study committee to look at the many issues raised by this bill. The study committee will report back by November 1, 1994. Vote 14-2.

Amendment (5920B)

Amend the title of the bill by replacing it with the following:

AN ACT

establishing a committee to study the powers of
fiduciaries in environmental matters.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established; Membership. There is established a committee to study the issues relative to the powers of fiduciaries in environmental matters. The members of the committee shall be:

- I. Two members of the senate, or designee, appointed by the president of the senate.
- II. Two members of the house of representatives, appointed by the speaker of the house.
- III. One public member, appointed by the governor.
- IV. The commissioner of the department of environmental services, or designee.
- V. The commissioner of banking, or designee.
- VI. One representative from the New Hampshire Bankers Association, appointed by such association.
- VII. The attorney general, or designee.

2 Duties. The committee shall study and determine the powers and liabilities of fiduciaries in environmental matters.

3 Mileage; Chairperson. The committee shall elect a chairperson from among its members at the first meeting, which shall be called by the first-named house member within 30 days after the effective date of this act. Members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to their duties on the committee.

4 Report. The committee shall submit its report with its recommendations, together with any proposed legislation for the 1995 legislative session, to the speaker of the house, the president of the senate and the governor on or before November 1, 1994.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

The bill establishes a committee to study the issues relative to the powers of fiduciaries in environmental matters.

SB 667-FN, relative to guardian ad litem appointed in child protection cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert A. Lockwood for Judiciary: Senate Bill 667-FN authorizes the court to appoint guardians ad litem in child protection cases. The bill allows such appointed guardians to access court records but protects the confidentiality inherent in other laws relative to medical, psychological, law enforcement, educational and social service records of juveniles. Vote 19-0.

Amendment (6004B)

Amend RSA 169-C:10-a, III as inserted by section 1 of the bill by replacing it with the following:

III. The CASA guardian ad litem or other guardian ad litem shall have access to all medical, psychological, law enforcement, educational, social service, and other reports pertaining to the child on file with the court.

Referred to Appropriations.

SB 596-L, relative to property taxes on property sold to religious and charitable organizations. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Municipal and County Government: SB 596-L would change state policy concerning abatement and exemption of taxes to religious institutions. The committee feels that the bill deals with a very specific problem, best addressed at the local or subsequent levels under existing law. Vote 13-0.

SB 760-FN-A-L, establishing a revolving fund in the department of revenue administration for the education and training of municipal officers and employees. **OUGHT TO PASS**

Rep. Joseph E. Stone for Municipal and County Government: This bill establishes a revolving fund in the Department of Revenue Administration for the education and training of municipal officers and employees. The funding shall come out of the Municipal Services Budget and used for purchasing and printing technical information, and providing training for municipal employees in the areas of taxation and finance. Vote 12-0.

Referred to Appropriations.

SB 637-FN, relative to a pilot program concerning the use of deicing alternatives and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Katherine D. Rogers for Public Works: This bill establishes a pilot program in the Nashua area to test the use of deicing methods and alternatives. The pilot program will be designed and implemented by the Department of Transportation in conjunction with the Nashua Area Regional Planning Commission in an effort to minimize salt use. Prior to implementing the pilot program, there will be a well-advertised public informational-meeting to receive public input on the selection of the area to be affected and to alert the public to the safety ramifications. Vote 12-2.

Amendment (5934B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to a pilot program concerning the use of
deicing methods and alternatives.

Amend the bill by replacing all after the enacting clause with the following:

1 Deicing Alternatives Pilot Program.

I. The general court hereby establishes a pilot program to test the use of deicing methods and alternatives in the Nashua area. The pilot program shall be designed and implemented by the department of transportation in conjunction with the Nashua regional planning commission in an effort to minimize salt use. The pilot program shall only be conducted during the winters of 1994-1995 and 1995-1996, unless directed to continue by the legislature.

II. The department of transportation in conjunction with the Nashua regional planning commission shall consider such an experiment on a low traffic volume highway in a volunteer municipality where municipal officials have agreed to establish a highway section for minimum salt use or alternative deicing chemical substitute or both. Prior to implementing the experimental pilot program the Nashua regional planning commission on behalf of the municipality shall arrange a well advertised public informational meeting within 3 months prior to implementation to receive public input on the appropriateness of the test section selected and the level of winter service to be provided such that public safety comments may be considered and to allow the public sufficient time to make appropriate preparations.

III. The department of transportation and the regional planning commission shall make an interim report on or before July 1, 1995 and a final report on or before July 1, 1996, to the

senate president, speaker of the house, and the governor on their findings and recommendations relative to the pilot program. The program shall be evaluated in terms of cost, effectiveness and any other pertinent matter.

IV. In this act, "salt" means sodium chloride, calcium chloride, potassium chloride or magnesium chloride.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a pilot program in the Nashua area concerning the use of deicing methods and alternatives.

SB 643-FN-A, relative to examining the feasibility of building a civic/exposition center in Manchester and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler for Public Works: This bill was one of two bills and a couple of amendments that were dealt with by the Public Works Committee. The committee voted unanimously to find this bill inexpedient to legislate and a further explanation on the whole process can be found in the blurb dealing with Senate Bill 701. Vote 14-0.

SB 701-FN-A-L, relative to establishing a conference center in the lakes region and making an appropriation therefor and extending a study committee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gene G. Chandler for Public Works: The committee had two bills, Senate Bill 701 and Senate Bill 643 dealing with state appropriations for conference and civic centers in New Hampshire. Senate Bill 643 requested \$50,000 for Manchester to do a study and Senate Bill 701 requests \$10,000 for the Lakes Region to do a study. At the public hearing the committee was presented an amendment to reimburse the city of Concord \$15,000 as a portion of what they had spent on their civic center study; an another amendment from the Lakes Region increasing their request to \$40,000 for their study. The committee listened to excellent testimony from all parties regarding both bills and the various amendments, and concluded that while the 1993 study committee recommended the \$10,000 funding for the Lakes Region, both Manchester and Concord presented good arguments why they should be considered for funding, and the committee did not feel comfortable nor informed enough to fund all or some of the requests. The committee is proposing an amendment which continues the 1993 study committee and asks for specific recommendations regarding the possibility of a set of facilities if more than one complex is found to be feasible. This committee's report is due on or before November 1, 1994. Vote 14-0.

Amendment (5977B)

Amend the title of the bill by replacing it with the following:

AN ACT

extending a study committee.

Amend the bill by replacing all after the enacting clause with the following:

1 Intent Added. Amend 1993, 228:1 to read as follows:

228:1 Committee Established.

I. There is established a study committee to examine and review the feasibility of locating a sports arena in southern New Hampshire. This committee shall proceed with its duties and hire a consultant, pursuant to section 3 of this act, only so long as the location or relocation of the Boston Garden facility is unresolved.

II. *In the event that resolution of the Boston Garden facility is resolved and the committee has determined that other convention facilities including outdoor sports facilities, exposition facilities, civic centers and other kinds of convention centers may be appropriate for further study, the committee may request legislative authority to continue its work.*

2 New Paragraph; Duty Added. Amend 1993, 228:3 by inserting after paragraph IV the following new paragraph:

V. Evaluate the interrelationship between markets and facility locations, and make recommendations, if any, as to a possible set of facilities in the event that more than one such facility or complex is found to be feasible.

3 Committee to Study a Convention Center Extended. Amend 1993, 228:6 to read as follows:

228:6 Report. The committee shall prepare a report describing its determinations and recommendations. Copies of this report shall be delivered to the governor, the speaker of the house of representatives, and the senate president on or before November 1, [1993] **1994**. Secretarial and staff assistance shall be provided by the senate.

4 Membership Continued. The membership of the committee created in 1993, 228 shall, to the extent possible, remain in effect.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends a committee established in 1993, 228 to study the feasibility of locating a convention facility in New Hampshire.

SB 807-FN-L, allowing the establishment of the Capital Wellness Center, Inc. **OUGHT TO PASS**

Rep. Sandra B. Keans for Public Works: The establishment of the Wellness Center at the New Hampshire Technical Institute is a unique opportunity to work with Concord Hospital in a new approach to keeping healthy. For many years there has been a cooperative partnership between the two groups. Currently over 700 students are enrolled in health related courses with many of them interning at the hospital. The center will focus on well-being rather than disease. The facility will be attached to the Student Building and has the complete support of the student body, and the committee's concern over the priority use of the facility by the students has been addressed. Vote 16-0.

SB 225-FN, relative to shoreland protection. **OUGHT TO PASS WITH AMENDMENT**

Rep. Howard C. Dickinson, Jr. for Resources, Recreation and Development: SB 225-FN, as amended, makes a number of "Enrolled Bills" type corrections such as changing the words "Public Boundary Line" to "Reference Line" thereby eliminating confusion over the term "Public". Also, the requirement that OSP draft a model ordinance in RSA 483-B:19 has been repealed, while the exemption is maintained for those communities which have enacted equal or more stringent zoning ordinances. If funding is authorized by the Appropriations Committee, RSA 483-B will become law; if not, it serves as a guideline for those communities wishing to adopt Shoreland Protection provisions in their zoning ordinances. Vote 16-1.

Amendment (5936B)

Amend the bill by inserting after section 19 the following and renumbering the original sections 20-22 to read as 22-24, respectively:

20 Shoreland Protection; Applicability. RSA 483-B:19 is repealed and reenacted to read as follows:

483-B:19 Applicability. The provisions of this chapter shall not apply to any applicant whose land is in a municipality that has adopted a shoreland protection ordinance under RSA 674:16, the provision of which are at least as stringent as similar provisions in this chapter. The director of the office of state planning shall certify to the commissioner that the provisions of a local ordinance are at least as stringent as similar provisions in this chapter.

21 New Section; Designated Rivers; Applicability. Amend RSA 483-B by inserting after section 19 the following new section:

483-B:20 Designated Rivers. The provisions of this chapter shall not apply to rivers or river segments designated by the general court and approved for management and protection under RSA 483 prior to January 1, 1993.

Amend the bill by replacing section 24 with the following:

24 Effective Date.

I. Section 23 of this act shall take effect July 1, 1994.

II. The remainder of this act shall take effect July 1, 1994, at 12:01 a.m.

Referred to Appropriations.

SB 547-FN-A, authorizing the state to acquire recreational property on Lake Winnepesaukee and Patenaude's Pond in Boscawen and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mildred A. Beach for Resources, Recreation and Development: As amended, this bill provides for the addition of Patenaude's Pond and Camp Alton to the properties of the State park system which will be a positive step in the public's use of water access and recreational facilities in populated areas of the State. The many assets of each of these properties enhance the public use of State lands in all seasons. Vote 16-1.

Amendment (5943B)

Amend paragraph II of section 2 of the bill by replacing it with the following:

II. The commissioner of the department of resources and economic development, with the consent of the governor and council, is hereby authorized to acquire, in the name of the state, the Patenaude property, containing approximately 970 acres and the 77 acre Patenaude's Pond, with improvements thereon, located in Boscawen, New Hampshire from E. K. Associates.

Amend paragraph II of section 3 of the bill by replacing it with the following:

II. The sum of \$1 is hereby appropriated to the department of resources and economic development for the fiscal year ending June 30, 1995, for the purpose described in paragraph II of section 2 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill authorizes the commissioner of the department of resources and economic development to acquire the Camp Alton property in Alton, New Hampshire for use as a state park and makes an appropriation for this purpose.

This bill also authorizes the commissioner to acquire the Patenaude property and pond in Boscawen, for use as a state park or wildlife management area and makes an appropriation for this purpose.

Referred to Appropriations.

SB 628-FN, relative to regulation of youth camps. OUGHT TO PASS

Rep. Michael D. Whalley for Resources, Recreation and Development: This bill, as amended by the Senate, clarifies that the Department of Environmental Services will consult with the Department of Health and Human Services regarding rulemaking for youth recreational camps. This bill puts into law that which is already occurring between the two departments. Vote 17-0.

SB 659-FN-A, relative to the Civilian Conservation Corps camp at Bear Brook state park and providing consolidated warehousing and workshop facilities for the department of resources and economic development and making an appropriation therefor. OUGHT TO PASS

Rep. Janet M. Conroy for Resources, Recreation and Development: Passage of this bill gives the Department of Resources and Economic Development authority to consolidate a warehousing facility and its only workshop maintenance facility (which is located at Bear Brook State Park) at one location. DRED is also authorized to dispose of its existing warehouse on Langdon Street and to use the proceeds from this sale to design and build the consolidated facility. This action would protect the historic integrity of the Civilian Conservation Corps (CCC) camp at the Park and would remove the DRED maintenance through this historic site. The bill also authorizes the Family Camping Museum, the only such museum in the United States, at Bear Brook State Park to expand its exhibit area at no cost to the State. There is a great deal of local support for this legislation as a whole. Vote 16-1.

Referred to Appropriations.

SB 672-FN, requiring the public utilities commission to designate employees as staff advocates or decisional employees in adjudicative proceedings. OUGHT TO PASS WITH AMENDMENT

Rep. Frederic A. Foss for Science, Technology and Energy: This bill expands the definition of "staff" to include persons who are not employed by the public utilities commission but who are retained by the commission to provide advice or information to the commission. Also, the commission is required to designate staff members as staff advocates and decisional employees in adjudicative proceedings. Vote 11-0.

Amendment (5834B)

Amend RSA 363:32 as inserted by section 1 of the bill by replacing it with the following:
 363:32 Designation of Employees.

I.(a) Whenever the commission conducts an adjudicative proceeding in accordance with the provisions of RSA 541-A:16 through RSA 541-A:20, the commission shall designate members of its staff as staff advocates and decisional employees, if requested by a party who is a full intervenor, when:

(1) It appears that staff members have committed or are likely to commit to a highly adversarial position in the proceeding and may not be able to fairly and neutrally advise the commission on all positions advanced in the proceeding;

(2) The docket concerns an issue or matter which is particularly contentious or controversial and which is significant in consequence;

(3) The issues in the docket are so contested as to create reasonable concern on the part of any party about the staff's role in commission decision making; or

(4) It appears reasonable that such designations may increase the likelihood of a stipulated agreement of the parties.

(b) Unless the commission provides otherwise, any such designations shall only be applicable to a specified adjudicative proceeding. The commission shall make a list of all current designations available to the public.

(c) Although any party who is a full intervenor may make a motion to designate pursuant to paragraph I at any point during the proceeding, if the motion is made later than 20 days after staff members have filed testimony the commission may deny the motion solely on the grounds that it is administratively unworkable because such motion has been filed so late in the proceeding.

II. The commission may, on its own initiative, designate members of its staff as staff advocates and decisional employees.

Amend RSA 363:34 as inserted by section 1 of the bill by replacing it with the following:
 363:34 Ex Parte Communications in Adjudicative Proceedings. Unless required for the disposition of ex parte matters authorized by law, in an adjudicative proceeding, decisional employees shall not communicate with any person or party, directly or indirectly, in connection with any issue in that proceeding, except upon notice and opportunity for all parties to participate. This notice requirement shall not apply to communications between or among commissioners, decisional employees, and personal assistants, including legal counsel, who have not been assigned as staff advocates in the adjudicative proceeding in question.

Amend RSA 363:36 as inserted by section 1 of the bill by replacing it with the following:
 363:36 Assessment of Costs. The commission may recover additional costs which it incurs in the performance of its duties resulting from the designation of employees as staff advocates or decisional employees in the manner provided in RSA 363:27, I, RSA 365:37, or RSA 365:38.

Amend the bill by replacing all after section 1 with the following:

2 Additional Expenditures. Amend RSA 363:27, I to read as follows:

I. In the exercise of the jurisdiction and performance of the duties prescribed by law, the commission shall have the power, subject to the state personnel regulations and within the limits of the appropriation for such purpose, to employ and fix the compensation of such regular staff, including experts, as it shall deem necessary. [Should emergency require, it may, in addition to the sums appropriated for its use by the legislature, expend such further sums as the governor and council may approve, such further sums to be paid out of any money in the treasury not otherwise appropriated.] *Notwithstanding any other provision of law, if the expenditure of additional funds over budget estimates is necessary for the proper functioning of the public utilities commission, the governor and council, with the prior approval of the fiscal committee of the general court, upon request from the commission, may authorize an additional assessment pursuant to RSA 363-A for such purpose.*

3 Repeal. RSA 363:12-c, relative to ex parte communications, is repealed.

4 Effective Date. This act shall take effect 60 days after its passage.

SB 768-FN, relative to the utilization of electricity and natural gas for the generation of power to propel motor vehicles or mechanical contrivances on or over the ways. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gary R. Gilmore for Science, Technology and Energy: SB 768 is part of a package of bills dealing with alternatively fueled vehicles. This legislation is intended to help develop an infrastructure for fueling electric and natural gas fueled vehicles. The committee amendment provides a four-year sunset of this bill and also seeks to provide reassurance that the costs of the bill will not be unfairly borne by the consumer. Vote 11-0.

Amendment (5946B)

Amend RSA 362-D:3 as inserted by section 2 of the bill by replacing it with the following:
362-D:3 Exemptions. Any person selling or transporting vehicular electricity or vehicular natural gas shall not be considered a public utility under RSA 362:2.

Amend RSA 362-D:4, II as inserted by section 2 of the bill by inserting after subparagraph (c) the following new subparagraph:

(d) Cost of service principles generally employed by the commission.

Amend RSA 362-D:5 as inserted by section 2 of the bill by replacing it with the following:
362-D:5 Rulemaking Authority. The commission shall adopt rules, in consultation with the commissioner of the department of safety and the commissioner of the department of agriculture, which shall wherever practical be consistent with existing national standards which promote public safety and which do not contain language which would be unduly prohibitive to the development or utilization of electric or natural gas vehicles, pursuant to RSA 541-A, relative to:

I. The calculation of an electric or gas utility's revenue requirement.

II. Rates, terms, and conditions for the sale, storage, and transport of vehicular electricity or vehicular natural gas.

III. Procedures necessary to provide for the proper administration of this chapter.

Amend paragraph I of section 3 of the bill by replacing it with the following:

I. Establish interim rules, pursuant to RSA 541-A, relative to the safety and jurisdiction over electric and natural gas vehicles and any associated activities.

Amend the bill by replacing all after section 3 with the following:

4 Report Required. The public utilities commission shall submit a report to the speaker of the house, the senate president and the governor on or before November 1, 1997, evaluating the effectiveness of the program established in RSA 362-D. The report shall include recommendations, if any, on the regulation of vehicular electricity or vehicular natural gas for the future.

5 Repeal. RSA 362-D, relative to electric and natural gas vehicles, is repealed.

6 Effective Date.

I. Section 5 of this act shall take effect July 1, 1998.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

(1) Excludes any person selling or transporting vehicular electricity or natural gas for use in a motor vehicle from the definition of a public utility.

(2) Provides for the recovery of expenses invested by electric and natural gas utilities for the purpose of developing an infrastructure for electric and natural gas vehicles subject to criteria established by the public utilities commission.

(3) Requires the public utilities commission to establish rates and charges pertinent to the sale of electricity or natural gas used to propel a motor vehicle which are consistent with the cost to provide the service.

(4) Requires inter-agency review and development of safety standards for electric and natural gas vehicles and associated facilities.

(5) Repeals the chapter regulating electric and natural gas vehicles on July 1, 1998.

REGULAR CALENDAR

SB 626-FN, abolishing certain state agency positions when current employees have left the positions, unless the general court reestablishes the positions. **INEXPEDIENT TO LEGISLATE**

Rep. Robert L. Wheeler for Appropriations: The majority of the committee felt that most of what was to be accomplished by this bill is done by the Personnel Division in a more efficient fashion. Vote 13-3.

Adopted.

SB 652-FN-A, making an appropriation for transportation programs servicing the elderly and disabled, the North Country Partnership on behalf of New Hampshire residents afflicted with Alzheimer's disease, and for respite care services for victims of Alzheimer's disease and their families. **OUGHT TO PASS**

Rep. Marie C. Hawkinson for Appropriations: This bill makes an appropriation to the Division of Elderly and Adult Services, Department of Health and Human Services for transportation programs servicing the elderly and disabled, the North Country Partnership on behalf of New Hampshire residents afflicted with Alzheimer's disease, and the respite care services for victims of Alzheimer's disease and their families. The expenditures in this bill will in the long run save money as people will be able to stay at home longer and out of the nursing homes. Vote 15-4.

Adopted and ordered to third reading.

SB 703-FN, creating a university system research development fund. **INEXPEDIENT TO LEGISLATE**

Rep. Douglas E. Hall for Appropriations: This bill would set a dangerous precedent by having the legislature single out one function of the University, research, for special funding treatment and potentially open the door to legislative control over what some might deem "appropriate" or others deem "inappropriate" research. The trustees have not voted to support this request. The bill would not take effect until the next biennial budget in any case. If the trustees decide that additional funding for research is a higher priority than faculty salary increases or holding tuition to current levels, they can include such priorities within their budget request next January. The legislature can make its decision at that time. Vote 17-2.

Adopted.

SB 769-FN, dividing any budget surplus between the revenue stabilization reserve account and state aid to education. **INEXPEDIENT TO LEGISLATE**

Rep. Neal M. Kurk for Appropriations: This bill requires that half of each biennial surplus be paid to school districts through the foundation aid formula. While this is a worthy purpose, the distribution mechanism will create problems for the districts: the amounts received will go up and down — even to zero — as our surplus changes, and payments will be made every other year. Both make it more difficult to plan for education programs. The bill also has the effect of reducing the ability of future legislatures to decide how any biennial surplus should be spent. Vote 12-7.

Rep. Burling moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Rep. Kurk spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

SB 759-FN-A, relative to child support and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Elizabeth S. Hager for Children, Youth and Juvenile Justice: The backlog in the Office of Child Support is 12,433 cases. The committee voted unanimously that cleaning up that backlog is an important priority for the state. The bill also addresses two fairness issues: one relative to food stamps and one that frees families with poverty level incomes from paying child support debt until they have the ability to pay. The FN calls for state expenditures of \$1.2 million in FY '95. Vote 18-0.

Amendment (5994B)

Amend RSA 161-C:22, III as inserted by section 2 of the bill by replacing it with the following:

III. When an assignment of support rights has terminated and the obligor and the recipient reunite, the obligor may request a suspension of the collection of a support debt under RSA 161-C:4 and the office of child support enforcement services shall not take any action to collect such a debt for so

long as the family remains reunited, provided, that the adjusted gross income of the family, as defined by RSA 458-C, is equal to or less than 185 percent of the federal poverty guidelines as set by the United States Department of Health and Human Services. If collection of a support debt under RSA 161-C:4 is suspended, the obligor shall provide the office of child support enforcement services with a financial affidavit every 6 months evidencing the income of the reunited family and shall notify the office of child support enforcement services in writing within 10 days of any change in income or if the family is no longer reunited. Failure to report changes in income or in the status of the family as reunited, or to provide a financial affidavit as specified herein, shall cause the suspension of collection to terminate until such time as the required information is submitted and provided that such information meets the criteria for obtaining a suspension of collection. When a support obligation is established under RSA 161-C:4, the office of child support enforcement services shall notify an obligor of the right to request a suspension of the collection of a support debt.

Adopted.

Report adopted and referred to Appropriations.

SB 800-FN, relative to the child protection act. OUGHT TO PASS WITH AMENDMENT

Rep. Deborah L. Woods for Children, Youth and Juvenile Justice: This legislation makes revisions to RSA 169-C by providing a new section relative to emergency interim relief, replacing and redefining certain terms to make the act more comprehensible to the public, and, most importantly, it permits the removal of an alleged perpetrator from the home as opposed to the removal of the child if in the best interest of the child. Vote 13-5.

Amendment (5918B)

Amend the bill by replacing section 6 with the following:

6 New Paragraph; Petition. Amend RSA 169-C:7 by inserting after paragraph III the following new paragraph:

IV. In addition the petition shall also include, to the extent known:

- (a) The name, birth date, and address of the child.
- (b) The name and address of any custodial parent.
- (c) The name and address of any other individual or agency having custody of the child.
- (d) The name of any non-custodial parent.
- (e) The name of any household member who is subject to the order.

Amend RSA 169-C:16, 1(d)(4)-(5) as inserted by section 10 of the bill by replacing it with the following:

(4) Correct specified deficiencies in the home that make the home a harmful environment for the child.

(5) Refrain from specified acts of commission or omission that make the home a harmful environment for the child.

Amend RSA 169-C:19 as inserted by section 14 of the bill by replacing it with the following:

169-C:19 Dispositional Hearing. If the court finds that a child is abused or neglected, the court may order the following disposition:

I. The child may be permitted to remain with the parents, guardian, relative, or other custodian, subject to any or all of the following conditions:

(a) That the parents, guardian, relative, or custodian accept legal supervision by a child placing agency.

(b) That the parents, guardian, relative, or custodian, or the child, or both, accept individual or family therapy, or medical treatment.

(c) That the child attend a day care center.

(d) That a homemaker or parent aide be allowed to visit the home and assist the family.

II.(a) An order of protection may be issued setting forth conditions of behavior by a parent, relative, guardian, custodian or a household member. Such order may require any such person to:

(1) Stay away from the premises, another party, or the child.

(2) Permit a parent or other named person to visit the child at stated periods and under such conditions as the court may order.

(3) Abstain from harmful conduct with respect to the child or any person to whom custody of the child is awarded.

(4) Correct specified deficiencies in the home that make the home a harmful environment for the child.

(5) Refrain from specified acts of commission or omission that make the home a harmful environment for the child.

(b) If an order is made affecting a person not before the court under subparagraph (a), it shall be served on such person by a law enforcement officer. A hearing to challenge an order may be requested in writing. The hearing shall be held within 5 days of the request. A request for a hearing shall not stay the effect of the order.

(c) When the party subject to the order of protection has an obligation to support the child in question, the court may order such party to remain out of the residence of the child. When the party subject to the order has no duty to support the child and solely owns or leases the residence of the child, the court may order such party to remain out of the residence of the child for a period of no more than 30 days.

III.(a) Legal custody may be transferred to a child placing agency or relative provided, however, that no child shall be placed with a relative until a written social study of the relative's home, conducted by a child placing agency, is submitted to the court.

(b) If the child is placed out of state, the provisions of RSA 170-A shall be followed.

IV. The court may order any parent, guardian, relative, custodian, household member, or child to undergo individual or family therapy, or medical treatment.

Adopted.

Rep. Cogswell offered a floor amendment.

Floor Amendment (6046B)

Amend RSA 169-C:19, I as inserted by section 14 of the bill by replacing it with the following:

I. The child may be permitted to remain with the parents, guardian, relative, or other custodian, subject to any or all of the following conditions:

(a) That the parents, guardian, relative, or custodian accept legal supervision by a child placing agency.

(b) That the parents, guardian, relative, or custodian, or the child, or both, accept individual or family therapy, or medical treatment.

(c) That the parents, guardian, relative, or custodian, or the child, or both receive the treatment of a rabbi, local minister, or other remedial care if requested by the person being so ordered.

(d) That the child attend a day care center.

(e) That a homemaker or parent aide be allowed to visit the home and assist the family.

Amend RSA 169-C:19, IV as inserted by section 14 of the bill by replacing it with the following:

IV.(a) The court may order any parent, guardian, relative, custodian, household member, or child to undergo individual or family therapy, or medical treatment; or

(b) The treatment of a rabbi, local minister or other remedial care if requested by the person being so ordered.

Rep. Cogswell spoke in favor and yielded to questions.

Rep. Lindblade spoke against.

Rep. Woods spoke against and yielded to questions.

The floor amendment failed.

Report adopted and ordered to third reading.

Rep. Stamatakis declared a conflict of interest and did not participate.

SPECIAL ORDER

Rep. Bonnie Packard moved that **SB 534**, relative to condominium common assessments, be made a Special Order for Thursday, April 21, 1994.

Adopted.

REGULAR CALENDAR (Cont'd.)

SB 632-FN-A, establishing a pilot program to disseminate from the Pease International Trade Center trade information to promote international trade and making an appropriation therefor. **OUGHT TO PASS**

Rep. Anthony Syracuse for Commerce, Small Business and Consumer Affairs: The committee fully supports the broadest possible dissemination of information to enhance the promotion of international trade leads. When implemented, the information will be available via computer terminals at 130 libraries tied into the State Library in Concord. Vote 12-0.

Adopted and referred to Appropriations.

SB 651-FN, creating a real estate recovery trust fund, to be funded by certain fees. **INEXPEDIENT TO LEGISLATE**

Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs: This bill was voted inexpedient to legislate because the present requirement for bonding better protects the consumer. Any fund created to protect escrow accounts runs the danger of being subject to shortfalls, which would entail extra assessments on the realtors. Vote 15-0.

Adopted.

SB 743-FN, relative to insurance coverage for children. **OUGHT TO PASS**

Rep. Beverly A. Gage for Commerce, Small Business and Consumer Affairs: This bill prohibits health insurers from refusing to enroll a child under the health care coverage of a parent on grounds that: 1) the child was born out of wedlock; 2) the child was not claimed as a dependent on the parent's federal income tax return; 3) the child does not reside with the parent or in the insurer's service area. The legislature does not intend to exclude any child from Medicaid benefits. Vote 14-0.

Adopted and ordered to third reading.

SB 747-FN, relative to lease-purchase agreements. **OUGHT TO PASS WITH AMENDMENT**

Rep. Matthew J. Newland for Commerce, Small Business and Consumer Affairs: This bill establishes a procedure to govern rent-to-own agreements for consumer goods. It is the intent to provide disclosure and protection to consumers while establishing clear guidelines for the rent-to-own merchants. Vote 16-0.

Amendment (5937B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to rent-to-own agreements.

Amend the bill by replacing all after the enacting clause with following:

1 New Chapter; Rent-To-Own Agreement Act. Amend RSA by inserting after chapter 358-N the following new chapter:

CHAPTER 358-O RENT-TO-OWN AGREEMENT ACT

358-O:1 Short Title. This chapter is to be known as the "New Hampshire Rent-to-Own Agreement Act."

358-O:2 Definitions. In this chapter:

I. "Advertisement" means a commercial message in any medium that solicits a consumer to enter a rent-to-own agreement.

II. "Cash price" means the price at which the lessor would have sold the property to the consumer for cash on the date of the rent-to-own agreement.

III. "Consumer" means a natural person who rents personal property under a rent-to-own agreement to be used primarily for personal, family or household purposes.

IV. "Consummation" means the date on which a consumer enters into a rent-to-own agreement.

V. "Rent-to-own agreement" means an agreement for the use of personal property by a natural person primarily for personal, family or household purposes, for an initial period of 4 months or less that is automatically renewable with each payment after the initial period, but does not obligate or require the consumer to continue renting or using the property beyond the initial period, and that permits the consumer to become the owner of the property.

VI. "Rent-to-own dealer" means a person who regularly provides the use of property through rent-to-own agreements and to whom rent payments are initially payable on the face of the rent-to-own agreement.

358-O:3 General Requirements of Disclosure.

I. The rent-to-own dealer shall disclose to the consumer the information required by RSA 358-O:4. In a transaction involving more than one rent-to-own dealer, only one such dealer need make the disclosures, but all rent-to-own dealers shall be bound by such disclosures.

II. The disclosures shall be made at or before consummation of the rent-to-own agreement.

III. The disclosures shall be made clearly and conspicuously in writing and a copy of the rent-to-own agreement provided to the consumer. The disclosures required under RSA 358-O:4 shall be made on the face of the contract above the line for the consumer's signature.

IV. If a disclosure becomes inaccurate as the result of any act, occurrence or agreement by the consumer after delivery of the required disclosures, the resulting inaccuracy shall not be a violation of this chapter.

358-O:4 Disclosures. For each rent-to-own agreement, the rent-to-own dealer shall disclose in the agreement the following items, as applicable:

I. Whether the periodic payment is weekly, monthly or otherwise, the dollar amount of each payment, and the total number and total dollar amount of all periodic payments necessary to acquire ownership of the property.

II. A statement that the consumer will not own the property until the consumer has made the total payment necessary to acquire ownership.

III. A statement advising the consumer whether the consumer is liable for loss or damage to the property, and, if so, a statement that such liability will not exceed the fair market value of the property as of the time it is lost or damaged.

IV. A brief description of the rented property, sufficient to identify the property to the consumer and the rent-to-own dealer, including an identification number, if applicable, and a statement indicating whether the property is new or used, but a statement that indicates new property is used is not a violation of this chapter.

V. A statement of the cash price of the property, however where one agreement involves the rent of 2 or more items as a set, a statement of the aggregate cash price of all items shall satisfy this requirement. The statement shall also include the following disclosure:

"If you want to purchase this or similar property now, you should consider cash or credit terms that might be available to you."

VI. The total of initial payments paid or required at or before consummation of the agreement or delivery of the property, whichever is later.

VII. A statement that the total of payments does not include other charges, such as late payment, default, pickup and reinstatement fees, which fees shall be separately disclosed in the contract.

VIII. A statement clearly summarizing the terms of the consumer's option to to-own, including a statement that the consumer has the right to exercise an early to-own option and the price, formula or method for determining the price at which the property may be so purchased.

IX. A statement identifying the party responsible for maintaining or servicing the property while it is being rented, together with a description of that responsibility, and a statement that if any part of a manufacturer's express warranty covers the rental property at the time the consumer acquires ownership of the property, it shall be transferred to the consumer, if allowed by the terms of the warranty.

X. The date of the transaction and the identities of the rent-to-own dealer and consumer.

XI. A statement that the consumer may terminate the agreement without penalty by voluntarily surrendering or returning the property in good repair, reasonable wear and tear excepted, upon expiration of any rental term along with any past due rental payments.

XII. Notice of the right to reinstate an agreement as provided in RSA 358-O:8.

358-O:5 Advertising.

I. If an advertisement for a rent-to-own agreement refers to or states the dollar amount of a periodic payment for a specific item and refers to or states the right to acquire ownership of the item, then for such item the advertisement shall also clearly and conspicuously state the following:

(a) That the transaction advertised is a rent-to-own agreement.

(b) The total number and total amount of periodic payments necessary to acquire ownership.

(c) That the consumer acquires no ownership rights unless the total amount necessary to acquire ownership is paid.

II. Any owner or personnel of any medium in which an advertisement appears or through which it is disseminated shall not be liable under this section.

III. The provisions of paragraph I of this section shall not apply to an advertisement which does not refer to or state the amount of any payment, or which is published in the yellow pages of a telephone directory or in any similar directory of business.

IV. Every item displayed or offered under a rent-to-own agreement shall bear a tag or card that clearly and conspicuously indicates in Arabic numerals each of the following:

(a) The cash price of the item.

(b) The amount of the periodic payment.

(c) The total number and total dollar amount of periodic payments necessary to acquire ownership.

358-O:6 Inapplicability of Other Laws; Exempted Transactions.

I. Rent-to-own agreements which comply with this chapter are not governed by the laws relating to:

(a) A "security interest" as defined in RSA 382-A:1-201(37).

(b) A "consumer credit transaction" as defined in RSA 358-C:1, II and RSA 358-K:1, V.

(c) "Credit" as defined in RSA 358-K:1, VII and RSA 399-B:1, I.

(d) A "home solicitation sale" as defined in RSA 361-B:1.

II. Rent-to-own agreements are governed by laws relating to:

(a) "Trade" as defined in RSA 358-A:1, II; and

(b) A "consumer transaction" as defined in RSA 358-C:1, III.

II. This chapter shall not apply to the following:

(a) Rent-to-own agreements primarily for business, commercial or agricultural purposes, or those made with governmental agencies or instrumentalities or with organizations;

(b) Rental of a safe deposit box;

(c) Rental or bailment of personal property which is incidental to the rental of real property, and which provides that the consumer has no option to to-own the rented property; or

(d) The rental of an automobile.

358-O:7 Prohibited Practices.

I. A rent-to-own agreement shall not contain:

(a) A confession of judgment.

(b) A negotiable instrument.

(c) A security interest or any other claim of a property interest in any property interest in any property of the consumer.

(d) A wage assignment.

(e) A waiver by the consumer of claims or defenses.

(f) A provision authorizing the rent-to-own dealer or a person acting on the rent-to-own dealer's behalf to enter upon the consumer's premises without permission or to commit any breach of the peace in the repossession of property.

(g) A provision requiring the purchase of insurance or liability damage waiver for the property that is the subject of the rent-to-own agreement from the rent-to-own dealer or requiring such purchase from a particular vendor. The rent-to-own dealer may, however, require that the consumer purchase insurance or liability damage waiver for the rental property from a vendor of the consumer's choosing.

(h) A provision requiring the consumer to make a payment in addition to regular rental payments in order to acquire ownership of the rental property, or a provision requiring the consumer to make rental payments totaling more than the dollar amount necessary to acquire ownership as disclosed pursuant to RSA 358-O:4.

(i) A provision requiring a late charge or reinstatement fee unless a periodic payment is late more than 5 days on a monthly agreement or more than 2 days on an agreement with periodic payments made more frequently than monthly.

(j) A provision for a late charge or reinstatement fee in excess of \$5.

(k) A provision for more than one late charge or reinstatement fee on any one periodic payment regardless of the period of time during which it remains unpaid.

II. No rent-to-own dealer shall collect or attempt to collect a debt in an unfair, deceptive or unreasonable manner as defined in RSA 358-C.

358-O:8 Reinstatement.

I. A consumer who fails to make a timely rental payment may reinstate the agreement, without losing any rights or options which exist under the agreement, by the payment of:

(a) All past due rental charges;

(b) If the property has been picked up, the reasonable costs of pick-up and redelivery; and

(c) Any applicable late fee, within 5 days of the renewal date if the consumer pays monthly, or within 2 days of the renewal date if the consumer pays more frequently than monthly.

II. In the case of a consumer who has paid less than 2/3 of the total of payments necessary to acquire ownership and where the consumer has returned or voluntarily surrendered the property, other than through judicial process, during the applicable reinstatement period set forth in paragraph I of this section, the consumer may reinstate the agreement during a period of not less than 21 days after the date of the return of the property.

III. In the case of a consumer who has paid 2/3 or more of the total of payments necessary to acquire ownership, and where the consumer has returned or voluntarily surrendered the property, other than through judicial process, during the applicable period set forth in paragraph I of this section, the consumer may reinstate the agreement during a period of not less than 30 days after the date of the return of the property.

IV. Nothing in this section shall prevent the rent-to-own dealer from attempting to repossess property during the reinstatement period, but such a repossession shall not affect the consumer's right to reinstate. Upon reinstatement, the rent-to-own dealer shall provide the consumer with the same property or substitute property of comparable quality and condition.

358-O:9 Receipts. Upon request by the consumer, a rent-to-own dealer shall provide the consumer with a written receipt for each payment.

358-O:10 Renegotiations and Extensions.

I. A renegotiation shall occur when an existing rent-to-own agreement is satisfied and replaced by a new agreement undertaken by the same rent-to-own dealer and consumer. A renegotiation shall be considered a new agreement requiring new disclosures. A renegotiation shall not include:

(a) The addition or return of property in a multiple-item agreement or the substitution of the rental property, if in either case the average payment allocable to a payment period is not changed by more than 10 percent.

(b) A deferral or extension of a portion of a periodic payment or of one or more periodic payments.

(c) A reduction in charges in the rent or agreement.

(d) A modification to a rent-to-own agreement as a result of a court proceeding.

II. No disclosures are required for any extension of a rent-to-own agreement.

358-O:11 Enforcement; Penalties.

I.(a) A rent-to-own dealer who fails to comply with the requirements of this chapter is liable to the consumer damaged thereby in an amount equal to the greater of:

(1) The actual damages sustained by the consumer as a result of the rent-to-own dealer's failure to comply with this chapter; or

(2) 25 percent of the total of payments necessary to acquire ownership, but not less than \$100 nor more than \$1,000.

(b) A rent-to-own dealer who fails to comply with this chapter is also liable to the consumer for the costs of the action and reasonable attorney's fees as determined by the court.

II. A consumer may not take any action to offset the amount for which a rent-to-own dealer is potentially liable under paragraph I against any amount owed by the consumer, unless the amount of the dealer's liability has been determined by judgment of a court of competent jurisdiction in an action in which the rent-to-own dealer was a party. This section shall not bar a consumer then in default on an obligation from asserting a violation of this chapter as an original action, or as a defense or counterclaim, to an action brought by a rent-to-own dealer against the consumer.

III. The provisions of this section are in addition to any other rights or remedies available in this state.

IV. No action under this section shall be brought in any court of competent jurisdiction more than one year after the date the consumer made the last rental payment or more than one year after the date of the occurrence of the violation that is the subject of the suit, whichever is later.

358-O:12 Rent-to-Own Dealer's Defenses.

I. If a rent-to-own dealer establishes by a preponderance of evidence that a violation of this chapter was unintentional or the result of a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid such errors, no penalty as specified in RSA 358-O:11 may be imposed and validity of the transaction is not affected. Examples of bona fide errors are clerical errors, calculation errors, errors due to unintentionally improper computer programming or data entry, and printing errors, but do not include an error of legal judgment with respect to a rent-to-own dealer's obligations under this chapter.

II. A rent-to-own dealer shall not be liable under this section for any failure to comply with any requirement imposed under this chapter if within 60 days after discovering an error, and prior to the institution of an action under this chapter or the receipt of written notice of the error from the consumer, the rent-to-own dealer notifies the consumer of the error and makes whatever adjustments in the appropriate account as are necessary to assure that the consumer is not required to pay an amount in excess of the lowest charge actually disclosed.

III. No provision of this chapter imposing any penalty applies to any act done or omitted in good faith in conformity with some provision of this chapter, notwithstanding that after the act or omission has occurred the provision is amended, rescinded, or determined by judicial or other competent authority to be invalid for any reason.

2 Rent-To-Own Agreement Not a Security Interest. Amend the introductory paragraph of RSA 382-A:1-201(37) to read as follows:

(37) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2-401) is limited in effect to a reservation of a "security interest". The term also includes any interest of a buyer of accounts or chattel paper which is subject to Article 9. The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2-401 is not a "security interest", but a buyer may also acquire a "security interest" by complying with Article 9. Unless a consignment is intended as security, reservation of title thereunder is not a "security interest", but a consignment in any event is subject to the provisions on consign-

ment sales (Section 2-326). *A rent-to-own agreement, defined in RSA 358-O:2, V, shall not create or be construed as a "security interest."* Whether a transaction creates a rent or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the rent not subject to termination by the lessee, and

3 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill establishes a procedure to govern rent-to-own agreements for consumer goods. Rep. Hunt yielded to questions.

Adopted.

Report adopted and ordered to third reading.

SB 767-FN, relative to mental illness coverage under insurance policies. **OUGHT TO PASS**
Rep. Beverly A. Gage for Commerce, Small Business and Consumer Affairs: This bill requires all health insurers, hospital service corporations, medical service corporations, and health maintenance organizations to provide coverage for certain biologically-based mental illnesses at the same level as coverage for other physical illnesses. Vote 16-0.

Adopted and referred to Appropriations.

SB 697-FN-A, relative to the New Hampshire Industrial Research Center and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Bonnie K. Groves for Economic Development: This bill clarifies language by which the Industrial Technical Center operates, especially in the area of accepting and expending federal grant-related monies. The bill also makes appropriations for two field agents and sets fee arrangements for field agent consulting services. Vote 13-0.

Amendment (5912B)

Amend the bill by inserting after section 5 the following and renumbering the original sections 6 and 7 to read as 7 and 8, respectively:

6 New Section; Field Agent On-Site Consultations; Fees. Amend RSA 187-A by inserting after section 33 the following new section:

187-A:33-a On-Site Consultations by Field Agents; Fees. For every on-site consultation by a field agent, the following fees shall be assessed:

I. For companies with 50 employees or less: \$100 per visit.

II. For companies with more than 50 employees: \$200 per visit.

AMENDED ANALYSIS

This bill:

(1) Changes the title of the center from "Industrial Technology Research and Innovation Center" to "Industrial Research Center."

(2) Allows the center to provide grant-related services.

(3) Redefines "basic research" as "basic scientific, engineering, and associated marketing research."

(4) Allows short-term activities without requiring matching funds.

(5) Makes an appropriation to hire 2 field agents.

(6) Provides that fees shall be assessed for on-site consultations by field agents.

Adopted.

Report adopted and referred to Appropriations.

SB 728-FN-A-L, providing incentive aid for public kindergarten programs, establishing a committee to review the maximization of revenues from programs administered by the New Hampshire sweepstakes commission, and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Karen K. Hutchinson for Education: The committee supports the statement of purpose, but feels that the study committee and funding proposed in this bill is redundant with other studies and legislation already in process. Vote 13-2.

Adopted.

SB 165-FN, relative to certification of landscape architects. REFER FOR INTERIM STUDY
Rep. William P. Boucher for Executive Departments and Administration: The subcommittee was given an amendment each time it met. We had an agreed-to bill going into public hearing but there now seems to be disagreement between the two disciplines. We'd like to study the bill to bring the disciplines of landscape architecture and landscape design together. Vote 14-1.

Adopted.

SB 619-FN, relative to a cost of living adjustment for retired firefighters. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: This bill would provide a COLA for retired firefighters if the funds were available in the special account. There is presently a COLA bill, HB 414, in the Senate to provide a 3.5% COLA to firefighters. It is expected that further funds will be available for a COLA in 1995. Vote 11-2.

Adopted.

SB 625-FN-A, relative to an in-home care pilot program and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Katherine D. Foster for Health, Human Services and Elderly Affairs: This bill started three years ago as a study committee to improve the home and community-based care system by assisting younger disabled and elderly persons to maintain maximum independence in their homes. Amendments were made to include part of the Governor's health plan, which should enhance the overall purpose. Vote 19-0.

Amendment (5964B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to an in-home care pilot program and relative to community based care and making appropriations therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court recognizes that the long-term care upon which an increasing number of our elderly and incapacitated adults rely is actually long-term support of the individual. While the elderly comprise the largest group of long-term care consumers, the population needing these services is not a homogeneous one. Chronic diseases and disabilities affect all age groups and social levels. The general court recognizes that New Hampshire needs a home and community based care system to assist younger disabled persons and elderly persons to achieve independence. Long-term care services must focus on the needs of the individual and the individual's desire to remain at home to the greatest extent practicable. The general court recognizes that long-term care services in New Hampshire are to be predicated upon a philosophy that is family-centered, supports and empowers the individual consumer, and prioritizes the least restrictive alternative.

2 In-Home Pilot Program.

I. The general court hereby establishes a pilot program for in-home care for disabled adults and elderly persons requiring long-term support services. The pilot program shall be designed and implemented upon the philosophy outlined in section 1 of this act. This pilot program shall terminate 2 years after the first date of operation of the program, as certified by the director of elderly and adult services to the secretary of state, unless authorized to continue by the legislature.

II. The director shall pursue additional funding for this pilot project in the form of grants from federal and private foundation sources and may expend such grants, moneys, and any appropriation for the purposes of the program.

3 Pre "Home and Community Based Care Services" to the Elderly and Disabled. The general court hereby directs the department of health and human services to continue development of a continuum of home and community based services that support individual independence and prevent premature residential and institutional placement. In furtherance of the development of this continuum, the department of health and human services shall take steps to add pre "home and community based care services" to the medicaid program in order to provide earlier and preventive care.

I. Additional service shall include, but not be limited to: respite care services to prevent caregiver burnout; and personal care services to persons not strictly wheelchair bound or persons not fully self-directed.

II. The department of health and human services shall develop less stringent financial and functional eligibility guidelines for the pre "home and community based care program" within federally permissible limits and within the existing New Hampshire regulatory framework.

III. The department of health and human services shall strengthen the non-medicaid funded components of the home and community based care program by: identifying additional funding; redefining services; and creating new services as required.

4 Information and Referral for Community Based Care. The general court hereby directs the department of health and human services to strengthen the information and referral component of community based care. The department shall take steps to:

I. Define the information and referral network.

II. Support the development of information and referral services in areas where gaps exist.

III. Reinforce the concept of assistance at the initial point of information and referral.

5 Appropriation. The sum of \$550,000 for the fiscal year ending June 30, 1995, is appropriated to the division of elderly and adult services, department of health and human services. Of this appropriation, \$250,000 shall be used for the purposes of implementing the pilot program established in section 2 of this act and \$300,000 shall be used for the purposes of strengthening the information and referral for community based care system required by section 4 of this act. The sum of \$350,000 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services, for the purposes of implementing pre "home and community based care services" as required by section 3 of this act. These appropriations are in addition to any other sums appropriated to the department. The governor is authorized to draw a warrant for said sums of money in the health care transition fund, if established.

6 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill establishes a 2-year pilot program to implement an in-home care program for disabled adults and elderly persons requiring long-term support services.

The bill also directs the department of health and human services to establish additional services for pre "home and community based care services" to the elderly and disabled and to strengthen the information and referral component of the community based care.

The bill makes appropriations for the purposes of the bill.

Adopted.

Report adopted and referred to Appropriations.

SB 702-FN-A, relative to congregate housing and making an appropriation therefor. **OUGHT TO PASS**

Rep. Katharin Pratt for Health, Human Services and Elderly Affairs: This bill provides \$225,000 in state matching funds to expand congregate care services to low-income elderly in Portsmouth, Somersworth and Nashua. These are nonmedical, non-housing support services that can enable the elderly to remain in their own homes at one-quarter the cost of institutionalization. Vote 18-0.

Adopted and referred to Appropriations.

SB 789-FN-A-L, establishing a health care authority. **REFER FOR INTERIM STUDY**

Rep. Michael Morello for Health, Human Services and Elderly Affairs: The committee heard a myriad of health-reform legislation, with SB 789-FN-L being one of the major bills. There were numerous changes, amendments, additions and deletions to the bill, which made it difficult to structure a workable unified health plan that could be implemented, understood and effectively managed. The committee strongly felt that more time to develop such a plan for the State of New Hampshire was called for. Interim study affords the committee the necessary time to bring back comprehensive health plan legislation and accomplish the overall objective of the various health plans heard by the committee. Vote 13-0.

Reps. Katherine Wheeler, Keans and Copenhaver spoke against.

Rep. Katharin Pratt spoke in favor.

Reps Robert Foster and Ann Torr spoke in favor and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the Committee report.

SB 597, prohibiting the enforcement of judgments rendered in other states for failure to pay income tax on pensions to those states, or with respect to income earned at the Portsmouth Naval Shipyard. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rick G. Newman for Judiciary: This bill as amended will prevent other states from enforcing judgments for income taxes assessed on pension plans or on income earned at the Portsmouth Naval Shipyard of New Hampshire residents. We believe this will be very helpful to many New Hampshire citizens who are unfairly assessed income taxes particularly New Hampshire Shipyard workers. Vote 12-6.

Amendment (5758B)

Amend RSA 524:12 as inserted by section 1 of the bill by replacing it with the following:
524:12 Judgments for Failure to Pay Income Tax on Pensions. All property in this state of a judgment debtor where the judgment is in favor of any state for failure to pay that state's income tax assessed on benefits received from a pension or other retirement plan, or with respect to income earned by an employee at the Portsmouth Naval Shipyard of Portsmouth, New Hampshire shall be exempt from attachment, garnishment of wages, trustee process, or forced sale under process of any court, and no such judgment or execution based thereon shall be a lien on such property.

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

SB 602-FN, relative to defaults on payments of motor vehicle fines or court appearances. **OUGHT TO PASS**

Rep. Henry Mock for Judiciary: This bill prevents the division of motor vehicles from purging records of license suspensions for defaults, particularly those involving DWI violations, until the defendants license or driving privilege is reinstated. The bill further requires the names of persons, whose licenses are suspended for court defaults, to be reported to the National Drivers Registry. Vote 9-6.

Adopted and ordered to third reading.

SB 749-FN, relative to the workers' personal care assistance program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur W. Smith for Labor, Industrial and Rehabilitative Services: This bill increases the maximum annual income amount a person may have and receive a full subsidy for personal care attendants under the workers' personal care assistance program. The bill also increases the maximum subsidy amount. It also deletes the authorization for the director of vocational rehabilitation to develop a list of personal care attendants available to be hired by persons with severe physical disabilities. The Fiscal Note calls for state expenditures of \$210,000 in FY95 and \$297,000 in FY 96. The Committee amendment changes the effective date to January 1, 1995. Vote 10-2.

Amendment (5782B)

Amend the bill by replacing section 4 with the following:
4 Effective Date. This act shall take effect January 1, 1995.
Adopted.

Report adopted and referred to Appropriations.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **HB 1588-L**, altering the southeastern boundary line between the towns of Hampton and Seabrook and providing for a referendum.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

HB 1588-L, altering the southeastern boundary line between the towns of Hampton and Seabrook and providing for a referendum. **OUGHT TO PASS**

Rep. Ed M. Putnam II for Municipal and County Government: In the past, we have been asked to support legislation to be presented to the towns for their action. We feel now, as before, this should be a self-determination by the communities involved. Vote 13-0.

Adopted and ordered to third reading.

SB 508-L, enabling New Hampshire cities and towns to join together to form multi-municipality industrial development authorities and exercise all of the powers and rights currently exercised only by cities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paula E. Bradley for Municipal and County Government: This bill will allow for the establishment of more effective partnerships between cities and towns to promote and encourage economic development. The amendment corrects a one-word error in the original bill. Vote 13-0.

Amendment (5849B)

Amend RSA 162-G:15-a, II(a) as inserted by section 13 of the bill by replacing it with the following:

(a) [The] *An authority shall consist of a board of directors of not less than 9 nor more than 15 members appointed for 3-year terms. [A] If an authority is formed by a single governmental unit, a majority of the board members shall reside within the boundaries of [the city] that governmental unit. If an authority is formed by 2 or more governmental units, each such governmental unit shall be represented on the board, and a majority of the board members shall reside within the boundaries of those governmental units forming such authority.* The board members *from towns* shall be appointed *by the board of selectmen or the town council; board members from cities shall be appointed* by the mayor subject to the provisions of the city charter. The terms of the initial members of [the] *any* board so established shall be staggered so that 1/3, or as close to 1/3 as possible, of the board members will be appointed each year.

Rep. Larson spoke in favor.

Adopted.

Report adopted and ordered to third reading.

SB 771-FN-A, relative to an implementation plan for additional training of police, prosecutors, and correctional personnel in the prevention, investigation, and prosecution of sexual assault cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. David A. Welch for Public Protection and Veterans Affairs: SB 771 authorizes additional training of police, prosecutors, and correctional personnel in the prevention, investigation and prosecution of sexual assault cases. The committee amendment authorizes the Police Standards and Training Council to expend funds which it already has. \$25,000 will be drawn from its agency income. Vote 11-0.

Amendment (5965B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to an implementation plan for additional training of police, prosecutors, and correctional personnel in the prevention, investigation, and prosecution of sexual assault cases and making an appropriation therefor.

Amend the bill by replacing all after section 1 with the following:

2 Supplemental Appropriation; Police Standards and Training Council; Sexual Assault Training. Amend 1993, 349:1.06, 04, 09, 02 by inserting the following new class:

	<i>Fiscal Year</i> 1994	<i>Fiscal Year</i> 1995
90 Sexual assault training	\$ 0	\$ 25,000

3 Totals Changed. Amend the totals and estimated source of funds for 1993:1.06, 04, 09, 02 for fiscal year 1995 to read as follows:

	<i>Fiscal Year</i> 1995

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the director of the police standards and training council to offer additional training of police, prosecutors and correctional personnel in the prevention, investigation and prosecution of sexual assault cases as recommended by the law enforcement and prosecutor training task force established under 1992, 110 as amended by 1993, 166.

The bill makes an appropriation to the police standards and training council for the purposes of offering the additional training.

Adopted.

Report adopted and referred to Appropriations.

SB 761-A, relative to rehabilitating the rail lines of class III railroads and state-owned rail lines and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. John P. Chandler for Public Works: This bill asserts a need to maintain and improve the rail lines owned by Class III railroads and the state. In the case of privately owned railroads the private interests must contribute thirty percent of the cost and provide other guarantees. This bill appropriates \$2.5 million and authorizes a bond issue for this purpose. The debt service is to be borne entirely by the state's share of the rail property tax set forth in Revised Statutes Annotated 82. The committee amendment clarifies the intent of the bill. Vote 12-2.

Amendment (6030B)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court hereby declares that the purpose of this act is to improve the economy of the state, that rail service is indispensable to certain areas of the state, there is a need to provide and maintain efficient and viable rail lines of New Hampshire class III railroads and state-owned rail lines, there is a need to keep rail lines of class III railroads in the private sector by utilizing qualified short line operators, and that there is a need to provide state funds for local rail assistance to maintain the rail lines of short line railroads.

2 Class III Railroad and State-Owned Rail Line Capital Rehabilitation Account. Notwithstanding any provision of law, there is hereby established the class III railroad and state-owned rail line rehabilitation account. Funds in this account shall be spent on rehabilitating the rail lines of class III railroads that are included in the New Hampshire state rail plan as updated and which meet the requirements of the benefit/cost analysis as prepared by department of transportation, bureau of railroads and public transportation, or on rehabilitating state-owned rail lines approved for rehabilitation by the bureau.

3 Appropriation. The sum of \$2,500,000 is hereby appropriated, in addition to any other sums appropriated, to the department of transportation, bureau of railroads and public transportation to be deposited in the class III railroad and state-owned rail line capital rehabilitation account for the fiscal year ending June 30, 1995, for the purpose of rehabilitating the rail lines of class III railroads and state-owned rail lines. This appropriation shall be nonlapsing and continuing and shall be subject to RSA 228:66.

4 Bonds Authorized. To provide for the appropriation made in section 3 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding \$2,500,000 for said purposes may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payment of principal and interest of the bonds and notes shall be made as provided in section 5. The bonds shall be 10-year bonds.

5 Payment of Bonds. Notwithstanding any other provision of law, moneys received by the state pursuant to RSA 82:31, III shall be designated for the payment of principal and interest of the bonds and notes issued pursuant to section 4 of this act. Such designation shall lapse upon completion of payment of such bonds and notes.

6 Rehabilitation of Rail Lines; Matching Funds for State Funds. Amend RSA 228:66, I to read as follows:

I. All state funds shall be matched by the owner, shipper, or user in cash, labor, or materials in an amount equal to [20] 30 percent of the total amount provided. All federal funds shall be matched by the owner, shipper or user in cash, labor, or materials in an amount equal to the percentage established by the Federal Railroad Administration of the total amount provided for the particular project.

7 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill appropriates funds to the department of transportation, bureau of railroads and public transportation, to rehabilitate the rail lines of class III railroads and state-owned rail lines. Moneys received by the state from the taxation of railroads shall be designated for the payment of bonds and notes authorized under this bill.

The bill increases from 20 to 30 percent the amount of matching funds which owners, shippers or users must provide to receive state funds for rehabilitation and maintenance of rail properties.

Adopted.

Report adopted and referred to Appropriations.

SB 794-A, making a capital appropriation for highway transportation infrastructure. OUGHT TO PASS WITH AMENDMENT

Rep. John P. Chandler for Public Works: This important bill seeks to increase funding for the highway and bridge betterment account by \$28 million for the reconstruction and maintenance of state roads not receiving federal funds. The Public Works Committee concurred in the need for this infusion, but was uncomfortable with the method of bonding proposed by the bill. The committee amendment achieves a "pay-as-you-go" solution by transferring \$3 million already appropriated in Fiscal Year 94, and then over the next three bienniums appropriating the difference between \$7.5 million and the prevailing annual debt service charged to the highway fund to this purpose. A safety valve is also provided to ensure that any deficit in the highway surplus account is given priority over betterments. Vote 15-0.

Amendment (5950B)

Amend the title of the bill by replacing it with the following:

AN ACT

transferring highway funds from the municipal bridge aid program to the highway aid bridge betterment program and making an appropriation to the highway surplus account and the highway and bridge betterment account.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Transportation; Betterment Program; Appropriation Increased. Amend 1993, 349:1.04, 01, 03, 11, 01, fiscal year 1994, as follows:

FY 1994

Strike out:

90 Betterments/state bridge aid	D	\$ 9,772,000
Total		9,772,000
estimated source of funds for betterment		
09 Agency income		9,772,000
Total		9,772,000

Insert in place thereof:

90 Betterment/state bridge aid	D	12,772,000
Total		9,772,000
estimated source of funds for betterment		
09 Agency income		9,772,000
Highway funds		3,000,000
Total		12,772,000

2 Department of Transportation; Municipal Bridge Program Appropriation Reduced. Amend 1993, 349:1.04, 01, 03, 14, fiscal year 1994, as follows:

FY 1994

Strike out:

90 Municipal bridge aid program	\$10,000,000
Total	10,000,000
Estimated source of funds for municipal bridge program	
00 Federal funds	4,000,000
05 Private local funds	2,000,000
Highway funds	4,000,000
Total	10,000,000

Insert in place thereof:

90 Municipal bridge aid program	6,250,000
Total	6,250,000
Estimated source of funds for municipal bridge program	
00 Federal funds	4,000,000
05 Private local funds	1,250,000
Highway funds	1,000,000
Total	6,250,000

3 Appropriation. In each of the next 3 bienniums beginning July 1, 1995, the difference between \$7,500,000 and the debt scheduled to be paid on existing department of transportation bonds for such biennium is hereby appropriated to the department of transportation. The department shall first use any such sums to cover any deficit in the highway surplus account and any remaining sums shall be deposited in the highway and bridge betterment account. These sums are in addition to any other sums that may be appropriated to the department and shall be nonlapsing.

4 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill transfers highway funds from the municipal bridge aid program to the highway aid bridge betterment program.

This bill also makes an appropriation in the next 3 bienniums to the department of transportation to cover any deficits in the highway surplus account and if any sums are remaining they shall be deposited in the highway and bridge betterment account.

Adopted.

Report adopted and referred to Appropriations.

SB 801-A, increasing the department of transportation's authority to obtain certain bonds from 5-year bonds to 10-year bonds. **OUGHT TO PASS**

Rep. John P. Chandler for Public Works: In 1992, the legislature established a revolving equipment fund for the New Hampshire Department of Transportation to provide for a dependable source of funds for equipment replacement. A bond issue was authorized to provide the initial funds, but the five-year bonds debt service schedule would consume nearly all the revenues budgeted in this biennium. Shifting to ten year bonds as provided in this bill defers debt service to 1998 and beyond, thus, giving the revolving fund time to accumulate funds for equipment replacement as well as the debt service when it comes due. Vote 9-3.

Adopted and ordered to third reading.

SB 655-FN-A, relative to conducting a forest inventory analysis on New Hampshire forest lands and making an appropriation therefor. **OUGHT TO PASS**

Rep. Thomas J. Kirby and Howard C. Dickinson for Resources, Recreation and Development: This bill will provide timely information necessary for the study of the recommendations of the Northern Forest Lands Council required in SB 653. Furthermore, RSA 220:5 requires that a timber resource inventory be provided every 10 years. The last study was completed 12 years ago. During this period, New Hampshire forests have experienced great changes from continued conversion through land development, clearcutting, spruce budworm damage and reversion of farm to forest land. The forest products industry needs this information to determine its raw material base, without which the expansion of the industry capacity and job base is endangered. Existing data coupled with modern technology enables us to accomplish this at a very reasonable price. Vote 14-3.

Adopted and referred to Appropriations.

SB 674-FN-A, placing responsibility for dredging projects in tidal waters with the port authority and continually appropriating certain fees to the port authority. **OUGHT TO PASS WITH AMENDMENT**

Rep. H. Charles Royce for Resources, Recreation and Development: This bill, as amended, places responsibility for management of all tidal-water dredging with the Port Authority, with funds from unrestricted revenues obtained from dockage and wharfage fees. The bill also updates RSA 482-A:5I(i) by having the four public members compensated by continuing the present policy of a stipend. Vote 17-0.

Amendment (5894B)

Amend the title of the bill by replacing it with the following:

AN ACT

placing responsibility for dredging projects in tidal waters with the
port authority, continually appropriating certain fees to the
port authority and compensating the public members
of the wetlands board for their services.

Amend the bill by replacing section 3 with the following:

3 Funding. The port authority shall carry out the provisions of RSA 271-A:20 with funds from unrestricted revenues obtained from dockage and wharfage fees.

Amend the bill by replacing all after section 4 with the following:

5 Compensation Added. Amend RSA 482-A:5, I(i) to read as follows:

(i) Four members of the public appointed by the governor and council for a term of 3 years or until a successor is chosen. One of these shall be a member of a municipal conservation commission at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Association of Conservation Commissions; one shall be a supervisor, associate supervisor, former associate supervisor or former supervisor, of a conservation district

at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Association of Conservation Districts; one shall be an elected municipal official at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Municipal Association; and one shall be a member of the construction industry at the time of appointment, and be nominated by the governor. The 4 members appointed under this subparagraph shall be entitled to expenses [as may be authorized by the governor and council] *and \$50 per diem*.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill places responsibility for the management of all tidal water dredging projects with the port authority, with funds from unrestricted revenues obtained from dockage and wharf-age fees.

This bill also requires the public members of the wetlands board to be compensated for their duties.

Adopted.

Report adopted and referred to Ways and Means.

SB 730-FN, relative to funding for low income and financially disadvantaged utility assistance programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Frederic A. Foss for Science, Technology and Energy: This bill provides another much-needed future source of funds (approximately 6 percent) for a statewide energy utility assistance program known as the Neighbor Helping Neighbor fund. These funds supplement funds now provided by certain utility firms, their employees and their customers. The State Treasurer's office has indicated that there is no effect on general fund revenues and only a small fiscal impact on some county revenues. Vote 10-0.

Amendment (5754B)

Amend RSA 471-C:26, I(b) as inserted by section 3 of the bill by replacing it with the following:

(b) A person claiming an abandoned utility deposit or any other abandoned property under the provisions of RSA 471-C:8 that was not deposited with the administrator pursuant to RSA 471-C:8, II, may file a claim on a form prescribed by the administrator and verified by the claimant. Any claim paid by the administrator under this paragraph, shall be reimbursable by the utility company which originally reported the property as abandoned. The utility company shall remit such payment upon notification of the claim by the administrator.

Adopted.

Report adopted and ordered to third reading.

SB 583, establishing a committee to study the feasibility of issuing special license plates to nonprofit conservation organizations and using the proceeds from the fees to benefit nonprofit conservation organizations. **INEXPEDIENT TO LEGISLATE**

Rep. Kenneth W. Malcolm for Transportation: The committee decided after much deliberation and discussion to study this bill within the already formed special-plate study committee. This committee will be having an in-depth study of the many special-plate requests which appear to have merit. Vote 10-2.

Adopted.

SB 685, relative to the rulemaking authority of the fire standards and training commission, including the authority to establish fees; and granting municipalities options for fire department financing and property ownership. **OUGHT TO PASS WITH AMENDMENT**

Rep. David A. Welch for Public Protection and Veterans Affairs: Senate Bill 685, as amended by the Senate, allows the Fire Standards and Training Commission to adopt rules establishing fees for tuition and services; to establish educational and training standards for fire service personnel and permits the Commission to delegate its powers and duties to the Division of Fire Standards and Training with the approval of the Department of Safety. The committee amendment separates the Division of Fire Services into the Division of Fire Safety (Fire

Marshall) and the Division of Fire Standards and Training. The post of Director of Fire Services is eliminated. Currently, the term of office for the Director of Fire Services has expired. This is a request by the Department of Safety and supported by all the groups to be affected. Vote 16-0.

Amendment (6008B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the rulemaking authority of the fire standards and training commission, including the authority to establish fees; granting municipalities options for fire department financing and property ownership; and changing the bureau of fire standards and training to the division of fire standards and training.

Amend RSA 21-P:33 as inserted by section 3 of the bill by replacing it with the following: 21-P:33 Delegation. With the approval of the commissioner of the department of safety, the commission may delegate to the division of fire standards and training any powers and duties enumerated in this subdivision.

Amend the bill by replacing all after section 5 with the following:

6 Duties of Assistant Commissioner. Amend RSA 21-P:5, II to read as follows:

II. The assistant commissioner shall perform such duties as are assigned by the commissioner. The assistant commissioner shall assume the duties of the commissioner in the event that the commissioner is unable for any reason to perform such duties. The assistant commissioner shall be responsible for the operations of the [bureau] *division* of hearings, the bureau of fire safety, and the division of enforcement.

7 Division of Fire Safety. RSA 21-P:12 is repealed and reenacted to read as follows:

21-P:12 Division of Fire Safety. There is established within the department a division of fire safety under the supervision of an unclassified director of fire safety who shall be known as the state fire marshal. The state fire marshal shall be nominated by the commissioner of safety, after consultation with the state advisory board of fire control, for appointment by the governor, with the consent of the council, and shall serve a term of 4 years until a successor is appointed. The state fire marshal shall be academically and technically qualified to hold the position. He shall be a citizen of this state or become a citizen of this state within one year of his appointment. He shall devote his entire time to the duties of the division of fire safety and shall receive the salary specified in RSA 94:1-a for the state fire marshal. The state fire marshal shall be responsible for the following functions, in accordance with applicable law.

I. Investigation of the causes and circumstances of fires.

II. Fire safety regulations and education.

III. Coordination of state agency response to accidents involving hazardous materials, and regulation of liquid propane gas pipelines safety, except propane gas pipelines regulated by the public utilities commission pursuant to RSA 362.

IV. Carrying out all other functions assigned to him in RSA 153 or any other provision of law.

8 New Section; Division of Fire Standards and Training. Amend RSA 21-P by inserting after section 12 the following new section:

21-P:12-a Division of Fire Standards and Training. There is established within the department a division of fire standards and training under the supervision of an unclassified director of fire standards and training who shall administer and supervise a fire service training and research program throughout the state. This division shall establish training standards and offer instruction in methods of determining and dealing with the causes of fire and the prevention of fire, techniques in firefighting and rescue, research in techniques in firefighting and fire protection, and the administration and management of fire department. The director of fire standards and training shall be nominated by the commissioner of safety, after consultation with the fire standards and training commission, for appointment by the governor, with consent of the council, and shall serve a term of 4 years until a successor is appointed. The commission shall take a recorded vote regarding its concurrence or non-concurrence in the

commissioner's nomination decision. If the commission votes not to concur in the decision, it shall submit a letter to the commissioner so stating, and the commissioner shall in turn submit that letter to the governor and council. The director of fire standards and training shall be academically and technically qualified to hold the position, and shall receive the salary specified in RSA 94:1-a.

9 Change From Bureau to Division. Amend RSA 21-P:15 to read as follows:

III. Any transfer involving the [bureau] *division* of fire standards and training undertaken pursuant to this section shall require the concurrence of the fire standards and training commission.

10 Composition of Fire Standards and Training Commission. Amend the introductory paragraph of RSA 21-P:26, I to read as follows:

I. There shall be a fire standards and training commission consisting of [13] **15** members, including the commissioner of education or [his] designee, the attorney general or [his] designee, the chief of the forest fire service, *the director of the division of fire standards and training, and the director of the division of fire safety*, who shall each serve during his continuance in such office, and one active member of each of the following associations or groups chosen by the governor, with the approval of the council, from a list of 3 qualified members submitted by each association or group:

11 New Paragraph; Composition of Fire Standards and Training Commission. Amend RSA 21-P:26, I by inserting after subparagraph (j) the following unnumbered paragraph: The director of the division of fire standards and training and the director of the division of fire safety shall be nonvoting members of the commission.

12 Fire Standards and Training Commission. Amend RSA 21-P:26, IV to read as follows:

IV. Members shall annually elect from among themselves a person to serve as commission chairman and another to serve as commission vice-chairman. The director of *the division of fire [service] standards and training* shall serve as the commission's executive officer. The commission shall hold no fewer than 4 regular meetings a year at such times and places as the chairman shall fix, either on his own motion or upon written request of any 4 members.

13 Powers and Duties of Fire Standards and Training Commission. Amend RSA 21-P:28, I(g) to read as follows:

(g) Employ, along with the director of *the division of fire [service] standards and training*, part-time instructors or assistants and compensate them for organizing, developing, and conducting approved fire training and rescue courses or other work as directed at an hourly rate established by the commission and for mileage and expenses incurred in performing their official duties;

14 Duties of Fire Standards and Training Commission. Amend RSA 21-P:28, II(b) to read as follows:

(b) Recommend to the director of *the division of fire [service] standards and training* that he enter into contracts or do such things as may be necessary and incidental to the administration of the commission's authority pursuant to this subdivision;

15 Unclassified Salary Changes. Amend RSA 94:1-a, I, group N by:

I. Deleting the following: chief of fire standards and training.

II. Inserting the following: director of division of fire standards and training.

16 Unclassified Salary Change. Amend RSA 94:1-a, I by deleting in group P the following: director of fire services.

17 Repeal. RSA 21-P:28, I(i), relative to preparation of a budget for the bureau of fire standards and training, is repealed.

18 Reference Change. Amend RSA 100-A:3, III-c to read as follows:

III-c. Notwithstanding the provisions of RSA 100-A:1, VIII, any permanent fireman who has been a group II member and who has 10 years' fire service experience, or any person included in the definition of "fire service personnel" as defined in RSA 21-P:25, II(b) who has 10 years' fire service experience, who is or becomes the director of *the division of fire [service] safety*, the administrator of the fire standards and training commission, any fire instructor, supervisor, instructor, or other technical specialist who has hazardous materials, fire fighting, or rescue training functions and who has as a job requirement satisfied the fire

standards and training commission's entrance and certification requirements for physical condition, education, and training shall be construed to be a permanent fireman for the purposes of membership in group II and shall remain in the system for the duration of his service in that capacity with the fire standards and training commission.

19 Positions Abolished; Transition; New Positions Established.

I. The position of director of fire service is hereby abolished.

II. The person serving a term of office as the state fire marshal on the effective date of this section shall continue to serve out the term to which he was appointed, and, the effective date of this section, shall also be the director of the division of fire safety. He may be reappointed upon the expiration of his term.

III. The position of unclassified chief of fire standards and training is abolished effective March 31, 1997, or, if the date is earlier, upon the date of the departure from office of the person serving as chief of fire standards and training on the effective date of this act. Upon the date on which the position of unclassified chief of fire standards and training is abolished, there shall be established a classified position of chief of fire standards and training.

IV. Upon appointment of a director of the division of fire standards and training, the unclassified chief of fire standards and training shall be subordinate to the director of this division of fire standards and training. The term of the first person appointed as director of the division of fire standards and training pursuant to this act shall expire on March 31, 1997. Thereafter, the director of the division of fire standards and training shall serve a term as set forth in section 8 of this act.

20 Effective Date.

I. Sections 1-5 of this act shall take effect 60 days after its passage.

II. Paragraph I of section 15 of this act shall take effect as provided in paragraph III of section 19 of this act.

III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

(1) Allows the fire standards and training commission to adopt rules establishing fees to be collected for tuition and services.

(2) Gives the commission the authority to establish and publish educational and training standards for fire service personnel and exempts this authority from the requirements of the administrative procedure act.

(3) Changes the bureau of fire standards and training to the division of fire standards and training.

(4) Permits the commission to delegate its powers and duties to the division of fire standards and training, with the approval of the commissioner of the department of safety.

(5) Allows municipalities the option of choosing a form of financing and property ownership for their fire departments.

Adopted.

Rep. Welch offered a floor amendment.

Floor Amendment (6025B)

Amend paragraph III as inserted by section 20 of the bill by replacing it with the following:

III. The remainder of this act shall take effect August 1, 1994.

Rep. Welch spoke in favor.

Adopted.

Report adopted and referred to Executive Departments and Administration.

SB 708-FN, permitting the aquaculture of oysters and the use of live bait for the purpose of taking fish on Lake Sunapee. **INEXPEDIENT TO LEGISLATE**

Rep. Henry Coulombe for Wildlife and Marine Resources: The Committee felt that the first part of the bill had merit, but that the amendment was best left to the rule-making process. Vote 12-0.

Rep. Felch moved to Recommit to Committee.

Adopted.

CLERK'S NOTE

Upon hearing no objection, the Speaker called for the House to consider at the present time the first six bills on the Regular Calendar for April 21, 1994.

SB 740-FN, relative to employee leasing. OUGHT TO PASS WITH AMENDMENT

Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs: This bill establishes regulation over employee leasing companies, which are a new entity in our labor market and have been so far unregulated leaving open the possibility of problems. It clarifies the relationship between these companies and the clients they serve. It provides that no company shall be licensed by the Labor Department until they have met all legal requirements protecting employers and employees. It also provides that all protections for employers and employees now in the law remain in force. Vote 14-0.

Amendment (6005B)

Amend RSA 277-B:5, V as inserted by section 1 of the bill by replacing it with the following:

V. Every application for an original, renewal or restricted license, shall be accompanied by evidence satisfactory to the commissioner that the leased employees are covered by a workers' compensation policy issued by a carrier admitted to write such coverage in this state. Employee leasing companies insured in the residual market only shall be issued the National Council of Compensation Insurance Multiple Coordinated Policy as approved by the Insurance Commissioner. Employee leasing companies insured in the voluntary market shall upon request make available claims data on a client company basis to the National Council of Compensation Insurance. A client company shall be assigned its claims data upon terminating its relationship with an employee leasing company which data shall be used in calculating the client company's subsequent workers' compensation premium. The application shall also be accompanied by evidence satisfactory to the commissioner that any health insurance benefits covering leased employees are provided pursuant to the provisions of RSA 227-B:11, II.

Amend RSA 277-B:5 as inserted by section 1 of the bill by inserting after paragraph V the following:

VI. Every application for an original, renewal or restricted license, shall be accompanied by a certification that the applicant does not conduct a temporary help service through the same entity as the applicant's employee leasing company.

Amend RSA 277-B:9, VI as inserted by section 1 of the bill by replacing it with the following:

VI. The employee leasing company provides each client company with written disclosure that it is the rated employer for unemployment compensation purposes at the time that client company enters into an employee leasing arrangement with the leasing company. Such notice shall disclose that payments made by the leasing company to the department of employment security are made on the leasing company's account, its rate and the new wage base at the time of engagement, and that upon termination of the employee leasing arrangement, the client company will return to its previous rate and account balance, if allowable under applicable law, and that the client company shall assume a new wage base.

Amend RSA 277-B:11, II(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Through a plan which has been qualified as a single employer plan under the provisions of ERISA.

Amend RSA 277-B as inserted by section 1 of the bill by inserting after section 17 the following:

277-B:18 Applicability. Nothing in this chapter shall relieve any client company or employee leasing company from the provisions of any other applicable state law not inconsistent with this chapter or any applicable federal law.

Adopted.

Report adopted and referred to Executive Departments and Administration.

SB 687, relative to the duties of the legislative advisory committee on campaign financing statutes. **INEXPEDIENT TO LEGISLATE**

Rep. Martin N. Bove for Constitutional and Statutory Revision: The members of the committee felt that everything that was in the bill already existed in law and that by listing subjects, the possibility of omission of other subjects could create problems. Vote 12-1.

Adopted.

SB 516, making it a violation to fail to summon assistance when requested by a law enforcement officer who requires aid in a criminal case. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard H. Campbell, Jr. for Corrections and Criminal Justice: This bill amends a section of law which authorizes a law enforcement officer to require suitable aid when needed, and which has been in effect, with only minor wording changes, since 1842. The committee was reluctant to tinker with a provision that has served so long and so well, but a ten-dollar fine does seem a bit obsolete and some of the language needs clarification. The bill as it came from the senate dealt only with the officer asking someone to summon assistance, and in the process would have repealed the much broader "suitable aid". Since there can be little doubt that summoning assistance is "suitable aid", there is no need to start a laundry list by making it explicit. Vote 12-1.

Amendment (5865B)

Amend the title of the bill by replacing it with the following:

AN ACT

making it a violation to fail to render aid when requested by a
law enforcement officer who requires aid in a
criminal case or an emergency situation.

Amend the bill by replacing section 1 with the following:

1 Penalty for Failure to Give Aid to a Law Enforcement Officer When Required. RSA 594:6 is repealed and reenacted to read as follows:

594:6 Aid to Officers. Every law enforcement officer who encounters a need for assistance in the execution of his office in a criminal case or emergency situation may require any person to render suitable aid. Any person who, when so required, neglects or refuses to give such aid shall be guilty of a violation.

AMENDED ANALYSIS

This bill makes it a violation to fail to render aid when requested by a law enforcement officer who requires aid in a criminal case or an emergency situation.

Rep. Richard Campbell yielded to questions.

Rep. Donna Sytek spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

Rep. DePecol wished to be recorded in opposition.

SB 673-FN, generally amending certain provisions relating to domestic violence. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donna P. Sytek for Corrections and Criminal Justice: HB 673 clarifies several sections of RSA 173-B, the domestic violence statute relating to court ordered counseling, eligibility for participation in programs, and the effect of previous reconciliations on future restraining orders. New provisions in the bill include: authorization for the State Police to maintain a central registry of restraining orders, expansion of confidentiality privilege to co-participants in support groups, and most importantly, making it a misdemeanor to violate a restraining order. The amendment makes several technical changes in the bill, and changes the effective date. The bill is a recommendation of Judge Kelly's District Court Domestic Violence Protocol Task Force. Vote 12-1.

Amendment (5971B)

Amend RSA 173-B:4, VI(d) as inserted by section 5 of the bill by replacing it with the following:

(d) Notwithstanding any other provision of law, the department of safety, its employees and agents, and law enforcement officials shall not be held criminally or civilly liable

under this paragraph, provided they are acting in good faith and without gross negligence, and within the scope of their duties and authority.

Amend the bill by replacing section 8 with the following:

8 New Paragraph; Violation of Protective Order Constitutes a Misdemeanor. Amend RSA 173-B:8 by inserting after paragraph II the following new paragraph:

III. A person is guilty of a misdemeanor if such person knowingly violates a protective order issued under RSA 173-B or RSA 458:16, III or any similar protective order issued by any other state, territory, or possession of the United States, the commonwealth of Puerto Rico, or the District of Columbia.

Amend the bill by replacing section 10 with the following:

10 New Paragraph; Privilege Applicability to Others. Amend RSA 173-C:2 by inserting after paragraph I the following new paragraph:

I-a. The privilege and confidentiality under paragraph I shall extend to:

- (a) A third person present to assist communication with the victim.
- (b) A third person present to assist a victim who is physically challenged.
- (c) Co-participants in support group counseling of the victim.

Amend the bill by replacing sections 12 and 13 with the following:

12 Violation of Protective Orders; Stalking Added. Amend RSA 458:16, III to read as follows:

III. When a party violates a restraining order issued under this section by committing assault, criminal trespass, criminal mischief, *stalking*, or another criminal act, that party shall be guilty of a misdemeanor, and peace officers shall arrest the party, detain the party pursuant to RSA 594:19-a and refer the party for prosecution. Such arrests may be made within 6 hours after a violation without a warrant upon probable cause whether or not the violation is committed in the presence of a peace officer.

13 Effective Date.

I. Section 8 of this act shall take effect January 1, 1995.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Provides that a person's minority shall not preclude relief or services relative to domestic violence, and that a minor need not be accompanied by a parent or guardian to receive such relief or services.

II. Authorizes the court to require the abusing party to engage in counseling, but the court shall not require the victim to engage in joint counseling with the defendant.

III. Provides that previous reconciliation prior to filing the current action shall not be grounds for denying a protective order.

IV. Allows for transmission to the department of safety of regular orders by computer, and of telephonically issued emergency orders by telephone or facsimile.

V. Provides that the state police shall make information regarding the protective order available to police and sheriff departments statewide, and requires the court to notify local law enforcement when a protective order expires or terminates, or when changes or modifications are made to the order, and provides good faith immunity to the department of safety.

VI. Adds stalking as a violation of a protective order.

VII. Provides that violation of a protective order is a misdemeanor.

VIII. Allows privilege and confidentiality to apply to certain third persons.

IX. Provides that a counselor's duty to report shall not apply to a minor seeking relief from an intimate partner.

Adopted.

Rep. Donna Sytek yielded to questions.

Report adopted and ordered to third reading.

SB 772-FN, authorizing involuntary civil commitment for certain individuals and making appropriations therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donna P. Sytek for Corrections and Criminal Justice: This bill establishes a procedure for the involuntary commitment of persons with mental retardation who commit violent

felonies but are found incompetent to stand trial. The commitment mechanism is similar to the process currently used for people who are dangerous as a result of mental illness, but eligibility under the bill is much more narrow. The amendment specifies that placement in the secure psychiatric unit is to be used only as a last resort when required for public safety, and spells out more clearly the findings to be made by the Probate Court. The bill appropriates \$44,232 to the Department of Corrections for the six months starting in January 1995, and gives the Department of Mental Health and Developmental Services authority to access necessary funds, subject to approval of the fiscal committee and Governor and Council. Vote 12-1.

Amendment (6011B)

Amend the bill by replacing all after the enacting clause with the following:

I Purpose. The general court recognizes that a small group of individuals with mental retardation are charged with certain serious felonies, yet are found not competent to stand trial. Those individuals cannot be involuntarily committed pursuant to RSA 135-C since that chapter requires a finding by the probate court that the individual suffers from a mental illness. This act will authorize the involuntary commitment of only those individuals who have been charged with serious felonies and have been found not competent to stand trial because of mental retardation, and will provide services for such individuals. While protecting members of the community who have been victimized by the individuals who are the subject of this act, the legislation is limited in its application to protect the civil liberties of other persons with mental retardation who have not been charged with a serious felony.

2 Evaluation for Commitment. RSA 135:17-a is repealed and reenacted to read as follows:
135:17-a Evaluation for Commitment.

I. After a determination by the superior or district court that a person is not competent to stand trial, the court may order the person to remain in custody for a reasonable period, not to exceed 90 days, to be evaluated for appropriateness for involuntary admission into the state mental health services system, including the secure psychiatric unit, and to commence civil proceedings, if appropriate. The court may order such person to submit to examinations by a psychiatrist, designated by the state, for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state mental health services system, including the secure psychiatric unit.

II. After a determination by the superior or district court that:

(a) A person is not competent to stand trial;

(b) The person has been charged with a felony involving serious bodily injury or the use of a deadly weapon, or with aggravated felonious sexual assault (other than pursuant to RSA 632-A:2, I(h)) or felonious sexual assault, or with arson pursuant to RSA 634:1, II or III; and

(c) Probable cause exists that the person meets the criteria for commitment under RSA 171-B:2;

the court may order the person to remain in custody for a reasonable period, not to exceed 90 days, to be evaluated for the appropriateness for involuntary admission into the state developmental services delivery system or the secure psychiatric unit, and to commence civil proceedings, if appropriate. The court may order such person to submit to examinations by a physician, psychiatrist or psychologist, designated by the state, who shall have experience and training in mental retardation, for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state developmental service delivery system or the secure psychiatric unit.

3 New Paragraph; Definition Added. Amend RSA 171-A:2 by inserting after paragraph XV-a the following new paragraph:

XV-aa. "Receiving facility" means any facility designated by the director pursuant to RSA 171-A:20.

4 Exception Added. Amend RSA 171-A:5 to read as follows:

171-A:5 Voluntary Entry Into Service Delivery System.

I. Applications for service shall be made by the developmentally disabled person seeking such service, and all placements shall be voluntary. If the client is under the age of 18, the application for service may be initiated by a parent or legal guardian. If the client is over

the age of 18 and has been adjudicated incompetent by the probate court, the application for service may be initiated by the court-appointed guardian. If the screening evaluation by the area agency recommends the residential placement of a minor or of a legally incompetent person, the hearing procedures established by the division under RSA 171-A:6 and 10 shall apply.

II. Notwithstanding paragraph I, a person may be involuntarily admitted to the service delivery system pursuant to RSA 171-B.

5 Exception Added. Amend RSA 171-A:7 to read as follows:

171-A:7 Withdrawal from Service Delivery System. *Except for a person admitted involuntarily pursuant to RSA 171-B*, a client at any time may seek a change in placement or withdraw entirely from the service delivery system. A parent or legal guardian may seek a change of placement for or withdraw entirely a minor or ward in his custody at any time, unless such minor has reached the age of majority during such placement. The administrator shall notify the area agency of any such withdrawal and may, if appropriate, indicate in the client's record that such withdrawal was against professional advice.

6 New Paragraph; Termination of Service. Amend RSA 171-A:8 by inserting after paragraph IV the following new paragraph:

V. Notwithstanding this section, the administrator shall not terminate service to a person involuntarily admitted pursuant to RSA 171-B without prior approval of the director, except:

(a) Upon transfer of the person to another receiving facility or to the secure psychiatric unit; or

(b) Upon expiration of the order of commitment.

7 New Section; Transfer of Involuntary Admittees; Rules. Amend RSA 171-A by inserting after section 8 the following new section:

171-A:8-a Transfer of Involuntary Admittees; Rules.

I. A receiving facility to which a person is ordered for involuntary admission or to which such person has been transferred may transfer the person to another receiving facility if the receiving facility to which the person is to be transferred can better provide the degree of security and treatment required by the person. All transfers shall require the approval of the director or designee. The director shall adopt rules, pursuant to RSA 541-A, relative to transfer criteria and procedures for the challenge of transfer decisions by the persons so transferred.

II. Transfers to the secure psychiatric unit of involuntary admittees may be made pursuant to RSA 171-B:15.

8 New Subdivision; Involuntary Admission. Amend RSA 171-A by inserting after section 19 the following new subdivision:

Involuntary Admission

171-A:20 Receiving Facility; Rules. The director shall adopt rules, pursuant to RSA 541-A, relative to the criteria and procedures for designation of receiving facilities which receive persons for involuntary admissions under RSA 171-B. A receiving facility may be designated by the director for one or more purposes, including, but not limited to:

I. Receiving persons for involuntary admission directly pursuant to a court order; and

II. Receiving involuntarily admitted persons by transfer with the approval of the director or designee.

171-A:21 Discharge by Administrator.

I. When any person has been involuntarily admitted to a receiving facility pursuant to RSA 171-B or conditionally discharged pursuant to paragraph II of this section, the administrator of the receiving facility most recently providing services to the person may grant an absolute discharge to the person with the consent of the director or designee who has reviewed the person's situation, provided that the director or designee determines that an absolute discharge shall not create a potentially serious likelihood of danger to others or a potentially serious likelihood of substantial damage to real property. The administrator shall, in writing, immediately notify the court entering the original order of commitment and the attorney general that the person has been given an absolute discharge from the receiving facility. Upon receipt of the notice, the court shall make the notice part of the person's file and shall enter the discharge and date of discharge upon the docket.

II. The administrator of the facility may, with prior approval of the director or designee, grant a person, whose condition is not considered appropriate for absolute discharge, a conditional discharge.

171-A:22 Conditions of Conditional Discharge.

I. The administrator of a receiving facility may, with prior approval of the director or designee, grant a conditional discharge to any person who consents, by an informed decision, to participate in continuing services from an area agency, who agrees to be subject to any rules adopted by the director relative to conditional discharge, and who agrees to comply with the conditions of the discharge. The administrator of the facility or designee shall prepare, deliver a copy of, and read and explain to the person being conditionally discharged a written statement in clear and understandable language of the conditions of conditional discharge and a warning that violation of those conditions may result in revocation of the conditional discharge pursuant to RSA 171-A:23.

II. A conditional discharge shall not exceed the period of time remaining on the order of involuntary admission and shall become absolute at the end of its term, unless extended by the court.

171-A:23 Revocation of Conditional Discharge.

I. If an administrator at an area agency providing continuing services to a person conditionally discharged pursuant to RSA 171-A:22 or the administrator's designee reasonably believes that:

(a) The person has violated a condition of the discharge; or

(b) A condition or behavior exists as a result of which the person may pose a potentially serious likelihood of danger to others or a potentially serious threat of substantial damage to real property, the administrator or designee may conduct a review of the acts, behavior or condition of the person to determine if the conditional discharge shall be revoked. The review may be conducted only after the person has been given written and verbal notice of the belief, and the reasons for such belief, that a violation of the conditional discharge has occurred or other circumstance or condition exists which may result in a potentially serious likelihood of danger to others or a potentially serious threat of substantial damage to real property, and the person has been given an opportunity to provide information to the administrator or designee as to why the revocation should not occur.

II. If the person refuses or is otherwise unavailable for the review under paragraph I, the administrator or other representative of the area agency may sign a complaint for delivery of the person for the review. The complaint and the written notice required by paragraph I shall be provided to a law enforcement officer who shall take custody of the person and immediately deliver such person to the place specified in the complaint.

III. If the administrator or designee, following the review finds that either the person has violated a condition of the discharge or a condition or behavior exists as a result of which the person may pose a potentially serious likelihood of danger to others or a potentially serious threat of substantial damage to real property, he or she may temporarily revoke the conditional discharge. If the conditional discharge is temporarily revoked, the administrator or designee shall inform the person affected verbally and in writing, giving the reasons for the revocation and shall identify the receiving facility to which the person is to be delivered.

IV. A law enforcement officer shall take custody of the person whose conditional discharge was temporarily revoked under paragraph II and deliver the person, together with a copy of the notice and the reasons for the temporary revocation, to the receiving facility identified by the administrator or designee where the reasons for temporary revocation of the discharge shall be reviewed. Following such review, if the administrator of the receiving facility or designee finds that either the person conditionally discharged has violated a condition of the discharge or a condition or behavior exists as a result of which the person may pose a potentially serious likelihood of danger to others or a potentially serious threat of substantial damage to real property, the administrator or designee may revoke absolutely the conditional discharge and shall provide to the person written and verbal notice of the reasons for the absolute revocation. Following such revocation the person shall be subject to the terms and conditions of the order of involuntary admission from which conditional discharge was granted as if the conditional discharge had not been granted.

V. If the administrator or designee performing a review under paragraph III or paragraph IV finds no basis for temporary or absolute revocation of the discharge, the person shall be returned by the program or facility which has custody of the person to the location where the person was initially taken into custody or to another location agreed to by the person.

171-A:24 Review by Director; Appeal; Rules. A person whose conditional discharge is revoked pursuant to RSA 171-A:23 may appeal the decision to the director. The person shall be entitled to a hearing on the appeal, before the director or designee, within 5 days, excluding weekends and holidays, of the receipt of request for the hearing in accordance with rules adopted by the director pursuant to RSA 541-A. Such rules shall include provision for legal counsel and for waiver of the hearing.

171-A:25 Action for Discharge. Any person subject to an order for involuntarily admission pursuant to RSA 171-B:12 may file in probate court a petition setting forth such person's name, the underlying circumstances and date of the prior order of the court ordering such person's involuntary admission, a request for discharge from involuntary admission, and the reasons for such request. The petition shall be accompanied by the certificate of a physician, psychiatrist or psychologist with experience and training in mental retardation stating that the person is no longer in need of involuntary admission and setting forth the facts upon which such opinion is based. Upon receipt of the petition and the certificate, the court shall conduct a hearing pursuant to RSA 171-B.

171-A:26 Habeas Corpus. RSA 171-A:25 shall not be construed to deprive any person of the benefits of the writ of habeas corpus. If the court issuing the writ of habeas corpus grants relief, the court shall enter an order discharging the person and shall transmit a certified copy of it to the probate court entering the original order of involuntary admission. Upon receipt of the certified copy, the probate court shall enter an order finding that such person has been discharged by order of the court.

171-A:27 Custody and Transportation.

I. Any law enforcement officer shall take custody of persons who are subject to proceedings for involuntary admission under the following circumstances:

(a) Upon issuance by an administrator or designee of a complaint for delivery for review pursuant to RSA 171-A:23, II;

(b) Upon a determination to revoke a conditional discharge temporarily pursuant to RSA 171-A:23, III; or

(c) As necessary to ensure the presence of the person at hearings or examinations conducted under RSA 171-A or 171-B, to effect a transfer between receiving facilities, or to carry out any other lawful order of a court.

II. A law enforcement officer shall also transport any person taken into custody to the appropriate receiving facility, court, place of examination, or other location.

171-A:28 Duty to Transport. Upon request, the office of the sheriff of the county in which any person is located who is to be taken into custody in accordance with RSA 171-A:27 shall take such person into custody and transport that person to the appropriate destination.

171-A:29 Rights Guaranteed. All rights guaranteed by RSA 171-A to persons with developmental disabilities shall be retained by persons involuntarily admitted under RSA 171-B except where safety or security mandates restriction of such rights. Any restriction of rights under this section may be appealed to the director pursuant to rules adopted by the director under RSA 171-A:3.

9 New Chapter; Involuntary Admission for Persons Found Not Competent to Stand Trial. Amend RSA by inserting after chapter 171-A the following new chapter.

CHAPTER 171-B

INVOLUNTARY ADMISSION FOR PERSONS FOUND NOT COMPETENT TO STAND TRIAL

171-B:1 Jurisdiction. For proceedings under this chapter, jurisdiction is vested in the probate court in the county where the person sought to be admitted resides or is detained. For a person who is subject to an order for involuntary admission under this chapter, jurisdiction for a hearing held pursuant to this chapter is vested in the probate court for the county wherein the person is receiving services or where the receiving facility that has custody of the person

is located, unless the court making the initial involuntary admission order has specifically retained jurisdiction over such person. The probate court judge who presides at hearings held pursuant to this chapter shall be reimbursed at the same per diem rate as court appointed referees in superior court pursuant to RSA 519:15.

171-B:2 Involuntary Admission Standard. The standard to be used by a court, physician, psychologist or psychiatrist in determining whether a person should be admitted on an involuntary basis shall be whether:

I. The person has been charged with a felony involving serious bodily injury or the use of a deadly weapon, or with aggravated felonious sexual assault (other than pursuant to RSA 632-A:2, I(h)) or felonious sexual assault, or with arson pursuant to RSA 634:1, II or III;

II. A district court, superior court, or grand jury has found that probable cause exists that the person committed a felony as set forth in paragraph I;

III. The person is determined to be not competent to stand trial;

IV. The person has mental retardation; and

V. The person has a condition or behavior as a result of which the person poses a potentially serious likelihood of danger to others or a potentially serious threat of engaging in acts which would constitute arson as evidenced by a specific act or actions which may include such act or actions giving rise to the felony charge according to RSA 171-B:2, I.

171-B:3 Petition of Responsible Person. Only the attorney general, or designee, or the director of mental health and developmental services, or designee, may bring a petition for a hearing under RSA 171-B:4.

171-B:4 Petition. The petition for admission on an involuntary basis shall include:

I. The name of the person sought to be admitted and such person's last known address.

II. The specific facts that the petitioner alleges satisfy RSA 171-B:2.

III. A certificate from a physician, psychiatrist, or psychologist who shall have experience and training in mental retardation, who has examined the person and reviewed the condition or behavior of the person sought to be admitted within 10 days of the date the petition is filed and who agrees that, based on this examination, such person satisfies RSA 171-B:2, IV and V.

IV. The names and addresses of witnesses who can testify to the specific acts, conditions, or behaviors of the person sought to be admitted which the petitioner alleges will satisfy the requirements of RSA 171-B:2.

171-B:5 Hearing Date. The probate court judge of original jurisdiction shall, upon receipt of the petition, set a hearing date. The hearing shall be held within 20 days, excluding Saturdays, Sundays, and legal holidays, from the date of receipt of the petition.

171-B:6 Register to Send Copies of Petition. Subsequent to receipt of the petition for involuntary admission, the register of probate shall, within 2 days of receipt of the petition, forward 2 copies to the person sought to be admitted.

171-B:7 Examination. Upon receipt of the petition, the court shall order a person sought to be admitted to submit to an examination by a physician, psychiatrist, or a psychologist, who shall have experience and training in mental retardation, who is designated by the court. The expert so designated shall file with the court at least 7 days prior to the day of the hearing, a written report. The report shall include the examiner's opinions as to the following:

I. Whether the person sought to be admitted meets the standard in RSA 171-B:2, IV and V;

II. Whether involuntary admission is necessary; and

III. If I and II are met, the facility or program which can best provide the degree of security, services and treatment needed for the person.

171-B:8 Recommendations; Copy to Person. No later than 5 days prior to the day of the hearing, a copy of the report prepared pursuant to RSA 171-B:7 shall be made available to the petitioner, the person sought to be admitted and to such person's attorney.

171-B:9 Continuance. Either party may apply to the court for continuance of the hearing on a petition for involuntary admission which the court may grant for good cause shown.

171-B:10 Conduct of Hearing. At the hearing, the person whose mental condition is the subject of the hearing shall have the right to legal counsel, to present evidence on such person's own behalf, and to cross-examine witnesses. Such person shall also have the right to summon as witnesses the expert who filed the report pursuant to RSA 171-B:7 and to cross-ex-

amine the expert. The hearing shall be a public hearing. A transcript, which may, at the court's discretion, consist only of an audio recording, shall be made of the entire proceedings.

171-B:11 Change of Venue. In hearings held under this chapter, upon the request of the person sought to be admitted, a change of venue or transfer may be granted at the court's discretion.

171-B:12 Order of Court. If, after the hearing, the court finds by clear and convincing evidence that the person meets the standard set forth in RSA 171-B:2, the court shall order the person to submit to:

I. Treatment and services in a receiving facility within the state developmental services delivery system;

II. Treatment and services within the state developmental services delivery system other than in-patient treatment; or

III. Treatment and services in the secure psychiatric unit if the court determines that the programs and placements enumerated in paragraph I or II do not provide sufficient security and protection to the public.

171-B:13 Duration of Order. An order made pursuant to RSA 171-B:12 may be valid for up to 5 years. For the order to be renewed, another hearing shall be held pursuant to this chapter.

171-B:14 Amended Orders. The court issuing an order for involuntary admission to the state developmental services system shall retain jurisdiction of the case for the duration of the order. At any time during the period of such order, the director of the division of mental health and developmental services or designee may petition the probate court having jurisdiction for a hearing on whether the order should be amended or the person should be involuntarily admitted to a receiving facility or the secure psychiatric unit.

171-B:15 Transfers.

I. A person admitted to any receiving facility pursuant to this section may at any time be transferred by the administrator of the receiving facility to the secure psychiatric unit upon a determination that the person would present a serious likelihood of danger to self or to others if retained in any receiving facility. Any such transfer shall be subject to the provisions of RSA 622:45. No person shall be retained in the secure psychiatric unit longer than the period of involuntary admission ordered by the court under this chapter.

II. A person admitted to any receiving facility pursuant to this chapter may be transferred at any time to another receiving facility designated for that purpose by the director of mental health and developmental services when such receiving facility can provide the degree of security, service, and treatment needed by the person in accordance with rules established under RSA 171-A:8-a.

171-B:16 Conditions of Conditional Discharge. No person who is admitted to a receiving facility or to the secure psychiatric unit pursuant to this chapter shall be discharged, either absolutely or conditionally, prior to the expiration of the order of commitment without prior approval of the director of mental health and developmental services when the person is committed to a receiving facility, or the commissioner of the department of corrections, when the person is committed to the secure psychiatric unit. No person who is transferred to the secure psychiatric unit pursuant to RSA 171-B:15 shall be discharged or transferred from the unit prior to the expiration of the order of commitment without prior approval of the commissioner of the department of corrections.

10 Commitment. Amend RSA 622:45, 1 to read as follows:

I. Any person subject to an involuntary admission to the state mental health service system pursuant to RSA [135-B] *135-C or any person subject to involuntary admission pursuant to RSA 171-B* may at any time be transferred to the unit upon a determination that the person would present a serious likelihood of danger to himself or to others if admitted to or retained in a receiving facility in the state mental health services system. The admission to the unit may be ordered by:

(a) A probate court pursuant to RSA [135-B:26-41] *135-C:34-54*; or

(b) An administrator of a designated receiving facility to which a person has been involuntarily admitted pursuant to an involuntary emergency [hospitalization] *admission* or an involuntary admission[.];

(c) *A probate court pursuant to RSA 171-B or an administrator of a receiving facility to which a person has been involuntarily admitted pursuant to RSA 171-B.*

11 Discharge. Amend RSA 622:48, I(b) to read as follows:

(b) The commissioner or [his] designee may transfer to the state mental health services system, *or to the state developmental services delivery system only if the person was admitted or transferred to the unit pursuant to RSA 171-B*, any person admitted or transferred to the unit, pursuant to RSA 622:45, I, upon a determination that the person no longer presents a serious likelihood of danger to [himself] *self* or others if *such person were to be* confined within a receiving facility in the state mental health services system *or the state developmental services delivery system*. If the director objects to a proposed transfer, the commissioner and the director may agree to have the disagreement resolved by a mutually acceptable third party, *or if none is acceptable, by the attorney general*.

12 Appropriations.

I. The sum of \$44,232 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of corrections for the purposes of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

II. Such funds as are required to comply with RSA 171-B:12, I and II are hereby appropriated, subject to the prior approval of the fiscal committee and the governor and council. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

13 Applicability. The provisions of this act shall apply to acts leading to a felony charge which occur on or after the effective date of this act.

14 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill establishes a procedure to be used for involuntary civil commitment for persons charged with serious felonies who have mental retardation and who are found to be not competent to stand trial.

Report adopted and referred to Appropriations.

SB 788-FN-LOCAL, relative to alternative fuel motor vehicles. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Environment and Agriculture: SB 788, as amended, will allow New Hampshire to comply with two federal acts: The Clean Air Act and the Energy Policy Act. Both federal acts have different goals and fashioning acceptable public policy has required the best efforts of the Governor's Energy Office, the Department of Environmental Services and a House/Senate Study Committee. The amendment does several things that will lessen the burden of compliance on municipal, private, utility and State fleets: postpone implementation by one year, allow use of reformulated gasoline for heavy duty vehicles instead of alternative fuels, and exempt fleets of 50 or fewer vehicles. The Clean Air Act required coverage of fleets of 10 or more vehicles, or a substitute program. SB 788 as proposed, is such an acceptable substitute program. This program will be less burdensome to both private and public fleets because fleets between 10 and 50 vehicles will not be covered. Vote 12-4.

Amendment (6001B)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that New Hampshire:

I. Regularly violates restrictions on ground-level ozone.

II. Relies on imported oil for the majority of its gasoline.

III. Shall benefit from a unitary statutory program relative to alternative fuel motor vehicles which shall act as a substitute program for the clean fuel fleet requirements of the National Energy Policy Act of 1992 and the Clean Air Act, as amended.

IV. Desires to promote economic development.

V. Is required to comply with provisions of the National Energy Policy Act of 1992 and the Clean Air Act, as amended, relative to clean fuel fleets.

2 New Chapter; Alternative Fuel Motor Vehicles. Amend RSA by inserting after chapter 125-J the following new chapter.

CHAPTER 125-K ALTERNATIVE FUEL MOTOR VEHICLES

125-K:1 Definitions. In this chapter:

I. "Alternative fuel" means the following fuels if vehicles operated on such fuels meet ILEV standards or transitional ILEV standards until the year 2000: methanol, denatured ethanol, and other alcohols; mixtures containing 70 percent or more by volume of methanol, ethanol, or other alcohols with gasoline or other fuels; natural gas; liquefied petroleum gas (LPG or propane); hydrogen; coal-derived liquid fuels; fuels derived from biological materials; and electricity.

II. "Commissioner" means the commissioner of the department of environmental services.

III. "Conversion vehicle" means a vehicle originally designed and intended to operate on either gasoline or diesel fuel that has been converted to operate on an alternative fuel.

IV. "Covered fleet" means:

- (a) A municipal or private fleet of 50 or more vehicles;
- (b) The New Hampshire portion of all federal fleets;
- (c) The state fleet; or
- (d) A utility or fuel supplier fleet of 10 or more vehicles.

V. "Department" means the department of environmental services.

VI. "Emissions reduction credits" means "emissions reduction credits" as defined in RSA 125-J:1, VI.

VII. "Federal fleet" means light or heavy duty motor vehicles, located or operated within the state of New Hampshire that are centrally fueled or capable of being centrally fueled and are owned, operated, leased, or otherwise controlled by or assigned to any federal executive department, general services administration, government corporation, independent authority or executive agency, the United States Postal Service, the United States Congress, the courts of the United States, or the Executive Office of the President. Such term does not include:

- (a) Motor vehicles held for lease or rental to the general public.
- (b) Law enforcement vehicles.
- (c) Emergency motor vehicles.
- (d) Motor vehicles acquired and used for military purposes that the Secretary of Defense has certified to the Secretary of Energy must be exempt for national security reasons.
- (e) Non-road vehicles, including farm and construction vehicles.

VIII. "Fleet operator" means a person that owns, operates, leases, or otherwise controls a covered fleet.

IX. "Fuel supplier" means any person engaged in the importing, refining, or processing of crude oil to produce motor fuel, any person engaged in the importation, production, storage, transportation, distribution, or sale of alternative motor fuel, and any person engaged in generating, transmitting, importing, or selling electricity at wholesale or retail.

X. "Gross vehicle weight rating" or "GVWR" means the value specified by the manufacturer as the maximum loaded weight of a single vehicle or registered gross weight rating, whichever is greater.

XI. "Heavy duty vehicle" means a vehicle with a gross vehicle weight rating of at least 8,501 pounds and not more than 26,000 pounds.

XII. "Inherently low emission vehicle" or "ILEV" means a vehicle meeting the EPA standard specified in 40 CFR Part 88, or, until model year 2000, a transitional ILEV.

XIII. "Light duty vehicle" means a vehicle with a gross weight rating of 8,500 pounds or less.

XIV. "Municipal fleet vehicles" means the aggregate collection of light or heavy duty motor vehicles owned, operated, leased, or otherwise controlled by or assigned to any municipal department, agency, commission, government corporation, independent establishment or executive agency or the courts of the municipality, that are centrally fueled or capable of being centrally fueled. Such term does not include:

- (a) Motor vehicles held for lease or rental to the general public.
- (b) Law enforcement vehicles.

(c) Emergency motor vehicles.

(d) Non-road vehicles, including farm and construction vehicles.

XV. "Non-road equipment" means farm and construction vehicles, off-highway recreation vehicles as defined in RSA 215-A, motor boats, lawn and garden equipment, chain saws, and any other non-road equipment designated by the commissioner.

XVI. "Private fleet" means light or heavy duty motor vehicles owned, operated, leased, or otherwise controlled by or assigned to a company registered and located in the state of New Hampshire that are centrally fueled or capable of being centrally fueled. Such term does not include:

(a) Motor vehicles held for lease or rental to the general public.

(b) Motor vehicles held for sale by motor vehicle dealers, including demonstration motor vehicles.

XVII. "State fleet" means the aggregate collection of light or heavy duty motor vehicles owned, operated, leased, or otherwise controlled by or assigned to any state department, agency, commission, government corporation, independent authority or executive agency, or the university system of New Hampshire or the governor that are centrally fueled or capable of being centrally fueled. Such term does not include:

(a) Motor vehicles held for lease or rental to the general public.

(b) Law enforcement vehicles.

(c) Emergency motor vehicles.

(d) Motor vehicles acquired and used for military purposes that the adjutant general has certified to the governor and executive council must be exempt for national or state security reasons.

(e) Non-road vehicles, including farm and construction vehicles.

XVIII. "Transitional ILEV" means a bi-fuel, dual fuel, or flexible fuel vehicle, operated on alternative fuels at a percentage established by the commissioner, or a conversion vehicle operated on a dedicated alternative fuel.

XIX. "Utility fleet" means a fleet owned, operated, leased, or controlled by a company, the business of which is selling, distributing, or manufacturing an alternative fuel.

125-K:2 Fleet Operator Purchase of Inherently Low Emission Vehicles Required.

I. A fleet operator of a covered fleet shall, when purchasing vehicles, purchase ILEVs based upon the following percentages:

	Light Duty Vehicles (8,500 or less GVWR)	Heavy Duty Vehicles (8,501-26,000 GVWR)
(a) Utilities		
1997	30 percent	
1998	50	50 percent
1999	70	50
2000	90	50
thereafter	90	50
	Light Duty Vehicles (8,500 or less GVWR)	Heavy Duty Vehicles (8,501-26,000 GVWR)
(b) Federal		
1995	25 percent	25 percent
1996	50	50
1997	66	66
1998	75	75
1999	90	90
thereafter	90	90
(c) State		
1997	15 percent	0 percent
1998	30	50
1999	50	50
2000	75	50
thereafter	75	50

(d) Municipal and Private Fleets

1998	0 percent	50 percent
1999	30	50
2000	50	50
2001	70	50
thereafter	70	50

II. Excess and advance vehicle purchases may be banked for use against future purchase requirements.

III. Until model year 2000, heavy duty vehicles of municipal and private fleets may meet the requirements of RSA 125-K:2, I(d) with a certified vehicle and fuel combination that meets or exceeds the federal clean fuel fleet standards. These vehicles shall be eligible for vehicle purchase credits under paragraph II, but not emission reduction credits if they operate on any fuel containing more than 50 percent gasoline or diesel, and shall be considered transitional ILEV vehicles. Based on evaluation of state and federal requirements, and the state's need to comply with the Clean Air Act Amendments of 1990 and National Energy Policy Act, the clean fuel fleet advisory committee shall make recommendations to the commissioner regarding the following:

- (a) Whether to extend this provision for the model year 2000 or beyond;
- (b) Whether to apply fleet purchase requirements to a greater number of fleets;
- (c) Whether to adjust the program implementation, definitions, or purchase requirements to be consistent with New Hampshire's state implementation plan, air quality standards, and energy independence goals; and
- (d) Methods to improve the infrastructure for refueling vehicles which operate on alternative fuels.

125-K:3 Exemptions. Covered fleet operators shall be exempt from the requirements under RSA 125-K:2 for the purchase of the following vehicles:

- I. Emergency vehicles.
- II. Electric utility vehicles until model year 1998.
- III. Law enforcement vehicles.
- IV. Vehicles held on lease or rental to the general public.
- V. Vehicles incapable of central refueling.
- VI. Vehicles more than 26,000 GVWR.

125-K:4 Program Modification.

I. The commissioner, in consultation with the clean fuel fleet advisory committee, may modify the requirements of the state's clean fuel fleet program established by this chapter to achieve the emission reduction targets needed to comply with the Clean Air Act, as amended and the energy independence goals needed to comply with the National Energy Policy Act. This may include the extension or modification of transitional ILEV provisions.

II. The commissioner may, in consultation with the clean fuel fleet advisory committee, require that after December 31, 1999, covered fleets include fleets of less than 50 vehicles if necessary to comply with the Clean Air Act, as amended.

125-K:5 Emissions Reduction Credits. Emissions reductions generated by the purchase and use of ILEVs which exceed the requirements of this chapter shall be eligible for certification as emission reduction credits under RSA 125-J, or for use as vehicle purchase credits under RSA 125-K:2, II. Provided that fleet operators satisfy all of the requirements of this chapter and RSA 125-J and the rules adopted thereunder, the department shall certify emission reduction credits for the following:

- I. Purchasing ILEVs earlier than required.
- II. Purchasing excess ILEVs.
- III. Purchasing ILEVs by non-covered fleets.
- IV. Purchasing ILEVs for exempt vehicles.
- V. Converting non-road vehicles.
- VI. Converting in-use vehicles.
- VII. Purchasing vehicles exceeding the ILEV standards.
- VIII. Purchasing California certified low emission vehicles.

125-K:6 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

I. Standards for ILEVs and transitional ILEVs consistent with state and federal requirements. Standards shall provide for bi-fuel, alternative fuel, and conversion vehicles until model year 2000.

II. Certification procedures for conversion vehicles beginning with model year 2000.

III. A system of reporting and monitoring fleets to include at a minimum individual fleet size, weight class of vehicles, location of fleet, new vehicle purchases, and fuel usage information.

IV. Procedures adequate to insure compliance, uniform enforcement, and effective implementation.

V. The commissioner, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of this chapter. Rehearings and appeals from a decision of the commissioner under this section shall be in accordance with RSA 541. Any administrative fine imposed under this section shall not preclude the imposition of further penalties under this chapter.

125-K:7 Penalty. Any person in violation of this chapter shall be guilty of a misdemeanor.

125-K:8 Clean Fuel Fleet Advisory Committee.

I. There is established a clean fuel fleet advisory committee. The members of the committee shall be as follows:

- (a) Two members of the senate, appointed by the president of the senate.
- (b) Two members of the house of representatives, appointed by the speaker of the house.
- (c) Two public members, appointed by the governor.
- (d) The chairperson of the public utilities commission, or designee.
- (e) The commissioner of the department of transportation, or designee.
- (f) The commissioner of the department of safety, or designee.
- (g) The commissioner of the department of environmental services, or designee.
- (h) The director of the governor's office of energy and community services, or designee.

II. Chairperson; Meetings; Quorum. The committee shall elect a chairperson from among its members at its first meeting. The first meeting shall be called by the senate members within 30 days after the effective date of this act. The public member shall have a 3 year term. Legislative members' terms shall be co-terminous with their 2-year legislative term.

III. The committee shall perform an ongoing evaluation of the effectiveness of the clean fuel fleet program and report its findings and recommendations to the commissioner, the governor and council, the speaker of the house, the senate president, the house environment and agriculture committee and the senate environment committee by October 1 of each year.

IV. The committee shall also review and make recommendations to the commissioner on any proposed rules to be adopted under RSA 125 K:6.

V. Mileage. Members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to their duties on the committee.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires certain utilities and federal, state, municipal and private entities to purchase a certain percentage of alternative fuel vehicles.

This bill authorizes the department of environmental services to establish an emissions reduction credit program by which certain persons may apply for, be credited with, hold and transfer emissions reduction credits for purchasing certain alternative fuel vehicles.

This bill also establishes a committee to evaluate the effectiveness of the clean fuel fleet program.

Adopted.

Report adopted and referred to Appropriations.

SPECIAL ORDER

SB 534, relative to condominium common assessments. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Matthew J. Newland for the Majority of Commerce, Small Business and Consumer Affairs: SB 534 provides local control to the condominium owners board of directors with the ability to suspend privileges/services provided by the condominium associations (i.e., unit owners). It also provides enabling legislation to allow the condominium unit owners to vote to collect up to six months common expense assessments. Vote 12-3.

Rep. Thea Braiterman for the Minority of Commerce, Small Business and Consumer Affairs: The language of this bill allows the board of directors of a condominium association to cut off "any and all services normally supplied by the association" to any condominium unit owner who becomes delinquent in paying his condominium assessment and fees, "notwithstanding any law ... to the contrary." This allows the condominium association to cut off water, heat, electricity and sewage facilities. The minority feels that the language of the bill needs to be amended so that the condominium association can penalize a delinquent assessment payer without jeopardizing the health and safety of that unit's residents.

The Committee offered a floor amendment.

Floor Amendment (6100B)

Amend RSA 356-B:46, IX as inserted by section 1 of the bill by replacing it with the following:

IX. Notwithstanding any law, rule, or provision of the condominium declaration, bylaws, or rules to the contrary, the unit owners' association may authorize pursuant to RSA 356-B,

its board of directors to, after 30 days' prior written notice to the unit owner and unit owner's first mortgagee of nonpayment of common assessments, terminate the delinquent unit's common privileges and cease supplying a delinquent unit with any and all services normally supplied or paid for by the unit owners' association. Any terminated services and privileges shall be restored upon payment of all assessments.

AMENDED ANALYSIS

The bill gives the board of directors of a condominium unit owners' association the ability to suspend common privileges and certain services if unpaid assessments are outstanding.

The bill also allows such associations to collect an amount of up to 6 months' common expense assessments and apply such amount if a unit owner defaults on the unit's assessments. Reps. Newland and Braiterman spoke in favor.

Adopted.

Report adopted and ordered to third reading.

COMMITTEE REPORTS

REGULAR CALENDAR

SB 599-FN, establishing a board of ophthalmic dispensing, and relative to the board's fees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John J. Sytek for the Majority of Executive Departments and Administration: In the beginning, opticians escaped the gaze of state regulation. Previous legislatures have considered bills like this one to license opticians. While these attempts were rejected as being too restrictive, a compromise measure to provide registration became law in 1990. This mechanism has worked successfully. The committee did not hear any testimony that there existed or was developing a pattern of complaints or abuse. Nor was the majority of the committee persuaded that there was any prospective harm likely if this bill did not pass. Our shared, everyday experience is steady testimony that the people we know do not complain about their opticians - unlike other professionals with whom they deal. The committee also heard testimony that no state has adopted licensing in the past 13 years (21 states presently license opticians). After a four-year successful track record, the committee did not feel that further state regulation of opticianry was warranted at this time. Vote 9-7.

Rep. Robert P. Asselin for the Minority of Executive Departments and Administration: It is the opinion of the minority that licensure of ophthalmic dispensers (opticians) is appropriate, and needed, at this time. Testimony for licensure is supported by independent N.H. opticians, and by the N.H. Medical Society to insure the consumer that adequate qualifications of education and experience are required of these professional practitioners. The only opposition to licensure was presented by the so-called "chain stores".

Rep. Asselin moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Reps. John Sytek and Groves spoke against and yielded to questions.

Rep. Dunn spoke in favor.

Rep. Bonnie Packard spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

and the motion failed.

Report adopted.

Rep. Lozeau voted yea and intended to vote nay.

SB 668-FN-L, abolishing the New Hampshire retirement system special reserve account.
MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. William F. Kidder for the Majority of Executive Departments and Administration: The provisions of this bill were rejected last year by the whole house (SB 181) and also in a Committee of Conference (HB 200). While the committee is sympathetic to giving excess earning to retirees, the majority of the committee takes the position that the financial integrity of the overall retirement system is of paramount importance. Vote 8-5.

Rep. Cynthia A. McGovern for the Minority of Executive Departments and Administration: The special reserve account of the NH Retirement System is not necessary. The money in the reserve account belongs to the present and future retirees of the system. It is an account that currently is not used, and is in fact frozen and cannot be used because of the peculiar method under which it was established. By eliminating the special reserve account we free up the money for COLAs and other benefits for retirees.

Rep. McGovern moved that the words, Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Reps. Dyer, Langer and Kathleen Ward spoke against.

Rep. LaMott requested a quorum count. The Speaker declared a quorum present.

Reps. LaMott and Reidy spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

SB 593-FN, relative to the authority of advanced registered nurse practitioners to possess, compound, prescribe, administer, or dispense controlled and noncontrolled drugs to patients and making an appropriation therefor. **OUGHT TO PASS**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: This bill adds advanced registered nurse practitioners to the list of physicians, dentists and veterinarians who are allowed to possess, compound, prescribe, administer or dispense controlled and noncontrolled drugs to patients. The bill also makes an appropriation to the board of nurses registration for transfer to the pharmacy commission. Vote 15-0.

Adopted and referred to Executive Departments and Administration.

SB 709-FN, relative to changes mandated by OBRA and repealing a statute in conflict with the children's health plan. **OUGHT TO PASS**

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: As OBRA (Omnibus Budget Reconciliation Act of 1993) mandates, so must the State of New Hampshire change: 1) a universal vaccine distribution program already in place in New Hampshire; 2) reducing to age 55 (from 65) when medical assistance furnished by the state will create a lien against the estate of the recipient or recipient's spouse. A third and important part of this bill repeals the 150 percent of poverty level for pregnant women and children, raised last year to 170 percent and would raise the level more to 185 percent when SB 774, part of HB 1050 health plan, is passed. Vote 15-0.

Adopted and referred to Appropriations.

SB 723-FN-L, expanding the AFDC emergency assistance program to provide federal matching funds for certain general assistance expenditures made by cities and towns. **OUGHT TO PASS WITH AMENDMENT**

Rep. Katharin Pratt for Health, Human Services and Elderly Affairs: This bill, as amended, directs the director of human services to develop a proposal to expand the emergency assistance program under Title IV-A of the Social Security Act in such a way that 1) maximizes federal matching funds for services otherwise funded completely with local general assistance money; 2) is cost neutral to the state and 3) does not violate Part I, Article 28-a of the New Hampshire Constitution. This proposal must be submitted to the speaker and Senate president by October 1, 1994. Vote 17-0.

Amendment (5868B)

Amend the title of the bill by replacing it with the following:

AN ACT

requiring the director of the division of human services to submit
a proposal for expanding the emergency assistance program
under Title IV-A of the Social Security Act to include
certain non-AFDC eligible households.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings, Purpose, and Intent.

I. The emergency assistance program under Title IV-A of the Social Security Act authorizes federal matching dollars for emergency assistance provided to needy families with children. A significant portion of the general assistance expenditures of New Hampshire's cities and towns under RSA 165 consists of emergency assistance, including aid with shelter, utilities, food and other basic needs, to needy families with children. Because these expenditures are of the nature of emergency assistance to households which include a needy child under the age of 21, and otherwise fall within the emergency assistance requirements of 45 C.F.R.

section 223.120, there is no reason not to seek to bring federal funds into the state to match these ongoing local expenditures. Until recently, New Hampshire's emergency assistance program, which is administered by the division of human services, was limited to AFDC-eligible families experiencing emergencies related to homelessness or unsafe or unhealthy living conditions. Effective July 1, 1993, the emergency assistance program was expanded to recognize emergencies of child abuse, neglect, or abandonment, or the imminent risk of a child's removal from the home. By this means, certain social services provided through the division for children and youth services should now qualify as emergency assistance under Title IV-A of the Social Security Act, thus enabling the state to get a 50 percent federal match for those services.

II. The purpose of this act is to develop a proposal for expanding eligibility for the emergency assistance program to include non-AFDC households with needy children that are poor and unable to support themselves as set out in RSA 165:1, 1, thereby allowing a federal match to be obtained for services that would otherwise be funded completely with local, general assistance dollars. Under this expanded program, the division would determine eligibility, certify that the applicant qualifies for emergency assistance, and draw down the federal match. The non-federal share of the emergency assistance provided would be the liability of the cities and towns. In this way, this act is intended to lay the groundwork for creating a program which is virtually revenue and cost neutral to the state, but which would reduce the costs to municipalities of providing general assistance to needy, non-AFDC eligible families with children by approximately 1/2. It is intended that the program would be implemented in such a way as to minimize the extent to which established procedures for administering general assistance must be altered and maximize the extent to which federal matching funds are obtained for services otherwise funded completely with local, general assistance dollars. It is also intended that the program would be implemented in such a way as to avoid creating significant additional administrative or other barriers to receiving assistance for low-income, needy families with children.

2 Proposal for Expanding Emergency Assistance. The director of the division of human services shall submit to the speaker of the house and the president of the senate, and shall make copies available to all interested persons, a proposal for expanding the emergency assistance program under Title IV-A of the Social Security Act to include non-AFDC eligible households with children that meet the general assistance standard set out in RSA 165:1, 1 of being poor and unable to support themselves. This proposal shall be developed in consultation with representatives from the New Hampshire Municipal Association, the New Hampshire Local Welfare Administrators Association, and New Hampshire Legal Assistance. The proposal shall outline a plan for expanding the emergency assistance program which, to the greatest extent possible, meets the following criteria:

- (a) Maximizes the extent to which federal matching funds are obtained for services otherwise funded completely with local, general assistance dollars;
- (b) Is cost neutral to the state;
- (c) Credits local, municipal payments to the state's share of Title IV-A funds;
- (d) Minimizes the extent to which established procedures for administering general assistance must be altered;
- (e) Avoids creating significant additional administrative or other barriers to receiving assistance for low-income, needy families with children; and
- (f) Does not violate Part I, Article 28-a of the New Hampshire Constitution.

3 Proposal; Timeframe. The proposal required by section 2 of this act shall be completed and submitted to the speaker of the house and the senate president by October 1, 1994.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the director of the division of human services to develop a proposal to expand the emergency assistance program under Title IV-A of the Social Security Act to allow a federal match to be obtained for assistance that is currently funded completely with local, general assistance dollars.

Adopted.

Report adopted and ordered to third reading.

SB 753-FN-A-L, relative to promoting economic self-sufficiency for families receiving AFDC. OUGHT TO PASS WITH AMENDMENT

Rep. Patricia M. O'Keefe for Health, Human Services and Elderly Affairs: This bill allows the Division of Human Services to revise certain restrictions and penalties in AFDC policy that discourage AFDC recipients from becoming self-sufficient. Assisting families in the transitional stage from public aid to the work force is one of the first important steps in welfare reform in New Hampshire. This bill also provides for the simplification and streamlining of eligibility determination procedures to decrease administrative costs and error rates. Vote 18-0.

Amendment (5954B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to promoting economic self-sufficiency for families receiving AFDC and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Economic Self-Sufficiency for AFDC Recipients. Amend RSA 167 by inserting after section 68 the following new subdivision:

Economic Self-Sufficiency for AFDC Recipients

167:69 Findings and Purpose. The general court finds that elements of the New Hampshire program for Aid to Families with Dependent Children (AFDC) have caused members of families receiving AFDC who attempt to enter the workforce to face program penalties at a time when they should be receiving program support. Poor families can best be assisted in making a successful transition from public assistance to self-sufficiency when programs remove barriers and penalties for those who struggle for a better way of life for themselves and their children. Such persons should be provided financial and other self-development supports, including a range of educational and vocational training options needed to target well-paying employment opportunities. The following measures are intended to improve the rate at which low-income families are able to make the transition from public assistance to employment that produces a living wage. The following measures also simplify and streamline the AFDC eligibility determination process to decrease administrative costs and error rates and to allow greater agency focus on promoting long term self-sufficiency.

167:70 Rulemaking. The director of the division of human services shall adopt rules pursuant to RSA 541-A which:

I. Make available an additional year of child day care and transportation assistance for post-secondary education to JOBS program participants who have received the limit of support services under state policy as it existed in January 1, 1994, if job development and placement and job search activities are not sufficient to secure employment that produces a total household net income that meets the basic living needs of the household, and if it is determined that such additional assistance is consistent with the employability plan and would materially enhance the probability of securing adequate employment;

II. Provide additional work-related support services with JOBS funds to help families meet extra expenses that accrue when a member begins employment. Specifically, in addition to providing assistance with supplies, tools of the trade, and required uniforms or specialized clothing, assistance with one-time work-related expenses for auto repair or registration and other transportation costs shall also be provided;

III. Provide 90 days of case management and transitional support services when a family in the JOBS program exits AFDC due to earnings;

IV. Extend the special reimbursement rates for child care expenses paid to or on behalf of AFDC financial assistance recipients to households leaving AFDC due to increased earnings for a period of 12 months after leaving AFDC;

V. Extend AFDC-UP (Unemployed Parent) transitional assistance for a 6 month period after a principal wage earner begins working 100 hours or more a month if the family is still financially eligible for AFDC; and,

VI. Consolidate the shelter component and the maintenance component of the AFDC standard of need and payment standard, to simplify eligibility determination, reduce error rates, and to allow those who manage to save on their housing costs to realize a financial benefit from so doing.

VII. Provide non-mandatory support groups and mentoring assistance for persons participating in the JOBS program, newly employed AFDC recipients and persons whose AFDC has been terminated within the last 12 months due to earnings. The support groups and mentoring assistance shall provide assistance and support in such areas as benefits planning, parenting while working, budgeting, and negotiating conflicts at home and in the workplace.

VIII. To the extent that federal law permits, the director of the division of human services shall also adopt rules pursuant to RSA 541-A which implement, as a component of the JOBS program, or the successor to the JOBS program, an option that allows AFDC recipients to fulfill JOBS requirements and receive JOBS services by participating in a privately administered and state approved self-employment investment program that provides small business loans of up to \$5,000 to enable participants to start micro-businesses, including in-home businesses. Participants shall receive case management, self-employment training and technical assistance, and supportive services funded through the JOBS program. The division of human services shall allocate, on an annual basis, \$250,000 for the purpose of funding case management, self-employment training and technical assistance, supportive services, and loan administration services. These services may be provided on a contract basis by private, non-profit agencies with access to loan capital. The director is authorized to seek, apply for, and receive private grants or charitable contributions in support of this program. Included in such rules shall be measures to:

(a) Allow individuals to set up a separate business bank account that is excluded from countable resources.

(b) Exclude business assets in determining resources under the asset limit.

(c) Allow self-employed individuals to use the accrual method of accounting, so that money in a bank account can be carried over and excluded from countable income as long as it can be matched with legitimate payables or forthcoming expenses, or saved in an unencumbered cash reserve, to be used for future investment in the business.

(d) Modify the definitions of "capital assets" and "tools of the trade" to allow self-employed individuals the maximum flexibility in acquiring assets.

2 Appropriation. The sum of \$1,500,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of health and human services, division of human services, for the purposes of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill grants the director of the division of human services the authority to adopt rules to eliminate certain penalties, restrictions and complexities in AFDC policy which may impede the efforts of adult recipients of AFDC to qualify for and obtain employment that will produce a living wage. This bill provides for the simplification of AFDC eligibility determination procedures to decrease administrative costs and error rates.

This bill also requires that AFDC rules be amended to permit more AFDC recipients to participate in privately administered self-employment investment programs.

This bill makes an appropriation to the department of health and human services, division of human services, for the purposes of this act.

Adopted.

Report adopted and referred to Appropriations.

SB 779-FN, revising the composition of the health services planning and review board and requiring the development of a state health plan. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Maxwell D. Sargent for the Majority of Health, Human Services and Elderly Affairs: The majority of the committee felt that section I of this bill is addressed in other bills. The certificate of need section, with which the committee had general consensus, might also be addressed in another bill, which was sent to interim study. Therefore, it was agreed that this bill too should be studied. Vote 11-7.

Rep. Alphonse A. Haettenschwiler for the Minority of Health, Human Services and Elderly Affairs: The seven members of the committee who voted against interim study believe

that it is urgent to change the structure of the Health Services Planning and Review Board. Requiring the commissioner of Health and Human Services to develop a state health plan does not impose a new burden on the commissioner. The minority believes interim study does nothing but delay necessary action.

Rep. Haettenschwiler moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Refer for Interim Study, spoke in favor and yielded to questions.

Rep. Sargent spoke against.

On a division vote, 95 members having voted in the affirmative and 207 in the negative, the motion failed.

Report adopted.

SB 787-FN-A, relative to dental coverage for adults under the Medicaid program and making an appropriation therefor. **OUGHT TO PASS**

Rep. Alson W. Brown for Health, Human Services and Elderly Affairs: The committee enthusiastically and unanimously passed this bill because its time has truly come. Adult dental care for many Medicaid recipients will allow the improvement in self image, general health, and positive economic and social conditions. The needy will be able to feel good about themselves and be welcomed into the work and social environments. Vote 19-0.

Rep. Gorman moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass, spoke in favor and yielded to questions.

Reps. Robert Foster and Katherine Wheeler yielded to questions.

Rep. David Young spoke in favor and yielded to questions.

Rep. Alson Brown spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

SB 734, relative to fireworks. OUGHT TO PASS WITH AMENDMENT

Rep. David A. Welch for Public Protection and Veterans Affairs: The committee has now reached an agreement and on an 11-2 vote adopted the floor amendment I was going to propose to the body. That floor amendment was printed April 19 in House Record 50 on page 1636. That amendment is now designated as the Committee amendment and appears in today's Record.

Amendment (6026B)

Amend the bill by replacing all after the enacting clause with the following:

1 Definition Clarified. RSA 160-B:1, II and III are repealed and reenacted to read as follows:

II. "Class B special fireworks" means display fireworks as defined by United Nations designation 0335,1.3G and 49 CFR section 173.50 to 173.53.

III. "Class C common fireworks" means consumer fireworks as defined by United Nations designation 0336,1.4G and 49 CFR section 173.50 to 173.53.

2 Denials and Suspensions of Licenses. Amend RSA 160-B:6, III to read as follows:

III. The state license may be issued to an applicant who, at the time such license is issued, possesses a permit issued in accordance with title 18, United States Code, governing fireworks and a permit issued pursuant to RSA 160-B:6, I. No license shall be issued for the sale of fireworks unless the applicant establishes that it will locate its business in a permanent structure which meets all applicable fire safety codes, building codes, zoning codes, and the requirements of local ordinances. No license for the sale of fireworks shall be issued to *or held by* any person who has been convicted of a felony if the felony has not been annulled by a court of record [or to any person who has been convicted of any offense involving fireworks or explosives or who has been found to have violated any fireworks or explosives laws, rules, or regulations]. *If a person has been convicted of a violation or misdemeanor involving fireworks or explosives which has not been annulled by a court of record, or if a person has been determined at a hearing to have violated any fireworks or explosives laws, rules or regulations, the commissioner may deny or suspend a license for such period as the commissioner deems appropriate, but not to exceed the term of a license.* No license shall be issued to any person under 21 years of age.

3 Expansion of Definition of Fireworks. Amend RSA 160-B:8, III to read as follows:

III. Expanding the definition of fireworks to cover any other devices used for the purpose of producing a visible or an audible effect by combustion, deflagration, or detonation which are not covered by the federal regulations governing class B and class C fireworks but which are deemed by the commissioner, *with the concurrence of a majority of the permissible fireworks review committee established in RSA 160-B:23*, to constitute a threat to public safety.

4 New Paragraphs; Reinstatement of Repealed Paragraph; Rulemaking Added. Amend RSA 160-B:8 by inserting after paragraph V-a the following new paragraphs:

V-b. A list of all types or models of permissible fireworks which meet the requirements of RSA 160-B:1, V-b, if he deems it feasible and appropriate.

V-c. Further classifications of permissible fireworks pursuant to RSA 160-B:23.

5 New Subdivision; Permissible Fireworks Reinstatement; Permissible Fireworks Review Committee. Amend RSA 160-B by inserting after section 19 the following new subdivision:

Permissible Fireworks

160-B:20 Sales of Permissible Fireworks Allowed. Notwithstanding RSA 160-B:2, a person who is licensed pursuant to RSA 160-B:6 may sell permissible fireworks to a person 21 years of age or older. Any person who sells permissible fireworks shall not mix permissible fireworks with any other fireworks when displaying them for sale. Any person who sells permissible fireworks shall post in a conspicuous place on the sales premises a list, prepared by the commissioner, of all municipalities in the state where the display or possession of permissible fireworks is prohibited.

160-B:21 Possession and Display of Permissible Fireworks. Notwithstanding RSA 160-B:4, a person who is 21 years of age or older may possess permissible fireworks except in a municipality which has voted to prohibit possession pursuant to RSA 160-B:10. Notwithstanding RSA 160-B:3, a person who is 21 years of age or older may display permissible fireworks on private property with the written consent of the owner or in the owner's presence or as authorized by RSA 160-B:7, except in a municipality which has voted to prohibit display pursuant to RSA 160-B:10.

160-B:22 Distribution of Pamphlet Required. Any person engaged in selling permissible fireworks shall provide to the purchaser a pamphlet, approved by the commissioner, detailing the appropriate and safe use of the permissible fireworks being sold.

160-B:23 Permissible Fireworks Review Committee.

I. There is hereby established a permissible fireworks review committee. The composition of this committee shall be as follows: one senator, appointed by the senate president; one representative, who shall be a member of the house public protection and veterans affairs

committee, appointed by the speaker; the director of the division of state police or designee; the director of fire service or designee; 2 members representing the fireworks industry, appointed by the governor; and one member representing the New Hampshire Association of Fire Chiefs, appointed by the governor. The term of office of each member appointed by the governor shall be 2 years and until a successor is appointed and qualified; provided that the first appointments of these 3 members shall be as follows: one for one year, one for 2 years and one for 3 years. The other members of the committee shall serve terms coterminous with their terms in office. Vacancies shall be filled in the same manner for unexpired terms. Members shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate.

II. The first meeting of the committee shall be called by the commissioner within 60 days of the effective date of this section. Thereafter, the committee shall meet at least once per calendar year, prior to October 1 of each year.

III. The committee shall consider whether items suggested by the fireworks industry shall be classified as permissible fireworks under this chapter. If the committee determines that an item should be so classified, the committee shall recommend that the commissioner undertake appropriate rulemaking under RSA 160-B:8, V-c. The committee may also recommend that any items so classified pursuant to RSA 160-B:8, V-c shall be removed from such classification.

6 New Paragraph; Reinstatement of Repealed Paragraph. Amend RSA 160-B:1 by inserting after paragraph V-a the following new paragraph:

V-b. "Permissible fireworks" means the fireworks listed below, provided they meet all applicable federal rules, regulations and standards:

(a) Cone fountain, meaning a cardboard or heavy paper cone which contains up to 50 grams of pyrotechnic composition, and which produces the same effect as a cylindrical fountain. Any fountain that is designed to be hand held shall not be considered permissible.

(b) Cylindrical fountain, meaning cylindrical tube not exceeding 3/4 inch in inside diameter and containing up to 75 grams of pyrotechnic composition, which produces a shower of color and sparks upon ignition, and sometimes a whistling effect. Cylindrical fountains may contain a spike to be inserted in the ground (spike fountain), a wooden or plastic base to be placed on the ground (base fountain). Any fountain that is designed to be hand held shall not be considered permissible.

(c) Ground spinner, meaning a small spinning device containing up to 20 grams of pyrotechnic composition per driver with a maximum of 3 drivers, which is similar to wheels in design and effect when placed on the ground and ignited, and which produces a shower of sparks and color when spinning. Any ground spinner that is designed to lift off the ground or shoot upward shall not be considered permissible.

(d) Party popper, meaning a small plastic or paper item containing not more than 16 milligrams (0.25 grains) of chemical composition that is friction sensitive and that expels paper streamers, producing a small report, when a string or trigger is pulled.

(e) Snake/glowworm, meaning a pressed pellet of pyrotechnic composition that does not contain mercuric thiocyanate and that produces upon burning a large snake-like ash, that expands in length as the pellet burns.

(f) Snapper, meaning a small, paper-wrapped item containing a minute quantity of chemical composition coated on bits of sand. When dropped, the device produces a small report.

(g) Wheel, meaning a pyrotechnic device that:

(1) Is attached to a post or tree by means of a nail or string;

(2) Contains up to 6 driver units (tubes not exceeding 1/2 inch in inside diameter) containing up to 60 grams of composition per driver unit; and

(3) Revolves, upon ignition, producing a shower of color and sparks and sometimes a whistling effect.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies certain laws relative to fireworks and establishes a committee to review permissible fireworks.

The bill also reinstates the permissible fireworks laws which were repealed on April 1, 1994. Rep. Welch spoke in favor.

Adopted.

Report adopted and ordered to third reading.

MOTION TO LIMIT DEBATE

Rep. Dickinson moved that debate on **SB 745-FN**, relative to the maintenance of vegetation obstructing advertising devices, be limited to 30 minutes equally divided, not to include questions.

Adopted.

REGULAR CALENDAR (Cont'd.)

SB 745-FN, relative to the maintenance of vegetation obstructing advertising devices. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Edwin O. Smith for the Majority of the Public Works: If enacted, this bill would authorize cutting and trimming of trees and vegetation on public property in order to view billboards. Permits given by the Department of Transportation to place billboards do not include or indicate any right to trim brush or cut trees on public land. There is also a concern over the loss of Federal Highway funds which have been used to purchase the ownership of the highway corridors. The committee heard testimony for portions of four days on this bill and a subcommittee was established to work on this matter. After meeting several times there was still very strong feelings on both sides of the cutting issue. A vote for interim study failed in the subcommittee, and a subsequent vote of inexpedient to legislate prevailed by 4 to 3 vote. The majority of the Public Works Committee then voted in accordance with the subcommittee recommendation. Vote 9-5.

Reps. Sandra B. Keans and John B. Cloutier for the Minority of the Public Works: The minority strongly feels the committee has abdicated its legislative duty to solve a very real problem presented by the public. And, it's not the first time that this legislature has heard this issue. Let's face it — this issue will simply not go away. The minority believes a good compromise was presented to the committee which establishes a permitting process to allow vegetation maintenance to provide clear visibility of the original permitted view and establishes a study committee to review and make recommendations relative to advertising devices. The permitting process includes tremendous oversight by requiring the sign owner and a Department of Transportation representative to inspect the billboard, and its surrounding vegetation, to determine which action, if any, will be allowed. Most importantly, however, the minority believes the compromise fulfills our legislative responsibility to the public by setting up a study committee that will make recommendations for the 1995 session.

Rep. Keans moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate, and spoke in favor.

Reps. Gene Chandler and Donna Sytek spoke against.

Reps. Mark Holt, Avery and Donna Soucy spoke in favor and yielded to questions.

Reps. Kathleen Rogers, Whalley and Jeb Bradley spoke against and yielded to questions.

Rep. Hilliard requested a Quorum count. The Speaker declared a quorum present.

Rep. Nehring spoke in favor.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

SB 594-FN, relative to the supplemental liquor license for veterans' clubs and social clubs and the fee for such license. **OUGHT TO PASS WITH AMENDMENT**

Rep. Thomas A. Behrens for Regulated Revenues: SB 594 addresses certain changes in the liquor laws, including: supplemental licenses, Sunday hours, sign letter sizes, and commission purchasing requirements. These corrections address the original concerns of the sponsor as well as those deficiencies brought forward to the committee. Vote 14-1.

Amendment (6015B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the supplemental liquor license for veterans' clubs and social clubs and the fee for such license; liquor hours of sale; purchases by the liquor commission; payments to on-sale or off-sale licensees by holders of beverage manufacturer, vender, or distributor licenses; and definitions for purposes of the liquor laws.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition; Billboard. Amend RSA 175:1, XI-a to read as follows:

XI-a. "Billboard" means a large, flat surface, panel, wall, or fence outside on which advertising is posted, written or carried, or specifically authorized signs where the lettering advertising beverages or liquor exceeds

[10] 15 inches in height and is visible to the general or non-paying public.

2 Definition; Vessel. Amend RSA 175:1, LXV to read as follows:

LXV. "Vessel" means a boat, ship or vessel approved by the U.S. Coast Guard or department of safety, *or the aircraft of a Federal Aviation Administration licensed air carrier*, whichever shall apply, for hire, operating out of any port of the state.

3 Purchases by Liquor Commission. Amend RSA 176:17 to read as follows:

176:17 Purchases by the Liquor Commission. The liquor commission shall purchase all liquor, wine, and beverages from primary sources. For the purposes of this title, primary source means the manufacturer or producer, whether or not it is within the state. If a primary source is not available, the commission [shall] *may, if it feels it is in the best interests of the state*, vote at its regular meeting to allow an exemption and shall explain why such exemption has been allowed.

4 Supplemental Liquor Licenses for Veterans' Clubs and Social Clubs. Amend RSA 178:27, I to read as follows:

1. On-sale licensees shall pay the following applicable fees annually:

5 On-Sale and Off-Sale Licensees. Amend RSA 179:11, II to read as follows:

II. There shall be no restriction on the number of off-sale licenses held by any person. No holder of a beverage manufacturer license, wholesale distributor license, beverage vendor license, beverage vendor importer license or beverage representative license shall in any way contribute or pay any money or anything in lieu thereof to any on-sale or off-sale licensee, his agent, his employees, or to any group, association, or organization thereof, *including, but not limited to, payment for the placement, display or sale of any beverage*. Nothing in this section shall prohibit any licensee from being a member of a club holding a permit or license under this title, nor prohibit the sale or purchase, for resale, of merchandise or beverages for the conduct of the business of any on-sale or off-sale licensee.

6 Hours of Sale. Amend RSA 179:17, II to read as follows:

II. The following restrictions on hours of sale reflect the times during which a licensee may sell beverages or liquor, unless further extended by the commission:

(a) Off-sale licensees may sell from 6:00 a.m. to 11:45 p.m. [Monday-Saturday and 9:00 a.m. to 11:45 p.m. on Sunday], *7 days a week*.

(b) On-sale licensees may sell from 6:00 a.m. to 1:00 a.m. [Monday-Saturday and 9:00 a.m. to 1:00 a.m. on Sunday], *7 days a week*.

(c) Wine manufacturer licensees may sell from 6:00 a.m. to midnight [Monday-Saturday and 9:00 a.m. to 11:45 p.m. on Sunday], *7 days a week*.

(d) Wholesale distributor licensees may sell from 6:00 a.m. to midnight Monday-Saturday [and shall not sell on Sunday], *7 days a week*.

(e) Beverage manufacturer licensees may sell from 6:00 a.m. to midnight [Monday-Saturday and shall not sell on Sunday], *7 days a week*.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a veterans' club or social club with a cocktail lounge license which will expire within 90 days to obtain a supplemental liquor license for 1/2 the minimum listed events and for 1/2 the usual cost.

This bill removes restrictions on hours of sale for liquor on Sundays. The bill changes the definition of "billboard" and "vessel" and limits payments by holders of beverage manufacturer, vendor or distributor licenses to on-sale or off-sale licensees. The bill also grants the liquor commission the discretion to allow an exemption from the requirement that the liquor commission purchase all liquor, wine and beverages from primary sources.

Adopted.

Rep. Behrens offered a floor amendment.

Amendment (6109B)

Amend RSA 179:11, II as inserted by section 5 of the bill by replacing it with the following:

II. There shall be no restriction on the number of off-sale licenses held by any person. No holder of a beverage manufacturer license, wholesale distributor license, beverage vendor license, beverage vendor importer license or beverage representative license shall in any way contribute or pay any money or anything in lieu thereof to any on-sale or off-sale licensee, his agent, his employees, or to any group, association, or organization thereof, *including, but not limited to, payment for the placement, display or sale of any beverage*. Nothing in this section shall prohibit any licensee from being a member of a club holding a permit or license under this title, nor prohibit the sale or purchase, for resale, of merchandise or beverages for the conduct of the business of any on-sale or off-sale licensee. Nothing in this section shall prohibit a holder of a beverage manufacturer license, wholesale distributor license, beverage vendor license, beverage vendor importer license or beverage representative license from bringing such holder's own product from the storeroom of an on-sale or off-sale licensee to a warm shelf, display, refrigerated retail space, or refrigerated storage. Nothing in this section shall prohibit the holder of a beverage manufacturers license, wholesale distributors license, beverage vendors license, beverage vendor importers license, or beverage representative license from rotating, reorganizing, cleaning and resetting such holder's own product once the product is on an on-sale or off-sale licensee's warm shelf, or in an on-sale or off-sale licensee's refrigerated retail space, or refrigerated storage.

Rep. Behrens spoke in favor.

Adopted.

Report adopted and referred to Ways and Means.

SB 600-FN-A, directing the liquor commission to license an agency liquor store in Center Harbor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Thomas A. Behrens for Regulated Revenues: The committee, while not embracing privatization, feels that the Liquor Commission should utilize existing RSA's and license additional agency and seasonal agency locations to increase service to the, at times, geographically remote citizens and tourists. It was also felt that a report on agency store operations would be helpful in evaluating their progress. Vote 15-0.

Rep. Fesh moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment, and spoke in favor.

Reps. Behrens and Salatiello spoke against.

The motion failed.

Amendment (5847B)

Amend the title of the bill by replacing it with the following:

AN ACT

requiring the liquor commission to license agency liquor stores and special seasonal agency liquor stores and to submit reports on the effectiveness of such stores.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Agency Liquor Stores. Amend RSA 177:11 by inserting after paragraph V the following new paragraph:

VI.(a) The commission shall license a minimum of 3 agency liquor stores by December 31, 1994, including but not limited to any agency liquor store licensed prior to the effective date of this paragraph.

(b) The commission shall submit a report on or before September 30, 1996, to the speaker of the house, the senate president and the governor concerning the effectiveness of agency liquor stores.

2 New Paragraph; Special Seasonal Agency Liquor Stores. Amend RSA 177:14 by inserting after paragraph II the following new paragraph:

II-a. The commission shall license a minimum of 2 special seasonal agency stores by June 30, 1995, including but not limited to any special seasonal agency stores licensed prior to the effective date of this paragraph.

3 Report Required. Amend RSA 177:14, III to read as follows:

III. The commission shall submit a report on or before September 30, 1996, to the speaker of the house, the senate president and the governor concerning the effectiveness of [this section] *special seasonal agency stores*.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the liquor commission to license a certain number of agency liquor stores and special seasonal agency liquor stores. The bill also requires the commission to submit reports on the effectiveness of such stores to the legislature and the governor on or before September 30, 1996.

Adopted.

Report adopted and referred to Ways and Means.

COMMUNICATION

OPINION OF THE SUPREME COURT JUSTICES ON HB 1135

Request of the House of Representatives
No. 94-106

April 15, 1994

To the Honorable House of Representatives:

The undersigned justices of the supreme court now submit the following reply to your question of February 17, 1994. Following our receipt of your resolution, we invited interested parties to file memoranda with the court on or before March 18, 1994.

HB 1135 (the bill), as amended, proposes to amend RSA chapter 491 (1983) by inserting after section 23 a new section to read:

"491:23-a Marital Master; Enforcement of Orders.

I. Marital masters shall have the power to enforce orders and decrees in marital matters that have been approved by the superior court by adjudicating a person in civil contempt for:

- (a) Failure to appear in response to a notice or summons.
- (b) Failure to comply with court orders.
- (c) Refusal to answer questions or to produce evidence.

II. The marital master may order the person incarcerated for such contempt, pending review by a justice of the superior court, no later than 72 hours from the commencement of said incarceration."

Your question asks whether the amended bill would vest such power and authority in marital masters that they would be considered judicial officers in violation of the provisions of part II, article 46 of the New Hampshire Constitution. The constitution requires that "[a]ll judicial officers . . . be nominated and appointed by the governor and council; and every such nomination shall be made at least three days prior to such appointment; and no appointment shall take place, unless a majority of the council agree thereto." N.H. CONST. pt. II, art. 46. We answer in the affirmative.

The power to punish for contempt of court is an inherent judicial power. See State v. Martina, 135 N.H. 111, 115, 600 A.2d 132, 135 (1991); State v. LaFrance, 124 N.H. 171, 179, 471 A.2d 340, 344 (1983); State v. Moquin, 105 N.H. 9, 11, 191 A.2d 541, 543 (1963); Opinion of the Justices, 86 N.H. 597, 601, 166 A. 640, 646 (1933). Such power "is not set forth in any New Hampshire statute," State v. LaFrance, 124 N.H. at 179, 471 A.2d at 344, but rather "is a necessary incident to the exercise of judicial power inherent in the functioning of the court system." Id.

In Opinion of the Justices, 128 N.H. 17, 509 A.2d 746 (1986), we concluded that presently sitting marital masters are not judicial officers within the meaning of part II, article 46 of the State Constitution because they have not been appointed by the Governor and Council and their decisions are not binding. Id. at 19-20, 509 A.2d at 747-48. The legislature had proposed an amendment to RSA chapter 491 which would have empowered marital magistrates to, among other things, make orders and impose penalties for the purpose of enforcing summonses of boards and officials which themselves lacked the power to punish for contempt. We held that such a provision "would purport to provide powers to marital magistrates beyond the traditional authority exercised by marital . . . masters," id. at 20, 509 A.2d at 748, and that therefore "[t]here is no question . . . that marital magistrates . . . would ostensibly be granted the authority of judicial officers, even though they would not be appointed or tenured as such" in violation of part II, article 46. Id. at 21, 509 A.2d at 748.

The same reasoning applies to the proposed bill before us. The bill, as amended, grants marital masters "the power to enforce orders and decrees . . . by adjudicating a person in civil contempt." In addition, the bill provides that "the marital master may order the person incarcerated for such contempt." The effect is to grant marital masters the authority of judicial officers. The legislature cannot permit such powers to be exercised in a constitutionally established court by other than constitutionally appointed judicial officers. Opinion of the Justices, 128 N.H. at 21, 509 A.2d at 748; cf. N.H. CONST. pt. I, art. 37.

DAVID A. BROCK, WILLIAM F. BATCHELDER, WILLIAM R. JOHNSON, W. STEPHEN THAYER, III, and SHERMAN D. HORTON, JR.

Jeffrey R. Howard, attorney general (Daniel J. Mullen, senior assistant attorney general, on the memorandum), filed a memorandum in support of an affirmative answer to the question presented.

Bruce Paul Witte, of Manchester, filed a memorandum in support of an affirmative answer to the question presented.

Tyler P. Harwell, of Berlin, filed a memorandum in support of an affirmative answer to the question presented.

REMOVED FROM THE TABLE

669:17-b Discontinuing Optional Elected Office. When a town votes to

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 106, 127, 410, 686, 1113, 1114, 1124, 1157, 1164, 1176, 1189, 1222, 1244, 1252, 1256, 1270, 1345, 1367, 1369, 1392, 1411, 1413, 1436, 1438, 1453, 1474, 1543, 1573, 1582, HJR 21 and 22 and Senate Bills numbered 511, 528, 535, 537, 559, 563, 565, 574, 578, 586, 602, 620, 630, 707, 801, 807 and SJR 1.

Rep. Dunn, Sen. Currier for the Committee

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 676, relative to equal employment opportunity in the workplace, was removed at the request of Rep. Trombly.

SB 714, relative to personal flotation devices, was removed at the request of Rep. Vivian Clark.

Consent Calendar adopted.

SB 543-FN-A-L, requiring that the department of revenue administration conduct an annual ratio study relative to real estate assessments and sales and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Robert L. Wheeler for Appropriations: The majority of the committee felt that since this issue was dealt with in another bill there indeed is no need for this one. Vote 13-0.

SB 579-FN, relative to group II death benefits under the New Hampshire retirement system. OUGHT TO PASS

Rep. Theodora P. Nardi for Appropriations: This bill adds additional causes to the causes of death for which the surviving spouse of a group II retirement system member may receive accidental death benefits. Vote 13-0.

SB 705, providing that in domestic cases there shall be a presumption that it is in the best interest of a child to have regular, unsupervised visits with both parents. REFER FOR INTERIM STUDY

Rep. Elizabeth S. Hager for Children, Youth and Juvenile Justice: This bill is deceptively simple. The committee feels that because the bill adds another burden to an already overburdened marital system, it should be studied over the summer. The committee will ask for help from the committees that are already looking at the marital system. Vote 15-1.

SB 748-FN, creating interagency family assistance teams for at-risk youths. REFER FOR INTERIM STUDY

Rep. Deborah L. Woods for Children, Youth and Juvenile Justice: While the committee endorses the concept and recognizes the need for this legislation, time is needed to address the issue of funding. Quick fixes will not do this bill justice. The committee wants full attention given to this and this will take time. Vote 14-0.

SB 525, relative to medicare supplemental insurance. OUGHT TO PASS

Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs: This bill, requested by the Insurance Department, will bring the New Hampshire regulation of medical supplemental insurance into compliance with federal regulations. Vote 14-0.

SB 526, relative to risk retention groups not chartered in New Hampshire. OUGHT TO PASS

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: This bill allows risk retention groups chartered outside of New Hampshire to qualify as a retention group in New Hampshire. Vote 15-0.

SB 532, relative to jewelers' liens. OUGHT TO PASS WITH AMENDMENT

Rep. Paul Drolet for Commerce, Small Business and Consumer Affairs: This bill clarifies the term "alter" for the purpose of jewelers' liens to include manufacturing another article from the item. The bill also allows the lienholder to sell such article at public sale after 90 days, provided that the lienholder gives a 30-day written notice by certified mail, return receipt requested, to the owner of the article before such sale, and the proceeds, after first paying the expense of the sale, shall be applied in payment of the debt. Vote 12-0.

Amendment (5975B)

Amend RSA 451:2 as inserted by section 2 of the bill by replacing it with the following: 451:2 Sale to Satisfy *Debt*. If such debt remains unpaid for [12 months] *90 days*, the lienholder may sell such article at [private or] public sale; *provided that the lienholder gives a 30-day written notice by certified mail, return receipt requested, to the owner of the article before such sale*, and the proceeds, after first paying the expense of sale, shall be applied in payment of the debt, the balance, if any, to be paid over to the county treasurer of the county where the sale is held, in trust for the debtor.

AMENDED ANALYSIS

This bill clarifies the term "alter" for the purpose of jewelers' liens to include manufacturing another article from the item. The bill also allows the lienholder to sell the article at public sale after 90 days if the debt remains unpaid. Current law specifies 12 months before the article can be sold.

SB 539, establishing a committee to study the issue of exclusivity contracts between health care insurers and health care providers. **OUGHT TO PASS**

Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs: This bill establishes a committee to study the issue of exclusivity of contracts between health care insurers and health care providers. The committee will report by November 1, 1994, on its findings and recommendations for legislation. Many complaints have been received from dissatisfied constituents attempting to access quality medical care and finding exclusive contracts and a screening process limiting, inefficient and costly. Vote 15-0.

SB 554, relative to insurance information and privacy protection. **INEXPEDIENT TO LEGISLATE**

Rep. Bonnie B. Packard for Commerce, Small Business and Consumer Affairs: The committee did not feel comfortable with the provisions of this bill. In the 14 years since this model bill was first introduced only 14 states have adopted it, and two (2) of these rewrote the model act. The New Hampshire Insurance Department requested we pass "as is" or not at all. Vote 12-0.

SB 555, relative to health insurance which covers family members and making technical corrections to the insurance laws. **OUGHT TO PASS**

Rep. Beverly A. Gage for Commerce, Small Business and Consumer Affairs: This bill simply makes technical changes to the laws regarding health insurance, which covers family members and other insurance laws. Vote 12-0.

SB 564, relative to authentication of municipal and county bonds. **OUGHT TO PASS**

Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs: No one appeared in opposition to this bill. It simplifies the procedure of authenticating municipal and county bonds. Vote 14-0.

SB 695, relative to the financial regulation of life and health insurers. **OUGHT TO PASS**

Rep. Anthony Syracuse for Commerce, Small Business and Consumer Affairs: This highly technical bill submitted with the support of the Insurance Department is a NAIC model, which establishes a formula that allows the insurance commissioner to examine an insurer's financial position through an analysis of risk-based capital. It also prescribes certain reports which insurers must file each year. Vote 13-1.

SB 611, relative to the penalty for habitual offenders convicted of driving while intoxicated and home confinement. **INEXPEDIENT TO LEGISLATE**

Rep. Donna P. Sytek for Corrections and Criminal Justice: This bill as introduced would have required that any period of home confinement authorized as part of a sentence under the habitual offender statute be served in addition to time spent at the state prison or house of correction. Since the purpose of home confinement is to be an alternative rather than an addition to a prison sentence, the committee could see no merit in this bill. Vote 11-0.

SB 523, establishing a committee to study patient access to information about health care providers and the quality assurance process. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: SB 523, as amended, deals with the sensitive subject of allowing a person faced with a decision regarding his/her health care to have access to the performance records of the health care provider a person may choose. This does not jeopardize in any way the procedures of the quality assurance committees of hospitals and other health care providers who deal with the results of health care thus improving the quality of health care delivery. Vote 15-0.

Amendment (6099B)

Amend paragraph 1 of section 1 of the bill by replacing it with the following:

I. There is established a committee to study the means and methods of improving opportunities for health care patients to obtain meaningful information regarding the skill and qualifications of their health care providers without jeopardizing the integrity and effectiveness of existing quality assurance processes in health care institutions and professional societies.

Amend subparagraph II(h) of section 1 of the bill by replacing it with the following:

(h) One public member, appointed by the governor.

Amend subparagraph II(k) of section 1 of the bill by replacing it with the following:

(k) A representative of the New Hampshire Association of Health Care Quality, appointed by such association.

(l) A representative of the New Hampshire Citizen Action, appointed by such organization.

SB 522-FN, requiring elected police officers to meet certain criminal history background requirements. **INEXPEDIENT TO LEGISLATE**

Rep. David A. Welch for Public Protection and Veterans Affairs: This bill requires elected police officers to meet certain criminal history and background requirements before assuming police powers. Currently, rules by Police Standards and Training cover these requirements and further questioning of the bill's sponsor and Director Sweeney of Police Standards & Training revealed that it would not be necessary to pass legislation to accomplish this. Vote 11-0.

SB 562, relative to self-defense as a proper purpose for issuance of a license to carry a pistol or revolver and relative to the scope of the license. **OUGHT TO PASS**

Rep. Gordon E. Wiggin for Public Protection and Veterans Affairs: This legislation extends the area of "self defense" to the proper purposes needed in order to make application for a license to carry a pistol or revolver and relative to the scope of such license. The House, at an earlier session, passed similar language in House Bill 1175 on February 3, 1994, Vote 283-66. Information from House Journal #17, Pages 513-516. Vote 11-0.

SB 606, authorizing the police standards and training council to assist law enforcement agencies with the preparation of written policies. **OUGHT TO PASS**

Rep. Gordon E. Wiggin for Public Protection and Veterans Affairs: This legislation authorizes the Police Standards and Training Council to assist law enforcement agencies in the preparation of written policies in a variety of areas upon request. There is no mandate here. Local enforcement agencies may take advantage of this service or not - depending on their local needs and decisions. Vote 11-0.

SB 128, relative to the recodification of the forestry laws. **OUGHT TO PASS WITH AMENDMENT**

Reps. Robert J. Laflam and H. Charles Royce for Resources, Recreation and Development: This bill as amended addresses the need for the recodification of the forestry laws. The ad hoc committee has a good start on this project already. The product of their efforts will be formalized in legislation in the 1995 session. Vote 14-0.

Amendment (5772B)

Amend the bill by replacing all after the enacting clause with the following:

I Forest Laws Recodified and Revised. The division of forests and lands, department of resources and economic development, shall work with any interested parties and the office of legislative services to submit to the president of the senate and the speaker of the house a report which shall:

I. Incorporate into a single title, where practicable, that part of existing law which relates to forestry.

II. Recommend the repeal of laws which are no longer pertinent and correct any inconsistencies which may exist in current law relative to forestry.

III. Identify areas where existing law should be revised or expanded to ensure the proper protection of the forest resource, and recommend legislation to accomplish the same.

2 Report. The division shall prepare its report in consultation with the senate environment committee, the house resources, recreation and development committee, and other interested

parties. The division shall submit the report, in the form of proposed legislation, to the president of the senate and the speaker of the house no later than November 1, 1994.

3 Effective Date. This act shall take effect upon its passage.

SB 653, repealing obsolete provisions of law relating to tax assessment and timber cut in unincorporated or unorganized places and establishing a committee to study the recommendations of the Northern Forest Lands Council. **OUGHT TO PASS WITH AMENDMENT**

Rep. H. Charles Royce for Resources, Recreation and Development: This bill, as amended, repeals two provisions of law relating to tax assessment and timber cut in unincorporated or unorganized places which were rendered obsolete by reenactment in 1989' of RSA 81. This bill also establishes a committee to study the recommendations of the Northern Forest Lands Council. The amendment brought to the Resources, Recreation and Development Committee by the Senate is the same except for adding one more house member to the study committee. Vote 14-0.

Amendment (5778B)

Amend paragraphs II-IV as inserted by section 3 of the bill by replacing them with the following:

II. Three members of the house, one of whom shall be from Coos county, appointed by the speaker of the house.

III. Two individuals representing municipal interests, one of whom shall be from Coos county, appointed by the New Hampshire Municipal Association.

IV. Two New Hampshire members of the Northern Forest Lands Council, appointed by the council.

SB 736 FN-A, relative to the taxation of grantor trusts. **OUGHT TO PASS**

Rep. Barbara E. Arnold for Ways and Means: This bill would change only the business profits tax form which grantor trust would file and the interest and dividends tax form on which grantor trusts would report their income. There would be no impact on business profits tax revenue or interest and dividends tax revenue. Vote 13-0.

REGULAR CALENDAR

SB 792-A, relative to the Pease International Tradeport, increasing the bonding authority of the Pease development authority, and making an appropriation to the Pease International Tradeport. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merle W. Schotanus for Appropriations: This bill, as amended, provides the Pease Development Authority (PDA) additional bonding authority in the amount of \$50 million, with 50% of any loss guaranteed by the state. The amendment also gives the state treasurer authority to issue bonds not exceeding \$5 million for matching available federal grants. The PDA is also required to comply with the provisions of RSA 9 relative to the PDA biennial operating budget, and is prohibited from bonding operating expenses. Finally, the amendment increases the bonding authority of Skyhaven airport by \$80,000 to complete work on previously authorized hangar construction. Vote 18-2.

Amendment (6114B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the Pease development authority, authorizing new bonding authority for the Pease development authority, authorizing certain loans to be made to the authority for use in matching grants, relative to the budget of the Pease development authority, and increasing an appropriation for Skyhaven airport.

Amend the bill by replacing all after the enacting clause with the following:

1 New Sections; Comprehensive Development Strategy; Pease Matching Grants. Amend RSA 12-G by inserting after section 27-a the following new sections:

12-G:27-b Comprehensive Development Plan Required.

I. Notwithstanding any other provision of law and subject to approval by the fiscal committee of the general court of a comprehensive development plan for the former Pease Air

Force Base prepared and submitted by the Pease development authority, the governor and council may award an unconditional state guarantee of the principal and interest thereon of bonds issued under this section. The full faith and credit of the state shall be pledged for any such guarantees of principal and interest, but the total amount of the principal of bonds guaranteed by the state under this section shall not exceed \$50,000,000, plus interest. The comprehensive development plan may include the designation and delineation of a research district within the bounds of the former Pease Air Force Base. The governor, with the advice and consent of the council, is authorized to draw his warrant for such a sum out of any money in the treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest thereon of the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

State Treasurer

II. Any state guarantee awarded under paragraph I of this section shall be used by the authority for the purpose of securing bank financing only as a guarantee of 50 percent of any loss which may be incurred by the bank, and the bank's lien shall take precedence over all other liens for such financing, except as otherwise provided by law.

12-G:27-c Pease Matching Grants. Notwithstanding any other provision of law, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$5,000,000 to make a loan or loans to the authority to be used for the purposes of matching funds for Federal Aviation Administration grants, Economic Development Administration grants, and other available grants. General obligation bonds and notes shall be issued in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority.

2 Pease Subject to Budget Requirements. Amend the section heading and paragraph I of RSA 12-G:27-a to read as follows:

12-G:27-a [Annual] Operating Budget[; Bonding; Quarterly Reports].

1. The board shall [approve and submit an annual operating budget to the fiscal committee and the governor and council] *comply with the requirements of RSA 9, relative to budget and appropriations.*

3 Skyhaven; Appropriation Increased. Amend 1988, 152:1 as amended by 1992, 289:19 to read as follows:

152:1 Appropriation. There is hereby appropriated to the department of transportation the sum of [\$550,000] **\$630,000** for the purpose of designing and constructing additional hangar facilities at Skyhaven airport.

4 Skyhaven; Bonds. Amend 1988, 152:2 as amended by 1989, 367:25, 1992, 289:20 and 1993, 359:18 to read as follows:

152:2 Bonds Authorized. To provide funds for the appropriation made in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of [\$550,000] **\$630,000** and for said purpose shall issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The bonds shall be 20-year bonds. The interest and principal due on the bonds or notes issued under this paragraph shall be a direct charge against the Skyhaven hangar revenues, but the faith and credit of the state shall be pledged for the payment of the bonds.

5 Repeal. The following are repealed:

I. RSA 12-G:27, III, relative to the issuance of bonds by the state in lieu of the state guarantee for Pease development authority bonds.

II. RSA 12-G:27-a, II and III, relative to the Pease development authority budget, bonding and quarterly reports.

6 Effective Date.

I. Section 2 of this act shall take effect July 1, 1994.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes new bonding authority for the Pease development authority. However, if the bonding authority is used, it is subject to the approval of the fiscal committee of the general court.

The bill authorizes certain loans to be made to the authority to be used for matching federal grants.

The bill requires the authority to comply with the requirements of the state budget process under RSA 9.

The bill increases an appropriation to the department of transportation for Skyhaven airport.

Rep. Vaughn spoke against.

Rep. Channing Brown spoke in favor.

Adopted.

Report adopted and ordered to third reading.

SB 793-A, relative to the Pease development authority and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Channing T. Brown for Appropriations: As amended this bill lends from general funds, \$2.3 million to the Pease Development Authority. The money, \$400,000 for fiscal '94 and \$1.9 million for fiscal '95, will make up the operating budget deficits at PDA. The bill also establishes a feasibility study committee to assess a theme park and casino complex at Pease International Tradeport and other sites in New Hampshire and appropriates \$50,000 for consultants to assist in the study. Vote 18-1.

Amendment (6113B)

Amend the title of the bill by replacing it with the following:

AN ACT

authorizing loans to be made to the Pease development authority and establishing a committee to study establishing an entertainment complex at Pease International Tradeport and at other possible sites and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 State Loan; Pease Development Authority. The state treasurer is authorized to and shall make loans not to exceed \$400,000 for the fiscal year ending June 30, 1994, and the sum of \$1,900,000 for the fiscal year ending June 30, 1995, to the Pease development authority for its operating budget, upon the approval of such operating budget by the governor and council, the board of directors of the Pease development authority, and the fiscal committee. Notwithstanding any other provision of law, the sums loaned to the Pease development authority shall be treated as an advance from the treasury and shall be repaid when funds become available to the authority. Each loan agreement shall be prepared for execution by the department of justice and shall be subject to approval by the governor and council.

2 Study Established. There is established a committee to study the feasibility of establishing an entertainment center, including a theme park, casino and hotel and convention center at Pease International Tradeport and at other possible sites in the state. The members of the committee shall be as follows:

I. Two members of the house of representatives, appointed by the speaker of the house within 5 days of the effective date of this section.

II. Two members of the senate, appointed by the president of the senate within 5 days of the effective date of this section.

III. The chairperson of the Pease development authority, or designee.

IV. The attorney general.

V. The commissioner of the department of safety.

VI. The commissioner of the department of resources and economic development.

3 Duties. The committee shall examine the feasibility of establishing an entertainment complex, including, but not limited to, a theme park, casino, and hotel and convention center at Pease International Tradeport and at other possible sites in the state in an effort to increase tourism and economic development. The committee shall, within the limits of the available appropriation, hire consultants and other personnel as it deems necessary to carry out the purpose of sections 2-3 of this act. Any contract, within the limits of the appropriation for the purposes of this act, entered into by the committee shall not need the approval of the governor and council.

4 Chair; Report. The first meeting of the committee shall be called by the first-named house member within 30 days of the effective date of this section. A chairperson shall be elected from the membership of the committee at the first meeting, and all subsequent meetings shall be called by the chairperson. The committee shall submit its recommendations to the governor, the speaker of the house of representatives, and the president of the senate no later than September 1, 1994.

5 Appropriation. There is hereby appropriated to the committee the sum of \$50,000 for the biennium ending June 30, 1995, for the purpose of hiring consultants and any other personnel to carry out the purposes of sections 2-3 of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes loans to be made to the Pease development authority for its operating budget. The loan is to be repaid when money becomes available to the authority.

This bill also establishes a committee to study the feasibility of establishing an entertainment center, including but not limited to, a theme park, casino, and hotel and convention center at Pease International Tradeport and other sites in the state.

The bill makes an appropriation to the committee to allow it to hire consultants.

Adopted.

Report adopted and ordered to third reading.

SB 744-FN, establishing a committee to study providing health insurance to the dependents of retired state employees. **OUGHT TO PASS**

Rep. Kathleen W. Ward for Executive Departments and Administration: This bill establishes a committee from the Senate, House, Governor, SEA and the retirement system to study health insurance for dependents of retired state employees. Vote 11-2.

Adopted and referred to Appropriations.

SB 751-FN, deleting the restriction on the number of hours which part-time assistant attorneys general may work. **OUGHT TO PASS**

Rep. Kathleen W. Ward for Executive Departments and Administration: The Department of Justice has an hour restriction that part time assistant attorneys general may work. The committee found no other agency with this set number (29) of hours and, therefore, recommend the Legislature remove the section in current law to maintain consistency. Vote 11-2.

Adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **SB 791-FN-A**, establishing a committee to study the issue of health care provider cooperative and collaborative agreements in New Hampshire.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

SB 791-FN-A, establishing a committee to study the issue of health care provider cooperative and collaborative agreements in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael Morello for Health, Human Services and Elderly Affairs: SB 791-FN-A addresses the need now proposed in HB 1050, to examine and put in the proper form the process of developing a state health plan, developing policy options for the Department of Health

and Human Services and coordinating data. It also addresses the expenditures needed for the areas which HB 1050 indicated as the primary concerns of the health care reform proposal. Vote 17-1.

Amendment (6175B)

Amend the title of the bill by replacing it with the following:

AN ACT

making certain appropriations to the department
of health and human services.

Amend the bill by replacing all after the enacting clause with the following:

1 Health Care Transition Fund Allocation. The following sums are appropriated as indicated for the fiscal year ending June 30, 1995, and shall be charged against the health care transition fund, if established:

I. The sum of \$940,000 is appropriated to the office of the commissioner, department of health and human services for the purpose of establishing the office of health planning to develop under a process established by the legislature a state health plan, develop policy options for the department and its divisions, and to coordinate data collection functions of all agencies involved in health care reform activities.

II. The sum of \$1,000,000 is appropriated to the office of alcohol and drug abuse prevention for the following:

(a) To expand halfway houses and residential programs for adults, adolescents and women and children.

(b) To establish crisis intervention and social detoxification services in areas currently unserved.

(c) To support medical heroin detoxification and related residential services.

(d) To support comprehensive programs for persons with mental illnesses and substance abuse problems.

III. The sum of \$1,780,000 is appropriated to the division of public health services for the following purposes:

(a) To develop health clinics to provide primary preventive health services for low-income and underserved populations.

(b) To establish a statewide network of family support services of families of children with chronic illness.

(c) To recruit primary care physicians, nurse practitioners, and physician assistants, support them in serving rural areas and areas of high primary care needs, and establish linkages to facilitate academic training and consultations.

(d) To provide technical assistance to communities, health care agencies, and primary care providers developing comprehensive care services.

IV. The sum of \$1,850,000 is appropriated to the division of mental health and developmental services for the following purposes:

(a) To develop and maintain services to meet the mental health needs of children and families which shall include family-centered individual support services necessary to improve the mental health status of children who have or who are at risk of having serious emotional disorders.

(b) To prepare for and respond to state and federal health care reform initiatives including the design and development of information systems required for service planning, cost allocation, and monitoring services utilization.

(c) To prepare and submit for approval a waiver to federal Medicaid regulations under section 1115 of Title XIX of the Social Security Act for the development of a range of community-based services for adults and children with serious mental illnesses to include the integration of components of New Hampshire hospital with the community mental health system.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes appropriations from the health care transition fund, if established, to certain divisions within the department of health and human services. The moneys are to be used for health-related purposes.

Adopted.

Report adopted and referred to Appropriations.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **HB 1587-L**, relative to the Littleton Water and Light Department.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

HB 1587-L, relative to the Littleton Water and Light Department. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Municipal and County Government: Although HB 1587-L purported to clarify various aspects pertaining to the Littleton Water and Light Department, the committee believes that further clarification regarding the delineation of authority and responsibility is necessary. In response to the committee's questioning, the Department of Revenue Administration indicated that the lines of budgetary authority and accountability remain unclear. Vote 15-0.

Adopted.

SB 750 FN, relative to the medical examiner and establishing a committee to study the office of the medical examiner. **OUGHT TO PASS**

Rep. Douglass P. Teschner for Ways and Means: After thorough discussion, including input from Dr. Roger Fossum, the Ways and Means Committee agreed with the bill as adopted by the policy committee. The medical examiner certificate fee for cremation has not changed since 1971, so this increase is reasonable. Vote 14-0.

Adopted and ordered to third reading.

SB 752 FN, relative to signage on highways and signage fees and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Ways and Means: The Ways and Means Committee amendment, developed with Department of Transportation input, eliminates the dedicated fund and adds language to ensure that the fees collected shall not exceed the cost of implementing the motorist highway sign program. Vote 13-0.

Amendment (5930B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to signage on highways and signage fees.

Amend the bill by replacing all after the enacting clause with the following:

1 Signs on Limited Access Highways; Signs; Rulemaking Added; Authority to Impose Fees Added; Distance Established. RSA 230:49 is repealed and reenacted to read as follows:

230:49 Motorist Service Signing Program Established; Signs.

I. The location of fuel and other essential motorist services on connecting service roads within 3 miles of the intersection with the limited access highway, within 5 miles for a campground, or within 1 mile of the intersection in urban compact areas, may be indicated to users of the limited access facility by appropriate signs, the specifications of which shall be determined by the commissioner of transportation. The distance specified shall be measured by computing the travel length from the terminal of an exit ramp to the nearest point along the public highway where the nearest existing driveway entrance to the service is reached.

II. Signs permitted under paragraph I may be rented for a fee established by rules adopted by the commissioner of transportation pursuant to RSA 541-A. The amount of the fee charged to any participant shall be reasonable and equitable and not exceed a fair portion of the cost of implementing and maintaining the motorist service signing program. The sum of fees collected shall be sufficient to ensure the motorist service sign program is self supporting. The fees collected shall not be used to generate revenue beyond the reasonably related costs, less any federal funds or other revenue reasonably related thereto, of administering and maintaining the motorist service sign program.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the commissioner of transportation to adopt rules relative to a fee for informational signs on limited access highways.

This bill also limits the distance a business can be from the limited access highway and rent a sign on such highway.

Adopted.

Report adopted and ordered to third reading.

SB 676, relative to equal employment opportunity in the workplace. **INEXPEDIENT TO LEGISLATE**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: There is no way to prove or disprove that someone had actually been "considered" for employment and therefore this bill would have no effect in strengthening the present law. Vote 12-0.

Rep. Hawkins spoke in favor.

LAIID ON THE TABLE

Rep. Trombly moved that **SB 676**, relative to equal employment opportunity in the workplace be laid upon the table.

Adopted.

REGULAR CALENDAR (Cont'd.)

SB 714, relative to personal flotation devices. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gordon E. Bartlett for Transportation: This bill requires a personal flotation device to be worn at all times between certain dates when a person is aboard a certain type of boat. Vote 10-1.

Rep. Vivian Clark moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment, spoke in favor and yielded to questions.

Rep. Kruse spoke against.

Reps. Syracuse, Klemarczyk, Cogswell and George Katsakiores spoke against and yielded to questions.

Rep. Felch spoke in favor and yielded to questions.

Roll call request not sufficiently seconded.

On a division vote, 222 members having voted in the affirmative and 107 in the negative, the motion was adopted.

The substituted Committee report was adopted.

RESOLUTION

Its introduction having been approved by the Rules Committee, Rep. Ann Torr and Trombly offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Concurrent Resolution numbered 32, shall be by this resolution read a first and second time by the therein listed title.

Rep. Ann Torr spoke in favor.

Adopted.

Adopted by the necessary two-thirds.

HOUSE CONCURRENT RESOLUTION NO. 32

memorializing former President Richard M. Nixon.

Whereas, it is with great sadness that members of the New Hampshire general court have learned of the death of former President Richard M. Nixon; and

Whereas, Richard M. Nixon served as this nation's thirty-seventh Chief Executive from 1969-74; and

Whereas, Richard M. Nixon struggled during his term as president to bring to an end the United States of America's involvement in the Vietnam War; and

Whereas, Richard M. Nixon's skill as a world leader made possible diplomatic breakthroughs such as the re-establishment of contact with the Peoples' Republic of China and rapprochement with the Soviet Union which cleared the way for the ending of the Cold War nearly 20 years later; and

Whereas, Richard M. Nixon remained a valued advisor on foreign policy to his successors as President and to foreign leaders; and

Whereas, Richard M. Nixon spent much of his retirement writing insightful books on government and foreign policy; now, therefore, be it

Resolved, by the House of Representatives, the Senate concurring:

That the general court expresses its sincere regrets on the death of former President Richard M. Nixon and sends its condolences to his family;

That a suitable copy of this resolution be prepared for presentation to the Richard Nixon Library and Birthplace in Yorba Linda, California.

Unanimously adopted by a rising vote of silent prayer.

RECONSIDERATION

Having voted with the prevailing side, Rep. Hemon moved that the House reconsider its action whereby it passed **SB 548**, relative to repayment of fees and expenses incurred by the state on behalf of indigent defendants.

Rep. Hemon spoke in favor.

Reconsideration lost.

RESOLUTION

Rep. Ann Torr offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 5, 1994 at 10:00 a.m.

Adopted.

HOUSE JOURNAL No. 19

Thursday, May 5, 1994

The House assembled at 10:00 a.m., the hour to which it stood adjourned and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Lucille Richard, pastor of the Bethlehem and Whitefield United Methodist Churches.

God of all creation and of all peoples, who moves and works through us all, and is the one spirit in us all, we give You thanks for this new day and all that it will bring. We are very thankful that the long winter is coming to an end and we appreciate the beginning of this season with its warm sunshine, green grass and cool rains that leave Your footprints everywhere. We offer our thanksgiving for this time of Spring and its promise of refreshing renewal. Renew our hearts and our minds, O God; refresh us and guide us in our work this day; fill us with renewed vision and openness and lead us to faithfully fulfill the tasks we are called to do with a new and joyous spirit. We pray for all who are gathered here and ask Your blessings and presence with us in all that we do. We pray for this great State of New Hampshire and for its good people. May we continue to go forward in this new day. In Your name, we pray. Amen.

Rep. Metzger led the Pledge of Allegiance.

CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 650-FN-A, establishing a lead base substance abatement fund and authorizing the housing finance authority to issue bonds and notes to finance start-up costs of the funds, was removed at the request of Rep. Franklin Torr.

SB 621-FN, relative to eligibility for unemployment benefits, was removed at the request of Rep. Hawkins.

Consent Calendar adopted.

SB 659-FN-A, relative to the Civilian Conservation Corps camp at Bear Brook state park and providing consolidated warehousing and workshop facilities for the department of resources and economic development and making an appropriation therefor. REFER FOR INTERIM STUDY

Rep. Merle W. Schotanus for Appropriations: This bill is sent to interim study to identify alternative funding sources to support the very worthwhile goals of the bill. Vote 16-0.

SB 667-FN, relative to guardians ad litem appointed in child protection cases. OUGHT TO PASS WITH AMENDMENT

Rep. Charles L. Vaughn for Appropriations: A guardian ad litem is a guardian appointed to prosecute or defend a suit on behalf of a party incapacitated by infancy or otherwise. This bill, as amended, distinguishes court-appointed special advocate guardians ad litem from other guardians ad litem. It also authorizes the court to make such appointments in child protection cases and requires the state Supreme Court to adopt rules for court-appointed guardians ad litem. There is no impact on state expenditures. The amendment changes the effective date from January 1, 1995 to July 1, 1994. Vote 16-0.

Amendment (6162B)

Amend the bill by replacing section 2 with the following:
2 Effective Date. This act shall take effect July 1, 1994.

SB 760-FN-A-L, establishing a revolving fund in the department of revenue administration for the education and training of municipal officers and employees. OUGHT TO PASS WITH AMENDMENT

Rep. Margaret A. Lynch for Appropriations: This bill provides that \$2500 will be taken from the Department of Revenue Administration's 1994 budget and \$2500 from its 1995 budget to establish this revolving fund for the education and training of municipal employees. The amendment brings the dates into line with the department's requests and corrects an oversight in earlier legislation. Vote 17-0.

Amendment (6164B)

Amend the title of the bill by replacing it with the following:

AN ACT

establishing a revolving fund in the department of revenue administration
for the education and training of municipal officers and employees
and relative to the recognition of tax anticipation notes for
the purpose of setting property tax rates.

Amend RSA 21-J:24-a, III as inserted by section 1 of the bill by replacing it with the following:

III. An initial funding of \$2,500 shall be transferred from the current expenses appropriation of the municipal services division prior to June 30, 1994; a second funding of \$2,500 shall be transferred from the current expenses appropriation of the municipal services division of the municipal services division between July 1, 1994 and December 1, 1994.

Amend the bill by replacing all after section 2 with the following:

3 Recognition of Proceeds. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18. *The governing body, after receiving authorization for borrowing from the legislative body, may elect to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification, prior to September 1, to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue.*

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a revolving fund in the department of revenue administration for the education and training of municipal officers and employees.

The bill also allows school districts to elect to recognize the proceeds of tax anticipation notes as revenue for the purposes of setting property tax rates.

SB 771-FN-A, relative to an implementation plan for additional training of police, prosecutors, and correctional personnel in the prevention, investigation, and prosecution of sexual assault cases. **OUGHT TO PASS**

Rep. Marie C. Hawkinson for Appropriations: This bill requires the director of police standards and training council to offer training of police, prosecutors and correctional personnel in the prevention, investigation and prosecution of sexual assault cases, as recommended by the law enforcement task force established. Funds are transferred from existing unexpended funds from the surcharge on fines. Vote 19-0.

SB 781-A, requiring the department of transportation to redesign and reconstruct a portion of exit 6 on the Spaulding turnpike from funds previously appropriated. **INEXPEDIENT TO LEGISLATE**

Rep. Gerald P. Merrill for Appropriations: This bill is not needed as it is contained in HB 1518-A. Vote 18-0.

SB 806, relative to a capital appropriation for repair and restoration of the state house. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert G. Holbrook for Appropriations: From funds authorized in RSA 351:1, II, A for State House repairs, this bill authorizes further repairs in the State House and Legislative Office Building to include: repairing and painting the State House exterior, repairing State House windows, restoring SH Room 120, refurbishing the Senate chamber, upholstering chairs in the cafeteria and LOB basement lobby, air conditioning for SH Room 100; and constructing a segregated, enclosed ventilated area for permitted-smoking in the LOB basement. Vote 21-0.

Amendment (6215B)

Amend the bill by replacing section 1 with the following:

1 Balance from State House Dome Repair Project Appropriation. Amend 1991, 351:1, II, A as amended by 1993, 359:22 to read as follows:

359:22 Appropriation; State House Repairs. Amend 1991, 351:1, II, A to read as follows:

A. Repair State House dome; repair and paint exterior of State House; repair State House windows; restoration of room 120 in the State House; *refurbish senate chamber; upholster chairs; air conditioning of room 100; smoking area in LOB basement.* * \$250,000

* Any anticipated balance from the state house dome repair project in this authorization shall be transferred from the department of administrative services to the general court. Of that balance, \$123,000 is available for repairing and painting the exterior of the state house, repairing the state house windows, and restoring room 120 in the state house; *\$30,000 is available for refurbishing of the senate chamber, including upholstering of chairs and sofas, new carpeting and sound system repair; and \$20,000 is available for upholstering of chairs in the state house cafeteria and the legislative office building basement lobby; \$5,000 is available for air conditioning of room 100 in the state house; and \$11,000 is available for construction of a segregated, enclosed, ventilated smoking permitted area in the legislative office building basement. This appropriation shall not lapse until June 30, 1995.*

SB 580-FN, establishing a committee to study future directions for New Hampshire child care licensing policies. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eugene L. Gagnon for Children, Youth and Juvenile Justice: This bill, as amended, reinstates the exemption for municipal recreation programs from state child day care licensing regulation. The bill also establishes a committee to study future directions for New Hampshire child care licensing policies. Vote 16-0.

Amendment (6224B)

Amend the title of the bill by replacing it with the following:

AN ACT

exempting municipal recreation programs from day care licensing requirements
and establishing a committee to study future directions for
New Hampshire child care licensing policies.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Municipal Recreation Programs Exempt from Child Day Care Licensing Regulation. Amend RSA 170-E:3, 1 by inserting after subparagraph (e) the following new subparagraph:

(f) Municipal recreation programs.

2 Committee Established; Purpose; Membership. A committee is established to study future directions for New Hampshire child care licensing policies. The committee shall consist of the following members:

I. Two members of the senate, appointed by the senate president.

II. Two members of the house of representatives, appointed by the speaker of the house.

III. Two representatives from the department of health and human services, appointed by the commissioner.

IV. The chairperson of the New Hampshire child care advisory committee, or designee.

X. A parent whose child is presently involved in child care services or related programs, appointed by the governor.

XI. A representative of the YMCA, appointed by the chairperson of the Executive Cabinet of the Granite State Cluster of YMCAs.

XII. A representative of the New Hampshire Child Care Association, appointed by the association.

XIII. A representative of the New Hampshire Municipal Association, appointed by the association.

XIV. A representative of the New Hampshire Association for the education of Young Children, appointed by the association.

3 Duties; Report. The committee shall:

I. Study the issue of exemptions from child care licensing regulations.

II. Study the variety of child care programs presently operating in New Hampshire and make recommendations for classifying these programs for regulatory purposes.

III. Provide recommendations for appropriate legislation relating to child care licensing regulation.

IV. Issue a report including recommendations for appropriate legislation. The report shall be submitted to the governor, the president of the senate, the speaker of the house, and the state board of education no later than November 1, 1994.

4 Meetings; Chairperson.

I. The first-named member of the house shall call the first meeting within 30 days of the effective date of this act.

II. A chairperson shall be elected by the members of the committee.

III. Members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that municipal recreation programs shall be exempt from state child day care licensing regulation and establishes a committee to study future directions for state child care licensing policies and regulations.

SB 618, changing the title of juvenile services officers to juvenile probation-parole officers, and changing the term "conditional release" to "juvenile probation." OUGHT TO PASS WITH AMENDMENT

Rep. Irene A. Pratt for Children, Youth and Juvenile Justice: This bill changes the title of juvenile services officers to juvenile court officers and changes the term "conditional release" to "juvenile probation" as it relates to juveniles adjudicated delinquent and placed on probation. Vote 11-0.

Amendment (6217B)

Amend the title of the bill by replacing it with the following:

AN ACT

changing the title of juvenile services officers to juvenile court officers, and changing the term "conditional release" to "juvenile probation."

Amend the bill by replacing sections 1 and 2 with the following:

1 Reference Changes. Amend the following RSA provisions by replacing "juvenile services officer" with "juvenile court officer": RSA 169-B:2, VIII(c); 169-B:9; 169-B:9-a; the unnumbered concluding paragraph of 169-B:24; 169-B:25; 169-B:30; 169-C:3, XXIV; 169-C:6, I-III; 169-C:34, IV; 169-D:8, II; 169-D:9-a; and 170-G:1, VI.

2 Reference Changes. Amend the following provisions by replacing "juvenile services officers" or "juvenile service officers" with "juvenile court officers": RSA 169-B:35, II; 169-D:2, VI(c); 169-D:25, II; 170-G:3, III; 170-G:4, II-a; 170-G:15; and 170-G:16.

AMENDED ANALYSIS

This bill changes the title of juvenile services officers to juvenile court officers, and changes the term "conditional release" to "juvenile probation" as it relates to juveniles adjudicated delinquent and placed on probation.

SB 518, relative to life and health insurance policy language simplification. **OUGHT TO PASS WITH AMENDMENT**

Rep. Beverly A. Gage for Commerce, Small Business and Consumer Affairs: This bill requires all group and individual health insurers, hospital service corporations, nonprofit health service corporations and health maintenance organizations to provide information concerning covered services in clear and simple language. This bill also establishes simplification standards for use in all health insurance policies. Vote 12-0.

Amendment (6180B)

Amend the title of the bill by replacing it with the following:

AN ACT

requiring health care providers to clearly state the benefits and services provided to enrollees and subscribers and relative to policy language simplification.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Explanation of Benefits. Amend RSA by inserting after chapter 420-G the following new chapter:

CHAPTER 420-H

EXPLANATION OF BENEFITS

420-H:1 Purpose. The legislature finds and declares that:

I. Current and prospective beneficiaries, and enrollees and subscribers of group and individual health policies and hospital service plans, nonprofit health service plans, medical service plans, and health maintenance organizations do not always understand the medical services that will and will not be covered by such third-party payors, or the payment schedule contained in such policies or plans.

II. Third-party payors should be required to provide such information regarding covered services in clear and simple terms with an easily understandable schedule of payment for services covered to current and potential beneficiaries, enrollees and subscribers.

420-H:2 Definitions. As used in this chapter:

I. "Certificate" means a document received by an insured, enrollee, or subscriber from an insurer in lieu of a policy or contract which evidences the coverage to which the insured, enrollee or subscriber is entitled.

II. "Commissioner" means the commissioner of the insurance department.

III. "Company" or "insurer" means any life or health insurance company, fraternal benefit society, nonprofit health service corporation, nonprofit hospital service corporation, nonprofit medical service corporation, prepaid health plan, dental care plan, vision care plan, pharmaceutical plan, health maintenance organization, and all similar type organizations.

IV. "Policy" or "policy form" means any policy, contract, certificate, plan or agreement of life or health insurance, including credit life insurance and credit health insurance, delivered or issued for delivery in this state by any company subject to this chapter; any certificate, contract or policy issued by a fraternal benefit society; and any certificate issued pursuant to a group insurance policy delivered or issued for delivery in this state.

420-H:3 Scope. This chapter shall apply to all policies delivered or issued for delivery in this state by any company on or after the date such forms must be approved under this chapter, but nothing in this chapter, shall apply to:

I. Any policy which is a security subject to federal jurisdiction;

II. Any group policy covering a group of 1,000 or more lives at date of issue, other than a group credit life insurance policy or a group credit health insurance policy; however, this shall not exempt any certificate issued pursuant to a group policy delivered or issued for delivery in this state;

III. Any group annuity contract which serves as a funding vehicle for pension, profit sharing or deferred compensation plans;

IV. Any form used in connection with, as a conversion from, as an addition to, or in exchange pursuant to a contractual provision for, a policy delivered or issued for delivery on a form approved or permitted to be issued prior to the dates such forms must be approved under this chapter;

V. The renewal of a policy delivered or issued for delivery prior to the dates such forms must be approved under this chapter.

420-H:4 Requirements. Enrollees, subscribers, certificate holders, and individual insureds shall receive in simple and concise written language at least the following information:

I. An explanation of benefits provided.

II. Any benefit limitations, reductions, exclusions or exceptions to covered services, including an explanation of any restrictions on a subscriber's access to network practitioners based upon the subscriber's choice of primary care physician.

III. The nature of any payments required of the beneficiary, enrollee or subscriber such as copayments or deductibles.

IV. The nature of any limitations on payment by the insurer, including limitations based on the use of network or out-of-network health care providers.

V. The credentials of any health care provider the health care plan holds out as a specialist denoting board eligibility or board certification for such specialty.

420-H:5 Minimum Policy Language Simplification Standards.

I. In addition to any other requirements of law, no policy forms, except as stated in RSA 420-H:3, shall be delivered or issued for delivery in this state on or after the dates such forms must be approved under this chapter unless:

(a) The text achieves a minimum score of 40 on the Flesch reading ease test or an equivalent score on any other comparable test as provided in paragraph III;

(b) It is printed, except for specification pages, schedules and tables, in not less than 10 point type, one point leaded;

(c) The style, arrangement and overall appearance of the policy give no undue prominence to any portion of the text of the policy or to any endorsements or riders; and

(d) It contains a table of contents or an index of the principal sections of the policy, if the policy has more than 3,000 words printed on 3 or fewer pages of text, or if the policy has more than 3 pages regardless of the number of words.

II. For the purposes of this section, a Flesch reading ease test score shall be measured by the following method:

(a) For policy forms containing 10,000 words or less of text, the entire form shall be analyzed. For policy forms containing more than 10,000 words, the readability of two 200 word samples per page may be analyzed instead of the entire form. The samples shall be separated by at least 20 printed lines.

(b) The number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences. The figure obtained shall be multiplied by a factor of 1.015.

(c) The total number of syllables shall be counted and divided by the total number of words. The figure obtained shall be multiplied by a factor of 84.6.

(d) The sum of the figures computed under (b) and (c) subtracted from 206.835 equals the Flesch reading ease score for the policy form.

(e) For purposes of RSA 420-H:5, II(b), (c) and (d), the following procedures shall be used:

(1) A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;

(2) A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and

(3) A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. Where the dictionary shows 2 or more equally acceptable pronunciation of a word, the pronunciation containing fewer syllables may be used.

(f) The term "text" as used in this section shall include all printed matter except the following:

(1) The name and address of the insurer; the name, number or title of the policy; the table of contents or index; captions and subcaptions; specification pages, schedules or tables; and

(2) Any policy language which is drafted to conform to the requirements of any federal law, regulation or agency interpretation, any policy language required by any collectively bargained agreement, any medical terminology, any words which are defined in the policy, and any policy language required by law or regulation, provided, however, the insurer identifies the language or terminology excepted by this subparagraph and certifies, in writing, that the language or terminology is entitled to be excepted by this subparagraph.

III. Any other reading test may be approved by the commissioner for use as an alternative to the Flesch reading ease test if it is comparable in result to the Flesch reading ease test.

IV. Filings subject to this section shall be accompanied by a certificate signed by an officer of the insurer stating that it meets the minimum reading ease score on the test used or stating that the score is lower than the minimum required but should be approved in accordance with RSA 420-H:6. To confirm the accuracy of any certification, the commissioner may require the submission of further information to verify the certification in question.

V. At the option of the insurer, riders, endorsements, applications and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.

420-H:6 Powers of the Commissioner. The commissioner may authorize a lower score than the Flesch reading ease score required in RSA 420-H:5, I(a) whenever he finds that a lower score:

I. Will provide a more accurate reflection of the readability of a policy form;

II. Is warranted by the nature of a particular policy form or type or class of policy forms; or

III. Is caused by certain policy language which is drafted to conform to the requirements of any state law, rule or agency interpretation.

420-H:7 Approval of Forms. A policy form meeting the requirements of RSA 420-H:5, I shall be approved notwithstanding the provisions of any other laws which specify the content of policies, if the policy form provides the policyholders and claimants protection not less favorable than they would be entitled to under such laws.

2 Applicability. This act shall apply to all policy forms filed on or after January 1, 1997. No policy form shall be delivered or issued for delivery in New Hampshire on or after January 1, 2000, unless approved by the commissioner or permitted to be issued under this act. Any policy form which has been approved or permitted to be issued prior to January 1, 2000, and which meets the standards set by this act need not be refiled for approval, but may continue to be lawfully delivered or issued for delivery in this state upon the filing with the commissioner of a list of such forms identified by form number and accompanied by a certificate as to each such form in the manner provided in RSA 420-H:5, IV.

3 Effective Date.

I. Section 2 of this act shall take effect January 1, 1995.

II. The remainder of this act shall take effect as provided in section 2.

AMENDED ANALYSIS

This bill requires all group and individual health insurers, hospital service corporations, nonprofit health service corporations, medical service corporations, and health maintenance organizations to provide information concerning covered services in clear and simple language.

The bill also establishes simplification standards for use in all health insurance policies.

SB 549, relative to loans made by a bank to its executive officers, directors, or trustees. **OUGHT TO PASS**

Rep. Matthew J. Newland for Commerce, Small Business and Consumer Affairs: This bill provides the 48 state-chartered banks with the option of complying with either federal or state law relative to the approval of loans made to its executive officers, trustees, etc. Federally chartered banks need only comply with federal regulation "O." State-chartered banks must comply with the more restrictive of the two. This bill allows the option to choose. Vote 12-0.

SB 573, establishing a committee to study the relocation of abandoned manufactured homes within manufactured housing parks. **OUGHT TO PASS**

Rep. Peter F. Wells, Sr. for Commerce, Small Business and Consumer Affairs: Presently, abandoned housing in a manufactured housing park causes problems between park owners and the local taxing authority. This balanced committee will attempt to resolve this problem in a manner favorable to all concerned parties. Vote 12-0.

SB 804, establishing a committee to study delinquent property taxes owed by condominium unit owners. **REFER FOR INTERIM STUDY**

Rep. Peter F. Wells, Sr. for Commerce, Small Business and Consumer Affairs: Presently, many towns and cities have problems collecting taxes on certain condominiums. This bill will study the issue with a well-rounded study committee in an attempt to resolve this issue of delinquent condominium taxes. Vote 14-0.

SB 542, increasing the penalty for certain automobile offenses. **INEXPEDIENT TO LEGISLATE**

Rep. Donna P. Sytek for Corrections and Criminal Justice: This bill would have increased the penalty from a misdemeanor to a Class B felony for taking a motor vehicle without consent of the owner. While the committee is sympathetic to the desire of the sponsors to deter and punish "joyriding," after careful consideration we chose not to recommend passage of the bill. Under current law, juveniles aged 16 and 17 who commit any motor vehicle violation or misdemeanor can be tried and punished in adult court. If we were to change joyriding to a felony, these young offenders would be tried in juvenile court where punishment is not only confidential, but is much less certain. Juvenile defendants aside, the committee was reluctant to make the penalty for taking a motor vehicle without the owner's consent a felony under the motor vehicle code when the same conduct, unauthorized use of a propelled vehicle, is only a misdemeanor under the criminal code. Vote 12-0.

SB 605, relative to driving a motor vehicle after license revocation or suspension in another state. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donnalee M. Lozeau for Corrections and Criminal Justice: This bill was introduced to address the issue of out-of-state drivers who drive in New Hampshire after license revocation or suspension. Currently, they are only charged with driving without a valid license. As amended, the problem is addressed by adding out-of-state language to our chapter of Driving after Revocation or Suspension. Vote 10-0.

Amendment (6222B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to driving a motor vehicle after license revocation or suspension.

Amend the bill by replacing all after the enacting clause with the following:

1 Driving after Revocation or Suspension of License. Amend RSA 263:64, I by replacing it with the following:

I. No person shall drive a motor vehicle in this state after the director or the justice of any court *in this state, or competent authority in the out-of-state jurisdiction where the license was issued* has suspended or revoked his license to drive or after his driving privilege has been so suspended or revoked.

2 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill prohibits a person with an in-state or out-of-state driver's license from driving a motor vehicle in this state if the person's license to drive or driving privilege has been suspended or revoked.

SB 609, providing extended terms of imprisonment for certain DWI offenses. **INEXPEDIENT TO LEGISLATE**

Rep. Donna P. Sytek for Corrections and Criminal Justice: This bill would have allowed an enhanced penalty for DWI-related negligent homicide and aggravated DWI with serious bodily injury when there was a prior offense. The committee felt that the current penalties of 15 years for negligent homicide and seven years for aggravated DWI were adequate. Vote 10-0.

SB 716-FN, relative to rules governing the evaluation of bids for the treatment and disposal of contaminated soil. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard O. Wasson for Environment and Agriculture: This bill, as amended, provides for the specifying of criteria by the Oil Fund Disbursement Board for competitive bidding and stipulates requirements for reimbursements to facility owners by said fund for proper clean up and disposal of contaminated soils. Vote 17-0.

Amendment (6231B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to reimbursement of cleanup costs and requiring the oil fund disbursement board to adopt rules relative to competitive bidding.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Rulemaking Duty Added. Amend RSA 146-D:5, I by inserting after subparagraph (f) the following new subparagraph:

(g) Specifying criteria for competitive bidding including least cost to the fund; consideration of the air, water, and soil pollution control efficiency of the method of treatment; and disposition of end products.

2 Requirements for Reimbursement. Amend RSA 146-D:6, III to read as follows:

III. Owners of facilities eligible under this chapter may apply for reimbursement of court-ordered damages to third parties for bodily injury or property damage, and for the costs of on-site and off-site cleanup of oil discharges in amounts not to exceed \$1,000,000. *Cleanup costs for the treatment and disposal of contaminated soil shall be eligible for reimbursement only to the extent that such treatment and disposal is conducted by qualified entities holding all permits, authorizations, and licenses specified by the department of environmental services.* Reimbursement from the fund for damages to third parties shall be payable only to the extent to which such damages are not covered by other insurance policies. Reimbursement from the fund for costs of cleanup shall be reduced by the amount of any payments received from other insurance for such costs.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the oil fund disbursement board to adopt rules relative to criteria for competitive bidding.

This bill also establishes requirements for reimbursement of cleanup costs for the treatment and disposal of contaminated soil from the oil discharge and disposal cleanup fund.

SB 622, changing the membership of the board of examiners of psychology and mental health practice. **OUGHT TO PASS**

Rep. Kathleen W. Ward for Executive Departments and Administration: This proposal will enlarge the current board from nine members to 11, adding one additional social worker and one additional public member. Vote 12-0.

SB 802, relative to real estate appraisers. **OUGHT TO PASS**

Rep. J. Gregory McGrath for Executive Departments and Administration: This bill reflects technical changes that are required by the federal government to comply with changes in federal regulations concerning the appraisal practice. More changes are contemplated in the future from testimony given at the hearing. Vote 13-0.

SB 649, relative to workers' compensation insurance disclosure. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Turner for Labor, Industrial and Rehabilitative Services: This bill requires insurance companies, self-insured employers, and self-insured groups providing workers' compensation to file annual disclosures of information with the labor commissioner. Currently, the RSA's and the rules that govern the department covers these requirements. Further questioning of the department revealed that it would not be necessary to pass legislation to accomplish this. Vote 14-1.

SB 520-L, relative to the adoption of an optional fiscal year and quarterly billing and collection of taxes by the city of Concord. **OUGHT TO PASS**

Rep. David M. Perry for Municipal and County Government: A House bill that allowed all municipalities the option of billing and collecting taxes quarterly was killed in the Senate. This bill will allow the City of Concord to try this method and see if it is a good method to improve cash flow. Vote 11-0.

SB 552, providing for ownership rights in dies and molds under certain conditions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Karen K. McRae for Science, Technology and Energy: This bill, as amended, establishes a procedure for ownership rights of dies, molds, forms and patterns. Under this bill, the customer owns the die, mold, form or pattern unless there is an agreement to the contrary or unless the customer does not claim possession in which case ownership rights may pass to the molder. The bill also establishes a lien procedure. Vote 10-0.

Amendment (6195B)

Amend the title of the bill by replacing it with the following:

AN ACT

providing for ownership rights to dies, molds, forms,
and patterns under certain conditions.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Rights to Dies, Molds, Forms, and Patterns. Amend RSA by inserting after chapter 350-B the following new chapter:

CHAPTER 350-C

RIGHTS TO DIES, MOLDS, FORMS AND PATTERNS

Mold Retention

350-C:1 Definitions. In this subdivision:

I. "Customer" means any individual or entity who causes or caused a molder to fabricate, cast, or otherwise make a die, mold, form, or pattern or who provides a molder with a die, mold, form, or pattern to manufacture, assemble, cast, fabricate or otherwise make a product or products for a customer.

II. "Molder" means any individual or entity who fabricates, casts, or otherwise makes or uses a die, mold, form, or pattern for the purpose of manufacturing, assembling, casting, fabricating, or otherwise making a product or products for a customer. A "molder" includes, but is not limited to, a tool or die maker.

III. "Within 3 years following the last prior use" shall be construed to include any period following the last prior use of a die, mold, form, or pattern regardless of whether or not that period precedes the effective date of this subdivision.

350-C:2 Ownership Rights to Dies, Molds, Forms and Patterns.

I. In the absence of any agreement to the contrary, the customer shall have all rights and title to any die, mold, form, or pattern in the possession of the molder.

II. If a customer does not claim possession from a molder of a die, mold, form, or pattern within 3 years following the last prior use of such die, mold, form, or pattern, all rights and title to any die, mold, form, or pattern shall be transferred by operation of law to the molder for the purpose of destroying or otherwise disposing of such die, mold, form, or pattern, consistent with this section.

III. If a molder chooses to have all rights and title to any die, mold, form, or pattern, transferred to the molder by operation of law, the molder shall send written notice by registered mail to the chief executive office of the customer or, if the customer is not a business entity, to the customer at the customer's last known address indicating that the molder intends to terminate the customer's rights and title by having all such right and title transferred to the molder by operation of law pursuant to this subdivision. Such notice shall include a statement of the customer's rights as set forth in paragraph IV of this section.

IV.(a) If a customer does not respond in person or by mail to claim possession of the particular die, mold, form, or pattern within 120 days following the date the notice was sent, or does not make other contractual arrangements with the molder for storage of the die, mold, form, or pattern, all rights and title of the customer, except patents and copyrights, shall transfer by operation of law to the molder. Thereafter, the molder may destroy or otherwise dispose of the particular die, mold, form, or pattern as the molder's own property without any risk of liability to the customer.

(b) This subdivision shall not be construed in any manner to affect any right of the customer, under federal patent or copyright law or any state or federal law pertaining to unfair competition.

Liens**350-C:3 Liens.**

I. Molders, shall have a lien, dependent on possession, on all dies, molds, forms or patterns in their hands belonging to a customer, for the balance due them from such customer for any manufacturing or fabrication work, and in the value of all material related to such work. The molder may retain possession of the die, mold, form or pattern until the charges are paid.

II. Before enforcing such lien, notice in writing shall be given to the customer, whether delivered personally or sent by registered mail to the last-known address of the customer. This notice shall state that a lien is claimed for the damages set forth in or attached to such writing for manufacturing or fabrication work contracted or performed for the customer. This notice shall also include a demand for payment.

III. If the molder has not been paid the amount due within 60 days after the notice has been received by the customer as provided in paragraph II, the molder may sell the die, mold, form, or pattern at a public auction if both of the following occur:

(a) The die, mold, form, or pattern is still in the molder's possession.

(b) The molder complies with RSA 350-C:4.

350-C:4 Sale.

I. Before a molder may sell the die, mold, form, or pattern the molder shall notify the customer by registered mail, return receipt requested. The notice shall include the following information:

(a) The molder's intention to sell the die, mold, form, or pattern 30 days after the customer's receipt of the notice.

(b) A description of the die, mold, form, or pattern to be sold.

(c) The time and place of the sale.

(d) An itemized statement for the amount due.

II. If there is not a return of the receipt of the mailing or if the postal service returns the notice as being nondeliverable, the molder shall publish notice of the molder's intention to sell the die, mold, form, or pattern in a newspaper of general circulation in the customer's last known place of business. The notice shall include a description of the die, mold, form, or pattern and name of the customer.

III.(a) If the sale is for a sum greater than the amount of the lien, the excess shall be paid to any prior lienholder known to the molder at the time of the sale and any remainder to the customer, if the customer's address is known, or the state treasurer for deposit in the general fund if the customer's address is unknown to the molder at the time of the sale.

(b) A sale shall not be made under this subdivision if it would be in violation of any right of a customer under federal patent or copyright law.

2 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill establishes a procedure for ownership rights in dies, molds, forms, and patterns. Under this bill, the customer owns the die, mold, form, or pattern unless there is an agreement to the contrary or unless the customer does not claim possession in which case ownership rights may pass to the molder. The bill also establishes a lien procedure in the event a customer contracts for such die, mold, form, or pattern and ceases to make payments.

SCR 10, to request Congress to allow all states east of the 100th meridian to regulate the export of unprocessed logs. **OUGHT TO PASS**

Rep. Lawrence J. Guay for State-Federal Relations: In passing this resolution, it is not the intent to restrict the export of unprocessed logs to Quebec and the Maritime Provinces. The resolution is asking that the state would be given the right to restrict the exportation of logs as provided pursuant to the authority under the Forest Resources Conservation and Shortage Relief Act of 1990 as amended. Vote 10-0.

SB 538, establishing a state freshwater fish. **OUGHT TO PASS**

Rep. Robert L'Heureux for Wildlife and Marine Resources: The committee feels that the brook trout is an excellent, rugged fish that represents the true spirit of New Hampshire individualism. Vote 10-0.

SB 585, increasing penalties for certain acts of cruelty to animals. **OUGHT TO PASS WITH AMENDMENT**

Rep. Roland J. Lefebvre for Wildlife and Marine Resources: This bill was amended to change the language regarding misdemeanors from "negligently" to "purposefully." Vote 10-0.

Amendment (6037B)

Amend the bill by replacing all after the enacting clause with the following:

1 Penalties Increased; Cruelty to Animals. The introductory paragraph of RSA 644:8, III is repealed and reenacted to read as follows:

III. A person is guilty of a misdemeanor for a first offense, and of a class B felony for a second or subsequent offense, who:

2 New Paragraph; Class B Felony. Amend RSA 644:8 by inserting after paragraph III the following new paragraph:

III-a. A person is guilty of a class B felony who purposely beats, cruelly whips, tortures, or mutilates any animal or causes any animal to be beaten, cruelly whipped, tortured or mutilated.

3 Cross References. Amend RSA 644:8, IV and IV-a(a) to read as follows:

IV. In addition to being guilty of [a misdemeanor] *crimes* as provided in [paragraph] *paragraphs III, and III-a* any person charged with cruelty to animals may have his animal confiscated by the arresting officer and, upon said person's conviction of cruelty to animals, the court may dispose of said animal in any manner it decides. The costs, if any, incurred in boarding and treating the animal, pending disposition of the case, and in disposing of the animal, upon a conviction of said person for cruelty to animals, shall be borne by the person so convicted.

IV-a.(a) Except as provided in subparagraph (b) any appropriate law enforcement officer, animal control officer, or officer of a duly licensed humane society may take into temporary protective custody any animal when there is probable cause to believe that it has been abused or neglected in violation of [paragraph] *paragraphs III or III-a* when there is a clear and imminent danger to the animal's health or life and there is not sufficient time to obtain a court order. Such officer shall leave a written notice indicating the type and number of animals taken

into protective custody, the name of the officer, the time and date taken, the reason it was taken, the procedure to have the animal returned and any other relevant information. Such notice shall be left at the location where the animal was taken into custody. The officer shall provide for proper care and housing of any animal taken into protective custody under this paragraph. If, after 7 days, the animal has not been returned or claimed, the officer shall petition the municipal or district court seeking either permanent custody or a one-week extension of custody or shall file charges under this section. If a week's extension is granted by the court and after a period of 14 days the animal remains unclaimed, the title and custody of the animal shall rest with the officer on behalf of his department or society. The department or society may dispose of the animal in any lawful and humane manner as if it were the rightful owner. If after 14 days the officer or his department determines that charges should be filed under this section, he shall petition the court.

4 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill makes second or subsequent offenses of certain acts of animal cruelty class B felonies.

This bill makes mutilation, torture, or certain other acts of mistreatment of an animal a class B felony.

SB 708-FN, permitting the aquaculture of oysters and the use of live bait for the purpose of taking fish on Lake Sunapee. **INEXPEDIENT TO LEGISLATE**

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill duplicates other bills which adequately address aquaculture and live bait in Lake Sunapee. Therefore, the committee voted unanimously. Vote 10-0.

REGULAR CALENDAR

SB 558, relative to imposing late payment fees on retail credit customers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard L. Hill for Commerce, Small Business and Consumer Affairs: This bill clarifies the language in R.S.A.-358 K:1, XIII to include late fees in this section. Vote 10-2.

Amendment (6018B)

Amend the bill by replacing section 1 with the following:

1 Late Fees Added. Amend RSA 358-K:1, XIII to read as follows:

XIII. "Other charges" or "other charge," notwithstanding any other law to the contrary, means any cost or charge, other than interest as defined in paragraph XII, including but not limited to origination fees, loan discount, transaction costs, buydown funds, or other fees, *including late fees*, or assessments, whether or not expressed as a percentage of the amount of the loan or debt, payable directly or indirectly by the consumer and imposed directly or indirectly by the creditor as an incident to or a condition of the extension of credit.

AMENDED ANALYSIS

This bill allows holders of consumer credit agreements to impose late fees for any installment payment which is late.

Adopted.

Report adopted and ordered to third reading.

SB 590, relative to the investment of trust funds by banks in affiliated investments. **INEXPEDIENT TO LEGISLATE**

Rep. Thea Braiterman for Commerce, Small Business and Consumer Affairs: This bill would allow a bank as a trustee of a trust fund to invest monies from that trust fund into mutual funds owned by that bank. The Commerce Committee feels this constitutes a conflict of interest and represents a potential danger to the trust funds. Vote 10-4.

Adopted.

SB 684, limiting fees charged by companies and lenders for checks drawn on insufficient funds. **INEXPEDIENT TO LEGISLATE**

Rep. Suzanne K. Loder for Commerce, Small Business and Consumer Affairs: This bill limits fees charged by companies and lenders for checks drawn on insufficient funds. The majority of the committee agreed with the bank commissioner that the legislature should not be endorsing or empowering businesses to unilaterally add finance charges, fees, and additional charges in addition to a \$30 charge for a dishonored check. Vote 10-3.

Rep. Bonnie Packard yielded to questions.

Adopted.

SB 711, relative to small employer and individual insurance. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Thea Braiterman for Commerce, Small Business and Consumer Affairs: Access to and affordability of health insurance is the purpose of SB 711. All insurers will be required to accept and renew all individual or employer groups up to 100. A prohibition on screening pre-existing conditions or health history means insurers will no longer be allowed to exclude high-risk applicants or charge them excessive rates. Each carrier will set its community rate based on experience with no modification for gender, geographical location, occupation or health status. A phase-in age differential of 2-to-1 will result in younger people paying less than older people. States which have adopted these insurance reforms appreciate the rate stability and lowered cost of health insurance. Widespread support for this insurance reform comes from Health and Human Services Commissioner Harry Bird, Insurance Commissioner Sylvio Dupuis, and citizens and organizations throughout the state. Vote 11-5.

Rep. Beverly A. Gage for the Minority of Commerce, Small Business and Consumer Affairs: "Who's covered" and at "what cost?" Those covered are individuals and small group-employers of 1 to 100 persons. With the passage of SB 711 the cost of insurance premiums could increase as much as 100 percent, even with the 25 percent cap on the age differential. The older rate will go down while the young and healthy will pay more. This is "cost shifting" in the guise of "community rating." The subcommittee on SB 711 passed three amendments addressing collection of data by the Insurance Commissioner's Office; locking in the rate differential by age at 3-to-1; and exempting the New Hampshire Motor Transport Association Insurance Trust for three years so it can build up reserves in order to comply with SB 711. Two of the amendments were defeated by the full committee and one was withdrawn.

MOTION TO LIMIT DEBATE

Rep. Wells moved that debate be limited to five minutes for each side, excluding questions and spoke in favor.

Reps. Burling, Dickinson, Ann Torr and Trombly spoke against.

The motion failed.

REGULAR CALENDAR (Cont'd.)

Rep. Whalley moved that the words Refer for Interim Study be substituted for the report of the Committee, Ought to Pass, and spoke in favor.

Reps. Crory and Bonnie Packard spoke against and yielded to questions.

Reps. Wells and Robert Wheeler spoke in favor and yielded to questions.

Rep. Douglas Hall spoke against.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

Reps. Hager and Stone wished to be recorded in opposition to the substitute motion.

The Majority of the Committee offered a floor amendment.

Floor Amendment (6350B)

Amend RSA 420-G:4, I(a)(2) as inserted by section 1 of the bill by replacing it with the following:

(2) Carriers may modify such average premium for age only in accordance with the following limitations:

(A) During the first calendar year that this chapter is in effect the maximum premium differential for age as determined by ratio shall be 4 to 1;

(B) During the second calendar year and all subsequent years that this chapter is in effect such maximum premium differential shall be 3 to 1.

Amend RSA 420-G:10 as inserted by section 1 of the bill by replacing it with the following:

420-G:10 Applicability; Carriers.

I. This chapter shall apply to any entity licensed, controlled or regulated by RSA 415, RSA 415-E, RSA 419, RSA 420, RSA 420-A, RSA 420-B or RSA 420-C which offers or provides individual or small employer health insurance plans or health benefits plans for delivery in this state. This chapter shall also apply to any multi-employer plan, trust, association, claims administrator, claims paying agent or any other entity whether fully insured, partially insured, or self-funded which offers or provides individual or small employer health insurance plans or health benefits plans for delivery in this state. This chapter shall not apply to pooled risk management programs which meet the standards established by RSA 5-B.

II. Notwithstanding any other provision of this chapter, any multiple employer welfare arrangement which meets the requirements of RSA 415-E:2, III shall be exempt from the provisions of this chapter until January 1, 1998.

Adopted.

Report adopted and ordered to third reading.

RECESS**(Rep. Cole in the Chair)**

SB 717, relative to residency forms and automobile insurance. **OUGHT TO PASS WITH AMENDMENT**

Rep. Bonnie B. Packard for Commerce, Small Business and Consumer Affairs: The amendment places a prohibition on individuals who falsely obtain automobile insurance in this state. If an individual is determined by the insurer to have falsely attested to residency, then payment with respect to bodily injury and property damage claims shall not exceed the limits of RSA 264, the financial responsibility limits of \$25,000 per person or \$50,000 per occurrence. For the purpose of defining "resident" under this chapter, the commissioner shall adopt rules. The majority of the committee is concerned with the number of individuals who are registering and insuring their vehicles in New Hampshire without benefit of a residence and feel that this is a step towards addressing this issue. Vote 8-4.

Amendment (6176B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to false residency forms and automobile insurance.

Amend the bill by replacing all after the enacting clause with the following:

1 False Statements Concerning Residency. Amend RSA 412:2-d to read as follows:

412:2-d Prohibition on Nonresident Automobile Insurance. Notwithstanding any other provision of law to the contrary, no individual shall be provided coverage under a policy of automobile insurance, as defined in RSA 417-A, if such individual is determined by the insurer to have falsely attested to the statement required in RSA 417-A:3-b at the time such policy was issued or renewed. Payment *not exceeding the limits required by RSA 264* shall be made by the insurer *with respect to accidents which occur in New Hampshire* for all valid bodily injury and property damage liability claims and all valid uninsured motorist claims by individuals other than the applicant *or applicants* for insurance who signed the statement required by RSA 417-A:3-b arising under such policy; however, the insurer shall be legally entitled to reimbursement by the policyholder for all such paid claims.

2 Rulemaking; Definition of Resident. Amend RSA 412:19-a to read as follows:

412:19-a Rulemaking. The commissioner shall adopt rules, under RSA 541-A, relative to defining "resident" for the purposes of this chapter and RSA 417-A[, including any criteria necessary for determining residency in the state]. *Such definition shall include any criteria necessary for determining residency in this state, including the residency of persons on active duty in the military service of the United States, retired persons and other persons temporarily out of this state.*

3 Statement of Residency. Amend RSA 417-A:3-b, I to read as follows:

I. All applicants for coverage under new or renewal policies of automobile insurance shall sign a statement of residency, *on a form prescribed by the insurance department*, which the [insurance company] insurer shall provide as part of the application for such insurance. [The statement of residency shall be as follows:

I, the undersigned, hereby attest that I am a resident of the state of New Hampshire. I understand that if I am not a resident of the state of New Hampshire, I am subject to prosecution, imprisonment of up to one year, and a fine of \$2,000.

4 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill limits the liability of automobile insurers for bodily injury and property damages incurred by individuals other than the insured where the insured has falsely attested to residency in New Hampshire.

The bill also clarifies the criteria to be considered by the insurance commissioner in defining the term "residency" for the purposes of automobile insurance.

Rep. Bonnie Packard spoke in favor and yielded to questions.

Rep. Shaw spoke against.

Adopted.

Report adopted and ordered to third reading.

SS 608, increasing the penalty for certain DWI offenses to include lifetime license revocation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard H. Campbell, Jr. for Corrections and Criminal Justice: As the bill came from the Senate, it called for mandatory life-time revocation of driver's license for fourth-offense DWI, leaving no discretion to the courts. As amended, the bill calls for an indefinite revocation which could be lifetime for a third or subsequent offense, with a mandatory minimum before restoration of five to 10 years, depending on the offense. After the minimum period, the person may petition the court for permission to re-apply for a license. The court need not

grant the petition unless good cause is shown. Even if the petition is granted, the license will not be restored until the person meets all DMV administrative requirements. The amended bill also broadens the inclusion of out-of-state DWI convictions that count as prior offenses, and it re-arranges RSA 265:82-b, the DWI penalty section, to bring some order out of chaos. Vote 10-0.

Amendment (6152B)

Amend the title of the bill by replacing it with the following:

AN ACT

increasing penalties for a person convicted of DWI-related offenses and reorganizing DWI statutes.

Amend the bill by replacing all after the enacting clause with the following:

1 Impaired Driver Intervention Program; Reference Changed. Amend the introductory paragraph of RSA 172-B:2-a, II to read as follows:

II. The director jointly with the commissioner of safety shall adopt rules, pursuant to RSA 541-A, relative to the impaired driver intervention programs and those programs equivalent to the M.O.P. as required in [RSA 265:82-b, VI(b)] *RSA 263:65-a and RSA 265:82-b* with respect to:

2 Multiple DWI Offender Intervention Detention Center Program. RSA 172-B:2-b is repealed and reenacted to read as follows:

172-B:2-b Multiple DWI Offender Intervention Detention Center Program.

I. The director shall be responsible for administration and operation of the 7-day multiple DWI offender intervention detention center program which persons convicted under RSA 265:82 or 82-a may be required to attend under the provisions of RSA 265:82-b.

II. Any person who attends the multiple DWI offender intervention detention center program shall be required to pay the fees for confinement and intervention costs prior to and as a prerequisite to admission into the program, except that prior payment shall not be required of any person convicted on a second or subsequent offense pursuant to RSA 265:82-b, II or III. The fees collected shall be deposited in a special account in the office of the state treasurer and utilized as provided in RSA 172-B:2-c.

III. The state operated multiple DWI offender intervention detention center program shall furnish to the courts and to the division of motor vehicles, department of safety, a report indicating when a person who attends the program pursuant to RSA 265:82-b has successfully completed the program. Included in that report shall be any recommendations for further treatment or involvement in Alcoholics Anonymous when appropriate and warranted. The court, upon receipt of such report, may after a hearing order the defendant to follow the treatment recommendations at a court-approved treatment facility.

IV. The director shall submit an annual report on the state operated multiple DWI offender intervention detention center program, on or before January 1 of each year, to the speaker of the house of representatives and the president of the senate.

V. The director shall adopt rules, pursuant to RSA 541-A, relative to the operation of the multiple DWI offender intervention detention center program with respect to:

(a) Program curriculum and content.

(b) The fee to be paid by each client as provided in paragraph II and in RSA 265:82-

b. Such fees shall be sufficient to make the program self-supporting, exclusive of start-up costs.

(c) Bed availability schedules.

(d) Any other matter related to the proper administration of this section.

3 Penalties for Intoxicated or Under Influence of Drugs Offenses. RSA 265:82-b is repealed and reenacted to read as follows:

265:82-b Penalties for Intoxication or Under Influence of Drugs Offenses.

I. Except as otherwise provided in this section:

(a) Any person who is convicted of any offense under RSA 215-A:11, I, or RSA 265:82 shall be:

(1) Guilty of a violation;

(2) Fined not less than \$350; and

(3) The person's driver's license shall be revoked for not less than 90 days and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

(b) Any person who is convicted of any aggravated DWI offense under RSA 215-A:11, II, or RSA 265:82-a, except as provided in subparagraph (c), shall be:

(1) Guilty of a misdemeanor;

(2) Fined not less than \$500; and

(3) The person's driver's license shall be revoked for not less than 1 year and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

(c) Any person who is convicted of aggravated DWI under RSA 215-A:11, II(a)(1) or II(b)(1), or RSA 265:82-a, I(b) or II(b), shall be:

(1) Guilty of a class B felony;

(2) Fined not less than \$1,000; and

(3) The person's driver's license shall be revoked for not less than 1 year and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

II. Upon conviction of any offense under RSA 215-A:11, RSA 265:82, RSA 265:82-a or RSA 630:3, II, based on a complaint which alleged that the person has had one or more prior convictions under RSA 215-A:11, RSA 265:82, RSA 265:82-a or RSA 630:3, II, or under similar provisions in an out-of-state jurisdiction, within 7 years preceding the date of the second or subsequent offense, the person shall be subject to the following penalties in addition to those provided in paragraph I:

(a) For a second offense:

(1) The person shall be guilty of a misdemeanor;

(2) The person shall be fined not less than \$500;

(3) The person shall be sentenced to a mandatory sentence of not less than 10 consecutive days of which 3 consecutive 24-hour periods shall be served in the county correctional facility and 7 consecutive 24-hour periods shall be served at the state operated multiple DWI offender intervention detention center established under RSA 172-B:2-b within 21 days after conviction or at the end of the defendant's appeals period, except that in circumstances where the multiple DWI offender intervention detention center has no available space the person shall be assigned the first available space;

(4) The person's driver's license shall be revoked for not less than 3 years.

(5) The person shall pay a fee to the director of the office of alcohol and drug abuse prevention, as required under RSA 172-B:2-b, for the costs of the state operated multiple DWI offender intervention detention center program.

(6) A defendant who fails to complete the program shall be in contempt of court and shall serve a minimum of 30 days in the county correctional facility.

(b) For a third offense, any person convicted under this paragraph shall be subject to all the penalties of subparagraph (a) except that:

(1) The person's driver's license shall be revoked indefinitely and shall not be restored for at least 5 years. At the end of the 5-year minimum revocation period the person may petition the court for eligibility to re-apply for a driver's license and the court, for good cause shown, may grant such eligibility subject to such terms and conditions as the court may prescribe. Any untimely petition under this subparagraph shall be dismissed without a hearing. If such petition is granted and the person is otherwise eligible for license restoration, the person may then apply to the director for restoration of driver's license, but the license shall not be restored until the provisions of RSA 263:65-a and all other requirements under law are met.

(2) If the person has completed the multiple DWI offender intervention detention center program as required under subparagraph (a)(3) upon conviction for a prior offense, the person shall be sentenced to imprisonment for a period of not less than 30 consecutive 24-hour periods, and shall complete at the person's own expense a 28-day treatment program before the driver's license may be restored.

(c) For a fourth or subsequent offense, any person convicted under this paragraph shall be subject to all the penalties of subparagraphs (a) and (b) except that the person's driver's license shall be revoked indefinitely and the person shall not petition for eligibility to re-apply for a driver's license as provided in subparagraph (b)(1) for at least 7 years.

(d) For a third or subsequent offense when the current offense or any prior offense under this paragraph is negligent homicide under RSA 630:3, II, the person convicted under this paragraph shall be subject to all the penalties of subparagraphs (a) and (b) except that the

person's driver's license shall be revoked indefinitely and the person shall not petition for eligibility to re-apply for a driver's license as provided in subparagraph (b)(1) for at least 10 years.

III. If any person is convicted of a violation of RSA 215-A:11, RSA 265:82, RSA 265:82-a or RSA 630:3, II, and the conviction is not based upon a complaint which alleges prior convictions as provided in RSA 265:82-b, II, but the person is found to have had one or more such prior convictions in this state or in an out-of-state jurisdiction within the 7 year period, the person's driver's license shall be revoked for not less than 180 days nor more than 3 years. The license shall not be restored until the person has successfully completed a 7-day program at the state operated multiple DWI offender intervention program or an equivalent 7-day residential intervention program approved by the director of the office of alcohol and drug abuse prevention, as provided in RSA 172-B:2-b and RSA 263:65-a, at the person's own expense. The court may order attendance at a residential treatment center, for a period not to exceed 30 days, at the person's own expense.

IV. For the purposes of this section:

(a) "Revocation" or "revoked" means revocation as defined in RSA 259:90 and also includes, if the person is a nonresident, the revocation of the person's privilege as an out-of-state driver to drive on any ways of this state.

(b) "Out-of-state jurisdiction" includes any governmental entity that issues driver's licenses that are valid for operating a motor vehicle on the ways of this state as provided in RSA 263:37, and that has laws relating to driving while intoxicated that are similar to the laws of this state.

V. The state operated multiple DWI offender intervention detention center program shall furnish to the courts and to the division of motor vehicles, department of safety, a report as provided in RSA 172-B:2-b, III, indicating when a person has successfully completed the program. Included in that report shall be any recommendations for further treatment or involvement in Alcoholics Anonymous when appropriate and warranted. The court, upon receipt of such report, may after a hearing order the defendant to follow the treatment recommendations at a court-approved treatment facility.

VI. No portion of the minimum mandatory sentence of imprisonment and no portion of the mandatory sentence of the period of revocation and no portion of any fine imposed under this section shall be suspended or reduced by the court. No case brought to enforce this section shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this section shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by RSA title LXII or any other provision of law.

VII. Upon conviction under the provisions of RSA 215-A:11, RSA 265:82, RSA 82-a or RSA 630:3, II, the prosecutor shall present to the court a certified copy of the defendant's record of convictions of motor vehicle offenses under RSA title XXI and similar offenses in out-of-state jurisdictions which are on record at the New Hampshire division of motor vehicles, or a signed statement that the defendant has no such prior convictions of record within the preceding 7 years. Prior to sentencing the court shall note on the complaint the number of prior convictions for drug or alcohol-related motor vehicle offenses, or the absence of any such prior convictions, as shown on such report or statement.

VIII. Any conviction under RSA 215-A:11, RSA 265:82, RSA 265:82-a or RSA 630:3, II shall be reported to the commissioner of the department of safety, division of motor vehicles, and shall become a part of the motor vehicle driving record of the person convicted.

IX. Any person convicted of a violation of RSA 215-A:11, RSA 265:82, RSA 265:82-a or RSA 630:3, II and who at the time of driving a vehicle or off highway recreational vehicle was transporting a person under the age of 16 shall have his driver's license or privilege to drive revoked for the maximum time period under the section violated and the person's license or privilege to drive shall not be restored until the offender has successfully completed a 7-day program at the state operated multiple DWI offender program or an equivalent 7-day residential intervention program approved by the director of the office of alcohol and drug abuse prevention at the person's own expense.

X. If a person has been convicted of any first offense violation of RSA 215-A:11, RSA 265:82, or RSA 265:82-a, any subsequent conviction under any of these sections shall constitute a second offense for the purposes of imposing penalties for second offense violations under RSA 265:82-b.

4 Negligent Homicide; Driving License Revocation Added. Amend RSA 630:3, II to read as follows:

II. A person is guilty of a class A felony when in consequence of being under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and controlled drug while operating a propelled vehicle, as defined in RSA 637:9, III or a boat as defined in RSA 270:48, II, he causes the death of another. *In addition to any other penalty imposed, the convicted person shall be subject to the same revocation of driver's license or privilege to drive as a person convicted of a violation of RSA 265:82-a, I(b) or II(b), as provided in RSA 265:82-b.*

5 Reference Changes.

I. Amend RSA 263:65-a, IV(b) by replacing "RSA 265:82-b, I(b)(2)" with "RSA 172-B:2-b, III and RSA 265:82-b, V".

II. Amend RSA 172-B:2-c by replacing "RSA 265:82-b, I(b)(2)" with "RSA 265:82-b".

6 Effective Date. This act shall take effect January 1, 1995.

AMENDED ANALYSIS

This bill increases penalties for a person convicted of DWI-related offenses and reorganizes the DWI statutes.

Adopted.

Report adopted and ordered to third reading.

SB 663, relative to wiretapping. REFER FOR INTERIM STUDY

Rep. Donna P. Sytek for Corrections and Criminal Justice: The issue of wiretaps is always controversial, and this bill was no exception. As it came to us from the Senate, the bill would have allowed a person who was a victim of domestic violence, stalking, or sexual harassment to tape record a conversation with the perpetrator without notification. Some members had reservations about allowing this limited exception to the current law which requires all parties to a conversation to consent to recording. The committee would like time to study the bill in order to find language narrow enough to prevent abuse but adequate to do the job. Other issues that need attention in the same chapter include the use of cordless phones and other technological advances that make portions of current law obsolete, procedures for allowing the use of listening devices in hostage situations, and conflicting penalty provisions. Vote 10-2.

Adopted.

SB 591, relative to the aerial application of pesticides. OUGHT TO PASS WITH AMENDMENT

Rep. Gregory L. Hanselman for Environment and Agriculture: This legislation ensures that all state residents in rural as well as residential zones shall be notified in advance of aerial spraying of pesticides. As amended, the bill was supported by representatives of the forestry and pesticides manufacturing industry, as well as the environmental lobby. Vote 14-1.

Amendment (6211B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to notification of aerial pesticide application.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Notification of Aerial Pesticide Application. Amend RSA 430 by inserting after section 34 the following new section:

430:34-a Notification of Aerial Pesticide Application.

I. No person shall make an aerial application of pesticides without prior written approval from the division. The approval process shall be governed by rules adopted by the board pursuant to RSA 430:31, IV(b).

II. If the proposed treatment area is in a residential area, or if residential, commercial, or institutional buildings are located within 200 feet of the proposed treatment area, a written

notice of all aerial pesticide applications shall be submitted in person to all persons owning property and other persons using commercial, institutional or residential buildings within the treatment area or 200 feet of the intended treatment area at least 14 days but not more than 60 days before the commencement of the intended spray applications. The notice shall contain the following information:

(a) Description of the treatment area sufficient to inform people who may be in the vicinity.

(b) Name of the person who contracts for the applications or such person's representative of the applicator and the address and telephone number to contact for more specific information about the intended application.

(c) Intended purpose of the pesticide application.

(d) Pesticides to be used.

(e) Date or reasonable range of dates on which applications are proposed to take place.

(f) Telephone number of the New Hampshire department of agriculture, division of pesticide control.

(g) Telephone number of the New Hampshire Poison Control Center.

(h) Public precautions which appear on the pesticide label.

III. For absentee property owners notice by certified mail, return receipt requested, to the address listed in the town tax record shall be sufficient notice.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a notification procedure to be followed prior to the application of aerial pesticides.

Adopted.

Report adopted and ordered to third reading.

SB 33, relative to licensing of certified public accountants. **INEXPEDIENT TO LEGISLATE**
Rep. Paul R. Fillion for Executive Departments and Administration: This bill and HB 1194 each deal with the licensing of certified public accountants. The primary difference is that SB 33 removes from the accountancy board rule-making authority under RSA 541-A. This committee considers it important not to impose that restriction upon the accountancy board.
Vote 11-1.

Adopted.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration without the proper notice of **SB 733**, requiring certification of athletic trainers, including fees for certification.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

SB 733, requiring certification of athletic trainers, including fees for certification. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gerald O. Gosselin for Executive Departments and Administration: Various proposals have come before the committee over several years to recognize sports medicine as practiced by athletic trainers and we recommend this amended bill which addresses all our concerns. We have added a public member and a school board member to insure their concerns will be addressed in any and all proposed rules. Vote 12-0.

Amendment (6179B)

Amend RSA 326-G:4, I as inserted by section 2 of the bill by replacing it with the following:

I. There is established an advisory committee on athletic trainers which shall serve to advise the board. The committee shall be appointed by the board and shall be comprised of the following 5 members, all of whom shall be residents of this state:

(a) One physician educated in the current practice of sports medicine.

(b) Two certified athletic trainers, who have been actively engaged in the practice of athletic training in this state for at least 36 months.

(c) One member who is a current school board member.

(d) One public member who is not and never was a member of the athletic training profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in the provision of athletic training services or an activity directly related to athletic training, including the representation of the committee, the board, or the profession for a fee at any time during the 5 years preceding appointment.

Amend the bill by replacing all after section 2 with the following:

3 Initial Appointments. The initial appointments to the advisory committee on athletic trainers established in RSA 326-G:4 shall serve initial terms as follows: one initial appointee who is a practicing athletic trainer shall serve a term of one year, one initial appointee who is a practicing athletic trainer shall serve terms of 2 years, one initial appointee who is the school board member shall serve a term of 2 years, and the remaining 2 initial appointees shall serve terms of 3 years. Initial appointment terms shall be not considered full terms for the purposes of the limitations of terms in RSA 326-G:4, II.

4 Effective Date. This act shall take effect January 1, 1995.

Adopted.

On a division vote, 236 members having voted in the affirmative and 42 in the negative, the amended Committee report was adopted.

Ordered to third reading.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration without the proper notice of **SB 763**, establishing an executive board for community service.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

SB 763, establishing an executive board for community service. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kathleen W. Ward for Executive Departments and Administration: This bill recognizes a new federal program dealing with volunteer services in the public sector "AmeriCorps." Our amendment rejects the three-year period of the federal funding of this program through a sunset clause that requires the Legislature to re-enact a fund as a state program or this law is repealed. Vote 12-0.

Amendment (6322B)

Amend the bill by replacing all after section 2 with the following:

3 Prospective Repeal. RSA 19-F relative to the New Hampshire executive board for community service, is repealed.

4 Effective Date.

I. Section 3 of this act shall take effect June 30, 1997.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes an executive board for community service. The board may apply to receive funds for community-based AmeriCorps programs and shall provide technical assistance and information to applicants for AmeriCorps funds. The board shall also help develop a 3-year service plan.

This bill prospectively repeals the board on June 30, 1997.

Adopted.

Report adopted and ordered to third reading.

SB 777, establishing a committee to study health care issues in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Maxwell D. Sargent for Health, Human Services and Elderly Affairs: The majority of the committee felt it would be repetitive to create yet another study committee on health care

issues. The House has sent SB 789-FN-A-L and SB 779-FN to interim study; both deal with studying health care and creating health care plans. It would be a disservice to those studies to pass this bill, possibly creating a sense that at least part of those studies are unnecessary. Vote 12-7.

Adopted.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **HB 1135**, granting marital masters limited powers to impose penalties for civil contempt.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

HB 1135, granting marital masters limited powers to impose penalties for civil contempt. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rick G. Newman for Judiciary: The amendment guts the original bill which was referred to the Supreme Court and came back with an opinion that it was unconstitutional as written. The new language expands the scope of the study committee created by Chapter 358:11, Laws of 1993, to include all family matters instead of just divorce and marital matters. Vote 14-0.

Amendment (6218)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to a judicial council study of family matters
within the state court system.

Amend the bill by replacing all after the enacting clause with the following:

1 Study Expanded. Amend 1993, 358:11 to read as follows:

358:11 Study of Judicial System With Regard to [Divorces and Marital] *Family* Matters.

I. The [executive director of the] judicial council shall [have conducted] *conduct* a study and review of the judicial system with regard to divorces [and other], marital matters, *and other family matters* within the state of New Hampshire. The study and review shall consist of, but shall not be limited to:

(a) Interviews with judges, clerks of court, marital masters, and members of the public who have been parties to [divorce or other marital cases in] *family matters within* the state court system.

(b) Conducting at least 3 public hearings in different geographic regions of the state.

(c) Whether all family matters within this state should be brought within a single unified jurisdictional system.

(d) *Use of mediation, court diversion, and non-judicial dispute resolution.*

II. The [executive director of the] judicial council shall submit a report on or before January 15, 1995, detailing the findings and any recommendations as a result of the study, to the speaker of the house, the senate president, the chief justice of the supreme court, and the governor.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill expands the judicial council's study of the judicial system with regard to divorces and marital matters to include a study of all family matters within the state court system.

Adopted.

Report adopted and ordered to third reading.

SB 603, relative to the definition and payment of salaried employees. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: This bill strikes a compromise between New Hampshire businesses and the state Department of Labor in bringing the definition and payment of salaried employees in line with the US Fair Labor Standards Act. It preserves the security a salaried employee now has in regard to payment, while

giving businesses more flexibility to operate their business in a manner more beneficial to themselves and their employees. This bill also allows those receiving draws against commissions, in written agreement with their employers, to carry forward any negative balance in reconciliation. Vote 15-0.

Amendment (6204B)

Amend RSA 275:42, VI as inserted by section 2 of the bill by replacing it with the following:

VI. The term "salaried employee" means any employee who under an employment agreement or as a matter of policy or practice, regularly receives each pay period a predetermined or fixed amount of money constituting compensation, based on a predetermined amount of wages to be paid as determined by a daily rate, a weekly rate, bi-weekly rate, semi-monthly rate or monthly rate, and which amount is not subject to reduction because of variations in the quality or quantity of the work performed and regardless of the hours or days worked except as otherwise provided in RSA 275:43-b.

Amend the bill by replacing section 3 with the following:

3 New Paragraph; Weekly Pay; Draw Against Commission Permitted. Amend RSA 275:43 by inserting after paragraph III the following new paragraph:

IV. Nothing in this section shall prevent an employer from compensating an employee on a draw against commission basis as defined in RSA 275:42, VII.

Amend RSA 275:43-b as inserted by section 4 of the bill by replacing it with the following:

275:43-b Payment of Salaried Employees.

I. A salaried employee shall receive full salary for any pay period in which such employee performs any work without regard to the number of days or hours worked, provided, however, a salaried employee may not be paid a full salary in each of the following instances:

(a) Any pay period in which such employee performs no work.

(b) When an employee receives a disciplinary suspension without pay in accordance with the Fair Labor Standards Act, as amended, for any portion of a pay period, and written notification is given to the employee, at least one pay period in advance, in accordance with a written progressive disciplinary policy, plan or practice and the suspension is in full day increments.

(c) If an unpaid leave of absence for a salaried employee is allowed pursuant to a written bona fide plan, policy or practice for absences, of a full day or more, of an employee caused by bereavement leave.

(d) Any portion of a work day or pay period for leave taken under, and in accordance with, the federal Family and Medical Leave Act of 1993, as amended, if written notification from the employer stating the reason for such leave is given to the employee and placed in the employee's personnel file.

(e) If the salaried employee voluntarily, without coercion or pressure, requests time off without pay for any portion of a pay period, after the employee has exhausted any leave time pursuant to a written bona fide leave plan, practice or policy and such leave time requested by the employee is granted by the employer.

II. Employers may prorate salary to a daily basis when a salaried employee is hired after the beginning of a pay period, or terminates of his own accord before the end of a pay period.

III. The employer may offset any amounts received by a salaried employee for jury duty or witness fees or military pay for a particular pay period, against the salary due for that pay period pursuant to a written bona fide leave plan, practice or policy.

Adopted.

Report adopted and ordered to third reading.

SB 805, reorganizing and making further amendments to the administrative procedure act. **UGHT TO PASS WITH AMENDMENT**

Rep. A. Theresa Drabinowicz for Legislative Administration: Senate Bill 805 is the result of a year-long study of the entire rule-making process from which study did result changes to improve the system. Vote 10-0.

Amendment (6187B)

Amend RSA 541-A:2, IV as inserted by section 1 of the bill by inserting after subparagraph (c) the following new subparagraph:

(d) Have the authority to amend and provide the final approval of the drafting and procedure manual developed by the director of legislative services and the commissioner of administrative services under RSA 541-A:8.

Amend RSA 541-A:8 as inserted by section 1 of the bill by replacing it with the following:

541-A:8 Drafting and Procedure Manual. Each agency shall conform to a drafting and procedure manual for rules, developed by the director of legislative services and the commissioner of administrative services, subject to amendment and final approval by the committee. The director may require any agency to rewrite any rule submitted for filing to conform to this manual until that rule is adopted and filed under RSA 541-A:14 or RSA 541-A:19.

Amend the bill by replacing section 52 with the following:

52 Application; Uniform System of Numbering and Drafting. Notwithstanding RSA 541-A:8 as inserted by section 1 of this act, the requirements of the uniform system of numbering and drafting provided for in RSA 541-A:3-a, VIII that are in effect on the effective date of this act shall remain in force until the drafting and procedure manual for rules authorized in RSA 541-A:8 as inserted by section 1 of this act is developed by the director of legislative services and the commissioner of administrative services, subject to amendment and final approval by the joint legislative committee on administrative rules.

AMENDED ANALYSIS

This bill repeals and replaces the current administrative procedure act, RSA 541-A, with a renumbered and reorganized version.

In addition to numerous updates in punctuation and drafting style, this bill also makes changes to the provisions of the administrative procedure act which include, but which are not limited to the following:

(1) Adding wording to clarify that alternate members on the joint legislative committee on administrative rules can be designated to sit in the place of any absent member.

(2) Clarifying the procedure for submitting a petition regarding a rule and allowing an agency more time to initiate a rulemaking proceeding in response to a petition granted by an agency.

(3) Allowing the director of legislative services to refuse to publish a rulemaking notice if there is significant noncompliance with the required notice elements.

(4) Granting authority to develop a drafting and procedure manual to the director of legislative services and the commissioner of administrative services, subject to amendment and final approval by the joint legislative committee on administrative rules.

(5) Establishing that the text of a proposed rule cannot be changed until after the conclusion of the public comment period.

(6) Rewriting the procedures for holding public hearings on proposed rules and allowing the continuation, postponement, or a change in the location of a public hearing.

(7) Allowing agencies to solicit public comment in areas of possible rulemaking prior to commencing an official rulemaking process.

(8) Rewriting the requirements for establishing the text of the final proposed rule.

(9) Rewriting the provisions on the effective dates of rules and extending the length of the effective period for rules.

(10) Adding to the duties of the director of legislative services in publishing rules.

(11) Requiring agencies to adopt rules regarding adjudicative hearings and public comment hearings.

(12) Providing that rules cannot go into effect prior to the effective date of the new law, when an agency adopts rules authorized by a new law.

(13) Requiring publication in the rulemaking register of every nonconfidential opinion relative to rulemaking issued by the attorney general.

The bill also changes references to RSA 541-A throughout the statutes in order to make those references conform to the amendments made to RSA 541-A in the bill.

This bill is a result of the findings of the committee to study the rulemaking process established under 1993, 150:2.

Adopted.

Report adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **HB 1010-L**, relative to a 10-year transportation plan.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (Cont'd.)

HB 1010-L, relative to a 10-year transportation plan. OUGHT TO PASS WITH AMENDMENT

Rep. Gene G. Chandler for Public Works: In February 1994, the Governor submitted his 10-year highway and bridge program to the legislature as required by Chapter 381, 1991. In keeping with the precedent set in 1986, Chapter 203 (House Bill 509), portions of that plan have been incorporated into proposed legislation. The Committee amendment to HB 1010 contains the listing by fiscal year of projects in nine categories, namely: interstate, national highway system, bridge replacement on-system, bridge replacement off-system (state), safety projects, any area projects, non-urban areas, state projects urban areas less than 200,000, and turnpikes, and repeals the project listing in Chapter 203, 1986 (HB 509). Some concerns have been raised because the committee amendment does not include some categories, such as bridge replacement off-system (municipal), which were in the original bill, giving the appearance that these projects may be in jeopardy. Nothing could be further from the truth. The Governor's 10-year plan (salmon cover book) is the "bible" for all recognized projects including their projected costs. HB 1010 simply does not include projects contingent upon the availability of municipal/local funding. The committee also wishes to emphasize that no projects have been added to the Governor's plan and begs the house to keep this bill "clean." Vote 12-1.

Amendment (6023B)

Amend the bill by replacing all after the enacting clause with the following:

240:1 Legislative Intent. This plan is predicated on the report submitted to the legislature by the Governor dated January, 1994 and is intended to serve as the guideline for transportation projects in the state for the next decade.

Report adopted and ordered to third reading.

SB 636, relative to the public use of coastal beaches for recreational purposes. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Reps. Howard C. Dickinson, Jr., Thomas J. Kirby and Deborah F. Merritt for the Majority of Resources, Recreation and Development: As amended, this bill defines the scope of the public trust and confirms a public easement in the dry sand areas of New Hampshire coastal beaches for recreational use arising from application of the public trust doctrine and long-standing historical usage in New Hampshire. The bill confirms and preserves that beach access which the New Hampshire public has traditionally enjoyed. This measure raises several constitutional questions which presently are in dispute. The Committee has prepared HR 58 to obtain from the New Hampshire Supreme Court an answer to these questions prior to the final passage of this measure. To accomplish this, the bill must be tabled following adoption of the amendment to allow time for Supreme Court review and consideration of the questions raised in HR 58. Vote 14-2.

Rep. Eugene Ritzo and Rep. William H. Nehring for the Minority of Resources, Recreation and Development: It is settled law in New Hampshire that owners of beachfront lots bounded by the Atlantic Ocean own seaward to the mean high-tide line, such line also marking the landward end of State ownership, and that the section of beach extending landward from the mean high-tide line and usually ending at a seawall is privately owned property (such section being the beach area principally affected by SB 636 as amended). The bill, as amended, is predicated on the erroneous legal theory that the public has acquired an easement by prescription in the "vast majority" of the affected privately owned beach area, all up and down New Hampshire's seacoast, by long continued and uninterrupted use of such area alone, without regard to the nature of that use. The testimony received by the Committee generally tended to show that the use made by the public of the implicated beach area was of a permissive nature, tolerated by the affected beachfront owners so long as it was reasonable, and was not a use of a trespassory or adverse nature calculated to put such owners on notice that a right was being claimed. It is axiomatic that at Common Law such a permissive use, no matter how long continued, can never ripen into an easement by prescription. The amended bill also stacks the deck against private owners by creating a presumption of a public easement in their properties, assertable in legal disputes, reversing the Common Law which casts the burden of proof on the party claiming a prescriptive easement. Finally, the public is granted an easement for "recreational purposes" in the affected beach area, such purposes being undefined and unlimited (except as they may be limited by municipal ordinance). Members of the public in unre-

stricted numbers are given the right to come on private property for both individual and organized recreation of any form and nature. However, any right of public use acquired by prescription cannot exceed the scope, magnitude and intensity of the use made of each individual piece of private beach, as these mark the extent of the burden on that property. There are no findings in the bill as amended that the public use has taken on such extensive dimensions with respect to any particular property, let alone the "vast majority" of such beach properties, nor could such findings be made. It is inconceivable that each and every piece of affected beach area could have been burdened to the same extent.

Rep. Ritzo requested a quorum count. The Chair declared a quorum present.

Rep. Ritzo moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment, spoke in favor and yielded to questions.

Reps. Merritt, Drake, Hart and Dickinson spoke against.

Reps. Nehring, Borsa, Vaughn and Kennedy spoke in favor.

Rep. Kirby spoke against and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion.

Amendment (6087B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the public use of coastal beaches.

Amend the bill by replacing section 1 with the following:

1 New Section; Public Use of New Hampshire Coastal Beaches. Amend RSA 483-B by inserting after section 9 the following new section:

483-B:9-a Public Use of Coastal Beaches.

1. It is the purpose of the general court in this section to recognize and confirm the historical practice and common law right of the public to enjoy the existing public easement in the greatest portion of New Hampshire coastal beach land subject to those littoral rights recognized at common law. This easement presently existing over the greater portion of that beachfront property extending from where the "public trust" ends across the commonly used portion of sand and rocks to the intersection of the beach and the high ground, often but not

always delineated by a sea wall, or the line of vegetation, or the seaward face of the foredunes, this being that beach where violent sea action occurs at irregular frequent intervals making its use for the usual private constructions uneconomical and physically impractical.

II. The general court recognizes that New Hampshire holds in "public trust" rights in all shorelands subject to the ebb and flow of the tide and subject to those littoral rights recognized at common law. This "public trust" shoreland establishes the extreme seaward boundary extension of all private property rights in New Hampshire except for those "jus privatum" rights validly conveyed by legislative act without impairment of New Hampshire's "jus publicum" interests.

III. The general court further recognizes that for an historical period extending back well over 20 years the public has made recognized, prevalent and uninterrupted use of the vast majority of New Hampshire's coastal beaches above the "public trust" shoreland. The legislature recognizes that some public use of the beach area above the public trust lands is necessary to the full enjoyment of the land. The general court recognizes and confirms a public easement flowing from and demonstrated by this historical practice in the coastal beaches contiguous to the public trust shoreland where the public has traditionally had access and which easement has been created by virtue of such uninterrupted public use.

IV. Any person may use the coastal beaches of New Hampshire where such a public easement exists for recreational purposes subject to the provisions of municipal ordinances.

V. In a suit brought or defended under this section, or whose determination is affected by this section, a showing that the area in dispute is within the area defined as "coastal beach" shall be prima facie evidence that a public easement exists.

VI. The provisions of this section shall in no way be construed as affecting the title of property owners of land contiguous to land subject to a public easement.

VII. For the purposes of this section, "coastal beaches" means that portion of the beach extending from where the public trust shoreland ends, across the commonly used portion of sand and rocks to the intersection of the beach and high ground, often but not always delineated by a seawall, or the line of vegetation, or the seaward face of the foredunes.

Adopted.

LAI'D ON THE TABLE

Rep. Dickinson moved that **HB 636**, relative to the public use of coastal beaches for recreational purposes, be laid upon the table.

Adopted.

RESOLUTION

Its introduction having been approved by the Rules Committee, Rep. Ann Torr offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Resolution numbered 58, shall be by this resolution read a first and second time.

Adopted.

INTRODUCTION OF HOUSE RESOLUTION

First and second reading

HR 58, requesting an opinion of the justices on the constitutionality of SB 636.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration at the present time without the proper printing, referral and notice of **HR 58**, requesting an opinion of the justices on the constitutionality of SB 636.

Adopted by the necessary two-thirds.

HOUSE RESOLUTION NO. 58

Whereas, there is pending in the House, SB 636, "An act relative to the public use of coastal beaches for recreational purposes;" and

Whereas, an amendment has been proposed to SB 636 (document #6087B); and

Whereas, SB 636, as amended, recognizes that New Hampshire holds in public trust all shorelands subject to the ebb and flow of the tide; and

Whereas, based on testimony presented to the house Committee on Resources, Recreation and Development, SB 636, as amended, acknowledges that for an extended period of time exceeding 20 years the public has made recognized, prevalent, and uninterrupted use of the vast majority of New Hampshire's coastal beaches, including the high ground generally known as the "dry sand" area; and

Whereas, SB 636, as amended, recognized that this "dry sand area" may lie shoreward of the public trust shoreland; and

Whereas, SB 636, as amended, would recognize and confirm a public easement in the coastal beaches where the public has traditionally had access; and

Whereas, SB 636, as amended, would establish that when a dispute exists over the public's access rights to land in any defined coastal beach area, a presumption arises that a public easement exists on that disputed land; and

Whereas, questions have arisen as to the constitutionality of certain provisions of the bill; and

Whereas, it is important that the questions of constitutionality of said provisions should be settled in advance of its enactment; now therefore be it

Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion on the following questions of law:

1. Whether New Hampshire law identifies a particular coastal feature or tidal event as outlining the maximum shoreward extension of the public trust area boundary as defined in SB 636, as amended, beyond which the probable existence of private property rights may, without a public easement arising from historical practice, restrict any public access under the provisions of Part I, Article 12 of the New Hampshire Constitution and the 5th amendment of the United States Constitution?

2. Whether the effect of SB 636, as amended, which recognizes that the public trust extends to those lands "subject to ebb and flow of the tide" infringes upon existing private property rights as protected by Part I, Article 12 of the New Hampshire Constitution and the 5th Amendment of the United States Constitution?

3. Whether the provisions of SB 636, as amended, which recognize a public easement in the "dry sand area" of historically accessible coastal beaches is a taking of private property for a public purpose without just compensation in violation of Part I, Article 12 of the New Hampshire Constitution and the 5th amendment of the United States Constitution?

4. Whether those provisions of SB 636, as amended, which are based on the finding that the public has made recognized, prevalent, and continuous use of the New Hampshire coastal beaches, and which require any property owners claiming an exception to this finding to bear the burden of proving such exception, deprive such owners of property rights without due process of law in violation of the 14th amendment of the United States Constitution?

That the clerk of the house of representatives transmit a copy of this resolution along with a copy of SB 636 and the amendment to SB 636 to the Justices of the New Hampshire Supreme Court.

Adopted.

(Speaker Burns in the Chair)

REMARKS

Rep. Whalley moved that the Rep. Conroy's Parliamentary Inquiry on SB 636 be printed in the Journal.

Adopted.

The tide comes in and the tide goes out
as here in Concord we have argued about
whether or not our sandy coast
shall be used by the few or by the most.
And if the Committee reached a point in time
when it had to take action; move off the dime.
And if in doing so the Committee agreed
a Supreme Court decision is what we need

and since you have before you the questions we asked which for answers the amendment needs to be passed, to strongly support the Committee's stand, should you press the red button with your voting hand?

SB 719, establishing a committee to study the feasibility of implementing the recommendations of the Squam lakes watershed plan. **OUGHT TO PASS WITH AMENDMENT**

Reps. Michael D. Whalley and Sarah K. Bonneau for Resources, Recreation and Development: This bill, as amended, establishes a committee to study the feasibility of implementing a 250-foot protection zone around the shorelines of Squam and Little Squam Lakes, and 500-foot wildlife protection zones in certain areas. Also, the study committee shall be responsible for identifying three possible sites on Squam Lake for public access with particular emphasis on boating access. Vote 14-1.

Amendment (6220B)

Amend the bill by replacing all after the enacting clause:

1 Study Committee Established; Duties. There is hereby established a committee to study the feasibility of implementing the water use activity zone recommendation of the Squam lakes watershed plan completed by the office of state planning as provided in 1986, 45. The committee shall also be responsible for identifying 3 possible sites on Squam Lake for public access with particular emphasis on boating access in cooperation with the New Hampshire fish and game department.

2 Membership. The committee shall consist of the following members, all of whom shall be appointed no more than 30 days after the effective date of this act:

I. Two senators, appointed by the president of the senate.

II. Two house members from the resources, recreation and development committee, appointed by the speaker of the house.

III. One house member who is a member of the public access advisory board, appointed by the board.

IV. The executive director of the department of fish and game, or designee.

V. The commissioner of the department of safety, or designee.

VI. One person representing the Squam Lakes Association, appointed by the association.

VII. One person from the New Hampshire Marine Trades Association, appointed by the association.

VIII. The director of the office of state planning, or designee.

IX. One person from the department of environmental services, division of water supply and pollution control, appointed by the commissioner.

X. One selectperson representing the town of Ashland, Center Harbor, Holderness, Moultonborough or Sandwich, appointed by the governor.

XI. One person representing the Lakes Region Planning Commission, appointed by the commissioner.

3 Chair; Meetings. The chair of the committee shall be selected by the committee. The first meeting of the committee shall be called by the first named house member within 30 days of the effective date of this act.

4 Report. The committee shall make a report of its findings and recommendations for legislation to the senate president, the speaker of the house and the governor on or before November 1, 1994.

5 Mileage and Compensation. Members of the committee shall not be compensated; however, legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

6 Effective Date. This act shall take effect upon its passage.

Adopted.

The Committee offered a floor amendment.

SB 790, relative to small power producers. OUGHT TO PASS WITH AMENDMENT

Rep. Gary R. Gilmore for Science, Technology and Energy: This bill, as amended, deletes the mutual consent language which occurred in the Senate version. The amendment creates a legislative committee to encourage, monitor, assess and prod renegotiations between PSNH and the small power producers as well as look at other related issues. The amendment allows for the buyout of the two plants that have signed agreements to go forward and prohibits the PUC from taking any action that would certainly disrupt renegotiations during the negotiation period allowed in the bill. The committee believes that this legislation fosters an environment in which successful renegotiations will occur; averts a court fight involving the State; maintains State policy regarding having a diversity of electrical energy producers; prevents the potential of small power-plant closures and the ensuing large loss of jobs and livelihoods in the wood products industries; and allows for savings to be realized by PSNH customers. Vote 8-0.

Amendment (6206B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to small power producers and establishing a legislative oversight committee to monitor and assess renegotiations between small power producers and Public Service Company of New Hampshire.

Amend the bill by replacing all after section 6 with the following:

7 Statement of Intent; Legislative Oversight Committee Established.

I. The legislature finds that future renegotiations conducted between Public Service Company of New Hampshire (PSNH) and small power producers shall not directly or indirectly negatively impact the small power producers ability to operate or continue to operate.

II. The legislature further finds that good faith renegotiations are necessary between the small power producers and PSNH as equal partners so that renegotiations may be successfully completed by November 14, 1994.

III. There is therefore established a legislative oversight committee to monitor and assess renegotiations between small power producers and PSNH.

8 Membership. The members of the committee shall be:

I. Five senators, appointed by the senate president.

II. Five house members, all of whom shall be from the science, technology and energy or economic development committees and at least one of whom shall be a minority party member, appointed by the speaker of the house.

9 Duties. The committee shall:

I. Monitor and assess the renegotiations arising under the agreement referenced in RSA 362-C between small power producers and PSNH.

II. If by July 13, 1994, such renegotiations have not resulted in a mutually acceptable agreement, the committee may require that PSNH and the small power producers begin mediation with a mutually agreed upon third party and terms of mediation.

III. If, by November 14, 1994, renegotiations between the small power producers and PSNH do not result in a mutually acceptable agreement, the committee shall recommend an alternative strategy to encourage or resolve the renegotiations.

IV. Review issues and factors affecting the cost and supply of electricity and the future costs and supply of electricity in the state including but not limited to the deferral accounts under the NU plan.

10 Chairperson. The committee shall elect a chairperson at its first meeting. The first house appointed member shall call the first meeting within 30 days after the effective date of this act.

11 Report. The committee shall make a report to the speaker of the house, the president of the senate and the governor on or before December 1, 1994. The report shall contain the following:

I. The status of renegotiations between the small power producers and PSNH.

II. Recommendations to resolve any remaining unresolved renegotiations which have not resulted in a mutually acceptable agreement.

III. Any issues and factors affecting the costs and supply of electricity that the committee determines are appropriate.

12 Mileage. Legislative members shall receive mileage at the legislative rate while attending to the business of the committee.

13 New Sections; Buyout of Existing Rate Orders; Consideration by the Commission. Amend RSA 362-A by inserting after section 4-a the following new sections:

362-A:4-b Buyout of Existing Rate Orders. No agreement between qualifying small power producers or a qualifying cogenerator and the purchasing utility which involves the complete buyout of a long term rate order shall be approved by the commission unless the agreement was signed and executed before April 6, 1994, and the owner agrees to either the continuation by the owners of any existing payment in lieu of tax agreement or the elimination of any agreement in which the facility is exempted from paying local property taxes.

362-A:4-c Consideration by the Commission. The commission shall independently and expeditiously consider any mutually acceptable agreement regardless of the status of other renegotiations.

14 Actions by the Public Utilities Commission. The commission shall take no action or undertake any proceeding prior to December 1, 1994, affecting the small power producers or cogenerators covered by this act on any issues bearing on, or related to, the renegotiations or the long term rate orders, other than to rule on completed renegotiation arrangements with PSNH, without the consent of the small power producers or cogenerators. The preceding

sentence shall not give rise to any implication on the issue of the commission's authority to cancel, change, suspend or otherwise modify issued long term rate orders.

15 Authority of Public Utilities Commission. This act and any actions taken in creating this legislation shall not be viewed as making any changes to the existing law in RSA 362-A on the issue of whether the commission has the authority to cancel, change, suspend or otherwise modify issued long term rate orders.

16 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

(1) Requires the public utilities commissioner to consider certain factors, including the economic impact of small power producers on the state, in all decisions affecting qualifying small power producers and qualifying cogenerators.

(2) Requires an electric utility to file an assessment of plan integration and impact on state compliance with the Clean Air Act and the National Energy Policy Act and the plan's long and short-term environmental and economic impacts.

(3) Prohibits the commission from approving a rate change of a utility that does not have a least cost integrated resource plan on file with the commission.

(4) Establishes a legislative oversight committee to monitor and assess renegotiations between small power producers and Public Service Company of New Hampshire. The committee shall make a report to the speaker of the house, the senate president and the governor by December 1, 1994.

(5) Prohibits the public utilities commission from taking action on certain matters affecting small power producers other than to rule on completed renegotiation arrangements with PSNH.

Report adopted and ordered to third reading.

REMARKS

Rep. Rodeschin moved that the remarks of Rep. Gilmore on SB 790 be printed in the Journal.

Adopted.

Rep. Gilmore: Thank you Mr. Speaker. Very briefly, because this process involved a critical mass of lawyers and lobbyists, there are some minor clarifications sought as to the legislative intent of several sections of this bill.

In section seven, there is a statement of intent which sets up a legislative oversight committee. The statement of intent is intended to give guidance to the committee and not to the PUC. Much of the rest of the bill gives very explicit guidance, instructions and advice to the PUC, but section seven is not intended for that purpose.

In section nine, the words "may require mediation," the Committee clearly intends that if there are major unresolved differences as of July 13th that mediation shall be required. We use the word "may" so that if there are minor differences remaining at that time they would have the ability to choose and not to mandate mediation.

Finally, in section 13, the owners are referred to for two plants that are allowed to be bought out. Specifically, on the question of payment in lieu of taxes, the owners referred to are the owners of the two plants that are allowed to be bought out in the bill if the PUC approves that buyout.

I urge you to join the Committee to support this compromise that has been worked out. It is a bill that doesn't make any one group happy but yet every one group is happy with it and supports it. I hope you join the Committee and support it also.

REGULAR CALENDAR (Cont'd.)

SB 754-FN, directing the attorney general to pursue settlement of the Portsmouth, New Hampshire Naval Shipyard and inner Portsmouth Harbor border dispute between New Hampshire and Maine. **OUGHT TO PASS WITH AMENDMENT**

Rep. David M. Scanlan for State-Federal Relations: This bill instructs the Attorney General to settle the boundary dispute between New Hampshire and Maine along the Piscataqua River. The amendment allows the Attorney General enough flexibility to do his job, but holds his feet to the fire as far as accomplishing this important task. Vote 10-0.

Amendment (6202B)

Amend the bill by replacing all after the enacting clause with the following:

I Findings. In directing the attorney general to pursue settlement under section 2 of this act, the general court makes the following findings:

I. Jurisdiction and control over the whole of the Piscataqua River is and always has been entirely within the county of Rockingham and this state.

II. Complete dominion and ownership of the tidal waters and submerged lands of the whole of the Piscataqua River, and including its Portsmouth Harbor, are solely vested in the sovereign people of the state of New Hampshire, encumbered only by the national navigational servitude over the river and its harbor as a navigable inland waterway and arm of the sea.

III. The Piscataqua River and those geographic features located within it are of immense value to New Hampshire.

IV. The state of New Hampshire holds absolute right and title to those lands submerged under the navigable waters of the whole of the Piscataqua River in trust for the people of the state.

V. The public trust in the Piscataqua River for the public use of the people of this state may only be ensured by the adequate protection, management, and control by the state over the entirety of the river and its submerged lands in which the whole of the people of this state are interested.

2 Attorney General Directed to Pursue Settlement.

I. The attorney general shall pursue settlement of the border dispute between the state of New Hampshire and the state of Maine concerning the establishment of the interstate boundary in the vicinity of the Portsmouth, New Hampshire Naval Shipyard and inner Portsmouth Harbor, as recommended by the legislature in 1991, HJR 1. In pursuing such settlement, the attorney general shall affirm the findings of general court under section 1 of this act. No agreement, undertaking or stipulation by any officer, representative, attorney or agent of the state of New Hampshire, which would have the effect of establishing any boundary line inconsistent with such findings, shall bind the state of New Hampshire, unless such agreement undertaking or stipulation is approved by the general court through legislation. The attorney general shall submit annual reports to the governor, the senate president, and the speaker of the house on or before June 1, 1994, and every year thereafter on June 1 until the issue is resolved, detailing the progress made in such settlement efforts.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill directs the attorney general to pursue settlement of the border dispute between New Hampshire and Maine concerning the location of the interstate boundary in the vicinity of the Portsmouth, New Hampshire Naval Shipyard and inner Portsmouth Harbor. The attorney general shall submit reports on the progress of such settlement efforts to the governor, the senate president, and the speaker of the house on or before June 1, 1994, and every year thereafter on June 1 until the issue is resolved.

Rep. Kathleen Ward spoke in favor.

Adopted.

Roll call request sufficiently seconded. The question being the adoption of the amended Committee report.

SB 724, relative to conspicuous notice in parking lots and garages stating that illegally parked cars are subject to towing. MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS.

Rep. Edward J. Crotty for the Majority of Transportation: The majority of the committee felt with the current time constraints and the need to address signage of private parking lots and garages that interim study would give the committee time to find some solution to the question and, hopefully, resolve conflicting parking problems. Vote 8-5.

Rep. Maurice Regan for the Minority of Transportation: This bill requires owners of parking facilities to post conspicuous notice that vehicles are subject to towing. The committee heard extensive testimony regarding abusive practices and exorbitant rates by towing companies in the Manchester area. Though this bill will not prevent the abuses detailed before the committee or in the press, at least it provides some warning and protection to vehicle owners before their cars are towed. Other matters can be solved with subsequent legislation possibly at the local level.

Rep. Regan moved that the words Ought to Pass be substituted for the report of the Committee, Refer for Interim Study, spoke in favor and yielded to questions.

Rep. Dana Kelley spoke against.

Rep. George Katsakiores spoke against and yielded to questions.

On a division vote, 171 members having voted in the affirmative and 135 in the negative, the substitute motion was adopted.

Substituted report adopted and ordered to third reading.

SB 650-FN-A, establishing a lead base substance abatement fund and authorizing the housing finance authority to issue bonds and notes to finance start-up costs of the fund. OUGHT TO PASS WITH AMENDMENT

Rep. Robert L. Wheeler for Appropriations: The committee felt that in the absence of an acceptable funding source the bill requires further study and flexibility is needed in appointing members to the nuclear decommissioning finance committee. Vote 20-0.

Amendment (6212B)

Amend the title of the bill by replacing it with the following:

AN ACT

establishing a committee to study lead base paint abatement and relative to the nuclear decommissioning financing committees.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that the presence of lead base paint and other lead base materials in rental housing units creates a significant potential health hazard for residents of such housing, especially children under the age of 6 and pregnant women. The general court also finds that the risk of lead poisoning is significantly higher in rental housing units which serve lower-income families. Further, the general court finds that as a matter of public policy, federal, state and local governments often mandate or encourage owners of such rental property to take action to abate this health hazard, but that such property owners often lack access to affordable capital to undertake such lead-base substance abatement activities. Therefore, the general court hereby determines that a committee to study

and review potential funding sources be established for the purpose of identifying resources to be accessed to assist property owners to comply with any abatement orders issued by the division of public health services.

2 Committee Established; Duties; Membership. There is hereby established a committee to study the level of activity in the lead poisoning prevention and control program, RSA 130-A, administered by the division of public health services. The committee shall determine how many abatement orders are being issued by the division of public health services and of those orders issued, how many property owners have been unable to finance the abatement procedure. The committee shall also review and investigate potential resources which may be available to assist property owners in meeting the requirements of any abatement order issued by the division of public health services. Additionally, the committee shall review the different abatement methodologies and their respective costs. The committee shall consist of the following members, all of whom shall be appointed within 30 days of the effective date of this act:

I. Two members of the senate, one of whom shall be a member of the senate public institutions, health and human services committee, appointed by the senate president.

II. Two members of the house of representations, one of whom shall be a member of the house health, human services and elderly affairs committee, appointed by the speaker of the house.

III. The director of the division of public health services.

IV. One member of the public, appointed by the governor.

V. One member appointed by the New Hampshire Association of Realtors.

VI. One member appointed by New Hampshire Legal Assistance.

VII. One member from the staff of the New Hampshire housing finance authority, appointed by the executive director.

VIII. One member appointed by the New Hampshire Property Owners Association.

IX. One member appointed by the Association of Paint Manufacturers.

3 Chair; Meetings. The chair of the committee shall be selected from the members at the first meeting. The first meeting of the committee shall be called by the first-named senator within 60 days of the effective date of this act.

4 Staff; Research. The committee may utilize the staff and research assistance of the division of public health services and the legislative budget assistant's office in the conduct of its study.

5 Report. The committee shall make a report of its findings and any recommendations for legislation to the senate president and speaker of the house no later than December 1, 1994.

6 Designee Allowed for Certain Members. Amend RSA 162-F:15, II to read as follows:

II. Each committee shall consist of one person who is a resident of the town or city in which the facility is to be located and who shall be appointed by the selectmen of the town or the mayor and council of the city, the chairman of the public utilities commission, [the chairman and the vice-chairman of the legislative fiscal committee] *one senator, who is a member of the legislative fiscal committee to be appointed by the senate president, one house member, who is a member of the legislative fiscal committee to be appointed by the speaker of the house, the state treasurer or [his] designee, the commissioner of the department of health and human services or [his] designee, the commissioner of the department of safety or [his] designee, and a representative of the lead company as designated by the owner or owners of the facility.*

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study and identify funding sources for assisting property owners in complying with orders for lead base paint abatement.

The bill also allows the speaker of the house and the senate president to appoint designees from the legislative fiscal committee to serve on nuclear decommissioning financing committees.

Adopted.

SB 621-FN, relative to eligibility for unemployment benefits. OUGHT TO PASS WITH AMENDMENT

Rep. Robert H. Turner for Labor, Industrial and Rehabilitative Services: This bill, as amended, has the full support of the prime Senate sponsor. The bill increases the membership on the workers' compensation advisory board and clarifies the authority of the commissioner of labor over administrators and third party administrators of private employer self-funded insurance programs. Vote 13-0.

Amendment (6122B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the authority of the commissioner of labor over administrators
and third party administrators of private employer
self-funded insurance programs.

Amend the bill by replacing all after the enacting clause with the following:

1 Workers' Compensation; Self-Insurance Contracts. Amend RSA 281-A:5-a, III to read as follows:

III. Make all contracts with administrators or service companies available for inspection by the commissioner upon reasonable notice. *All contracts shall be in writing and shall be maintained as a part of the official records of the private employer and the administrator or service company for a period of 5 years thereafter. Every administrator or service company shall maintain and make available to the private employer or group or association of homogeneous employers complete books and records of all transactions performed on behalf of the private employer or group or association of private employers. No administrator or service company shall abrogate the rights and responsibilities of the private employer or the pool, group or association or trust under this chapter.*

2 Workers' Compensation; Department of Labor Authority Clarified. Amend RSA 281-A:5-c, II to read as follows:

II. The department of labor shall have exclusive jurisdiction over any private employer or group or association of homogeneous employers self-insuring for workers' compensation coverage under RSA 281-A:5 and 281-A:5-a. *The department of labor shall have exclusive jurisdiction over any entity described in RSA 402-H:1, I(m) that provides service to a self insurance program for workers' compensation coverage and such entity shall be subject to all applicable rules of the department of labor.*

III. *The department of labor may adopt rules regarding the certificate of authority, compensation and performance bonds of any entity described in RSA 402-H:1, I(m) seeking to provide services to a self insurance program for workers' compensation coverage.*

3 Workers' Compensation Advisory Board Membership Increased. Amend RSA 281-A:62, I to read as follows:

I. There is hereby established an advisory council on workers' compensation. The advisory council shall consist of [8] 9 members: the commissioner or a designee; the insurance commissioner or a designee; one member of the house of representatives, appointed by the speaker of the house; one member of the senate, appointed by the president of the senate; and [4] 5 persons appointed by the governor and council, one representing the interests of management, who shall not have interests in the insurance field, one representing the interests of labor, one representing insurance interests of commercial workers' compensation carriers, *one representing self-funded employers* and one representing health care providers. The legislative members of the advisory council and the [4] 5 members appointed by the governor and council shall be familiar with the workers' compensation laws of New Hampshire. Any per-

son appointed by the governor and council who is not qualified or who ceases to be qualified in the capacity in which such person is serving on the advisory committee shall be replaced by the governor and council. The advisory council shall discuss problems related to the administration of this chapter and shall discuss policy goals. The advisory council shall also ratify managed care programs established under RSA 281-A:23-a. The term of office of each member appointed by the governor and council shall be 3 years and until a successor is appointed and qualified. Vacancies shall be filled in the same manner and for the unexpired terms. Each member of the advisory council shall be reimbursed for necessary travel and other necessary expenses.

4 Third Party Administrators; Definition Modified. Amend RSA 402-H:1, I(m) to read as follows:

(m) A group or association of homogeneous employers which self-insures for workers' compensation insurance coverage in accordance with the requirements of RSA 281-A, and the employees, trustees, and agents of such group or association, provided that[:

(1) The pool, group, association or trust existed on or prior to December 31, 1992, and operated for at least a 3-year period ending on such date; and

(2) All employer-subscribers of the pool, group, association or trust are participants in the same industry] *all employer subscribers of the pool, group or trust are participants in the same industry.*

5 Effective Date. This act shall take effect upon its passage.

Rep. Lozeau moved that the remarks of Rep. Record be printed in the Journal.

Adopted.

Rep. Record addressed the House.

Thank you Mr. Speaker. It has been an honor and a privilege to have been a member of this leadership for the past four years. I wanted to take this opportunity to tell you that I will not

be seeking re-election. I have experienced many things in my life. I have had my share of good times and bad. My love for this institution, which is and has been my home away from home, is high on my list of wonderful memories. To have the opportunity to have served with Caroline Gross, Jim Chandler, Mike Hill and the most recent team of leadership members means so much to me. Many years ago my husband served in this body and on the same committee that I do now, but even his many stories couldn't capture just how neat this body is. Thank you one and all for your friendship and help over the past six years. I will miss you all. But remember, I will be watching and ready to help in any way possible and to whip you into shape when you need me. I will be here until December 31, 1994. Thank you.

Reps. Welch, Haettenschwiller, Dickinson and St. Martin addressed the House.

Rep. Ann Torr moved that the House stand in recess for the purpose of introduction of bills and enrolling reports only.

Adopted.

The House recessed at 4:20 p.m.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Ann Torr moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 709-FN, relative to changes mandated by OBRA and repealing a statute in conflict with the children's health plan, was removed at the request of Rep. Channing Brown.

Consent Calendar adopted.

SB 575-FN, modifying the dental practice act. OUGHT TO PASS WITH AMENDMENT

Rep. Robert L. Wheeler for Appropriations: The committee felt it was appropriate to withdraw authorization to hire an investigator and a legal stenographer since funding was not forthcoming. The policy remains intact. Vote 18-0.

Amendment (6223B)

Amend the title of the bill by replacing it with the following:

AN ACT

modifying the dental practice act.

Amend the bill by deleting section 5 and renumbering section 6 to read as 5.

AMENDED ANALYSIS

This bill provides that new licensure requirements shall be met by those who allow their licenses to lapse, deletes the provision requiring the inactive registration fee to be 75 percent of the active registration fee, specifies guidelines for infection control, and makes a technical correction changing the terms "widow" and "wife" to "spouse."

SB 697-FN-A, relative to the New Hampshire Industrial Research Center and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Kenneth L. Weyler for Appropriations: This bill allows the center at UNH to provide grant-funded programs and services to New Hampshire business and industry and to participate in grants and programs with non-business entities. It will assist New Hampshire companies with marketing and scientific research. The amendment removes the appropriation. Vote 19-0.

Amendment (6300B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the New Hampshire Industrial Research Center.

Amend the bill by deleting sections 6 and 7 and renumbering the original section 8 to read as 6.

AMENDED ANALYSIS

This bill:

(1) Changes the title of the center from "Industrial Technology Research and Innovation Center" to "Industrial Research Center."

(2) Allows the center to provide grant-related services.

(3) Redefines "basic research" as "basic scientific, engineering, and associated marketing research."

(4) Allows short-term activities without requiring matching funds.

SB 744-FN, establishing a committee to study providing health insurance to the dependents of retired state employees. **OUGHT TO PASS**

Rep. Franklin G. Torr for Appropriations: This bill establishes a committee to study providing health insurance to the dependents of retired state employees. Vote 18-0.

SB 788-FN-L, relative to alternative fuel motor vehicles. **OUGHT TO PASS**

Rep. Kenneth L. Weyler for Appropriations: This bill is an important element in compliance with the Federal Clean Air Act. It combines two fleet requirements with more flexibility than the federal model. It requires fleet operators with more than 50 vehicles to begin replacing a part of their fleets with lower emission vehicles. The bill also provides for emission reduction credits and forms a study committee to evaluate the program. Vote 18-0.

SB 757-FN-A, relative to an education tax credit against the business profits tax. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donna M. Soucy for Ways and Means: This bill establishes a study committee for the purpose of determining the impact of tax credits and creates a useful tool to evaluate its effectiveness. Vote 18-0.

Amendment (6315B)

Amend the title of the bill by replacing it with the following:

AN ACT

requiring the house ways and means committee to study
the state's tax credit incentives.

Amend the bill by replacing all after the enacting clause with the following:

I Purpose. The general court recognizes that an effective tool does not currently exist to measure the impact of tax credits relative to marginal behavior. The purpose of this act is to require the house ways and means committee to examine the issue and make recommendations concerning the long-term funding of tax credits.

2 Study. The house ways and means committee shall:

I. Catalog the current tax credits allowed by the state including their statutory authority, present cost, current level of activity, and accomplishments.

II. Define, develop, or clarify meaningful outcome criteria for measuring the effectiveness of these tax credits.

III. Examine whether any tax credits are duplicative or overlapping.

IV. Consider the extent to which each tax credit impacts upon state revenues.

V. Project return on investment for each tax credit.

VI. Develop recommendations for which tax credits should be continued, expanded, eliminated, consolidated, or added and what level of funding is desirable for each.

VII. Make any appropriate recommendations relative to long-term funding of these tax credits, including both the amount of funding required and the means to fund them.

3 Cooperation of the Department of Revenue Administration. The commissioner of the department of revenue administration, upon completion of the report required by RSA 77-A:5-a, shall provide to the house ways and means committee all data collected relative to tax credits.

4 Report. The house ways and means committee shall report its findings and recommendations to the speaker of the house, the senate president and the governor on or before March 1, 1995.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the house ways and means committee to study the impact of tax credits relative to marginal behavior.

REGULAR CALENDAR

SB 225-FN, relative to shoreland protection. OUGHT TO PASS WITH AMENDMENT

Rep. Margaret A. Lynch for Appropriations: The amendment removes the \$92,000 appropriation and establishes two Environmentalist III positions in the Department of Environmental Services. Funding for the two additional positions will be accomplished through the next biennial budget process. The effective date is July 1, 1994. Vote 20-0.

Amendment (6251B)

Amend the bill by replacing all after section 22 with the following:

23 Positions Established. There is hereby established in the department of environmental services, 2 environmentalist III positions to perform public education and compliance with the provisions of RSA 483-B. The commissioner of the department of environmental services shall consider these positions for funding in the department's operating budget request to the governor for the biennium beginning July 1, 1995. Notwithstanding any other provisions of law to the contrary, these positions shall not be filled before July 1, 1995.

24 Contingency. If the positions established in section 23 are funded sections 1-22 of this act shall take effect at 12:01 a.m. on the date such funds are appropriated.

25 Effective Date.

I. Sections 1-22 of this act shall take effect as provided in section 24.

II. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill:

I. Clarifies, corrects references and eliminates duplication to reflect amendments enacted in 1992.

II. Defines "mean high tide" according to current usage by the wetlands board.

III. Specifies where the use of fertilizers is prohibited.

IV. Substitutes the term "reference line" for "public boundary line."

V. Makes septic tank setback requirements consistent with existing subsurface sewage disposal rules.

VI. Establishes 2 environmentalist III positions at the department of environmental services. Adopted.

Report adopted and ordered to third reading.

SB 547-FN-A, authorizing the state to acquire recreational property on Lake Winnepesaukee and Patenaude's Pond in Boscawen and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Merle W. Schotanus for Appropriations: The amendment establishes a nine-member committee to analyze Camp Alton and Patenaude's Pond in Boscawen and to recommend whether or not the state should acquire these two valuable properties. The analysis is to be conducted using the principles of acquisition established and proven by the Land Conservation Investment Program (LCIP). Also, \$5,000 is appropriated to cover the cost of appraisals, if required. Vote 20-0.

Amendment (6333B)

Amend the title of the bill by replacing it with the following:

AN ACT

encouraging the state to acquire recreational property on Lake Winnepesaukee and Patenaude's Pond in Boscawen and establishing a committee to study the acquisition of both properties and making an appropriation therefor.

Amend the bill by replacing all after section I with the following:

2 Committee Established. There is hereby established a committee to study the acquisition of recreational properties on Lake Winnepesaukee and Patenaude's Pond in Boscawen.

3 Membership. The members of the committee shall be:

I. Three house members, one of whom shall be from the resources, recreation and development committee, one from the wildlife and marine resources committee and one from the appropriations committee, appointed by the speaker of the house.

II. Two senators, appointed by the senate president.

III. The commissioner of the department of resources and economic development, or designee.

IV. The executive director of the fish and game department, or designee.

V. Two public members, appointed by the governor.

4 Acquisition Criteria and Guidelines. The criteria and guidelines used by the committee for acquiring the recreational properties provided in section 1 shall include, but shall not be limited to, the following:

I. The land is contiguous to or enhances land already protected from development.

II. The land protects a unique natural or recreational resource.

III. The land allows for public access, where appropriate.

IV. The land serves and is managed for multiple uses.

V. The land would be acquired through the use of gifts, donations, matching funds and other incentives before state funds should be expended.

VI. The land would help to provide an equitable distribution throughout the state of land protected by the state. Nothing in this section shall be construed to require that any property acquired under the provisions of this act meet all of the criteria listed in this section.

5 Meetings; Chair. The first-named senator shall call the first meeting within 30 days of the effective date of this act. The committee shall choose a chair from among its members at the first meeting.

6 Report. The committee shall report its findings and recommendations, including any proposed legislation, to the president of the senate, the speaker of the house, and the governor on or before November 1, 1994.

7 Compensation. The committee members shall serve without compensation, except that legislative members shall receive mileage at the legislative rate.

8 Appropriation. The sum of \$5,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the committee established in section 2 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. This sum shall be used for the purpose of independent appraisals of both properties. The committee may accept private donations for each appraisal and such sums so received are hereby appropriated for the purposes of this act.

9 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill encourages the commissioner of the department of resources and economic development to acquire the Camp Alton property in Alton, New Hampshire for use as a state park.

This bill also encourages the commissioner to acquire the Patenaude property and pond in Boscawen, for use as a state park or wildlife management area.

This bill establishes a committee to study the acquisition of both properties and makes an appropriation for this purpose. The committee shall report its findings and recommendations, including any proposed legislation, to the president of the senate, the speaker of the house, and the governor on or before November 1, 1994.

Adopted.

Report adopted and ordered to third reading.

SB 572-FN, relative to maximum benefit limitations under the New Hampshire retirement system. **OUGHT TO PASS**

Rep. Patricia A. Dowling for Appropriations: A one-time charge of \$3,000 is appropriated from the New Hampshire Retirement System administrative account in order to implement the provisions of this bill. Vote 20-0.

Adopted and ordered to third reading.

SB 625-FN-A, relative to an in-home care pilot program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment begins funding on October 1 in order to allow time to set up the program, and requires separate accounting of these funds and any surplus to lapse into the Health Care Transition Fund rather than the General Fund. The appropriation from the Health Care Transition Fund for FY '95 is \$587,500. Vote 15-6.

Amendment (6341B)

Amend the bill by replacing section 5 with the following:

5 Appropriation. The sum of \$412,500 for the fiscal year ending June 30, 1995, is appropriated to the division of elderly and adult services, department of health and human services for the purposes of implementing the pilot program established in section 2 of this act and for the purposes of strengthening the information and referral for community based care system required by section 4 of this act. The sum of \$175,000 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services, for the purposes of implementing pre "home and community based care services" as required by section 3 of this act. The sums appropriated under this section shall be a charge against the health care transition fund, if established. Such appropriations shall be established in separate accounts and shall neither be transferred nor used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

AMENDED ANALYSIS

This bill establishes a 2-year pilot program to implement an in-home care program for disabled adults and elderly persons requiring long-term support services.

The bill also directs the department of health and human services to establish additional services for pre "home and community based care services" to the elderly and disabled and to strengthen the information and referral component of the community based care.

The bill makes appropriations from the health care transition fund, if established, for the purposes of the bill.

Adopted.

Report adopted and ordered to third reading.

SB 632-FN-A, establishing a pilot program to disseminate from the Pease International Trade Center trade information to promote international trade and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Merle W. Schotanus for Appropriations: Although this bill addresses a vital ingredient needed to improve the state's ability to promote international trade, the committee concluded, on the basis of research and testimony, that the bill is premature. The Department of Resources and Economic Development has informed the committee of its intention to identify an optimum international trade information dissemination system and its costs, and request legislative action on its recommendations in the 1995 session. Vote 15-4.

Adopted.

SB 638-FN, relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul I. LaMott for Appropriations: The amendment changes the salary ranges of the commissioner of agriculture, state veterinarian, president of the technical institute, presidents of the technical colleges, and commissioner of post-secondary technical education. The amendment also appropriates \$683,283 from general funds to restock the department of corrections warehouse, recently destroyed by fire. Cost of the adjusted salaries is borne by the salary adjustment fund and post-secondary special account. Vote 13-7.

Amendment (6352B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the salary levels of the director of adult services/warden, commissioners of the department of corrections and agriculture, the state veterinarian, president of the technical institute, presidents of the technical colleges, and commissioner of postsecondary technical education and making a supplemental appropriation to the department of corrections.

Amend the bill by replacing all after the enacting clause with the following:
1 Salaries Increased. Amend RSA 94:1-a, I by:

I. Deleting in:

- (a) Group M, state veterinarian.
- (b) Group N, director of adult services/warden, department of corrections.
- (c) Group N, president of the technical institute.
- (d) Group N, presidents of the technical colleges.
- (e) Group N, commissioner of agriculture.
- (f) Group P, commissioner, corrections.
- (g) Group P, commissioner of postsecondary technical education.

II. Inserting in:

- (a) Group N, state veterinarian.
- (b) Group P, director of adult services/warden, department of corrections.
- (c) Group P, president of the technical institute.
- (d) Group P, presidents of the technical colleges.
- (e) Group O, commissioner of agriculture.
- (f) Group S, commissioner, corrections.
- (g) Group S, commissioner of postsecondary technical education.

2 Supplemental Appropriation; Department of Corrections. In addition to any other sums appropriated to the department of corrections, the sum of \$683,283 is hereby appropriated for the fiscal year ending June 30, 1994, for the purpose of replacing equipment and inventory destroyed as a result of the January 25, 1994, fire at the New Hampshire state prison warehouse. The governor is authorized to draw a warrant for said sum out any money in the treasury not otherwise appropriated.

3 Effective Date.

I. Section 2 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill changes the salary ranges of the director of adult services/warden, commissioners of the department of corrections and agriculture, the state veterinarian, president of the technical institute,

presidents of the technical colleges, and commissioner of postsecondary technical education.

This bill also makes a supplemental appropriation to the department of corrections to replace equipment and inventory lost in a fire.

Rep. Donna Sytek requested that the question be divided.

The Speaker ruled it was divisible.

Rep. Warburton moved that Section 1 of the amendment be Inexpedient to Legislate and spoke in favor.

Rep. LaMott spoke against and yielded to questions.

Reps. Kathleen Ward and Donna Sytek spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

The question being to make Section 1 of the amendment Inexpedient to Legislate.

LAIID ON THE TABLE

Rep. Franklin Torr moved that **SB 638-FN**, relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections, be laid upon the table.

On a division vote, 234 members having voted in the affirmative and 90 in the negative, the motion was adopted.

REGULAR CALENDAR (Cont'd.)

SB 641-FN, relative to group II retirement system membership for peace officers in the division of safety services. **OUGHT TO PASS**

Rep. Arthur P. Klemm, Jr. for Appropriations: This bill adds two marine patrol officers employed in the Department of Safety who have all the powers of peace officers, to the definition of "permanent policemen" for purposes of Group II membership in the New Hampshire Retirement System. These two officers join four other marine patrolmen already in Group II. Vote 18-0.

Adopted and ordered to third reading.

SB 644-FN-A, appropriating funds for the redesignation of a portion of New Hampshire Route 51 as New Hampshire Route 101. **OUGHT TO PASS WITH AMENDMENT**

Rep. Charles L. Vaughn for Appropriations: This bill appropriates \$20,000 from the highway fund for FY 1995 to the Department of Transportation for the purpose of standardizing signage to prevent route confusion by the traveling public. The signs are to be installed no later than July 1, 1995. Vote 20-0.

Amendment (6312B)

Amend the bill by replacing section 2 with the following:

2 Appropriation. The sum of \$20,000 for the fiscal year ending June 30, 1995 is hereby appropriated to the department of transportation for the redesignation of a portion New Hampshire Route 51 as New Hampshire Route 101 pursuant to 1993, 314:1. This appropriation shall be a charge against the highway fund.

Adopted.

Report adopted and ordered to third reading.

SB 655-FN-A, relative to conducting a forest inventory analysis on New Hampshire forest lands and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gerald P. Merrill for Appropriations: This bill appropriates \$56,000 to the Department of Resources and Economic Development to conduct a forest inventory analysis and requires a 4-to-1 (state-to-private) funding match. The funds appropriated in this section shall not be spent until such time as the commissioner of DRED certifies to the governor and council that the matching funds are available to the department. Vote 20-0.

Amendment (6236B)

Amend section 5 of the bill by replacing it with the following:

5 Appropriation.

I. The sum of \$56,000 is hereby appropriated to the department of resources and economic development, division of forest and lands for the biennium ending June 30, 1995, for the purposes enumerated in sections 3 and 4 of this act. This sum is in addition to any other sums appropriated to the department of resources and economic development, division of forest and lands. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The funds appropriated in this section shall not be spent, obligated, or encumbered until such time as the commissioner of the department of resources and economic development certifies to the governor and council that at least \$14,000 of matching private funds have been made available to the department.

III. The department shall submit quarterly progress reports to the fiscal committee of the general court.

Adopted.

Report adopted and ordered to third reading.

SB 669-FN-L, relative to creditable service under the retirement system for time during which a person is receiving workers' compensation. **OUGHT TO PASS**

Rep. Joanne A. O'Rourke for Appropriations: This bill allows a retirement system member to receive creditable service not in excess of one year for a period during which the member is receiving a weekly award for workers' compensation. Vote 13-5.

Adopted and ordered to third reading.

SB 702-FN-A, relative to congregate housing and making an appropriation therefor. **OUGHT TO PASS**

Rep. Charles W. Ferguson for Appropriations: The committee determined that spending \$225,000 would generate \$450,000 in federal housing funds for 80 units of housing. This bill makes possible the expansion of congregate housing to three other communities and could help reduce added costs to nursing homes which have required a supplemental budget appropriation this biennium. Vote 19-1.

Adopted and ordered to third reading.

SB 749-FN, relative to the workers' personal care assistance program. **INEXPEDIENT TO LEGISLATE**

Rep. Charles W. Ferguson for Appropriations: The committee heard testimony that persons with incomes of \$58,000 would be eligible to participate in the program by raising eligibility to \$25,000 after all taxes and disability expenses are deducted. The committee found that the department had no rules or regulations for considering a person's total assets, so a person could have \$1 million in assets and could qualify for care attendant. Present funding in the budget is \$10,000 and covers two persons currently in the program. The bill would increase that by 18 persons and costs of \$200,000 a year. Vote 12-8.

Adopted.

SB 753-FN-A-L, relative to promoting economic self-sufficiency for families receiving AFDC. **OUGHT TO PASS WITH AMENDMENT**

Rep. Patricia A. Dowling for Appropriations: This bill truly promotes economic self sufficiency for families receiving AFDC. It allows some additional child care for post-secondary education; it consolidates the shelter component of the AFDC standard of need and payment standard; and it allows AFDC recipients to participate in a privately administered self-employment program such as "working capital." The bill appropriates \$655,711 for FY '95. Vote 19-1.

Amendment (6311B)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Economic Self-Sufficiency for AFDC Recipients. Amend RSA 167 by inserting after section 68 the following new subdivision:

Economic Self-Sufficiency for AFDC Recipients

167:69 Findings and Purpose. The general court finds that elements of the New Hampshire program for Aid to Families with Dependent Children (AFDC) have caused members of families receiving AFDC who attempt to enter the workforce to face program penalties at a time

when they should be receiving program support. Poor families can best be assisted in making a successful transition from public assistance to self-sufficiency when programs remove barriers and penalties for those who struggle for a better way of life for themselves and their children. Such persons should be provided financial and other self-development supports, including a range of educational and vocational training options needed to target well-paying employment opportunities. The following measures are intended to improve the rate at which low-income families are able to make the transition from public assistance to employment that produces a living wage. The following measures also simplify and streamline the AFDC eligibility determination process to decrease administrative costs and error rates and to allow greater agency focus on promoting long term self-sufficiency.

167:70 Rulemaking. The director of the division of human services shall adopt rules pursuant to RSA 541-A which:

I. Make available an additional year of child day care and transportation assistance for post-secondary education to JOBS program participants who have received the limit of support services under state policy as it existed in January 1, 1994, if job development and placement and job search activities are not sufficient to secure employment that produces a total household net income that meets the basic living needs of the household, and if it is determined that such additional assistance is consistent with the employability plan and would materially enhance the probability of securing adequate employment;

II. Extend AFDC-UP (Unemployed Parent) transitional assistance for a 6 month period after a principal wage earner begins working 100 hours or more a month if the family is still financially eligible for AFDC; and

III. Consolidate the shelter component and the maintenance component of the AFDC standard of need and payment standard, to simplify eligibility determination, reduce error rates, and to allow those who manage to save on their housing costs to realize a financial benefit from so doing.

IV. To the extent that federal law permits, the director of the division of human services shall also adopt rules pursuant to RSA 541-A which implement, as a component of the JOBS program, or the successor to the JOBS program, an option that allows AFDC recipients to fulfill JOBS requirements and receive JOBS services by participating in a privately administered and state approved self-employment investment program that provides small business loans of up to \$5,000 to enable participants to start micro-businesses, including in-home businesses. Participants shall receive case management, self-employment training and technical assistance, and supportive services funded through the JOBS program. These services may be provided on a contract basis by private, nonprofit agencies with access to loan capital. The director is authorized to seek, apply for, and receive private grants or charitable contributions in support of this program. Included in such rules shall be measures to:

(a) Allow individuals to set up a separate business bank account that is excluded from countable resources.

(b) Exclude business assets in determining resources under the asset limit.

(c) Allow self-employed individuals to use the accrual method of accounting, so that money in a bank account can be carried over and excluded from countable income as long as it can be matched with legitimate payables or forthcoming expenses, or saved in an unencumbered cash reserve, to be used for future investment in the business.

(d) Modify the definitions of "capital assets" and "tools of the trade" to allow self-employed individuals the maximum flexibility in acquiring assets.

2 Appropriation. The sum of \$150,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of health and human services, division of human services, for the purposes of RSA 167:70, I as inserted by section 1 of this act, which shall be the maximum amount available for such purposes. The sum of \$32,918 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of health and human services, division of human services, for the purposes of RSA 167:70, II as inserted by section 1 of this act. The sum of \$472,793 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of health and human services, division of human services, for the purposes of RSA 167:70, III, as inserted by section 1 of this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill provides for the simplification of AFDC eligibility determination procedures to decrease administrative costs and error rates.

This bill also requires that AFDC rules be amended to permit more AFDC recipients to participate in privately administered self-employment investment programs.

This bill makes an appropriation to the department of health and human services, division of human services, for the purposes of this act.

Adopted.

Rep. Frances Riles spoke against the amended Committee report.

Rep. Douglas Hall spoke in favor and yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the amended Committee report.

and the report was adopted.

Ordered to third reading.

Rep. Elizabeth Moore wished to be recorded in favor.

Rep. Rothhaus voted yea and intended to vote nay.

SB 758-FN, relative to a civil filing fee surcharge for civil legal assistance to low-income persons. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert L. Wheeler for Appropriations: The majority of the committee felt that civil legal assistance to low-income people was a worthy cause and should be funded by a civil filing fee. Vote 19-0.

Rep. Gordon moved that the words Ought to Pass be substituted for the report of the Committee, Ought to Pass with Amendment and, spoke in favor.

Rep. Robert Wheeler spoke against and yielded to questions.

Rep. Franklin Torr yielded to questions.

Roll call request sufficiently seconded. The question being the adoption of the substitute motion of Ought to Pass.

Amendment (6325B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to a civil filing fee surcharge for civil
legal assistance to low-income persons.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Additional Fees in Civil Actions; Legal Assistance to Low-Income Persons.
Amend RSA 490 by inserting after section 26-f the following new section:

490:26-g Additional Fees in Civil Actions. In addition to the entry fees established by the supreme court pursuant to RSA 490:26-a, an entry fee surcharge of \$5 shall be collected by the clerk of court in all civil actions filed in the municipal, district, superior, and probate courts. The amounts so collected shall be paid by the clerk of court to the state treasurer and credited to a special account in the state treasury. This account shall be nonlapsing. The state treasurer shall remit quarterly to New Hampshire Legal Assistance all the funds received from the clerks of court. New Hampshire Legal Assistance shall use any funds received pursuant to this section for the provision of civil legal representation to low-income persons in the state.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides for a filing fee surcharge in civil cases to fund civil legal assistance to low-income persons through New Hampshire Legal Assistance.

Adopted.

Roll call request sufficiently seconded. The question being the adoption of the amended Committee report.

and the amended Committee report was adopted.

Ordered to third reading.

Rep. Perkins voted nay and intended to vote yea.

RECESS**(Speaker Burns in the Chair)**

SB 759-FN-A, relative to child support and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment removes the proposed food-stamp benefit and authorizes the establishment of 26 additional child-support positions. For this purpose, \$302,910 is appropriated from the General Fund in FY '95. However, the amendment also reduces General Fund appropriations for AFDC by more than \$700,000 to reflect the additional child support revenue being collected by the Child Support Enforcement Office. In total, then, the bill is a net plus to the General Fund budget. Vote 18-2.

Amendment (6357B)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Assignment of Right of Support Enforcement. Amend RSA 161-C:22 by inserting after paragraph II the following new paragraphs:

III. When an assignment of support rights has terminated and the obligor and the recipient reunite, the obligor may request a suspension of the collection of a support debt under RSA 161-C:4 and the office of child support enforcement services shall not take any action to collect such a debt for so long as the family remains reunited, provided, that the adjusted gross income of the family, as defined by RSA 458-C, is equal to or less than 185 percent of the federal poverty guidelines as set by the United States Department of Health and Human Services. If collection of a support debt under RSA 161-C:4 is suspended, the obligor shall provide the office of child support enforcement services with a financial affidavit every 6 months evidencing the income of the reunited family and shall notify the office of child support enforcement services in writing within 10 days of any change in income or if the family is no longer reunited. Failure to report changes in income or in the status of the family as reunited, or to provide a financial affidavit as specified herein, shall cause the suspension of collection to terminate until such time as the required information is submitted and provided that such information meets the criteria for obtaining a suspension of collection. When a support obligation is established under RSA 161-C:4, the office of child support enforcement services shall notify an obligor of the right to request a suspension of the collection of a support debt.

IV. Any person who has assigned support rights shall be entitled to advance notice from the office of child support enforcement services of any proceeding for the establishment, modification or enforcement of support and the opportunity to participate in any administrative proceeding for the establishment, modification, or enforcement of support.

2 Additional Staff for Department of Health and Human Services. The following temporary positions shall be added to the office of child support enforcement, division of human services, department of health and human services:

I. Eight support enforcement officers I.

II. Four attorneys.

III. Two paralegals.

IV. Four clerk IVs.

V. Eight case technicians.

3 Appropriation. The sum of \$890,911 for the fiscal year ending June 30, 1995, is hereby appropriated to the division of human services, department of health and human services for the purposes of section 2 of this act. Of such appropriation \$588,001 shall be from federal funds and \$302,910 shall be from state funds. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Appropriation Increased. Amend 1993, 349:1.05, 01, 04, 04, 01 as follows:

	<i>FY 1994</i>	<i>FY 1995</i>
Strike out:		
09 Agency Income	\$ 2,330,191	\$ 2,292,267
Insert in place thereof:		
09 Agency Income	3,017,191	2,378,267
Strike out:		
general fund	25,305,204	25,964,489
Insert in place thereof:		
general fund	24,618,204	25,878,489

5 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill prohibits the office of child support enforcement services from collecting on an accrued AFDC child support debt when the obligor and obligee have reunited and the reunited family is low-income. This bill also requires the hiring of additional support enforcement staff for the office of child support enforcement services.

This bill makes an appropriation to the division of human services, department of health and human services for the purposes of funding additional temporary support enforcement staff and adjusts sources of funds for fiscal years 1994 and 1995 for AFDC.

Adopted.

Report adopted and ordered to third reading.

Rep. Bove declared a conflict of interest and did not participate.

SB 761-A, relative to rehabilitating the rail lines of class III railroads and state-owned rail lines and making an appropriation therefor. **OUGHT TO PASS**

Rep. Marie C. Hawkinson for Appropriations: This bill appropriates funds to the Department of Transportation, Bureau of Railroads and Public Transportation, to rehabilitate the rail lines of class III railroads and state-owned rail lines, viable alternatives to new road construction. Moneys received by the state from the taxation of railroads shall be designated for the payment of general obligation bonds and notes authorized by this bill. The bill increases from 20 percent to 30 percent the amount of matching funds which owners, shippers or users must provide to receive state funds for rehabilitation and maintenance of rail properties. Vote 17-0.

Adopted and ordered to third reading.

SB 767-FN, relative to mental illness coverage under insurance policies. **OUGHT TO PASS**

Rep. Charles W. Ferguson for Appropriations: The purpose of this bill is to treat certain mental illnesses the same as physical illnesses under insurance coverage. Estimated costs ranged from \$164,062 to \$680,400 in FY '95 before savings are calculated. The bill does not take effect until January 1, 1995. Vote 19-1.

Adopted and ordered to third reading.

SB 772-FN, authorizing involuntary civil commitment for certain individuals and making appropriations therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert L. Wheeler for Appropriations: The full committee felt it was necessary to establish a procedure to be used for involuntary civil commitment for persons charged with serious felonies who have mental retardation and who are incompetent to stand trial. To fund this program requires additional personnel funded at \$125,000 for fiscal year 1995. Vote 21-0.

Amendment (6356B)

Amend the bill by replacing section 12 with the following:

12 Appropriations.

I. The sum of \$125,902 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of corrections for the purposes of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

II. If, at any time after the effective date of this act during fiscal year 1995, the client population at a designated receiving facility within the state developmental services system exceeds 2 persons, committed pursuant to RSA 171-B, during fiscal year 1995, the director of the division of mental health and developmental services may request, with prior approval of the fiscal committee, that the governor and council authorize additional funding per client for the balance of the fiscal year, and such sums are hereby appropriated to the department of health and human services. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

Amend the bill by replacing section 14 with the following:

14 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill establishes a procedure to be used for involuntary civil commitment for persons charged with serious felonies who have mental retardation and who are found to be not competent to stand trial.

This bill makes appropriations for the purposes of the bill.

Adopted.

Report adopted and ordered to third reading.

SB 774-FN, to increase the medicaid coverage for all children up to 18 years of age and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment begins funding October 1 in order to allow time to set up the changes, and requires separate accounting of these funds and any surplus to lapse into the Health Care Transition Fund rather than the General Fund. The appropriation from the Health Care Transition Fund for FY '95 is \$2,680,129. Vote 19-3.

Amendment (6347B)

Amend the bill by replacing section 3 with the following:

3 Appropriation. The sum of \$2,680,129 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services. The sum appropriated under this section shall be a charge against the health care transition fund, if established. Such appropriation shall be established in a separate account and shall neither be transferred nor used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

Adopted.

Rep. Douglas Hall spoke in favor.

Report adopted and ordered to third reading.

SB 775-FN, providing medicaid coverage for adults 18 to 64 years of age. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment begins funding October 1 in order to allow time to set up the changes, and requires separate accounting of these funds and any surplus to lapse into the Health Care Transition Fund rather than the General Fund. The appropriation from the Health Care Transition Fund for FY '95 is \$973,570. Vote 20-2.

Amendment (6345B)

Amend the title of the bill by replacing it with the following:

AN ACT

providing medicaid coverage for adults 18 to 64 years of age changing the definition of disability for the purposes of eligibility for aid to the permanently and totally disabled and making an appropriation therefor.

Amend the bill by replacing section 2 with the following:

2 Appropriation. The sum of \$973,570 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services. The sum appropriated under this section shall be a charge against the health care transition fund, if established. Such funds shall be held in a separate account and shall neither be transferred nor used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

AMENDED ANALYSIS

This bill requires the director of the division of human services, department of health and human services, to seek a federal waiver to provide medicaid coverage for adults 18 to 64 years of age who have income less than the AFDC payment standard and makes an appropriation for that purpose. The funds required to implement the provisions of this act shall be derived from the health care transition fund, if established.

This bill also amends the definition of disability for the purposes of eligibility for aid to the permanently and totally disabled so that the change which was to take effect December 1, 1995, will not take effect and the current law will remain in effect.

Adopted.

Report adopted and ordered to third reading.

SB 787-FN-A, relative to dental coverage for adults under the Medicaid program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment appropriates \$1,683,194 from the Health Care Transition Fund for FY '95 for adult dental services under Medicaid. It requires separate accounting of these funds and any surplus will lapse into the Health Care Transition Fund rather than the General Fund. The amendment also raises revenue estimates by \$260 million to claim the federal Medicaid funds of \$130 million. A three-year sunset of the program has been added. Department estimates show a net savings to the general fund which exceeds the expenditures by the third year. If this forecast comes to pass, a future review could continue the program from the General Fund to continue to realize those savings. Vote 11-7.

Amendment (6376B)

Amend the bill by replacing all after section 2 with the following:

3 Board and Care Revenue Estimate Increased. Amend the fiscal year 1994 estimate of unrestricted revenue for general fund, board and care inserted by 1993, 349:27 by replacing it with the following:

	<i>FY 1994</i>
Board and Care	\$328,725,000

4 General Fund Total Increased. Amend the fiscal year 1994 general fund total estimate of unrestricted revenue inserted by 1993, 349:27 by replacing it with the following:

	<i>FY 1994</i>
Total	\$1,115,150,000

5 Appropriation. The sum of \$1,683,194 for the fiscal year ending June 30, 1995, is appropriated to the division of human services, department of health and human services. The sum appropriated under this section shall be a charge against the health care transition fund, if established. Such appropriation shall be established in a separate account and shall neither be transferred nor used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

6 Repeal. The following are repealed:

I. RSA 167:7-b, relative to dental coverage for adults.

II. RSA 167:3-c, X, relative to additional rulemaking.

7 Effective Date.

I. Section 6 of this act shall take effect July 1, 1997.

II. Sections 3 and 4 of this act shall take effect upon its passage.

III. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill extends basic dental services to adults who are enrolled in the Medicaid program. Currently, dental coverage is limited to the extraction of acutely painful or infected teeth.

This bill also establishes an annual limit of \$1,000 per person for covered dental services.

This bill makes an appropriation to the division of human services, department of health and human services which shall be a charge against the health care transition fund, if established.

This bill repeals the dental coverage for adults under the medicaid program after 3 years.

This bill increases the 1994 estimate of unrestricted general fund revenue for board and care.

Adopted.

(Rep. Cole in the Chair)

Rep. Ferguson spoke in favor.

Rep. Kurk spoke against and yielded to questions.

Rep. Douglas Hall spoke in favor and yielded to questions.

Roll call sufficiently seconded. The question being the adoption of the amended Committee report.

and the amended Committee report was adopted.

Ordered to third reading.

Rep. Klemm voted yea and intended to vote nay.

SB 791-FN-A, establishing a committee to study the issue of health care provider cooperative and collaborative agreements in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglas E. Hall for Appropriations: The committee amendment begins funding October 1 in order to allow time to set up the programs, and requires separate accounting of these funds and any surplus to lapse into the Health Care Transition Fund rather than the General Fund. The appropriation from the Health Care Transition Fund for FY '95 is \$4,177,500. Vote 19-3.

Amendment (6351B)

Amend the bill by replacing all after the enacting clause with the following:

1 Health Care Transition Fund Allocation.

I. The following sums are appropriated as indicated for the fiscal year ending June 30, 1995, and shall be charged against the health care transition fund, if established:

(a) The sum of \$705,000 is appropriated to the office of the commissioner, department of health and human services for the purpose of establishing the office of health planning, to develop under a process established by the legislature a state health plan, develop policy options for the department and its divisions, and to coordinate data collection functions of all agencies involved in health care reform activities.

(b) The sum of \$750,000 is appropriated to the office of alcohol and drug abuse prevention for the following:

(1) To expand halfway houses and residential programs for adults, adolescents and women and children.

(2) To establish crisis intervention and social detoxification services in areas currently unserved.

(3) To support medical heroin detoxification and related residential services.

(4) To support comprehensive programs for persons with mental illnesses and substance abuse problems.

(c) The sum of \$1,335,000 is appropriated to the division of public health services for the following purposes:

(1) To develop health clinics to provide primary preventive health services for low-income and underserved populations.

(2) To establish a statewide network of family support services of families of children with chronic illness.

(3) To recruit primary care physicians, nurse practitioners, and physician assistants, support them in serving rural areas and areas of high primary care needs, and establish linkages to facilitate academic training and consultations.

(4) To provide technical assistance to communities, health care agencies, and primary care providers developing comprehensive care services.

(d) The sum of \$1,387,500 is appropriated to the division of mental health and developmental services for the following purposes:

(1) To develop and maintain services to meet the mental health needs of children and families which shall include family-centered individual support services necessary to improve the mental health status of children who have or who are at risk of having serious emotional disorders.

(2) To prepare for and respond to state and federal health care reform initiatives including the design and development of information systems required for service planning, cost allocation, and monitoring services utilization.

(3) To prepare and submit for approval a waiver to federal Medicaid regulations under section 1115 of Title XIX of the Social Security Act for the development of a range of community-based services for adults and children with serious mental illnesses to include the integration of components of New Hampshire hospital with the community mental health system.

II. The appropriations made in paragraph I shall be established in separate accounts and shall neither be transferred nor used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

2 Effective Date. This act shall take effect upon its passage.

Rep. Douglas Hall yielded to questions.

On a division vote, 227 members having voted in the affirmative and 57 in the negative, the amendment was adopted.

Report adopted and ordered to third reading.

SB 794-A, making a capital appropriation for highway transportation infrastructure. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merle W. Schotanus for Appropriations: The amendment to this important "Highway Pot Hole Rehabilitation" bill makes the bill effective on passage, thus enabling the Department of Transportation to immediately contract for an additional \$3 million of highway betterments. Vote 15-5

Amendment (6338B)

Amend the bill by replacing section 1 with the following:

1 Department of Transportation; Betterment Program; Appropriation Increased. Amend 1993, 349:1.04, 01, 03, 11, 01, fiscal year 1994, as follows:

SB 593-FN, relative to the authority of advanced registered nurse practitioners to possess, compound, prescribe, administer, or dispense controlled and noncontrolled drugs to patients and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Larry A. Emerton for Executive Departments and Administration: This important bill allows advanced registered nurse practitioners to prescribe controlled and non-controlled drugs to the patients under the general formulary approved by the joint health council for the immediate medical needs of their patients. Also, this bill tightens up the procedures of the joint health council in its actions regarding ARNPs. Vote 12-1.

Amendment (6354B)

Amend RSA 318:1, IX-a as inserted by section 3 of the bill by replacing it with the following:

IX-a. "Nurse" means a person licensed to perform registered nursing as defined in RSA 326-B.

Amend RSA 318:42, VII(a) as inserted by section 9 of the bill by replacing it with the following:

(a) The drugs are dispensed under a written protocol established by a licensed physician and approved by the division of public health services which provides for responsible [medical] supervision over the activities in question and mentions the name of each [advanced registered nurse practitioner or] registered nurse for whom the physician is assuming supervisory responsibility. A written copy of the protocol showing the date it was approved by the division of public health services shall be kept at the clinic at all times and shall be made available during any inspection conducted under RSA 318:8.

Amend RSA 318:46 as inserted by section 11 of the bill by replacing it with the following:

318:46 Record Book. The pharmacist in charge of a pharmacy shall at all times keep in the pharmacy a record book in which shall be entered all sales of the following, other than sales to physicians, dentists and veterinarians, and sales made upon a prescription of a physician, dentist [or], veterinarian, *or advanced registered nurse practitioner*: arsenous acid (arsenic trioxide), mercuric chloride, hydrocyanic acid, potassium cyanide, cyanide mixture, strychnine and its salts except in proper dosage in pill or tablet form.

Amend RSA 318-B:2-b, III as inserted by section 20 of the bill by replacing it with the following:

III. A nurse or intern who, at the explicit direction of and under the supervision of an attending physician, administers a substance which he represents to be or contain a controlled drug, but which in fact neither is nor contains a controlled drug, to a patient for a bona fide therapeutic purpose; or

Amend RSA 318-B:10, V as inserted by section 23 of the bill by replacing it with the following:

V. A paramedic who has been approved and certified by the board of registration in medicine as an advanced emergency medical care provider may possess, for emergency use only, such prescription drugs as are agreed upon jointly by the state board of registration in medicine and the pharmacy board. The paramedic may administer such prescription drugs upon receipt directly or by telephone or by radio or by other communication medium of directions to do so from the supervising physician *or advanced registered nurse practitioner, practicing within such nurse practitioner's speciality*.

Amend RSA 318-B:12-a as inserted by section 26 of the bill by replacing it with the following:

318-B:12-a Treatment for Drug Abuse. Any minor 12 years of age or older may voluntarily submit himself to treatment for drug dependency as defined in RSA 318-B:1, IX, or any prob-

lem related to the use of drugs at any municipal health department, state institution or facility, public or private hospital or clinic, any licensed physician *or advanced registered nurse practitioner practicing within such nurse practitioner's specialty*, or other accredited state or local social welfare agency, without the consent of a parent, guardian, or any other person charged with the care or custody of said minor. Such parent or legal guardian shall not be liable for the payment for any treatment rendered pursuant to this section. The treating facility, agency or individual shall keep records on the treatment given to minors as provided under this section in the usual and customary manner, but no reports or records or information contained therein shall be discoverable by the state in any criminal prosecution. No such reports or records shall be used for other than rehabilitation, research, or statistical and medical purposes, except upon the written consent of the person examined or treated. Nothing contained herein shall be construed to mean that any minor of sound mind is legally incapable of consenting to medical treatment provided that such minor is of sufficient maturity to understand the nature of such treatment and the consequences thereof.

Amend the bill by replacing section 28 with the following:

28 Reference Added; Continuing Education. Amend RSA 326-B:10, II and III to read as follows:

II. A registered nurse, [legally recognized] *licensed* as an advanced registered nurse practitioner, shall have plenary authority to *possess, compound, prescribe [medications], administer, dispense or distribute controlled and noncontrolled drugs to patients* from the official formulary established by the joint health council established in RSA 326-B:10-a and within the scope of the A.R.N.P.'s practice as defined by the New Hampshire board of nursing based on usual and customary advanced nursing practice standards. Controlled and noncontrolled substances shall be prescribed from the formulary according to protocol guidelines approved by the joint health council. The privilege of [prescriptive] *plenary* authority may be denied, suspended or revoked by the board of nursing upon proof that the privilege has been abused.

III. Each registered nurse applying for [legal recognition] *licensure* as an advanced registered nurse practitioner shall pay an additional fee for original evaluation and certification. Each renewal period, the A.R.N.P. shall submit to the board of nursing evidence of continuing education and practice in the field of nursing. *For the purposes of this paragraph, continuing education shall include at least 4 hours of course work in pharmacology approved by the board of nursing upon license renewal.*

Amend the bill by deleting sections 21 and 22 and renumbering the original sections 23-34 to read as 21-32, respectively.

Amend the bill by inserting after section 26 the following and renumbering sections 27-32 to read as 30-35, respectively:

27 Joint Health Council. Amend RSA 326-B:10-a, III to read as follows:

III. The duties of the joint health council shall include, but not be limited to, adding or altering the list of controlled and noncontrolled substances on the A.R.N.P. formulary and approving protocol guidelines for A.R.N.P. prescription of both controlled or noncontrolled substances deemed necessary by the council. Decisions on such additions or alterations shall be rendered within 3 months of initial consideration by the council [and shall be determined by an affirmative vote of at least 5 members of the council]. *Any new controlled or noncontrolled substances that are available after September 1, 1994, shall be approved for use by advanced registered nurse practitioners only after an affirmative vote of the joint health council.*

IV. *All meetings of the joint health council shall be open to the public and conducted in accordance with the provisions of RSA 91-A. Meetings shall be conducted in a state-occupied building in Concord. Notice of the time and place of each meeting shall be posted in the house and senate calendars at least 30 days prior to the meeting date.*

28 Terminology Change. Amend RSA 326-B:2, II to read as follows:

II. "Advanced registered nurse practitioner" or "A.R.N.P." means a registered nurse who is [legally recognized] *licensed* as having specialized clinical qualifications as provided in RSA 326-B:10.

29 Terminology Change. Amend RSA 326-B:4, XIV to read as follows:

XIV. Establish and collect fees, under rules adopted by the board pursuant to RSA 541-A, relative to applicants seeking any type of license issued by the board under this chapter, including fees for applications for temporary licenses, reinstatement of inactive licenses, license by examinations, and renewal of licenses, as well as fees for verifying license status, [legal recognition status,] program graduation, or computerized lists.

Amend the bill by replacing sections 34 and 35 with the following:

34 Repeal. RSA 318-B:2-a, relative to an exception allowing advanced registered nurse practitioners to possess single doses of certain controlled drugs, is repealed.

35 Effective Date.

I. RSA 362-B:10-a, III as amended by section 27 of this act shall take effect September 1, 1994.

II. The remainder of this act shall take effect January 1, 1995.

Adopted.

Report adopted and ordered to third reading.

SB 685, relative to the rulemaking authority of the fire standards and training commission, including the authority to establish fees; and granting municipalities options for fire department financing and property ownership. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill passed the House 4/19/94 on recommendation of the Public Protection and Veteran Affairs Committee and was referred to the ED&A Committee to review the reorganization portion of the bill. The ED&A Committee found the restructuring of the Fire Service within the Department of Safety will be more economical and more responsive to the Department of Safety and the 8000 members of the Fire Service of New Hampshire. It is the intent of the Legislature that this will produce a more cohesive structure to present the training programs for the 1200 career and 6800 call/volunteer firefighters in New Hampshire. With the opening soon of the new fire academy and regional programs, the training division can provide the needed programs at various times that will accommodate both the career and call/volunteer firefighters and their various schedules. All firefighters and those desiring to enter the ranks of firefighters, should have equal access to the programs at the most reasonable cost possible. Vote 12-2.

Amendment (6323B)

Amend RSA 21-P:33 as inserted by section 3 of the bill by replacing it with the following: 21-P:33 Delegation. The commission may delegate to the division of fire standards and training any powers and duties enumerated in this subdivision.

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-20 to read as 2-21, respectively:

1 Intent.

I. This act establishes 2 divisions of fire service within the department of safety, a safety division and a training division each headed by a director. The division of fire safety shall handle the technical aspects and enforcement of safety regulations and arson investigations. The division of fire standards and training shall handle the training of the 1,200 career firefighters and 6,800 call/volunteer firefighters.

II. Since each group of firefighters as well as others interested in obtaining instruction in emergency programs have different needs and time availability, it is the intent of the legislature that the programs presented by the division of fire standards and training should be geared to the needs and time constraints of those receiving the training.

Amend paragraph IV of section 20 of the bill by replacing it with the following:

IV. Upon appointment of a director of the division of fire standards and training, the unclassified chief of fire standards and training shall be subordinate to the director of this division of fire standards and training. The term of the first person appointed as director of the division of fire standards and training pursuant to this act shall expire on March 31, 1997. Thereafter, the director of the division of fire standards and training shall serve a term as set forth in section 9 of this act.

Amend the bill by replacing section 21 with the following:

21 Effective Date.

I. Sections 1-6 of this act shall take effect 60 days after its passage.

II. Paragraph 1 of section 16 of this act shall take effect as provided in paragraph III of section 20 of this act.

III. The remainder of this act shall take effect upon its passage.
Adopted.

Rep. Dyer offered a floor amendment.

Floor Amendment (6401B)

Amend paragraph III of section 21 of the bill by replacing it with the following:

III. The remainder of this act shall take effect August 1, 1994.

Adopted.

Report adopted and ordered to third reading.

SB 144-FN-A, relative to the legacies and successions tax on property jointly owned.
OUGHT TO PASS WITH AMENDMENT

Rep. Donna M. Soucy for Ways and Means: This bill provides an exemption under the legacies and successions tax of \$10,000 (provided that it is the sole existing joint account) after funeral and medical expenses of the deceased joint tenant have been paid. Vote 18-0.

Amendment (6353B)

Amend RSA 86:8 as inserted by section 1 of the bill by replacing it with the following:

86:8 Joint Ownership. Whenever property, real or personal, is held in the joint names of 2 or more persons or is deposited in banks or other depositories in the joint names of 2 or more persons and payable to either or the survivor, upon the death of one of such persons, the right of the survivor to the immediate ownership of such property shall be deemed a transfer taxable under this chapter. The transfer shall be in the same manner as though the whole property to which such transfer relates was owned by said parties as tenants in common and had been devised or bequeathed to the survivor by such deceased joint owner. The survivor shall file with the executor or administrator upon a form prescribed by the department, a report of all transfers of real and personal property held in the joint names of the deceased joint tenant and the survivor and shall notify the executor or administrator as to the amounts paid by such survivor from said property for necessary expenses of the funeral of the deceased joint tenant, expenses of the last sickness and medical expenses of the deceased joint tenant. In the computation of the tax under this chapter there shall be deducted from the value of the property so reported such amounts as were paid from said property for such funeral expenses, expenses of last sickness and medical expenses. *In addition, any joint account with less than \$10,000 shall not be deemed a transfer taxable under this chapter, if there are no other joint accounts and no probate estate due the survivor.* The surviving joint tenant shall remit the appropriate tax liability to the executor or administrator, or if the estate is liable for the tax, the executor or administrator shall pay the tax liability from the assets being held by the executor or administrator. The executor or administrator shall incorporate the value of the joint assets and the tax liability into the legacy and succession tax return required by RSA 86:90.

AMENDED ANALYSIS

This bill exempts joint accounts of less than \$10,000 from the legacies and successions tax if there are no other joint accounts or probate estate due the survivor.

Adopted.

Report adopted and ordered to third reading.

SB 501-FN-A, relative to the business transition credit with respect to the business enterprise tax. **OUGHT TO PASS**

Rep. Avis B. Nichols for Ways and Means: This bill removes a potentially discriminatory \$500,000 limitation on the already existing credit a business enterprise is entitled to under the three-year business transition. This applies to businesses that have paid business profits tax in the past but have suffered recent losses. Vote 18-0.

Adopted and ordered to third reading.

SB 594-FN, relative to the supplemental liquor license for veterans' clubs and social clubs and the fee for such license. **OUGHT TO PASS**

Rep. Richard T. Trelfa for Ways and Means: This bill permits veterans' and social clubs more alternatives in both hours of sale and minimum number of events for liquor licenses at reduced rates. There should be no negative impact on revenues and a positive impact is probable. Vote 14-1.

Adopted and ordered to third reading.

SPECIAL ORDER

Without objection, the Speaker made **SB 600-FN-A**, directing the liquor commission to license an agency liquor store in Center Harbor, a Special Order to be placed at the end of the day's calendar.

REGULAR CALENDAR (Cont'd.)

SB 670 FN, making technical corrections to the securities laws and relative to fees for securities registration. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donna M. Soucy for Ways and Means: This bill essentially does two things. First, it makes technical corrections to the securities laws relative to fees for securities registration and reinstates the charter of the Union International Corporation as approved by the Commerce Committee. Second, this bill imposes a cap of \$800,000 on the two-year-old Investor Education Fund, which was created at the time the securities regulation responsibility was transferred to the Secretary of State. Vote 12-5.

Amendment (6328B)

Amend RSA 421-B:21, II-c as inserted by section 19 of the bill by replacing it with the following:

II-c. The state treasurer shall pay the expenses of investor education conducted pursuant to RSA 421-B:26, IV out of [any money in the treasury not otherwise appropriated until] *the investor education fund consisting of* the funds collected pursuant to RSA 421-B:26, I, II, and III. [have been received by him. Thereafter, he shall pay the expenses of conducting investor education out of funds collected under RSA 421-B:26, I, II, and III and shall reimburse the treasury for previous expenses paid by him. The governor is authorized to draw his warrant for the sums authorized by this paragraph out of any money in the treasury not otherwise appropriated.] *The investor education fund shall be nonlapsing and continually appropriated for the purpose of paying the expenses of investor education, except that, as provided in RSA 421-B:26, IV, the fund shall at no time exceed \$800,000.*

Amend the bill by replacing section 29 with the following:

29 New Subparagraph; Special Fund. Amend RSA 6:12, I by inserting after subparagraph (hhh) the following new subparagraph:

(iii) Moneys received under RSA 421-B:26, I, II, and III, which shall be credited to the investor education fund established in RSA 421-B:21, II-c until that fund exceeds \$800,000, at which time moneys in excess of \$800,000 shall be credited to the general fund.

Amend the bill by replacing all after section 31 with the following:

32 Cap on Investor Education Fund. Amend RSA 421-B:26, IV to read as follows:

IV. All moneys collected as an administrative penalty under this chapter shall be credited to an investor education fund to be maintained by the state treasurer; *provided, however, that the investor education fund shall at no time exceed \$800,000. All sums in the investor education fund in excess of \$800,000 shall be credited to the general fund.* The secretary of state shall use moneys credited to that fund to provide information to residents of this state about investments in securities, to help investors and potential investors evaluate their investment decisions, protect themselves from unfair, inequitable or fraudulent offerings, choose their broker-dealers, agents or investment advisers more carefully, be alert for false or misleading advertising or other harmful practices, and know their rights as investors.

33 Effective Date.

I. Sections 19, 23, 24, and 29-32 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

Adopted.

Report adopted and referred to Appropriations.

SB 671 FN-A, negating the repeal of tax credits against the business profits tax and the investment tax credit. **OUGHT TO PASS WITH AMENDMENT**

Rep. Roland Sallada for Ways and Means: This bill, as amended, modifies the 75 percent investment tax credit currently applicable to contributions made to the Community Development Finance Authority (CDFA). The bill, as amended, would extend the credit to contributions received after June 30, 1994 and before June 30, 1999 if a pledge, for such contribution, was made in writing to the CDFA by June 30, 1994. The bill, as amended, also limits the CDFA to accepting no more than \$2 million in contributions for which the credit is to be taken in any state fiscal year after June 30, 1994. Under this extension, the maximum amount of credits to be given against the business profits tax is \$7.5 million with a maximum total credit of \$1.5 million in any one fiscal year after June 30, 1994. Vote 14-3.

Amendment (6343B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to the community development finance authority
and investment tax credits.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definition of "Pledge." Amend RSA 162-L:1 by inserting after paragraph IX the following new paragraph:

X. "Pledge" means a written agreement between the community development finance authority and a contributor for the contributor to provide cash contributions over a period of not less than one year or more than 5 years.

2 Report. Amend RSA 162-L:6 to read as follows:

162-L:6 Reporting Requirements. On or before September 1 of each year, the authority shall submit an annual report of its activities for the preceding fiscal year to the governor, the president of the senate, the speaker of the house of representatives and the state treasurer. The report shall set forth a complete operating and financial statement of the authority during such year. *The report shall include outstanding amounts of pledges made and cash contributions received against pledges.* The authority shall cause an audit by an independent certified public accountant of its books and accounts to be made each fiscal year.

3 Technical Correction. Amend RSA 162-L:8, I-a to read as follows:

I-a. Credits provided by this section applied against the liabilities imposed by RSA 400-A and RSA 77-E shall be deemed to be taxes paid for the purpose of RSA 77-A:5, III and [IX] X, respectively.

4 Investment Tax Credit. Amend RSA 162-L:8, III to read as follows:

III.(a) The credit provided by this section shall apply to contributions made *or pledged* to the authority on or before June 30, [1996] 1994. *Such credit shall be available to contributors on or after contributions for which credit is to be taken are actually received by the authority.*

(b) *All contributions must be received within 5 years after the pledge is made.*

(c) *Contributions received by the authority as a result of pledges made on or before June 30, 1994, for which credit is to be taken shall not exceed \$2,000,000 in any state fiscal year ending after June 30, 1994. Contributions received in excess of \$2,000,000 shall not be eligible for credit under this section.*

5 Effective Date Changes. Amend 1993, 350:43, III to read as follows:

III. Section 41, paragraphs II and V of this act shall take effect July 1, 1994, and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 1994, except that any [unused portion of such] credit from contributions *or pledges* made pursuant to RSA 162-L:8 on or before June 30, 1994, shall be allowed as a credit or carried forward in the manner and subject to the limitations of RSA 162-L:8[. II], as such [paragraph] *section* was effective on June 30, 1994. In the case of any business enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 1994, the taxable period shall be deemed to have ended on June 30, 1994, for the purposes of this act.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill sets a cap on contributions made to the community development finance authority for the purposes of the investment tax credit.

Adopted.

Report adopted and ordered to third reading.

Rep. Teschner declared a conflict of interest and did not participate.

SB 674-FN-A, placing responsibility for dredging projects in tidal waters with the port authority and continually appropriating certain fees to the port authority. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Ways and Means: The Ways and Means Committee amendment clarifies that the port authority shall implement the provisions of the act from its current budget and deletes reference to dockage and wharfage fees. Vote 18-0.

Amendment (6193B)

Amend the bill by replacing section 3 with the following:

3 Funding. The port authority shall carry out the provisions of RSA 271-A:20 with funds from within the current operating budget for fiscal year 1995.

Adopted.

Report adopted and ordered to third reading.

SB 740 FN, relative to employee leasing. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Ways and Means: The Ways and Means Committee amendment makes technical changes and eliminates the dedicated fund (replacing it with a one-year appropriation). The amendment was developed with input from the Commerce Committee, Department of Employment Security, Department of Labor and an industry representative. Vote 18-0.

Amendment (6230B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to employee leasing and making an appropriation therefor.

Amend RSA 277-B:2 as inserted by section 1 of the bill by deleting paragraph VI and renumbering the original paragraphs VII and VIII to read as VI and VII.

Amend RSA 277-B:5, I as inserted by section 1 of the bill by replacing it with the following:

I. Every applicant for an initial employee leasing company license shall file with the commissioner a completed application on a form prescribed by the commissioner with a non-refundable application fee of \$100. Every applicant for a renewal license shall file with the commissioner a completed application at least 60 days before license expiration together with a renewal application fee of \$100. The commissioner shall act upon such renewal application within said 60 day period. A licensee shall pay an annual fee for a license of \$500 per year.

Amend RSA 277-B:5 as inserted by section 1 of the bill by deleting paragraph IV and renumbering the original paragraphs V and VI to read as IV and V.

Amend RSA 277-B:13 as inserted by section 1 of the bill by replacing it with the following:

277-B:13 Application and License Fees. All application and license fees collected by the commissioner under this chapter shall be paid to the treasurer for deposit to the general fund.

Amend RSA 277-B:17, I as inserted by section 1 of the bill by replacing it with the following:

I. Until an employee leasing company has been in business for a period of 2 years, including any time prior to October 1, 1994, a client company shall be jointly and severally liable with the employee leasing company for the payment of unemployment contributions as calculated under the provisions of RSA 277-B:9, VI. The written disclosure provided under RSA 277-B:9, VI shall advise the client company of its joint and several liability, if any, under this section.

Amend the bill by replacing section 2 with the following:

2 Appropriation. The sum of \$9,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of labor for the purposes of this act. This appropriation is in addition to any other funds appropriated to the department of labor. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amend the bill by replacing section 4 with the following:

4 Effective Date.

I. Section 2 of this act shall take effect July 1, 1994.

II. RSA 277-B:3 as inserted by section 1 of the bill shall take effect upon its passage.

III. The remainder of this act shall take effect October 1, 1994.

AMENDED ANALYSIS

This bill requires the licensing of employee leasing companies and also establishes standards for operation and regulation of such companies. An application fee is established.

This bill also makes an appropriation to the department of labor.

Adopted.

Report adopted and referred to Appropriations.

SB 755-FN-A, allowing business profits tax credits for alternative fuel vehicles. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Avis B. Nichols for the Majority of Ways and Means: This bill gives an alternative fuel credit against the Business Profits Tax to businesses that convert vehicles to alternative fuels in advance of EPA schedules or that convert more vehicles than required by Federal statute. These vehicles would have to be converted in compliance with the Federal Clean Air Act and Energy Policy Act of 1992 so we should not jeopardize the BPT which already is coming in under projections by giving businesses a credit to do this. Vote 10-7.

Rep. Donna M. Soucy for the Minority of Ways and Means: This bill provides an incentive for businesses to comply with the requirements of the Clean Air Act and the Energy Policy Act before the Federal compliance deadline. Businesses wishing to comply in advance of this deadline could avail themselves of a business profits tax credit limited to 5 percent of the total BPT due. This incentive program will help achieve reductions in mobile sources of emissions, therefore, making it easier for our job providing stationary sources to achieve compliance. Lastly, this bill is part of the N.H. Compliance Act and will be beneficial to us in dealing with the EPA.

Majority report adopted.

SB 756 FN-A, relative to the definitions of "gross receipts" and "public utility" for the calculation of the franchise tax with respect to the sale of gas. **OUGHT TO PASS**

Rep. Barbara E. Arnold for Ways and Means: This bill removes those entities engaged in the manufacture, generation, distribution, transmission or sale of gas from the definition of public utility for purposes of the franchise tax as they no longer have a franchise. Also, the bill exempts from gross receipts, for the purpose of calculating the franchise tax, those receipts from the sale of electricity to operate motor vehicles. The Department of Revenue Administration (DRA) states it cannot identify any current taxable sales of electricity to power vehicles under the franchise tax. Vote 18-0.

Adopted and ordered to third reading.

SB 773 FN-A, clarifying the applicability of the real estate transfer tax. **REFER FOR INTERIM STUDY**

Rep. Alphonse O. Plourde for Ways and Means: The committee felt that while the intent of this bill had merit, there was concern that it opened the door to abuse due to the 10 percent change of ownership. Vote 16-1.

Adopted.

Rep. Nichols declared a conflict of interest and did not participate.

SB 709-FN, relative to changes mandated by OBRA and repealing a statute in conflict with the children's health plan. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Jane Wallner for Appropriations: The amended bill makes changes mandated by the 1993 Omnibus Budget Reconciliation Act. It changes the date on which medical child-support orders must begin to include provisions concerning wage assignment. It also clarifies the appointing authority for existing positions in the Division of Public Health and the Division of Human Services. Vote 18-0.

Amendment (6306B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to changes mandated by OBRA, repealing a statute in conflict with the children's health plan, relative to the date on which medical child support orders must begin to include provisions concerning wage assignment, and relative to the appointment and salary of certain employees of the department of health and human services.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Rulemaking Added. Amend RSA 151:9, I by inserting after subparagraph (m) the following new subparagraph:

(n) The administration of the pediatric vaccine distribution program under section 1928(a) of the Social Security Act.

2 References Changed. Amend RSA 167:16-a, II(a) to read as follows:

(a) From the estate of an individual who was [65] 55 years of age or older when he received such assistance, and then only after the death of his surviving spouse, if any, and only at a time when he has no surviving child who is under 21 years of age or is blind or permanently and totally disabled; and

3 New Paragraphs; Appointments, Division of Public Health Services. Amend RSA 125:9 by inserting after paragraph XI the following new paragraphs:

XII. With the consent of the commissioner, nominate a person duly qualified by training and experience for appointment by the governor and council to serve as the state physician epidemiologist who shall receive a salary in accordance with RSA 94:1-a. Upon appointment, the physician epidemiologist shall serve for a term of 4 years and until his successor is appointed. Any vacancy shall be filled for the full 4-year term in the same manner as the original appointment. The provisions of RSA 21:33-a shall not apply to appointments made under this paragraph.

XIII. With the consent of the commissioner, nominate a person duly qualified by training and experience for appointment by the governor and council to serve as the state senior physician/dentist, division of public health services who shall receive a salary in accordance with RSA 94:1-a. Upon appointment, the senior physician/dentist, division of public health services shall serve for a term of 4 years and until his successor is appointed. Any vacancy shall be filled for the full 4-year term in the same manner as the original appointment. The provisions of RSA 21:33-a shall not apply to appointments made under this paragraph.

XIV. With the consent of the commissioner, nominate a person duly qualified by training and experience for appointment by the governor and council to serve as the state forensic toxicologist who shall receive a salary in accordance with RSA 94:1-a. Upon appointment, the forensic toxicologist shall serve for a term of 4 years and until his successor is appointed. Any vacancy shall be filled for the full 4-year term in the same manner as the original appointment. The provisions of RSA 21:33-a shall not apply to appointments made under this paragraph.

4 New Paragraph; Authorization for Appointment; Division of Human Services. Amend RSA 161:4 by inserting after paragraph VI the following new paragraph:

VII. With the consent of the commissioner, the director shall nominate a person duly qualified by training and experience for appointment by the governor and council to serve as the state senior physician, division of human services who shall receive a salary in accordance with RSA 94:1-a. Upon appointment, the senior physician, division of human services, shall serve for a term of 4 years and until his successor is appointed. Any vacancy shall be filled for the full 4-year term in the same manner as the original appointment. The provisions of RSA 21:33-a shall not apply to appointments made under this paragraph.

5 Applicability. Appointments shall be made to fill the positions established in sections 3 and 4 of this act no later than 60 days after the effective date of this section and shall be funded as of July 1, 1993.

6 Date Changed. Amend RSA 161-H:3, I to read as follows:

I. Medical child support orders issued on or after [September] *October* 1, 1994, shall include a provision indicating that they may be subject to wage assignment, when the conditions of RSA 161-H:2, V have been met.

7 Contingency. If, SB 743-FN of the 1994 legislative session becomes law, then section 6 of this act shall take effect October 1, 1994, at 12:01 a.m. If SB 743-FN does not become law, section 3 of this act shall not take effect.

8 Repeal. The following are repealed:

I. RSA 167:3-c, VII, relative to rulemaking under RSA 167:3-d.

II. RSA 167:3-d, relative to medical assistance for pregnant women and infants.

III. 1982, 42:18, relative to branch offices of the division of welfare, department of health and human services.

9 Effective Date.

I. Section 7 of this act shall take effect October 1, 1994.

II. Section 6 of this act shall take effect in accordance with section 7 of this act.

III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

(1) Makes changes mandated by the 1993 Omnibus Budget Reconciliation Act.

(2) Repeals the statute relative to medical assistance for pregnant women and infants which is now covered by the children's health plan.

(3) Changes the date on which medical child support orders must begin to include provisions concerning wage assignment.

(4) Authorizes the director of the division of public health services, department of health and human services to appoint 4 physicians, with the consent of the commissioner.

Adopted.

The Committee offered a floor amendment.

Amendment (6412B)

SPECIAL ORDER

SB 600 FN-A, directing the liquor commission to license an agency liquor store in Center Harbor. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John F. Weeks, Jr. for the Majority of Ways and Means: The Majority of the committee supports the policy committee (Regulated Revenues, 14-0) in recommending passage of this bill which directs the Liquor Commission to license at least three agency stores and two special seasonal stores. It also requires by September 30, 1996 a report from the commission on the stores' effectiveness. Vote 10-6.

Reps. Donna M. Soucy and Avis B. Nichols for the Minority of Ways and Means: As amended by the House Regulated Revenues Committee, this bill forces the New Hampshire State Liquor Commission (NHSLC) to establish three agency stores by December 31, 1994 and two seasonal agency stores by June 30, 1995. This bill is not necessary because RSA 177:9 currently gives the NHSLC the authority to establish agency and seasonal stores. Presently, 99 percent of all towns have state liquor stores within 15 miles of each other. The Liquor Commission testified that locating five agency stores could result in a loss of \$250,000 to the general fund. This bill only serves to micromanage our fourth largest revenue source. Lastly, this legislative mandate is unnecessary because the NHSLC has stated that it is already establishing an agency store in the north country and is looking for other possible sites.

Rep. Donna Soucy moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass, spoke in favor and yielded to questions.

Rep. Ham spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Reidy moved that **SB 600-FN-A**, directing the liquor commission to license an agency liquor store in Center Harbor, be laid upon the table.

On a division vote, 119 members having voted in the affirmative and 193 in the negative, the motion failed.

SPECIAL ORDER (Cont'd.)

The question now being the adoption of the substitute motion of Inexpedient to Legislate. Reps. Carl Johnson and Kathleen Ward spoke against and yielded to questions.

Reps. Frances Riley and Newman spoke in favor.

Rep. Behrens spoke against and yielded to questions.

On a division vote, 190 members having voted in the affirmative and 134 in the negative, the motion was adopted.

The substituted Committee report was adopted.

Rep. Stone wished to be recorded in opposition.

Rep. McCann declared a conflict of interest and did not participate.

RECONSIDERATION

Having voted with the prevailing side, Rep. Gene Chandler moved that the House reconsider its action whereby it passed **SB 807-FN-L**, allowing the establishment of the Capital Wellness Center, Inc.

Rep. Trombly spoke in favor.

Reconsideration prevailed.

Rep. Gene Chandler offered a floor amendment.

Floor Amendment (6358B)

Amend section 2 of the bill by deleting paragraph IV.

Reps. Gene Chandler and Trombly spoke in favor.

Adopted.

Ordered to third reading.

RECONSIDERATION

Having voted with the prevailing side, Rep. Warburton moved that the House reconsider its action whereby it passed **SB 724**, relative to conspicuous notice in parking lots and garages stating that illegally parked cars are subject to towing.

Reconsideration prevailed.

Rep. Warburton offered a floor amendment.

Floor Amendment (6377B)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

Rep. Warburton spoke in favor.

Rep. Hawkins spoke against.

On a division vote, 210 members having voted in the affirmative and 95 in the negative, the floor amendment was adopted.

Ordered to third reading.

SUSPENSION OF THE RULES

Reps. Jasper and Trombly moved that the Rules be so far suspended as to permit hearings without the proper notice on **SB 670-FN**, making technical corrections to the securities laws and relative to fees for securities registration and **SB 740-FN**, relative to employee leasing.

Adopted by the necessary two-thirds.

RESOLUTION

Rep. Jasper offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, May 17, 1994 at 1:00 p.m.

COMMUNICATION

May 10, 1994

To The Honorable Members of the General Court:

Today, HB 686, an Act relative to legislative review of proposed administrative rules, has become law without my signature.

While I have serious concerns about the procedures established in the Bill, I have decided not to veto the measure. I share the Legislature's perception that our rule-making process needs significant reform. This Bill, however, has the potential for further straining the relationship between the executive branch agencies and the Legislature's Rules Committee. The staff of that Committee continues to focus on details rather than substance and creates unnecessary conflicts and delays within state government.

HB 686 will broaden legislative oversight of administrative rules to allow for the potential of months of delay before proposed rules could be adopted. The measure focuses on a perceived need for increased legislative oversight of the adoption of rules by effectively creat-

ing a Legislative veto over any proposed rules which the Joint Legislative Committee on Administrative Rules deems appropriate for review by the full Legislature. This procedure will allow the Committee to delay the adoption of any rule for a minimum of 45 days and potentially for many months, even over the course of two sessions of the General Court. Such delays cannot be tolerated in an era when the public is rightfully demanding greater responsiveness and efficiency from its governmental officials and agencies.

I believe the more efficient and balanced approach to rule-making reform is SB 805. The introduction of that bill resulted from last year's Chapter 150 Study Committee's work in reviewing the need for reform in the administrative rule-making process. SB 805 completely reorganizes RSA Chapter 541-A, the Administrative Procedures Act, into a more streamlined, workable statute, and it amends RSA 541-A in ways which more effectively introduce needed reform in our current rule-making system.

The threat that rules may be held up for many months while the Legislature considers whether to issue a veto is unacceptable in an age when the public demands streamlined government. I can assure you that if the department heads are adversely affected by the application of HB 686 to their rule-making process, I will be forced to introduce further legislation to address this situation.

2 License to Carry a Pistol; Renewal Date Changed. Amend RSA 159:6 to read as follows:

159:6 License to Carry. The selectmen of a town or the mayor or chief of police of a city or some full-time police officer designated by them respectively, upon application of any resident of such town or city, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not more than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose, and that the applicant is a suitable person to be licensed. Hunting, target shooting or self defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued. The license shall be in duplicate and shall bear the name, address, description and signature of the licensee. The original [thereof] shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for 4 years. *When required, license renewal shall take place within the month of the fourth anniversary of the license holder's date of birth following the date of issuance.* The license shall be issued within 14 days after application [therefor], and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy [thereof] kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the law enforcement department of the town granting said licenses; the fee for licenses granted to out-of-state residents shall be \$20, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue said licenses. No other forms shall be used by officials of cities and towns. The cost of said forms shall be paid out of the fees received from nonresident licenses.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration beyond the deadline of **SB 670-FN**, making technical corrections to the securities laws and relative to fees for securities registration, and **SB 740-FN**, relative to employee leasing.

Adopted by the necessary two-thirds.

COMMITTEE REPORTS

REGULAR CALENDAR

SB 670-FN, making technical corrections to the securities laws and relative to fees for securities registration. **OUGHT TO PASS WITH AMENDMENT**

Rep. Neal M. Kurk for Appropriations: The committee's amendment focuses on the investor education fund, requiring that expenditures from it for this biennium be made with the approval of the Fiscal Committee; that expenditures for next biennium go through the normal appropriations process; and that any amount in the fund in excess of \$800,000 at the end of each fiscal year be credited to the general fund. Vote 13-2.

Amendment (6497B)

Amend RSA 6:12, I(iii) as inserted by section 29 of the bill by replacing it with the following:

(iii) Moneys received under RSA 421-B:26, I, II and III, which shall be credited to the investor education fund established in RSA 421-B:21, II-c.

Amend RSA 421-B:26, IV as inserted by section 32 of the bill by replacing it with the following:

IV. All moneys collected as an administrative penalty under this chapter shall be credited to an investor education fund to be maintained by the state treasurer. *Funds in excess of \$800,000 at the end of each fiscal year shall be credited to the general fund.* The secretary of state shall use moneys credited to that fund to provide information to residents of this state about investments in securities, to help investors and potential investors evaluate their investment decisions, protect themselves from unfair, inequitable or fraudulent offerings, choose their broker-dealers, agents or investment advisers more carefully, be alert for false or misleading advertising or other harmful practices, and know their rights as investors.

Amend the bill by replacing all after section 32 with the following:

33 Investor Education Fund; Secretary of State Detailed Budget Required. The secretary of state shall submit a detailed budget to the fiscal committee for approval prior to the encumbrance or expenditure of moneys in the investor education fund created by RSA 421-B:26, IV for the biennium ending June 30, 1995.

34 Secretary of State; Line Item Budget Required. The secretary of state shall submit a line item budget for expenditure of the moneys in the investor education fund created by RSA 421-B:26, IV for inclusion in the biennial budget process.

35 Effective Date.

I. Sections 19, 23, 24 and 29-34 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes technical corrections to RSA 421-B, the state securities laws. The bill establishes certain fees for securities registration.

The bill reinstates the charter of Union International Corporation.

Adopted.

Report adopted and ordered to third reading.

SB 740-FN, relative to employee leasing. OUGHT TO PASS

Rep. Charles W. Ferguson for Appropriations: The Appropriations Committee agreed with the Ways and Means appropriation of \$9,000, which is balanced by estimated revenue of \$9,000. Vote 15-0.

Rep. Kurk offered a floor amendment.

Floor Amendment (6511B)

Amend the title of the bill by replacing it with the following:

AN ACT

relative to employee leasing and requiring the department of safety to
keep drivers records confidential except for certain reasons
and making an appropriation therefor.

Amend the bill by replacing all after section 2 with the following:

3 Severability. If any provisions of sections 1 and 2 of this act, or the application thereof to any person or circumstances is held invalid, the invalidity does not affect the other provisions or applications of sections 1 and 2 of the act which can be given effect without the invalid provisions or applications and to this end the provisions of section 1 and 2 of this act are severable.

4 Availability of Records. Amend RSA 260:14 to read as follows:
260:14 Records and Certification.

I. A proper record of all applications, reports required by law, certificates and licenses issued or revoked shall be kept by the department at its office[, and such records shall be open to the inspection of any person.] Copies of such records, duly attested and certified by the director or his designee, shall be as competent evidence in any court within this state as the original record or document would be if produced by him as the legal custodian thereof.

[II.] A hearings examiner shall be considered a legal custodian of motor vehicle records for the purpose of testifying at a trial.

II. Notwithstanding RSA 91-A or any other law to the contrary, any records kept by the department of safety under the requirements of paragraph I shall be made available in response to a request from a state, a political subdivision of a state, a court, the federal government, or a law enforcement agency, for use in official business.

III.(a) Notwithstanding RSA 91-A or any other law to the contrary, any records, other than social security number or bodily image, kept by the department of safety under the requirements of paragraph I shall be made available only in response to a request from:

(1) An automobile insurance company or its authorized agent, for use in underwriting its automobile insurance business.

(2) Any person for research or statistical purposes, provided, however, that no record provided to such person shall contain any personal identification information, including but not limited to a name, street, address, driver's license number, social security number, telephone number, bodily image, or other information that would identify an individual.

(3) A manufacturer of motor vehicles or a person who performs recalls on behalf of a manufacturer as authorized by the federal government or as deemed necessary by such manufacturer to protect the public health, safety or welfare or to make a free correction of a manufacturing deficiency, for use related to such recalls.

(4) An individual, or any person with notarized authorization from an individual, for such individual's own records, for any use.

(5) Any person, for any individual's driver record report, provided that such driver record report shall contain no personal identification information other than the individual's name and driver's license number, for any use.

(6) An attorney licensed to practice in New Hampshire, for use in any pending or potential litigation involving a violation of a motor vehicle statute.

(7) A bank or other lending institution, for use in connection with a specific loan secured by an interest in a motor vehicle.

(8) A detective agency licensed under RSA 106-F, or employee of such agency for use in connection with a professional investigation involving a violation of a motor vehicle statute for which compensation is expected.

(9) Any person for any record, provided that the commissioner shall determine in each such case that disclosure of the record is necessary for the public health, safety or welfare. Any such decision shall be in writing and set forth the basis on which it was reached. A copy of the decision shall be mailed to the person whose record was requested.

(b) Such records shall be used only by the persons and for the purposes set forth in RSA 260:14, II and III(a) and shall not be made available by them to any other persons or used or made available for any other purposes.

(c) Any person requesting such records under RSA 260:14, III(a)(1), (2), (3), (6), (7), (8) or (9) shall file a sworn affidavit with the department at such times as the department may require stating the reason for obtaining the records and assuring that the records will be used only for the purposes listed and that the identities of individuals in the records will be protected against further disclosure.

(d) The state shall not be held responsible for any improper use of release of records to any person obtaining such records as provided in RSA 260:14, II and III(a).

IV. Nothing in this section shall prohibit the department from releasing to the public a list of only the names, towns and ages of individuals convicted within the last 3 months of driving while intoxicated under RSA 265:82 or RSA 265:82-a or being an habitual offender under RSA 259:39.

5 Effective Date.

I. Section 2 of this act shall take effect July 1, 1994.

II. RSA 277-B:3 as inserted by section 1 of the bill shall take effect upon its passage.

III. Section 4 of this act shall take effect 60 days after its passage.

IV. The remainder of this act shall take effect October 1, 1994.

AMENDED ANALYSIS

This bill makes an appropriation to the department of labor.

This bill also requires the department of safety to keep drivers' records, including licenses and registrations, confidential. This information would only be available to certain persons who needed the information to conduct their business, such as law enforcement personnel, insurance companies or state or federal agencies.

Reps. Kurk and Donna Sytek spoke in favor and yielded to questions.

COMMUNICATION

May 23, 1994

Harold W. Burns, Speaker

As a result of my family's upcoming move to New Jersey, I am submitting to you my resignation from the New Hampshire House of Representatives to take effect on July 1, 1994. It is with regret that I do so because I have thoroughly enjoyed my time of service to the citizens of this great State of New Hampshire.

I would like to thank all of my fellow representatives for sharing their knowledge, enthusiasm, and friendship with me. In particular, I would like to thank Chairman Patricia Skinner and the other members of the House Education Committee who are among the best people I have ever known.

I am also thankful to you and your leadership team for giving me opportunities to serve in a number of ways. I am especially indebted to you for the opportunity you have given me to work with the Legislative Continuing Education Program. Not only have I learned a great deal from each of the presenters, but I have benefited from the support and friendship of the many staff members who have contributed to the success of this program. I would like to thank Lee Marden, and all of his staff, for all that they have done. Ann FitzGerald, whose outstanding abilities and enthusiasm have in large measure carried the program, deserves special recognition.

Thank you, again, for helping to make my six years in the legislature so rewarding for me. I will truly miss all of my wonderful friends. I wish you all much success as you continue to deal with the important issues which face our state.

Rep. Susan D. Carter, Merrimack 7

STAFF MEMBER OF THE YEAR

Our House staff member of the year is the Acting House Clerk, Leo Callahan.

Leo has been a member of the House staff since November 1984 when he began work as an Administrative Assistant to the House Clerk. In December 1986 he was elected Assistant House Clerk. Last March he was named Acting House Clerk following the death of Jim Chandler. Leo has done a wonderful job this session under very difficult circumstances and we appreciate his work.

SENATE MESSAGE**REFUSED TO ADOPT COMMITTEE OF CONFERENCE REPORT
REQUESTED NEW COMMITTEE OF CONFERENCE**

HB 389, relative to the disclosure of certain historical information regarding property. The President appointed Sens. Currier, John King and Fraser.
Rep. Mercer moved that the House accede to the request for a new Committee of Conference. Adopted.
The Speaker appointed Reps. Mercer, Yennaco, Lindblade and Fuller Clark.

COMMITTEE OF CONFERENCE REPORT ON SB 149

The committee of conference to which was referred Senate Bill 149-FN, relative to land surveying by proprietorships, corporations or partnerships having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Individual, Sole Proprietor, Corporate or Partnership Surveying. Amend RSA 310-A:53 by inserting after paragraph III the following new paragraphs:

IV. The practice of or the offer to practice land surveying in this state by individual licensed land surveyors under a proprietorship form or by a corporation or partnership, a material part of the business which includes land surveying, is permitted provided certain personnel of such entity who shall act in its behalf are licensed land surveyors under the provisions of this chapter and provided such entity has been issued a certificate of authorization by the board as provided in this chapter. Any entity issued a certificate under this section shall be required to comply with all of the provisions of this chapter.

V. Each such entity shall file with the board of licensure a designation of an individual or individuals licensed to practice land surveying in this state who shall be in charge of land surveying by such entity in this state. The person designated shall be a full-time officer, partner, owner or full-time employee of that entity. Such entity shall notify the board of licensure of any change in the entity's designation within 30 days after such change becomes effective.

Amend the bill by inserting after section 4 the following and renumbering the original sections 5-13 to read as 6-14, respectively:

5 New Paragraph; Rulemaking; Fines. Amend RSA 310-A:58, VII and VIII to read as follows:

VII. Matters related to the proper administration of this chapter; [and]

VIII. Procedures for the conduct of hearings consistent with the requirements of due process; and

IX. The establishment of administrative fines which may be levied in the administration of this chapter.

Amend the bill by replacing section 6 with the following:

6 New Section; Application for Certificate of Authorization. Amend RSA 310-A by inserting after section 65 the following new section:

310-A:65-a Application for Certificate of Authorization. The board shall issue a certificate of authorization to any proprietorship, corporation or partnership in accordance with the following:

I. As a requirement of the issuance of any certificate of authorization or any renewal of certificate to any proprietorship under this subdivision, the proprietorship shall file with the board an application on a form provided by the board, which specifies:

(a) The name and address of the owner of the proprietorship.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the proprietorship.

(c) Any other information required by the board relevant to the practice of land surveying.

II. As a requirement of the issuance of any certificate of authorization or any renewal of certificate to any corporation under this subdivision, the corporation shall file with the board an application on a form provided by the board, which specifies:

(a) The names and addresses of all officers and board members of the corporation.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the corporation.

(c) Any other information required by the board relevant to the practice of land surveying.

III. As a requirement of the issuance of any certificate of authorization or renewal of any certificate to any partnership under this subdivision, the partnership shall file with the board an application on a form provided by the board, which specifies:

(a) The names and addresses of all general and limited partners.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the partnership.

(c) Any other information required by the board relevant to the practice of land surveying.

IV. Any change in any of the information reported to the board by a proprietorship, corporation or partnership under paragraphs I, II and III shall be reported to the board within 30 days of the change.

Amend RSA 310-A:69, II as inserted by section 7 of the bill by replacing it with the following:

II. The secretary of state shall not issue a certificate of incorporation to any applicant for incorporation or for registration as a foreign proprietorship, corporation or partnership which includes the words "surveyor" or "surveying" or any modification or derivative thereof in its corporate or business name, or which includes the practice of land surveying among the objects for which it is established, unless the board shall have issued, with respect to such applicant, a certificate of authorization or eligibility for authorization under this subdivision, a copy of which shall have been presented to the secretary of state. The secretary of state, after a reasonable transition period, shall decline to register any trade name or service mark which includes such words or modifications or derivatives thereof in its firm or business name except to proprietorships, partnerships, or corporations holding certificates of authorization issued under the provisions of this subdivision, a copy of which shall have been presented to the secretary of state.

Amend the bill by replacing all after section 8 with the following:

9 Exemptions; Surveyor in Training Substituted for Subordinate. Amend RSA 310-A:74, II to read as follows:

II. The work of an employee or a [subordinate of] *surveyor in training* for a person holding a license under this chapter, or an employee of a person practicing lawfully under paragraph 1, done under the direct responsibility, checking, and supervision of a person holding a license under this chapter or a person practicing lawfully under paragraph 1;

10 Effective Date. This act shall take effect 60 days after its passage.

Conferees: Sens. Currier, Dist 7; Bourque, Dist 20, Colantuono, Dist 14.

Conferees: Reps. Kathleen Ward, Graf 1; Dowd, Rock 13; Dyer, Hills 8; Groves, Rock 22. Rep. Boucher spoke against.

The report failed.

CONFERENCE COMMITTEE DISCHARGED, NEW CONFERENCE REQUESTED

Rep. Boucher moved that the House discharge the committee of conference on **SB 149**, relative to land surveying by proprietorships, corporations or partnerships, and request a new committee of conference.

Adopted.

The Speaker appointed Reps. Boucher, Dowd, Foss and Groves.

COMMITTEE OF CONFERENCE REPORT ON SB 225

The committee of conference to which was referred Senate Bill 225-FN, An Act relative to shoreland protection having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend section 22 of the bill by inserting after paragraph II the following new paragraph:

III. 1991, 303:8 as amended by 1992, 157:1, relative to the requirement that funding be approved before the shoreland protection act could take effect.

Amend the bill by replacing all after section 22 with the following:

23 Positions Established. There is hereby established in the department of environmental services, 2 environmentalist III positions to perform public education and compliance with the provisions of RSA 483-B. The commissioner of the department of environmental services shall consider the 2 positions for funding in the department's operating budget request to the governor for the biennium beginning July 1, 1995.

24 Appropriation. The sum of \$46,000 for the fiscal year ending June 30, 1995, is hereby appropriated to the department of environmental services, \$41,000 of which shall fund one of the positions established in section 23 of this act and \$5,000 of which shall be for public education purposes. This appropriation is in addition to any other funds appropriated to the department of environmental services. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

25 Shoreland Protection Act Effective Date Changed. Amend 1991, 303:10, I to read as follows:

I. Sections 1, 2, and 5 of this act shall take effect [as provided in section 8 of this act] *July 1, 1994.*

26 Effective Date. This act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill:

I. Makes the shoreland protection act, RSA 483-B, take effect.

II. Clarifies, corrects references and eliminates duplication to reflect amendments enacted in 1992.

III. Defines "mean high tide" according to current usage by the wetlands board.

IV. Specifies where the use of fertilizers is prohibited.

V. Substitutes the term "reference line" for "public boundary line."

VI. Makes septic tank setback requirements consistent with existing subsurface sewage disposal rules.

VII. Establishes 2 environmentalist III positions at the department of environmental services and makes an appropriation to fund one of these positions and for public education purposes.

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Blaisdell, Dist 10; Hollingworth, Dist 23; McLane, Dist 15.

Conferees: Reps. Beverly Gage, Rock 26; Mercer, Hills 27; Hunt, Ches 10; Braiterman, Merr 3.
Adopted.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration of the Committee of Conference report on **SB 523**, establishing a committee to study patient access to information about health care providers and the quality assurance process, which contains a non-germane amendment.

Rep. Amidon spoke in favor.

Adopted by the necessary two-thirds.

COMMITTEE OF CONFERENCE REPORT ON SB 523

The committee of conference to which was referred Senate Bill 523, establishing a committee to study patient access to information about health care providers and the quality assurance process having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after section 3 with the following:

4 Placards Available to Individuals and Nonprofit Agencies Serving Walking Disabled.

Amend RSA 261:88, V to read as follows:

V. Upon application, the department shall furnish a hanging windshield placard without charge to a person with a walking disability who satisfactorily furnishes proof of such disability to the director. *Any nonprofit agency serving a person with a walking disability may apply to the department for a hanging windshield placard. An applicant for such placard shall furnish the director with satisfactory proof, as the director may require, that the applicant will use the placard solely for the transportation of a person with a walking disability. The quantity of placards issued under this paragraph shall be at the discretion of the director.* This placard shall meet the standards set forth in 23 C.F.R. Part 1235, Appendix A. The removable windshield placard shall be displayed in such a manner that it may be viewed from the front and rear of the vehicle by hanging it from the front windshield rearview mirror of a vehicle utilizing a parking space reserved for persons with disabilities. When there is no rearview mirror, the placard shall be displayed on the dashboard. [The] *A request from any nonprofit agency for a placard shall be approved by the administrator of the nonprofit agency and any other* application for such a placard shall be accompanied by the certification of a licensed physician that the applicant meets the definition set forth in paragraph I of persons with walking disabilities. The placard shall expire 3 years from the date of issuance, and the expiration date shall be noted on the placard. The placard shall be renewed, upon application on forms provided by the director, if the director determines that the disability which necessitated the issuance of the placard continues. Upon request of the applicant, the director shall issue one additional placard to the applicant if the applicant does not have special license plates.

5 Effective Date.

I. Section 4 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study patient access to information about health care providers in relation to the quality assurance process.

This bill also allows nonprofit agencies serving disabled persons to apply for walking disability placards to be used when transporting a person with a walking disability.

COMMITTEE OF CONFERENCE REPORT ON SB 580

The committee of conference to which was referred Senate Bill 580-FN, establishing a committee to study future directions for New Hampshire child care licensing policies having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established; Purpose; Membership. A committee is established to study future directions for New Hampshire child care licensing policies. The committee shall consist of the following members:

- I. Two members of the senate, appointed by the senate president.
- II. Two members of the house of representatives, appointed by the speaker of the house.
- III. Two representatives from the department of health and human services, appointed by the commissioner.
- IV. The chairperson of the New Hampshire child care advisory committee, or designee.
- V. The New Hampshire coordinator for school-age child care, or designee.
- VI. The chief of community recreation, New Hampshire division of parks and recreation, or designee.
- VII. The executive secretary of the New Hampshire Boys and Girls Clubs Area Council, or designee.
- VIII. The president of the New Hampshire Parks and Recreation Association, or designee.
- IX. A postsecondary professor of early childhood education, appointed by the executive director of the postsecondary education commission.
- X. A parent whose child is presently involved in child care services or related programs, appointed by the governor.
- XI. A representative of the YMCA, appointed by the chairperson of the Executive Cabinet of the Granite State Cluster of YMCAs.
- XII. A representative of the New Hampshire Child Care Association, appointed by the association.
- XIII. A representative of the New Hampshire Municipal Association, appointed by the association.
- XIV. A representative of the New Hampshire Association for the education of Young Children, appointed by the association.

2 Duties; Report. The committee shall:

- I. Study the issue of exemptions from child care licensing regulations.
- II. Study the variety of child care programs presently operating in New Hampshire and make recommendations for classifying these programs for regulatory purposes.
- III. Provide recommendations for appropriate legislation relating to child care licensing regulation.
- IV. Issue a report including recommendations for appropriate legislation. The report shall be submitted to the governor, the president of the senate, the speaker of the house, and the state board of education no later than November 1, 1994.

3 Meetings; Chairperson.

I. The first-named member of the house shall call the first meeting within 30 days of the effective date of this act.

II. A chairperson shall be elected by the members of the committee.

III. Members of the committee shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study future directions for state child care licensing policies and regulations.

Conferees: Sens. J. King, Dist 8; McLane, Dist 15; Baldizar, Dist 11.

Conferees: Reps. Holden, Hills 14; Arndt, Rock 27; Wadsworth, Graf 14; Lionel Johnson, Hills 40.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 589

The committee of conference to which was referred Senate Bill 589, relative to the powers of fiduciaries in environmental matters having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Fraser, Dist 4; Russman, Dist 19; Lamirande, Dist 1.

Conferees: Reps. Hart, Hills 37, Mittelman, Hills 37; Newman, Rock 4; Lockwood, Merr 9.

COMMITTEE OF CONFERENCE REPORT ON SB 592

The committee of conference to which was referred Senate Bill 592, relative to the display of expired motor vehicle plates having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

2 Expired Motor Vehicle Plates. Amend RSA 261:77 to read as follows:

261:77 Use of Plates. Except as provided for nonresidents, no number plates other than those procured from the department or authorized by the director shall be displayed on any vehicle so operated. *No expired number plates shall be displayed. This prohibition on the display of expired number plates shall not supersede the provisions of RSA 261:89-a, nor shall it apply in those cases in which expired number plates are displayed in conjunction with current and authorized plates issued by the director which contain the designation "antique".* During the month of expiration, the owner of a duly registered vehicle which has been properly registered for the succeeding year may display the number plates for that year in place of those of the current year. The provisions of this section shall also apply to a vehicle which has been exchanged for a vehicle properly registered.

3 Application. Notwithstanding any provision of RSA 651:5 to the contrary, a person who has been convicted of a violation of RSA 266:9, prior to the amendment of that section as provided in section 1 of this act, for having a truck bumper in excess of 20 inches but less than 30 inches in height, may apply at any time to the sentencing court for an annulment of the conviction, and shall not be required to pay the cost of the investigation required under RSA 651:5, V.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill corrects a typographical error in RSA 266:9 by changing the word "truck" to "trunk". The bill's application section allows persons who were convicted under RSA 266:9, prior to its amendment correcting the error, to apply for an annulment of the conviction.

The bill also prohibits the display of expired number plates, while making an exception for antique motor car plates.

Conferees: Sens. MacDonald, Dist 3; Bourque, Dist 20; Roberge, Dist 9.

Conferees: Reps. Jasper, Hills 23; Malcolm, Rock 22; Regan, Merr 12; Raynowska, Rock 26.
Adopted.

Adopted.

SUSPENSION OF RULES

Reps. Ann Torr and Trombly moved that the Rules be so far suspended as to permit consideration of the Committee of Conference report on **SB 638**, relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections, which contains a non-germane amendment.

Adopted by the necessary two-thirds.

COMMITTEE OF CONFERENCE REPORT ON SB 638

The committee of conference to which was referred Senate Bill 638-FN, relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as passed by the Senate, and pass the bill as so amended:

5 Supplemental Appropriation; Department of Corrections. In addition to any other sums appropriated to the department of corrections, the sum of \$683,283 is hereby appropriated for the fiscal year ending June 30, 1994, for the purpose of replacing equipment and inventory destroyed as a result of the January 25, 1994, fire at the New Hampshire state prison warehouse. The governor is authorized to draw a warrant for said sum out any money in the treasury not otherwise appropriated.

6 Fireman's Retirement Benefits Restored. The provisions of this section shall apply to a former permanent fireman who joined the retirement system in December of 1969 and began receiving ordinary disability retirement benefits on June 1, 1987. Notwithstanding any other provision of the law to the contrary, the retirement system shall restore the former permanent fireman's group II benefits, as if he had never been a group I member, and, from the appropriate funds the system shall pay to the former permanent fireman, with interest, the money which he would have received had his group II benefits not been interrupted, and, with interest, return to the member his Group I accumulated contributions.

7 Effective Date.

I. Sections 5 and 6 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill changes the salary ranges of the director of adult services/warden, and the commissioner of the department of corrections.

This bill makes a supplemental appropriation to the department of corrections to replace equipment and inventory lost in a fire.

This bill also restores retirement benefits to a certain former permanent fireman.

Conferees: Sens. Blaisdell, Dist 10; Hollingworth, Dist 23; Currier, Dist 7.

Conferees: Reps. Franklin Torr, Straf 12; Robert Wheeler, Hills 7; Klemm, Rock 28; David Cote, Hills 29.

The report failed.

CONFERENCE COMMITTEE DISCHARGED, NEW CONFERENCE REQUESTED

Rep. Franklin Torr moved that the House discharge the committee of conference on **SB 638**, relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections, and request a new committee of conference.

Adopted.

The Speaker appointed Reps. Franklin Torr, Robert Wheeler, Klemm and David Cote.

Conferees: Reps. Gene Chandler, Carr 1; John Chandler, Merr 1; Katherine Rogers, Merr 22; Schotanus, Sull 3.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 650

The committee of conference to which was referred Senate Bill 650-FN-A, establishing a lead base substance abatement fund and authorizing the housing finance authority to issue bonds and notes to finance start-up costs of the fund having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

7 Consultant Added. Amend RSA 162-F:17, III to read as follows:

III. After the requirements for the funds have been established, the committees shall meet at least once a year and, for good cause, the committees may increase or decrease the amount of the funds pursuant to RSA 162-F:22, I, or may alter the funding schedules because of changed circumstances delineated in RSA 162-F:22, II. Each committee *and the office of the attorney general* may hire such temporary help, *including consultants*, as [it deems] *they deem* necessary to carry out [its] *their* duties under this subdivision. The appointed resident member of each committee is authorized \$40 for each day actually engaged in the duties of the committee.

8 Expenses of the Committee. Amend RSA 162-F:18 to read as follows:

162-F:18 Expenses of Committee. The reasonable expenses of each committee, *and the office of the attorney general* including *the services of a consultant*, and clerical and technical assistance, shall after approval by the public utilities commission be a charge against the owner or owners of the facility.

9 Applicability. The provisions of sections 6-8 of this act shall apply to all current, pending and future proceedings.

10 New Sections; Lead Abatement Loans. Amend RSA 204-C by inserting after section 57 the following new sections:

204-C:57-a Lead Abatement Loans. Notwithstanding the provisions of RSA 204-C:57, the authority may make loans under the affordable housing fund to for-profit and nonprofit property owners for lead abatement purposes. Such loan shall support lead abatement in properties which meet the following criteria:

I. Properties which are subject to abatement orders issued under RSA 130-A:7, II.

II. Properties in which children, as defined in RSA 130-A:1, I, reside.

III. Properties for which application has been made and assistance denied from other sources.

IV. Properties which provide affordable units to persons of low and moderate income as defined in RSA 204-C:56, IV and V.

204-C:57-b Funding for Lead Abatement Loans. The authority may allocate up to 1/2 of the fees paid to the authority from the development of qualified residential rental projects financed by bonds issued under Section 142(d) of the Internal Revenue Code of 1986, as amended, to support loans made pursuant to RSA 204-C:57-a. The authority may use up to 10 percent of any fee income allocated for lead abatement loans to cover the administrative expenses associated with such loans.

11 Rulemaking Added; Administrative Procedure Act Requirement Deleted. Amend RSA 204-C:62 to read as follows:

204-C:62 Rulemaking. [Notwithstanding] *Pursuant* RSA 204-C:53, the authority shall adopt rules [under RSA 541-A] governing the affordable housing fund. Such rules shall include, but shall not be limited to:

I. Eligibility requirements for applicants.

II. Criteria for eligible projects, including, but not limited to, construction and quality standards.

III. Procedures for monitoring the implementation and management of projects.

IV. Reasonable fees to offset the cost of monitoring the operation of projects funded under this subdivision.

V. Requirements for long-term affordability of housing units in projects financed under this subdivision. Such requirements shall ensure that, at a minimum, at least 50 percent of the units in a project shall remain affordable to low and moderate income persons for the period of any loan or 20 years, whichever is longer, *provided that the authority may establish different long-term affordability requirements for loans made under RSA 204-C:57-a.*

VI. Requirements regarding rents and fees which may be charged for housing units funded under this subdivision.

VII. Restrictions on the ability of loan recipients to convert housing units constructed under this subdivision to uses other than those permitted by this subdivision and provisions for financial penalties and equity sharing if such conversion occurs.

VIII. Requirements regarding eligibility for loans under RSA 204-C:57-a and the terms of such loans.

[VIII.]IX. Any other matter necessary for the administration of this subdivision.

12 Certain Rulemaking Deleted. Amend RSA 204-C:62, V to read as follows:

V. Requirements for long-term affordability of housing units in projects financed under this subdivision. Such requirements shall ensure that, at a minimum, at least 50 percent of the units in a project shall remain affordable to low and moderate income persons for the period of any loan or 20 years, whichever is longer[, provided that the authority may establish different long-term affordability requirements for loans made under RSA 204-C:57-a].

13 Repeal. The following are repealed:

I. RSA 204-C:57-a and 204-C:57-b, relative to lead abatement loans.

II. RSA 204-C:62, VIII, relative to loan requirements.

14 Effective Date.

I. Sections 12 and 13 of this act shall take effect July 1, 1995.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study and identify funding sources for assisting property owners in complying with orders for lead base paint abatement.

The bill allows the speaker of the house and the senate president to appoint designees from the legislative fiscal committee to serve on nuclear decommissioning financing committees.

The bill allows the nuclear decommissioning financing committees to utilize the services of consultants. The cost of a consultant shall be part of the expenses of the committee and the office of the attorney general and shall be a charge against the owner or owners of the facility.

The bill also allows the housing finance authority to make loans to eligible persons for lead abatement loans.

Conferees: Sens. Shaheen, Dist 21; John King, Dist 18; Lovejoy, Dist 6.

Conferees: Reps. Franklin Torr, Straf 12; Robert Johnson, Rock 1; Klemm, Rock 28; Wallner, Merr 24.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 747

The committee of conference to which was referred Senate Bill 747-FN, relative to lease-purchase agreements having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 2 with the following:

2 Rent-To-Own Agreement Not a Security Interest. Amend the introductory paragraph of RSA 382-A:1-201(37) to read as follows:

(37) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2-401) is limited in effect to a reservation of a "security interest". The term also includes any interest of a buyer of accounts or chattel paper which is subject to Article 9. The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2-401 is not a "security interest", but a buyer may also acquire a "security interest" by complying with Article 9. Unless a consignment is intended as security, reservation of title thereunder is not a "security interest", but a consignment in any event is subject to the provisions on consignment sales (Section 2-326). *A rent-to-own agreement, defined in RSA 358-O:2, V, shall not create or be construed as a "security interest."* Whether a transaction creates a lease or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and

COMMITTEE OF CONFERENCE REPORT ON SB 758

The committee of conference to which was referred Senate Bill 758-FN, relative to a civil filing fee surcharge for civil legal assistance to low-income persons having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 490:26-g as inserted by section 1 of the bill by replacing it with the following:

490:26-g Additional Fees in Civil Actions. In addition to the entry fees established by the supreme court pursuant to RSA 490:26-a, an entry fee surcharge of \$5 shall be collected by the clerk of court in all civil actions filed in the municipal, district, superior, and probate courts. The amounts so collected shall be paid by the clerk of court to the state treasurer and credited to a special account in the state treasury. This account shall be nonlapsing. The judicial council shall remit such funds quarterly to New Hampshire Legal Assistance, and such funds are hereby continually appropriated. New Hampshire Legal Assistance shall use any funds received pursuant to this section for the provision of civil legal representation to low-income persons in the state. New Hampshire Legal Assistance shall make reports to the judicial council by June 30 and December 31 of each year on its use of funds received under this section.

Amend the bill by inserting after section 1 the following new section and renumbering the original section 2 to read as 3:

2 New Subparagraph; Special Account. Amend RSA 6:12, I by inserting after subparagraph (hhh) the following new subparagraph:

(iii) Moneys received under RSA 490:26-g, which shall be credited to the special account for New Hampshire Legal Assistance's civil legal representation of low-income persons.

Conferees: Sens. McLane, Dist 15; Hollingworth, Dist 23; Baldizar, Dist 12.

COMMITTEE OF CONFERENCE REPORT ON SB 761

The committee of conference to which was referred Senate Bill 761-A, relative to rehabilitating the rail lines of class III railroads and state-owned rail lines and making an appropriation therefor having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court hereby declares that the purpose of this act is to improve the economy of the state, that rail service is indispensable to certain areas of the state, there is a need to provide and maintain efficient and viable rail lines of New Hampshire class III railroads, there is a need to keep rail lines of class III railroads in the private sector by utilizing qualified short line operators, and that there is a need to provide for limited state support funds for local rail assistance to maintain the rail lines of short line railroads.

2 Class III Railroad Capital Rail Line Rehabilitation Revolving Loan Fund. Notwithstanding any provision of law, there is hereby established the class III railroad capital rail line rehabilitation revolving loan fund. This fund shall be spent on rehabilitating the rail lines of class III railroads that are included in the New Hampshire state rail plan as updated and which meet the requirements of the benefit/cost analysis as prepared by the department of transportation, bureau of railroads and public transportation. Loans provided to operators of class III railroads for rehabilitating the rail lines shall be approved by governor and council.

3 Appropriation. The sum of \$2,500,000 is hereby appropriated, in addition to any other sums appropriated, to the department of transportation, bureau of railroads and public transportation to be deposited in the class III railroad capital rehabilitation revolving loan fund for the fiscal year ending June 30, 1995, for the purpose of rehabilitating the rail lines of class III railroads. This appropriation shall be nonlapsing and continuing and shall be subject to RSA 228:66, III and IV.

4 Bonds Authorized. To provide for the appropriation made in section 3 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding \$2,500,000 for said purposes may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A.

5 Loans. The operator of the class III railroad provided a loan under this act shall be required to furnish assurance by signed agreement with the state to continue utilization of the

line involved on an annual basis at a tonnage level of at least 80 percent of their annual tonnage average over the 3 years preceding the agreement, provided that enforcement of such assurance shall be preceded by a finding by the commissioner that any shipping rate increases during such period are reasonable.

6 Repayment of Loans. The operator of the class III railroad shall repay any loan made pursuant to section 2 of this act upon such terms and conditions as are recommended by the department of transportation, bureau of railroads and public transportation. The term of the loan shall be no less than 5 years and no longer than 20 years, and shall to the extent possible consistent with this section be determined so as to match the useful life of the improvements funded by the loan. The terms and conditions shall be contained in the binding agreement between the state and the operator of the class III railroad and shall be sufficient to fully reimburse the state for the principal and interest payments on that portion of the bonds authorized by section 4 of this act used to fund the loan.

7 Lien Securing Loan. A lien on the improved property shall be created in favor of the state in an amount which equals the sum of principal and interest to be repaid by the operator of the class III railroad. The lien shall be recorded in the registry of deeds of the county or counties in which the improved property is situated and shall not supercede any lien created by a mortgage affecting such property. The lien shall only expire when the loan has been repaid.

8 Deleting Appropriation for the Portsmouth-Massachusetts State Line Branch Line. Amend 1985, 350:1-3 to read as follows:

350:1 Rehabilitation of Certain Branch Lines. The railroad division of the department of public works and highways is hereby authorized to rebuild, modernize and maintain the [Portsmouth-Massachusetts state line.] Rollinsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord railroad branch lines. The general court recognizes that the continuation of these branch lines depends upon their rebuilding, modernization and maintenance.

350:2 Appropriation. There is hereby appropriated to the railroad division of the department of public works and highways for the purposes of section one of this act the sum of [\$2,515,000] **\$2,055,000** to be used for the purposes of rebuilding, modernization and maintenance of the [Portsmouth-Massachusetts state line.] Rollinsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord branch lines. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

350:3 Bonds Authorized. To provide funds for the appropriation made in section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of [\$2,515,000] **\$2,055,000** and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest of the bonds shall be made from the general funds of the state.

9 Repeal. 1985, 350:4, I, relative to an appropriation made for the Portsmouth-Massachusetts state line branch line, is repealed.

10 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

The bill appropriates funds to the department of transportation, bureau of railroads and public transportation, to make loans to rehabilitate the rail lines of class III railroads.

The bill repeals an appropriation for rehabilitation of the Portsmouth-Massachusetts state line branch line.

Conferees: Sens. MacDonald, Dist 3; Shaheen, Dist 21; Lamirande, Dist 1.

Conferees: Reps. Gene Chandler, Carr 1; Pfaff, Merr 11; Katherine Rogers, Merr 22; Schotanus, Sull 3.

Adopted.

2 New Chapter; New Hampshire Executive Board for National and Community Service Established. Amend RSA by inserting after RSA 19-E the following new chapter:

CHAPTER 19-F

NEW HAMPSHIRE EXECUTIVE BOARD FOR NATIONAL AND COMMUNITY SERVICE

19-F:1 New Hampshire Executive Board for National and Community Service Established; Membership.

I. There is hereby created a New Hampshire executive board for national and community service, hereinafter called the board. The board shall be comprised of a diverse group of New Hampshire citizens, adhering to the guidelines in the National and Community Service Trust Act. The board shall be bipartisan, and consist of at least 15 but not more than 25 individuals reflecting the department of education, senior citizen, national service programs, environmental, local government, community service, labor, education, business, and youth groups.

II. Voting status shall be limited to members who represent these backgrounds.

III. The governor shall appoint all members. The first 10 members appointed shall serve a term of 2 years. The remaining members appointed shall serve a term of 3 years. Thereafter, all members shall serve terms of 3 years.

IV. The New Hampshire Job Training Council shall recommend appropriate board members to the governor.

V. All applicants to the board shall be considered regardless of race, ethnicity, gender, age, disability, or political affiliation.

VI. The governor shall appoint ex officio members to ensure input into the drafting of state priorities for awarding local program grants.

19-F:2 Duties. The board shall:

I. Actively participate in developing a 3-year service plan. The board shall receive planning input from the interested public and from community service providers.

II. Translate popularly expressed priorities into programming objectives when developing a request for proposals to solicit applications from political subdivisions. The request for proposals shall be developed to elicit quality proposals from across the state, asking applicants to propose measurable, meaningful objectives for their programs.

III. Apply for AmeriCorps program funds for both the population-based formula funds and the competitive funds in response to the proposals solicited by the request for proposals. Procedures for reviewing proposals and preselecting political subdivision programs shall be open and competitive.

IV. Provide technical assistance to applicants for AmeriCorps funds.

V. Coordinate and collaborate with other service providers throughout the state.

19-F:3 Administration. The New Hampshire Job Training Council shall provide support and administrative staff for the board.

3 Prospective Repeal. RSA 19-F relative to the New Hampshire executive board for national and community service, is repealed.

AMENDED ANALYSIS

This bill establishes a New Hampshire executive board for national and community service. The board may apply to receive funds for community-based AmeriCorps programs and shall provide technical assistance and information to applicants for AmeriCorps funds. The board shall also help develop a 3-year service plan.

Conferees: Sens. Shaheen, Dist 21; John King, Dist 18; Roberge, Dist 9.

Conferees: Reps. Kathleen Ward, Graf 1; Ann Torr, Straf 12; Gosselin, Hills 45; Kidder, Merr 2.

COMMITTEE OF CONFERENCE REPORT ON SB 791

The committee of conference to which was referred Senate Bill 791-FN-A, establishing a committee to study the issue of health care provider cooperative and collaborative agreements in New Hampshire having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established; Membership. There is established a committee to study the issue of establishing health care provider cooperative agreements in New Hampshire. The members of the committee shall be as follows:

I. Three members of the house of representatives, appointed by the speaker of the house.

II. Three members of the senate, appointed by the president of the senate.

2 Duties. The committee shall study the issue of establishing health care provider cooperative agreements in New Hampshire. The committee's study shall include, but not be limited to, the following:

I. The Maine Hospital Cooperation Act of 1992.

II. The New Hampshire and federal antitrust laws.

III. Barriers that may exist among health care providers in New Hampshire.

IV. Initiatives that the Federal Trade Commission issued in September, 1993.

V. Any other relevant information.

3 Mileage; Chairperson. The committee shall elect a chairperson from among its members at the first meeting, which shall be called by the first-named house member within 30 days of the effective date of this section. The members of the committee shall receive mileage at the legislative rate when attending to their duties on the committee.

4 Report. The committee shall submit its report with its recommendations, together with any proposed legislation for the 1995 legislative session, to the speaker of the house, the president of the senate, and the governor on or before November 1, 1994.

5 Health Care Transition Fund Allocation.

I. The following sums are appropriated as indicated for the fiscal year ending June 30, 1995, and shall be charged against the health care transition fund:

(a) The sum of \$705,000 is appropriated to the office of the commissioner, department of health and human services for the purpose of establishing the office of health planning to develop, under a process established by the legislature, a state health plan as defined in RSA 126-A:105, to develop policy options for the department and its divisions, and to coordinate data collection functions of all agencies involved in health care reform activities.

(b) The sum of \$750,000 is appropriated to the office of alcohol and drug abuse prevention for the following:

(1) To expand halfway houses and residential programs for adults, adolescents and women and children.

(2) To establish crisis intervention and social detoxification services in areas currently unserved.

(3) To support medical heroin detoxification and related residential services.

(4) To support comprehensive programs for persons with mental illnesses and substance abuse problems.

(c) The sum of \$1,335,000 is appropriated to the division of public health services for the following purposes:

(1) To develop health clinics to provide primary preventive health services for low-income and underserved populations.

(2) To establish a statewide network of family support services of families of children with chronic illness.

(3) To recruit primary care physicians, nurse practitioners, and physician assistants, support them in serving rural areas and areas of high primary care needs, and establish linkages to facilitate academic training and consultations.

(4) To provide technical assistance to communities, health care agencies, and primary care providers developing comprehensive care services.

(d) The sum of \$1,387,500 is appropriated to the division of mental health and developmental services for the following purposes:

(1) To develop and maintain services to meet the mental health needs of children and families which shall include family-centered individual support services necessary to improve the mental health status of children who have or who are at risk of having serious emotional disorders.

(2) To prepare for and respond to state and federal health care reform initiatives including the design and development of information systems required for service planning, cost allocation, and monitoring services utilization.

(3) To prepare and submit for approval a waiver to federal Medicaid regulations under section 1115 of Title XIX of the Social Security Act for the development of a range of community-based services for adults and children with serious mental illnesses to include the integration of components of New Hampshire hospital with the community mental health system.

II. The sum of \$1,951,000 is appropriated for the fiscal year ending June 30, 1996, to the office of the commissioner, department of health and human services for the purpose of establishing a subsidized insurance program providing affordable comprehensive coverage for low-income workers employed in small businesses. This appropriation shall be a charge against the health care transition fund.

III. The appropriations made in paragraphs I and II shall be established in separate accounts and shall not be transferred or used for any other purpose. Unexpended balances shall lapse to the health care transition fund.

6 Positions Authorized. The agencies receiving appropriations under section 5 of this act are authorized to establish such positions as are necessary to carry out the provisions of this act subject to approval of the fiscal committee and governor and council. Funds to support salaries, benefits and related expenses for these positions shall be a charge against the health care transition fund.

7 New Subdivision; New Hampshire Health Care Reform Coordinating Committee. Amend RSA 126-A by inserting after section 102 the following new subdivision:

New Hampshire Health Care Reform Coordinating Committee

126-A:103 New Hampshire Health Care Reform Coordinating Committee.

I.(a) There is hereby created a New Hampshire health care reform coordinating committee. The committee shall consist of 17 members as follows:

(1) The commissioner of health and human services.

(2) The insurance commissioner.

(3) One representative, appointed by the speaker of the house.

(4) One senator, appointed by the president of the senate.

(5) Three health care providers, including one person with professional experience as a primary care practitioner and graduate training and experience in health planning or public health policy, one person with significant knowledge and experience in the area of hospital administration and health care financing and cost containment, and one person with significant knowledge and experience in the area of long-term care, including in-home care.

(6) Two health care purchasers who are owners or chief executive officers of businesses in this state, including one person who heads a business with more than 250 employees working in the state and one person who heads a business in the state with fewer than 50 employees.

(7) Three health care consumers. At least one of the consumer members shall have significant knowledge of social service delivery systems and the needs of the medically underserved.

(8) The attorney general, as an ex officio member.

(9) The governor, or designee.

(10) A person involved in medical education.

(11) A representative of the healthy kids corporation, appointed by the healthy kids corporation board.

(12) A representative of the insurance industry.

(b) The consumer and business members shall be without any present or past professional affiliation with, financial interest in, or employment by any segment of the health care industry.

II. The member involved in medical education, the member representing the insurance industry, and the provider, purchaser and consumer members of the committee shall be appointed by the governor and council.

III. The members appointed by the governor shall be appointed for terms of 4 years, except that, of the initial members, 4 members shall be appointed for a term of 2 years, 3 shall be appointed for a term of 3 years, and 3 shall be appointed for a term of 4 years. Committee members who are members of the general court shall serve for a 2-year term or until their successors are appointed. The commissioners shall serve coterminous with their term in office. The terms of initial members shall include an additional period of time between appointment and September 15, 1994. The members may be reappointed for one additional term. The chair and vice-chair shall be elected by the committee members at the first meeting. Members shall not serve as chair or vice chair for more than 2 consecutive 2-year terms.

IV. A member of the committee may resign upon written notice to the governor. Vacancies shall be filled in the same manner as the original appointment for the unexpired portion of the term of the original appointee. A member of the committee may be discharged pursuant to RSA 4:1.

V. The members of the committee appointed by the governor shall not receive a salary but shall receive mileage at the state employee rate and shall be reimbursed for reasonable expenses incurred in carrying out their duties under this subdivision. Legislative members shall receive legislative mileage when attending to their duties on the committee.

126-A:104 Administration of the Committee; Rulemaking.

I. The commissioner of health and human services, with the approval of the committee, may make professional and support staff from within the department of health and human services available to the committee and may also employ consultants and contract with individuals and entities for the provision of services as necessary to accomplish the purposes of this subdivision.

II. The commissioner, in consultation with the committee, shall adopt rules, under RSA 541-A, necessary to implement the provisions of this subdivision.

126-A:105 New Hampshire Health Plan.

I. It is the intent of the legislature to create the New Hampshire health plan in order to provide a vehicle for health care reform. The New Hampshire health plan shall be developed by the committee and the office of health planning and development with public input. The plan shall include, but not be limited to, the goals and principles of health care reform that shall strive to achieve a continuum of basic health care with an emphasis on preventive care, availability of primary care providers, insurance reform, tort reform, universal coverage, accessibility, comprehensiveness, affordability, cost control and accounting to benefit all citizens of the state of New Hampshire. It shall represent a comprehensive, coordinated approach to health care reform and shall be composed of multiple goals and strategies. The legislature intends that the plan address specific goals and strategies related to cost containment, quality of care, data collection and analysis, information availability, financing, and reforms in regulatory programs. The plan shall specify subgoals, quantifiable objectives, strategies, and resource requirements.

II. A health resource allocation plan shall be included as a component of the state health plan. The resource allocation plan shall utilize available data to assess the health status of residents of this state, evaluate the adequacy, accessibility, and affordability of health services and facilities, assess government-financed programs that provide health insurance coverage, and address other local and state health care issues. The resource allocation plan shall promote accessibility of primary and preventive care and control proliferation of tertiary care. The resource allocation plan shall identify the health care, facility and human resource needs in New Hampshire, the resources available to meet those needs, and priorities for addressing those needs on a statewide basis. With respect to the analysis of need, the resource allocation plan shall include:

(a) Identification of the current supply and distribution of hospital, nursing home and other inpatient services; home health and mental health services; treatment services for alcohol and drug abuse; emergency care; ambulatory care services, including primary care resources; human resources; major medical equipment; and health screening and early intervention services.

(b) A determination of the appropriate supply and distribution of the resources and services identified in subparagraph II(a) of this section, and mechanisms which will encourage the appropriate integration of these services on a local or regional basis. To arrive at such determination the board shall consider the following factors: the needs of the population on a statewide basis; the needs of particular geographic areas of the state; the use of New Hampshire facilities by out-of-state residents; the use of out-of-state facilities by New Hampshire residents; the needs of populations with special health care needs; the desirability of providing high quality services in an economical and efficient manner, including the appropriate use of mid-level practitioners; and the cost impact of these resource requirements on health care expenditures.

(c) A component which addresses health promotion and disease prevention.

III. The committee and the office of health planning and development shall develop the New Hampshire health plan at the earliest practicable date. The plan shall be revised as necessary and not less often than every 3 years. The office of health planning and development shall develop an initial draft plan. The committee shall then conduct a public hearing on the draft plan in each county in the state, and shall give interested persons an opportunity to submit their views orally and in writing. Not less than 30 days prior to any such hearing, the committee shall publish, in a manner designed to reach all interested persons, the time and place of the hearing, the place at which interested persons may review the proposed plan in advance of the hearing and the place and period during which to direct written comment to the committee. After completion of the public hearings, the committee shall produce a written summary of and response to the views expressed at the public hearings and shall recommend such changes to the draft plan as necessary and appropriate to implement the purposes of this subdivision. After consideration of the committee's recommendations, the office of health planning and development shall approve a final plan.

126-A:106 Committee; Other Powers and Duties.

I. The committee shall serve as the primary state entity responsible for overseeing the implementation of state level health care reform initiatives including any future health care reform initiatives required by the federal government.

II. The committee shall be responsible to ensure public participation in decision making about health care reform initiatives and to encourage regional and local participation in decision-making about health care delivery, financing and provider supply.

III. The committee shall be responsible for developing initiatives for promoting the availability of affordable, comprehensive insurance coverage. In the first instance, the committee shall assess the feasibility of consolidating purchasing groups such as public, nonprofit and small business employees on a voluntary basis to establish a large group, voluntary purchasing cooperative. The committee shall include in its November 1, 1995, annual report, recommendations for a purchasing cooperative structure. If a purchasing cooperative design is approved by the legislature, the committee shall oversee its implementation. The purpose of the purchasing cooperative shall be to contain or reduce health care costs and increase access to comprehensive coverage and quality services by coordinating and enhancing the purchasing power of purchasers of health care benefit plans for the groups included in the cooperative.

IV. The committee shall be responsible for developing initiatives for promoting cost containment. In the first instance, the committee shall develop at the earliest practicable time voluntary annual health care expenditure targets. The expenditure targets shall include expenditure or cost ceilings for various sectors and subsectors of the health care delivery system, including health care facilities, health care providers, and types of services or encounters. The targets shall be voluntary and designed to encourage providers, insurers, employers, and consumers to reduce the rate of health care costs inflation. The annual costs containment targets established by the committee shall provide a benchmark against which participants in the voluntary plan can measure the effectiveness of their specific efforts. The program is intended to produce voluntary reductions in prices and administrative overhead, increases in volume discounting, and other measures to reduce the cost of health care. The targets are also intended to help measure the growth of the health care system, identify needs for further cost control mechanisms, and assist in the development and allocation of necessary resources.

V. The committee shall provide an opportunity for public input on annual expenditures proposed to be made from the health care transition fund, if established, and shall make recommendations on such expenditures.

VI. In addition to any other power or duty authorized by law, the committee may:

(a) In conjunction with the department of health and human services, the division of public health services and other entities, provide assistance to local communities, institutions, and provider groups in the development of organized primary health care systems throughout the state.

(b) Investigate the possibility of establishing a program for reducing the cost of prescription drugs in this state.

126-A:107 Annual Report. On or before November 1, 1994, and on or before November 1 each year thereafter, the committee shall submit a report to the governor, the president of the senate, and the speaker of the house detailing its progress in carrying out the requirements of this subdivision and including recommendations for legislation for the coming legislative session which, in the opinion of the committee, is necessary to carry out its mandate under any part of this subdivision or to achieve the goals of the New Hampshire health plan or, more generally, to address the principles for health care reform as defined in RSA 126-A:105. A copy of this report shall be made available to members of the public upon request.

8 Director, Health Planning. Amend RSA 94:1-a, I by:

I. Deleting in group O, deputy commissioner of health and human services.

II. Inserting in group O, director, health planning.

9 New Section; Director of Health Planning. Amend RSA 126-A by inserting after section 4-d the following new section:

126-A:4-e Director, Health Planning. Subject to the approval of the governor and council, the commissioner of health and human services shall appoint a director, health planning who shall serve for a term of 4 years and until a successor is appointed. Any vacancy shall be filled for the full 4-year term in the same manner as the original appointment. The director shall perform such duties as may be assigned to such director by the commissioner, which may include, but not be limited to, the authority and power, with approval of the commissioner, to direct and supervise the development of health planning activities of the department. The

annual salary of the director, health planning shall be as prescribed in RSA 94:1-a. Salary, fringe benefits and related costs of the director, health planning shall be a charge against the health care transition fund.

10 Director, Health Planning. Amend RSA 126-A:58 to read as follows:

126-A:58 Office Established; Office of Health Planning. There is hereby established an office of health planning and development under the commissioner. Said office shall consist of a director, who shall be [a classified] *an unclassified* state employee, and such technical staff as is required to carry out the functions of Public Law 93-641 and amendments thereto, *and any other related duties.*

11 Repeal. RSA 126-A:4-d, relative to the deputy commissioner of health and human services, is repealed.

12 Effective Date.

I. Sections 5 and 6 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill establishes a committee to study the feasibility of creating health care provider cooperative agreements in New Hampshire.

This bill makes appropriations from the health care transition fund to certain divisions within the department of health and human services. The moneys are to be used for health-related purposes.

This bill also establishes the New Hampshire health care reform coordinating committee. Under this bill, the committee's duties include:

(1) Developing and adopting, with public input and the office of health planning and development, a state health plan addressing certain goals and principles of health care reform.

(2) Adopting rules pursuant to RSA 541-A relative to the administration of this new law.

(3) Submitting an annual report to the governor, president of the senate and the speaker of the house charting its progress in administering its duties and making recommendations for legislative measures required to address health care reform.

This bill also establishes the salary of the director of health planning.

Conferees: Sens. John King, Dist 18; Hollingworth, Dist 23; Hough, Dist 5.

Conferees: Reps. Robert Foster, Carr 10; Ann Torr, Straf 12; Douglas Hall, Merr 10; Wallner, Merr 24.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 792

The committee of conference to which was referred Senate Bill 792-A, relative to the Pease International Tradeport, increasing the bonding authority of the Pease development authority and making an appropriation to the Pease International Tradeport having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 New Sections; Comprehensive Development Strategy; Pease Matching Grants. Amend RSA 12-G by inserting after section 27-a the following new sections:

12-G:27-b Comprehensive Development Plan Required.

1. Notwithstanding any other provision of law and subject to approval by the fiscal committee of the general court of a comprehensive development plan for the former Pease Air Force Base prepared and submitted by the Pease development authority, the governor and council may award an unconditional state guarantee of the principal and interest thereon of bonds issued under this section. The full faith and credit of the state shall be pledged for any such guarantees of principal and interest, but the total amount of the principal of bonds guaranteed by the state under this section shall not exceed \$60,000,000, plus interest. The comprehensive development plan shall include the designation and delineation of a research dis-

strict within the bounds of the former Pease Air Force Base. The governor, with the advice and consent of the council, is authorized to draw his warrant for such a sum out of any money in the treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest thereon of the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

State Treasurer

II. \$25,000,000 of any state guarantee awarded under paragraph I of this section shall be used by the authority for the purpose of securing bank financing only as a guarantee of 50 percent of any loss which may be incurred by the bank, and the bank's lien shall take precedence over all other liens for such financing, except as otherwise provided by law.

12-G:27-c Pease Matching Grants. Notwithstanding any other provision of law, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$5,000,000 to make a loan or loans to the authority to be used for the purposes of matching funds for Federal Aviation Administration grants, Economic Development Administration grants, and other available grants. General obligation bonds and notes shall be issued in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority.

12-G:27-d Matching Funds. Notwithstanding any other provision of law, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$10,000,000 to make a loan or loans to the authority to be used solely for the purposes of matching public and private funds, and said aggregate moneys shall be expended solely for the development of the research district of the Pease International Tradeport. General obligation bonds and notes shall be issued in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority.

Amend the bill by replacing section 5 with the following:

5 Repeal. RSA 12-G:27-a, II and III, relative to the Pease development authority budget, bonding and quarterly reports, are repealed.

AMENDED ANALYSIS

This bill authorizes new bonding authority for the Pease development authority. However, if the bonding authority is used, it is subject to the approval of the fiscal committee of the general court.

Certain bond proceeds must be used for matching public and private funds for the development of the research district at Pease International Tradeport.

The bill authorizes certain loans to be made to the authority to be used for matching federal grants.

The bill requires the authority to comply with the requirements of the state budget process under RSA 9.

The bill increases an appropriation to the department of transportation for Skyhaven airport.

Conferees: Sens. Hough, Dist 5; Blaisdell, Dist 10; Shaheen, Dist 21.

Conferees: Reps. Channing Brown, Graf 14; Franklin Torr, Straf 12; LaMott, Graf 5; Vaughn, Rock 35.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 793

The committee of conference to which was referred Senate Bill 793-A, relative to the Pease development authority and making an appropriation therefor having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing sections 2 and 3 with the following:

2 Study Established. There is established a committee to study the feasibility of establishing a theme park, convention center, and a casino or such other casino complexes at certain sites in the state. The members of the committee shall be as follows:

I. Two members of the house of representatives, appointed by the speaker of the house within 5 days of the effective date of this section.

II. Two members of the senate, appointed by the president of the senate within 5 days of the effective date of this section.

III. The attorney general.

IV. The commissioner of the department of safety.

V. The commissioner of the department of resources and economic development.

3 Duties. The committee shall examine the feasibility of establishing a theme park, convention center, and casino or such other casino complexes at certain sites in the state in an effort to increase tourism and economic development. The committee shall, within the limits of the available appropriation, hire consultants and other personnel as it deems necessary to carry out the purpose of sections 2-3 of this act. Any contract, within the limits of the appropriation for the purposes of this act, entered into by the committee shall not need the approval of the governor and council.

AMENDED ANALYSIS

This bill authorizes loans to be made to the Pease development authority for its operating budget. The loan is to be repaid when money becomes available to the authority.

This bill also establishes a committee to study the feasibility of establishing a theme park, convention center, and casino or such other casino complexes at certain sites in the state.

The bill makes an appropriation to the committee to allow it to hire consultants.

Conferees: Sens. Hough, Dist 5; Blaisdell, Dist 10; Shaheen, Dist 21.

Conferees: Reps. Channing Brown, Graf 14; Klemm, Rock 28; Franklin Torr, Straf 12; Vaughn, Rock 35.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 794

The committee of conference to which was referred Senate Bill 794-A, making a capital appropriation for highway transportation infrastructure having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 3 with the following:

3 Appropriation. In each of the next 6 fiscal years beginning July 1, 1995, the difference between \$7,500,000 and the legislative estimate of debt scheduled to be paid on existing department of transportation bonds for such fiscal year is hereby appropriated to the department of transportation. The department shall first use any such sums to cover any deficit in the highway surplus account and any remaining sums shall be deposited in the highway and bridge betterment account. These sums are in addition to any other sums that may be appropriated to the department and shall be nonlapsing.

Conferees: Sens. Hough, Dist 5; Shaheen, Dist 21; MacDonald, Dist 3.

Conferees: Reps. Gene Chandler, Carr 1; Schotanus, Sull 3; LaMott, Graf 5; Katherine Rogers, Merr 22.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 806

The committee of conference to which was referred Senate Bill 806, relative to a capital appropriation for repair and restoration of the state house having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 Balance from State House Dome Repair Project Appropriation. Amend 1991, 351:1, II, A as amended by 1993, 359:22 to read as follows:

A. Repair State House dome; repair and paint exterior of State House; repair State House windows; restoration of room 120 in the State House; *refurbish senate chamber; upholster chairs; air conditioning of room 100, room 120, and the senate president's office; smoking area in LOB basement.* * \$250,000

* Any anticipated balance from the state house dome repair project in this authorization shall be transferred from the department of administrative services to the general court. Of that balance, \$123,000 is available for repairing and painting the exterior of the state house, repairing the state house windows, and restoring room 120 in the state house; *\$30,000 is available for refurbishing of the senate chamber, including upholstering of chairs and sofas, new carpeting and sound system repair; and \$20,000 is available for upholstering of chairs in the state house cafeteria and the legislative office building basement lobby; \$6,200 is available for air conditioning of room 100, room 120, and the senate president's office in the state house; and \$11,000 is available for construction of a segregated, enclosed, ventilated smoking permitted area in the legislative office building basement. This appropriation shall not lapse until June 30, 1995.*

Conferees: Sens. Shaheen, Dist 21; MacDonald, Dist 3; Baldizar, Dist 12.

Conferees: Reps. John Chandler, Merr 1; Pfaff, Merr 11; Franklin Torr, Straf 12; Ahern, Hills 38.

Adopted.

UNANIMOUS CONSENT

Reps. Warburton, Jasper, Conroy and Laflam addressed the House.

Rep. Buckley moved that the remarks of Rep. Jasper be printed in the Journal.

Adopted.

Rep. Jasper: Thank you Mr. Speaker. I think by now that most members of this body know that I am not going to be running again this fall. It was a very difficult decision for me to reach and one which I am certainly not happy with. I come here today to say good bye, at least for now, and to leave you with some thoughts and to say thank you.

I am concerned for the institution, not that it won't be here; not that it won't be able to function, because it will. My concern is that this body is becoming very elitist, if you will, in terms of the numbers of people or the numbers of groups which are represented here. It has become increasingly difficult over the last 10 years, as we went to annual sessions, for a lot of people, such as myself, to serve. I know that we can't make this body work so that everyone can serve but I think we ought to be concerned about limiting the group that can be here. I know we all think, or many of us think, that there is a lot of important work we do and indeed all of the work we do is important. But, do we need to spend the amount of time doing it that we are currently spending? The State certainly survived for a good many years on biennial sessions and there were a lot of special sessions. I am not in favor of doing that. I think that in balancing the needs to be here and to do our work we ought to balance the ability of people to serve. I think the way to do that is try to put some control on the second session. I think we really ought to look at that, or you ought to look at that. I'm not going to be here. I would suggest that in the second year if we only did bills that were referred, did budget and revenue adjustment bills and perhaps bills requested by departments, we could do the work of the people and we could get out of here and we could allow people to make the sacrifice. We all know it's a sacrifice, but increasingly this body is coming to be made up of retirees and people who have the financial means to be here without being out there on the daily grind and we cannot truly represent all the people if we are limiting our views to those perspectives. I hope we give some consideration to that in the future and that we try not to allow this citizen's, volunteer legislature to become a full-time job made up of people who can afford that type of commitment.

I'm proud of the fact that in the eight years I have been here I've had two years where my voting record has been 100 percent and I have never fallen below 94 percent. I'm leaving because I don't want it to go below that and I would not be able to continue that type of commitment.

Beyond that, I want to say thank you to so many of you from both sides of the aisle. I came here first when I was 25-years-old and I have certainly learned a tremendous amount from many of the people who were here before; certainly many who are here still. It has been an honor and a privilege and I thank you all for your patience at times, for your insight and for your help and for your friendship. I hope to see most of you and, hopefully, all of you again in the future. Thank you very much.

Adopted by the necessary two-thirds.

COMMITTEE OF CONFERENCE REPORT ON SB 149

The committee of conference to which was referred Senate Bill 149-FN, relative to land surveying by proprietorships, corporations or partnerships having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 New Paragraphs; Individual, Sole Proprietor, Corporate or Partnership Surveying. Amend RSA 310-A:53 by inserting after paragraph III the following new paragraphs:

IV. The practice of or the offer to practice land surveying in this state by individual licensed land surveyors under a proprietorship form or by a corporation or partnership, a material part of the business which includes land surveying, is permitted provided certain personnel of such entity who shall act in its behalf are licensed land surveyors under the provisions of this chapter and provided such entity has been issued a certificate of authorization by the board as provided in this chapter. Any entity issued a certificate under this section shall be required to comply with all of the provisions of this chapter.

V. Each such entity shall file with the board of licensure a designation of an individual or individuals licensed to practice land surveying in this state who shall be in charge of land surveying by such entity in this state. The person designated shall be a full-time officer, partner, owner or full-time employee of that entity. Such entity shall notify the board of licensure of any change in the entity's designation within 30 days after such change becomes effective.

Amend the bill by inserting after section 4 the following and renumbering the original sections 5-13 to read as 6-14, respectively:

5 New Paragraph; Rulemaking; Fines. Amend RSA 310-A:58, VII and VIII to read as follows:

VII. Matters related to the proper administration of this chapter; [and]

VIII. Procedures for the conduct of hearings consistent with the requirements of due process; *and*

IX. The establishment of administrative fines which may be levied in the administration of this chapter.

Amend the bill by replacing section 6 with the following:

6 New Section; Application for Certificate of Authorization. Amend RSA 310-A by inserting after section 65 the following new section:

310-A:65-a Application for Certificate of Authorization. The board shall issue a certificate of authorization to any proprietorship, corporation or partnership in accordance with the following:

I. As a requirement of the issuance of any certificate of authorization or any renewal of certificate to any proprietorship under this subdivision, the proprietorship shall file with the board an application on a form provided by the board, which specifies:

(a) The name and address of the owner of the proprietorship.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the proprietorship.

(c) Any other information required by the board relevant to the practice of land surveying.

II. As a requirement of the issuance of any certificate of authorization or any renewal of certificate to any corporation under this subdivision, the corporation shall file with the board an application on a form provided by the board, which specifies:

(a) The names and addresses of all officers and board members of the corporation.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the corporation.

(c) Any other information required by the board relevant to the practice of land surveying.

III. As a requirement of the issuance of any certificate of authorization or renewal of any certificate to any partnership under this subdivision, the partnership shall file with the board an application on a form provided by the board, which specifies:

(a) The names and addresses of all general and limited partners.

(b) Any person licensed under this subdivision and designated to engage in the practice of land surveying for the partnership.

(c) Any other information required by the board relevant to the practice of land surveying.

IV. Any change in any of the information reported to the board by a proprietorship, corporation or partnership under paragraphs I, II and III shall be reported to the board within 30 days of the change.

Amend RSA 310-A:69, II as inserted by section 7 of the bill by replacing it with the following:

II. The secretary of state shall not issue a certificate of incorporation to any applicant for incorporation or for registration as a foreign proprietorship, corporation or partnership which includes the words "surveyor" or "surveying" or any modification or derivative thereof in its corporate or business name, or which includes the practice of land surveying among the objects for which it is established, unless the board shall have issued, with respect to such applicant, a certificate of authorization or eligibility for authorization under this subdivision, a copy of which shall have been presented to the secretary of state. The secretary of state, after a reasonable transition period, shall decline to register any trade name or service mark which includes such words or modifications or derivatives thereof in its firm or business name except to proprietorships, partnerships, or corporations holding certificates of authorization issued under the provisions of this subdivision, a copy of which shall have been presented to the secretary of state.

Amend the bill by replacing all after section 8 with the following:

9 Exemptions; Surveyor in Training Substituted for Subordinate. Amend RSA 310-A:74, II to read as follows:

II. The work of an employee or a [subordinate of] *surveyor in training* for a person holding a license under this chapter, or an employee of a person practicing lawfully under paragraph I, done under the direct responsibility, checking, and supervision of a person holding a license under this chapter or a person practicing lawfully under paragraph I;

10 Effective Date. This act shall take effect 60 days after its passage.

Conferees: Sens. Currier, Dist 7; Bourque, Dist 20; Colantuono, Dist 14.

Conferees: Reps. Boucher, Rock 29; Dowd, Rock 13; Foss, Coos 1; Groves, Rock 22.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 638

The committee of conference to which was referred Senate Bill 638-FN, An Act relative to the salary levels of the director of adult services/warden and commissioner of the department of corrections having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as passed by the Senate, and pass the bill as so amended:

Amend the bill by replacing all after section 4 with the following:

5 Supplemental Appropriation; Department of Corrections. In addition to any other sums appropriated to the department of corrections, the sum of \$683,283 is hereby appropriated for the fiscal year ending June 30, 1994, for the purpose of replacing equipment and inventory destroyed as a result of the January 25, 1994, fire at the New Hampshire state prison warehouse. The governor is authorized to draw a warrant for said sum out any money in the treasury not otherwise appropriated.

6 Effective Date.

I. Section 5 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 1994.

AMENDED ANALYSIS

This bill changes the salary ranges of the director of adult services/warden, and the commissioner of the department of corrections.

This bill makes a supplemental appropriation to the department of corrections to replace equipment and inventory lost in a fire.

Conferees: Sens. Blaisdell, Dist 10; Hollingworth, Dist 23; Currier, Dist 7.

Conferees: Reps. Franklin Torr, Straff 12; Robert Wheeler, Hills 7; Klemm, Rock 28; David Cote, Hills 29.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON HOUSE BILL

HB 389, relative to the disclosure of certain historical information regarding property. (Report printed SJ 20, 5/26/94)

Amend RSA 541-A:1 as inserted by section 1 of the bill by inserting after paragraph VI the following new paragraph:

VI-a. "Final legislative action" means the defeat of a joint resolution sponsored by the legislative committee on administrative rules pursuant to RSA 541-A:13, VII(b) in either the house or the senate, or the failure of the general court to override the governor's veto of the joint resolution.

Amend RSA 541-A:13, V(b) as inserted by section 1 of the bill by replacing it with the following:

(b) If the committee makes a preliminary objection to the rule, the agency shall respond to the objection by withdrawing the rule, by amending the rule to remove the basis for objection, or by making no change. The agency shall respond to a committee objection only once, and shall report its response in writing to the committee within 45 days of the committee's vote to make a preliminary objection. Failure to respond to the committee in accordance with this subparagraph shall mean the rulemaking procedure for that proposed rule is invalid; however, the agency is not precluded from initiating the process over again for a similar rule. After receipt of the agency response, the committee may modify its objections made under paragraph IV or approve the rule.

Amend RSA 541-A:13, V(d) as inserted by section 1 of the bill by replacing it with the following:

(d) If the agency responds but the basis for the committee's preliminary or revised objection has not been removed or the response creates a new basis for objection, the committee may, by majority vote of the entire committee, file a final objection. The final objection shall be filed in certified form with the director of legislative services, who shall publish the objection in the next issue of the rulemaking register.

Amend RSA 541-A:13 as inserted by section 1 of the bill by inserting after paragraph VI the following new paragraph:

VII(a) The provisions of this paragraph may be used by the committee as an alternative to or in addition to the final objection procedure employed by the committee in paragraph V.

(b) If an agency responds under subparagraph V(b) or (c) but the basis for objection has not been removed or the response creates a new basis for objection, the committee may, within 45 days from the date by which the objection response was due and by majority vote of the entire committee, recommend legislative action through sponsorship of a joint resolution to implement its recommendation. Such vote shall prevent the rule from being adopted and filed by the agency for the period of time specified in subparagraph VII(c).

(c) If the committee votes to sponsor a joint resolution pursuant to subparagraph VII(b), the agency shall be prevented from adopting and filing such rule until final legislative action is taken on the resolution or the passage of 90 consecutive calendar days during which the general court shall have been in session, whichever occurs first. The 90 calendar day period

shall commence on the date such joint resolution has been introduced. If the session of the general court adjourns prior to the 60th calendar day after such joint resolution has been introduced, then the agency shall be prevented from adopting and filing such rule until 90 calendar days, beginning with the next session of the general court, have passed.

(d) The provisions of this paragraph shall apply to only the portion of the agency's rule identified in the joint resolution. The provisions of this paragraph shall not prevent an agency from adopting and filing the remainder of the rules in the final proposal under RSA 541-A while the committee pursues legislative action under this paragraph, nor shall it prevent the committee from also voting to enter a final objection pursuant to paragraph V.

(e) Nothing in this section shall prevent the general court from introducing legislation which addresses any matter included in a joint resolution introduced under the provisions of this section.

(f) Notwithstanding any house or senate rules to the contrary, a joint resolution which the committee votes to sponsor under subparagraph VII(b) may be introduced at any time during the legislative session. It shall be subject to the same rules as any other bill introduced at the beginning of the legislative session.

Amend RSA 541-A:14, I as inserted by section 1 of the bill by replacing it with the following:

I. An agency may adopt a properly filed final proposed rule after:

(a) The passage of 45 days from filing of a final proposal under RSA 541-A:12 without receiving notice of objection from the committee;

(b) Receiving notice of approval from the committee;

(c) Passage of the 45-day period for committee review of the preliminary objection response, or revised objection response, if applicable, provided that the committee has not voted to sponsor a joint resolution pursuant to RSA 541-A:13, VII; or

(d) Final legislative action, as defined in RSA 541-A:1, VI-a, is taken on the joint resolution sponsored pursuant to RSA 541-A:13, VII(b) or the passage of the 90 consecutive calendar days specified by RSA 541-A:13, VII(c), whichever occurs first.

Amendment (6699B)

Amend the bill by replacing all after section 10 with the following:

11 Health Insurance for Mental or Nervous Condition; Certified Clinical Social Workers Added. Amend RSA 415:18-a, I to read as follows:

I. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical or hospital expenses, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state and whose principal place of employment is in this state, coverage for expenses arising from the treatment of mental illnesses and emotional disorders which, in the professional judgment of psychiatrists, psychologists, licensed pastoral counselors, [and] psychiatric/mental health advanced registered nurse practitioners, *and certified clinical social workers*, are subject to significant improvement through short-term therapy, and benefits for expenses arising from diagnosis and evaluation of all other mental illnesses and emotional disorders. Such benefits shall be at least as favorable to the certificate holder as the minimum benefits specified in paragraphs II, III and IV.

12 Health Insurance Benefits; Certified Clinical Social Worker Added. Amend RSA 415:18-a, III(a) to read as follows:

(a) Benefits for services of a psychiatrist, psychologist, licensed pastoral counselor, [or] psychiatric/mental health advanced registered nurse practitioner, *or certified clinical social worker* who customarily bills patients directly shall be subject to terms and conditions at least as favorable as those which apply to the benefits for the services of physicians for other illnesses, and the ratio of the benefits to the fees reasonably and customarily charged for the services of such psychiatrists, psychologists, licensed pastoral counselors, [or] psychiatric/mental health advanced registered nurse practitioners, *or certified clinical social workers* shall be substantially the same as the ratio of the benefits for services of physicians for other illnesses to the fees reasonably and customarily charged for the services of such physicians for other illnesses.

13 Health Insurance; Certified Clinical Social Worker Added. Amend RSA 415:18-a, IV to read as follows:

IV. In the case of policies or certificates providing benefits for hospital and medical expenses on a major medical basis, benefits shall be subject to deductibles and coinsurance at least as favorable as those which apply to the benefits for any other illness, provided that benefits payable for expenses incurred in any consecutive 12-month period may be limited to an amount not less than \$3,000 per covered individual, and to a lifetime maximum of not less than \$10,000 per covered individual. In this paragraph, covered major medical expenses include the reasonable charges for services and treatment on an inpatient, outpatient or partial hospitalization basis by a psychiatrist, a psychologist, a licensed pastoral counselor, a psychiatric/mental health advanced registered nurse practitioner, *a certified clinical social worker*, a licensed general hospital, a public or licensed mental hospital, or a community mental health center or psychiatric residential program approved according to rules adopted by the director of mental health and developmental services, department of health and human services.

14 New Subparagraph; Definition; Certified Clinical Social Worker. Amend RSA 415:18-a, V by inserting after subparagraph (d) the following new subparagraph:

(e) "Certified clinical social worker" means an individual who is certified as a clinical social worker under RSA 330-A:16-d.

15 Hospital Service Corporations; Certified Clinical Social Workers Added. Amend RSA 419:5-a, I to read as follows:

I. Every hospital service corporation, and every other similar corporation licensed under the laws of another state, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state and whose principal place of employment is in this state, coverage for expenses arising from the treatment of mental illnesses and emotional disorders which, in the professional judgment of psychiatrists, psychologists, licensed pastoral counselors, [and] psychiatric/mental health advanced registered nurse practitioners, *and certified clinical social workers*, are subject to significant improvement through short-term therapy, and benefits for expenses arising from diagnosis and evaluation of all other mental illnesses and emotional disorders. Such benefits shall be at least as favorable to the certificate holder as the minimum benefits specified in RSA 419:5-a, II and III.

16 Hospital Service Corporations; Certified Clinical Social Worker and ARNP. Amend RSA 419:5-a, III to read as follows:

III. In the case of policies or certificates providing benefits for hospital expenses on a major medical basis, benefits shall be subject to deductibles and coinsurance at least as favorable as those which apply to the benefits for any other illness, provided that benefits payable for expenses incurred in any consecutive 12-month period may be limited to an amount not less than \$3,000 per covered individual, and to a lifetime maximum of not less than \$10,000 per covered individual. If such a policy or certificate is issued jointly with a medical service corporation licensed under RSA 420 or a health service corporation licensed under RSA 420-A, the limit on benefits payable for expenses incurred by any covered individual in any consecutive 12-month period and the limit on lifetime benefits may apply to the total benefits for mental illnesses and emotional disorders provided under such policy or certificate for such individual. In this paragraph, covered major medical expenses include the reasonable charges for services and treatment on an inpatient, outpatient or partial hospitalization basis by a licensed general hospital, a public or licensed mental hospital, or a community mental health center or psychiatric residential program approved according to rules adopted by the director of mental health and developmental services, department of health and human services; except that such expenses may exclude charges arising from the professional services of a psychiatrist [or], a psychologist, *a psychiatric/mental health advanced registered nurse practitioner, a certified clinical social worker*, or a licensed pastoral counselor who customarily bills patients directly rather than to a hospital, community mental health center or psychiatric residential program.

17 New Subparagraph; Hospital Service Corporations; Definition; Certified Clinical Social Worker. Amend RSA 419:5-a, IV by inserting after subparagraph (d) the following new subparagraph:

(e) "Certified clinical social worker" means an individual who is certified as a clinical social worker under RSA 330-A:16-d.

18 Medical Service Corporation; Certified Clinical Social Worker. Amend RSA 420:5-a, I to read as follows:

I. Every medical service corporation, and every other similar corporation licensed under the laws of another state, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state and whose principal place of employment is in this state, coverage for expenses arising from the treatment of mental illnesses and emotional disorders which, in the professional judgment of psychiatrists, psychologists, licensed pastoral counselors, [and] psychiatric/mental health advanced registered nurse practitioners, *and certified clinical social workers* are subject to significant improvement through short-term therapy, and benefits for expenses arising from diagnosis and evaluation of all other mental illnesses and emotional disorders. Such benefits shall be at least as favorable to the certificate holder as the minimum benefits specified in RSA 420:5-a, II and III.

19 Certified Clinical Social Worker Added. Amend RSA 420:5-a, II(a) to read as follows:

(a) Benefits for services of a psychiatrist, psychologist, licensed pastoral counselor, [or] psychiatric/mental health advanced registered nurse practitioners, *or certified clinical social worker* who customarily bills patients directly shall be subject to terms and conditions at least as favorable as those which apply to the benefits for the services of physicians for

other illnesses, and the ratio of the benefits to the fees reasonably and customarily charged for the services of such psychiatrists, psychologists, licensed pastoral counselors, [or] psychiatric/mental health advanced registered nurse practitioners, *or certified clinical social workers* shall be substantially the same as the ratio of the benefits for services of physicians for other illnesses to the fees reasonably and customarily charged for the services of such physicians for other illnesses.

20 Certified Clinical Social Worker Added. Amend RSA 420:5-a, III to read as follows:

III. In the case of policies or certificates providing benefits for medical expenses on a major medical basis, benefits shall be subject to deductibles and coinsurance at least as favorable as those which apply to the benefits for any other illness, provided that benefits payable for expenses incurred in any consecutive 12-month period may be limited to an amount not less than \$3,000 per covered individual, and to a lifetime maximum of not less than \$10,000 per covered individual. If such a policy or certificate is issued jointly with a hospital service corporation licensed under RSA 419 or a health service corporation licensed under RSA 420-A, the limit on benefits payable for expenses incurred by any covered individual in any consecutive 12-month period and the limit on lifetime benefits may apply to the total benefits for mental illnesses and emotional disorders provided under such policy or certificate for such individual. In this paragraph, covered major medical expenses include the reasonable charges of a psychiatrist, psychologist, licensed pastoral counselor, [or] psychiatric/mental health advanced registered nurse practitioner, *or certified clinical social worker* who customarily bills patients directly.

21 New Subparagraph; Medical Service Corporations; Definition; Certified Clinical Social Worker. Amend RSA 420:5-a, IV by inserting after subparagraph (d) the following new subparagraph:

(e) "Certified clinical social worker" means an individual who is certified as a clinical social worker under RSA 330-A:16-d.

HOUSE JOURNAL No. 23

Wednesday, June 22, 1994

The House assembled at 10:00 a.m., the hour to which it stood adjourned and was called to order by the Speaker.

His Excellency, Governor Stephen Merrill and the Honorable Executive Councilors, Raymond S. Burton, Robert C. Hayes, Ruth L. Griffin, Earl A. Rinker and Bernard A. Streeter, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of our lives, we thank You for the paths of service in which You have led us during these past months. We pray that You will bless the work of staff members and representatives so that by their labor and devotion, the land and people of New Hampshire will be served well for generations to come. Hold dear to our memory those no longer in our midst, but who continue to inspire and challenge us: Roger B. Larochelle, Margaret B. Terninko, Lowell D. Apple, Daniel P. Mc Nerney, Caroline L. Gross, Howard F. Mason, John O'Brien and James A. Chandler. And now inspire us, O God, with Your boundless energy and liberating love and grant us courage for the living of this day and all days in Your way and according to Your will. Amen.

Rep. Record led the Pledge of Allegiance.

COMMUNICATIONS

June 3, 1994

Leo Callahan, Acting Clerk

I am writing to advise you that, effective today, I am resigning my seat in the House of Representatives from Hillsborough County, District 39 (Manchester-Ward 3).

I consider myself privileged to have served my constituents as a member of the Ways and Means Committee and have enjoyed working with you, your highly competent staff, and the other staff members serving the House. I look forward to serving the citizens of New Hampshire again in the future.

Rep. Alphonse O. Plourde

June 9, 1994

Harold W. Burns, Speaker

With regret, I must submit to you my resignation from the New Hampshire House of Representatives, District 24, Rockingham County, effective July 1, 1994.

My ten years serving my district has been a most rewarding experience. The issues that came before this committee over the ten years I was a member, vice chairman and chairman have given me an experience few men have been fortunate enough to have. My years serving under you, Mr. Speaker, and the friendship we have welded — from moose hunting to legislative duties — will be cherished in my heart and mind forever.

Wishing you, the leadership and your great staff many thanks.

Rep. Herbert R. Drake

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 531

June 8, 1994

To the Honorable Members of the General Court:

I hereby veto HB 531, an act prohibiting candidates from being named in more than one party designation on State primary and general election ballots. I take this action because HB 531 restricts voters' options in the ballot box.

For as long as New Hampshire has held primaries, a candidate has been eligible to appear as both the Republican and Democrat (and now Libertarian) nominee if they win the primary. Our citizens are familiar with this time-honored system, and opponents of the system can point to nothing that suggests it has produced unfair results. Sometimes we do not agree with how others vote, however, we should not deny their right to do so in a manner they both understand and endorse. The Secretary of State has so stated for many years.

This bill would undermine the electoral process at work by prohibiting voters from voting for the candidate of their choice. For example, under HB 531, if a candidate is running in a Democratic primary for State Representative and due to the candidate's popularity also won the Republican nomination on a write-in, his or her name would be stricken as the Republican nominee, even though that candidate legitimately won with more votes than other write-in candidates. This effectively disenfranchises voters and allows the other party to then appoint a nominee utilizing the customary procedure for filling open seats. The party apparatus should not overrule the voters, as this bill would permit.

To address legitimate concerns about potential ballot confusion, I recently signed HB 449, which changes the format of the ballot. This new law prohibits candidates who are nominated by more than one party from having their name printed on the ballot in more than one place. Thus, were a candidate to win the nomination of the Republican and Democratic party, his or her name would appear on the ballot only once, followed by an "r" and "d" to indicate multiple party nomination. While eliminating possible confusion generated when a name appears on the ballot several times, the voters' right to cast a primary vote for the candidate of their choice remains intact.

This bill, HB 531, creates a closed system and encourages an abuse of power by parties. Our current system assures that the maximum opportunity for choice by the voters will prevail.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 531**, prohibiting persons from running as candidates on more than one party ticket in state primary and general elections, pass?

Rep. Phyllis Katsakiores spoke against.

Reps. Fenton, Gilmore and Lozeau spoke in favor.

As required by the Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 652

June 10, 1994

To the Honorable Members of the General Court:

I hereby veto HB 652-FN, an act relative to State fees. I support the concept of fee reform but I cannot support this bill.

The confusion and adverse consequences of this bill will cost the State millions of dollars and force us to enact new taxes to replace lost revenue. This bill also removes from the Legislature the decision-making power to determine between a tax and a fee and ultimately transfers that power to the New Hampshire court system. I do not favor litigation over legislation in revolving issues of taxes and fees.

The legislation states that "as a general rule", fees should cover only the reasonable direct and indirect costs of a regulatory program. I agree. This bill goes beyond the general rule and imposes impossible constraints in carrying out the State's statutory obligations.

This bill does not streamline the fee-making process, it makes it more confusing and shifts decision-making to the courts. This bill creates an insurmountable obstacle for the Legislative Budget Assistant and will give plaintiff lawyers in this State an open door to challenge legislative decisions on "What is a fee?", "What is a tax?" and "What does the term 'reasonably related costs' mean?"

The case of American Automobile Association v. State of New Hampshire makes this point, "the distinction between a tax and a license fee is often difficult to determine because each partakes to some extent the characteristics of the other." This underscores the confusion that will follow from the enactment of this legislation.

This bill will produce significant revenue loss due to uncertainties in the calculation of what reasonably related costs of a given program will be, and the impossibility of projecting revenue under this new formula. It will be impossible under this new formula for an agency and the Legislative Budget Assistant to ascertain the full extent of direct and indirect costs of a program. Because the reasonable costs must not include "any Federal funds or other revenue", it will also be necessary to determine the anticipated income in any given year from the Federal government and from any other revenue source. It is impossible to perform this analysis with great precision, making fiscal predictions difficult. Therefore, this bill will unintentionally have the effect of placing even more uncertainty into the revenue projection process.

Current New Hampshire law already provides the safeguards that this bill seeks. First, the fiscal impact of proposed fees and fee increases are required for any proposed bill or for any proposed rule. Second, the New Hampshire Constitution already places limitations on the State's ability to assess fees. The New Hampshire Supreme Court has established the firm principle that license fees cannot "clearly and materially exceed the direct and incidental costs of licensing." American Automobile Association v. State, 136 NH 579, 585 (1992).

With that legal principle already in place, the Legislature can now determine the appropriateness or excessiveness of any specific fee and take appropriate action. This bill does not do so. It creates an unmanageable new formula that will invite litigation and slow down orderly government.

This bill does not reduce excessive fees. It will increase costs to State government. State agencies and the LBA will spend countless hours making these new calculations. This bill adds a new layer of bureaucracy at a time when we are introducing Total Quality Management, cutting regulations and attempting to streamline State government. For these reasons, I must veto this measure.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 652**, relative to state fee reform, pass?

Reps. Hager and Lamott spoke against.

Reps. Teschner, Joyce Johnson and Donna Sytek spoke in favor.

REMARKS

Rep. Lockwood moved that the remarks made by Leo Callahan, Acting Clerk, be printed in the Journal.

Adopted.

Thank you very much Mr. Speaker. I wanted to take this opportunity to share with everyone a decision I have recently made, and that decision is not to stand for Clerk and to stand for Assistant Clerk. I just wanted to take a minute to share with you the reasons behind that. It was not a very easy decision for me to reach. I weighed it long and hard before I ultimately did reach that decision. One of the precepts I have tried to live my life by is that above all other things, unto thine ownself be true. And the truth is I want to be Assistant Clerk. I have several reasons for that. They are very important to me. The job of Assistant Clerk has been very important to me. I have been in that position for ten years. When the electronic amending was developed a few years ago, I had a serious amount of input in that. That was a major

step in the legislative process. In the course of that input and in the course of executing that job, I have developed a sense of paternity over the years. If I am the Clerk, I have to give that up and I don't want to give that up. Another important factor is that when Jimmy was alive I thought it was very important that I be his right-hand man and that I made sure when we came to the floor there were never any problems. Whenever, in the heat of battle, he needed to know something, he could turn to me and say, "Leo what about ...?" and I would say, "Jim, this is the way it is." He never had to worry coming to the floor. All he needed to worry about was the Speaker and making sure that the communication line between him and the Speaker was not clogged with all of the stuff that happens on the floor in the course of a session day. That is very important to me. Fame and fortune have never motivated me. I have always been motivated by the job. That has been central to any job I have ever had and I had quite a few prior to coming here. I really don't want to give up what I enjoy doing and I don't want to give up what I do well. I have always counted myself as a better-than-average Assistant Clerk. To give all of that up, simply stated, is not really what I want to do. When I expressed this to the Speaker and the leadership team, the reaction was one of disappointment. I can appreciate the disappointment because it means that Leadership is supporting me. But, I am, nonetheless, firm in my position. One of the things the Speaker expressed to me at that time, in addition to his great disappointment, was, "Who will be Clerk?" I told him that I had a person in mind. I gave him my reasons for why I think that person should be the Clerk. The Speaker was very kind and he gave me carte blanche to pursue that because the Speaker was concerned that the Clerk's office not be upset. He was very concerned, as was the rest of the leadership team, that the Clerk be someone I could work with and someone the four women in our office could work with. We have a wonderful reputation in the Clerk's office. One for efficiency and being able to produce what you need when it needs to be produced. We don't want to jeopardize that. The person I had in mind is the person I approached and that person has assented to stand for Clerk. That person is Representative Karen Wadsworth. I see this union as a team of two. In our lifetimes we have seen many great teams. There have been Fred and Ginger, Frick and Frack and the ever-popular ham and cheese. I really see us as standing as a team. What I want to do right now is ask you, when the time comes, for your support of this team. Not your support of me but of a team. I am one half of a team. That is critical to the Clerk's operation. When the time comes on Caucus day and Organization day when you will be asked to consider that, I would like very much to have you think about the words that I am speaking now; those are that it was my decision. Please respect that and look at us as a team. I can guarantee that as a team we will stand ready to serve you as the House Clerk's office has always served. Thank you very much for all of your support. You have been overwhelmingly supportive of me as the Acting Clerk and you have no way of knowing how much I truly appreciate that. I have mentioned before of there being a great sense of family in this chamber and I have felt that from the day Jimmy died right up to the present. I say to you, thank you my family. Thank you very much.

RECESS

(Speaker Burns in the Chair)

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1225

May 23, 1994

To The Honorable Members of the General Court:

I have this day vetoed House Bill 1225, the so-called abortion clinic access bill.

Violence and threats should be deplored by all, while free speech remains intact. Under our court system of justice, any measure that affects constitutional rights must be narrowly drafted and this bill fails in that regard.

This bill has also been overtaken by events, specifically the fact that the Congress just last week passed a similar bill, the Freedom of Access to Clinic Entrances Act of 1993. The Federal Clinic Access Act states that it is intended to assure freedom of access to reproductive services, it is more narrowly drafted to meet constitutional restrictions. The Federal Act does not attempt to control constitutionally protected behavior, nor to define prohibited activity in the manner that has been done in House Bill 1225. It is because of the broad nature of the definitions in this bill that it fails to meet constitutional guidelines. United States Supreme Court decisions make it clear that it is extremely difficult to pass such laws without violating constitutional protections.

Significant controversy exists around the constitutionality of laws and court-ordered injunctions that attempt to guarantee access to health care facilities. In fact, the U.S. Supreme Court will soon consider whether a court-ordered injunction prohibiting Operation Rescue from demonstrating within a buffer zone around an abortion clinic violates the First Amendment right to free speech. The Court's impending decision may affect the constitutionality of the Federal Act and will certainly impact clinic access measures enacted in the states.

Let me provide an example of one of the provisions in House Bill 1225 that goes beyond its stated purpose. That section prohibits a person from engaging "in a course of verbal or physical intimidation" intended to discourage the individual from obtaining or refusing lawful medical services. "Course of verbal or physical intimidation" is defined as "a pattern of conduct composed of acts on more than one occasion over a period of time." Since this definition may include completely legal behavior, this broad language does not provide the necessary notice required by the Constitution to inform citizens of which conduct may form the basis for a criminal charge. Rather than respecting the rights of citizens, the bill appears intended to intimidate citizens into foregoing their protected rights of expression.

A broad or vague law which lacks constitutionally required precision and which leaves police with a law that is impossible to enforce is invalid. This bill attempts to cure this infirmity by including language that reaffirms everyone's constitutional right to free speech. However, the courts have made it clear that such language does not by itself cure a statute or its application if the law is constitutionally defective.

The exercise of free speech in American society is often neither tidy nor pretty. From anti-war demonstrators to the American Nazi Party, from Greenpeace to Operation Rescue, our courts have consistently upheld the right of diverse, and even antagonistic, groups to hotly debate issues in the public arena. Our constitutional safeguards are sacred and Courts and Legislatures alike long ago decided that the forum for resolving those issues is the marketplace of ideas, not restrictive statutes.

House Bill 1225 forbids individuals from interfering with access to health care facilities by making it a crime to use force or threats to discourage the provision of medical services, or to engage in a course of verbal or physical intimidation which is intended to prevent individuals from participating in the provision of lawful medical services. These measures are unnecessary, since many sections of the New Hampshire criminal code already prohibit the conduct targeted by these sections.

In addition, awaiting my approval is a measure that is intended to expand existing prohibitions against criminal threatening and harassment. The proponents of House Bill 1225 want to go even further and specifically prohibit activity around abortion clinics and health care facilities that perform abortions. As indicated, any such prohibitions must be narrowly drafted or they will violate constitutional Due Process considerations of vagueness and overbreadth.

As Governor, I have often said that threats, harassment and other criminal behavior will not be condoned — no matter where they take place. Those who decide to express their views by protesting unlawfully recognize that they will be punished in accordance with criminal penalties already in place. Additional legislation should be enacted only if a need is demonstrated and the law is then drafted in compliance with constitutional mandates.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1225**, relative to access to medical care, pass?

Reps. Cogswell and Vivian Clark spoke against and yielded to questions.

Rep. Groves spoke in favor.

Reps. Daniels and Donna Sytek spoke against.

Rep. Gordon spoke in favor and yielded to questions.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1237

June 10, 1994

To The Honorable Members of the General Court:

I hereby veto HB 1237, an act adding probation and parole officers to the definition of "permanent policeman" for the purposes of group II membership.

Group II retirement benefits were originally intended for those police officers and firefighters who risk their lives on a regular basis in the line of duty. Group II retirement was considered a recognition of the hazardous and perilous state of their daily occupation. Since that time others have been added to group II and now I am asked to approve adding yet another group, parole and probation officers.

However, it was originally conceived that those qualifying for group II retirement benefits would have been certified as police officers. Parole and probation officers would of necessity receive a different and less stringent form of certification.

Probation and parole officers are not included in the Federal group II retirement system. In New Hampshire, group II officers qualify for full benefits after twenty (20) years of service. They can begin to collect those benefits at age 45. In contrast, group I must have thirty (30) years of service and must reach age 60 for full benefits.

We should study those law enforcement related groups remaining outside of group II to determine the appropriateness of their membership in group II. In addition to parole and probation officers, those who seek admission include bingo inspectors, child protection service workers, juvenile service officers, laboratory technicians and communications specialists in the Department of Safety, among other.

I am concerned about the impact that additional groups will have upon the group II retirement system. This bill was not considered in the normal course of legislation but was added as an amendment to another piece of legislation.

Under these circumstances, I cannot support this bill in its present form.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1237**, relative to probation-parole officers and making interference with the duty of a probation or parole officer a crime, pass?

Reps. Gorman, Boucher and Ward spoke against.

(Speaker Burns in the Chair)

Rep. Knowles and Donna Sytek spoke in favor.

Rep. Richard Campbell spoke in favor and yielded to questions.
As required by the Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1319

May 23, 1994

To the Honorable Members of the General Court:

I have this day vetoed House Bill 1319, the so-called "Augenblick bill." This bill requires the State to expend \$203 million in unbudgeted funds over three years. This money would flow through the school foundation aid program, with additional undetermined increases in future years.

The proponents of this measure know that there is no money in the bill to pay for the funding it requires. Considering the failure to propose a viable funding mechanism, I cannot responsibly support this measure. Indeed, it is difficult to imagine a more disingenuous pledge to our children than the one offered in House Bill 1319. I will not join with those who have voted for a bill that does nothing more than make an empty promise to our children and our citizens. This bill is a political statement intended to help aspiring politicians, not aspiring students.

The author of the Augenblick formula has indicated that since its inception anomalies may have developed in the application of the formula and he has offered to return to New Hampshire to assist in re-evaluating the formula in an effort to improve it. A failure to first review the fairness of the formula before spending taxpayer money that the State does not have is irresponsible.

I continue my strong commitment to ensuring that the school children in New Hampshire receive the best education possible. To that end, I supported and signed into law the State-wide Assessment Program which provides for academic achievement testing at the third, sixth and tenth grade levels and which establishes a statewide curriculum outlining what students should know at each stage of the learning process. Assessment will help identify strengths and areas that need improvement in our educational system and permit educators, administrators and parents to meaningfully respond to the changing needs of our students.

Under this administration the School Improvement Program contract was awarded to the Center for Resource Management, who in turn coordinated their effort with the Alliance for Effective Schools. This contract ensures that the improvement of individual schools is focused at the classroom level, with input from parents, teachers and the business community.

I will continue to invest considerable time discussing education throughout this State. I have already met with groups such as the New Hampshire School Superintendent's Association, the New Hampshire Alliance for Effective Schools and numerous business groups, to learn from a wide array of citizens about New Hampshire's educational needs. I have taught elementary school classes from Berlin to Plymouth to the Seacoast, from Nashua to Salem, to Manchester and Keene. Rather than making empty promises like those contained in House Bill 1319, I believe our State resources should be used to achieve insight into academic needs and I will continue to act upon this belief to serve the children of the State.

The sponsors of House Bill 1319 have attempted to confuse the actual effect of this bill by claiming that it fulfills the original intent of the Legislature when the Augenblick formula was passed in 1985. This is simply not true.

In repeating this claim, the proponents have specifically ignored the law that created the Augenblick formula. The formula did not set the State aid portion of school funding at 8 percent. On the contrary, John Augenblick recommended a funding level based on State revenue that would result in 8 percent of an average district's educational costs to be provided by State aid. In fact, Dr. Augenblick stated in a report entitled "A Comprehensive Finance Plan for New Hampshire's Public Schools" that "districts with lower fiscal capacity will have more than 8 percent of these costs provided and districts with higher fiscal capacity will have less than 8 percent of their costs covered."

In fact, an average district in New Hampshire State receives more than the 8 percent of its educational costs from State aid than was originally intended. Clearly, the Augenblick formula was designed to assist the most needy communities and not to provide 8 percent in State aid for every community without regard for their fiscal capacity. If that had been the goal, there would be no need for a formula.

To fund this bill, taxes will have to be increased or existing State aid to our communities will have to be cut. Such cuts would require cities and towns to raise local property taxes to maintain services. Yet the bill completely fails to identify which programs should be cut, which agencies should be downsized and which tax increases the sponsors endorse. This failure demonstrates complete disregard for the taxpayers and for fiscal responsibility. I will not support a measure that would require a significant increase in taxes and further burden the citizens of our State.

It is important to note that this year, in addition to the \$57 million in Augenblick money to the cities and towns and the millions in school building aid, transportation aid and other State support, the cities and towns also receive additional school money from revenue raised by the Business Profits Tax, averaging more than \$20 million per year. This is referred to as the "school aid portion of BPT distribution to cities and towns" or simply "school share." Supporters of House Bill 1319 have continually refused to say whether they will divert this BPT money to fund the bill. Perhaps the sponsors do not want local officials to know that the proposed increases in revenue to cities and towns under this bill will have to be offset by decreases in shared BPT receipts to the cities and towns.

Moreover, under the provisions of this bill, school districts most in need of assistance are not targeted for help. More than 60 percent of the additional funds to be distributed through the formula are earmarked not for those towns and cities having a lower property tax base, but instead for those which have greater revenue raising capacity. A primary goal of State aid for education should be to first assist those communities that most need help. This legislation does precisely the opposite and, therefore, should not become law.

We in New Hampshire have an educational system that is the envy of other states. We may rightfully be proud of the scholastic achievements of our children and the support provided by New Hampshire parents, educators and taxpayers. The credit belongs to dedicated teachers, interested parents and motivated students.

That does not mean we should accept the status quo. We must continue to seek ways to provide the best education possible to every New Hampshire child. This process should in-

clude a candid examination of educational programs and funding mechanisms. It should not include making a promise of millions more dollars for education without providing any means to fund that promise. That is playing politics with our school children and as Governor I will not participate in doing so.

Tax fairness is very important to me as Governor, as is the need to hold taxes down. That is why my budget sent back more money than any previous Governor to cities and towns for property tax relief and why I will continue to work to increase their tax base through sustained economic growth and a vibrant business climate.

The New Hampshire Supreme Court has stated that our school children are entitled to an adequate education. I agree, and I believe they deserve more. They deserve a quality education, and an ever-improving education. And our taxpayers deserve controlled spending and focused, funded educational programs. Please help me achieve this end.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1319**, requiring the state to fully fund the Augenblick formula by FY 1996, pass?

Rep. David Young spoke against.

Reps. Jasper and Channing Brown spoke against and yielded to questions.

Rep. Larson spoke in favor and yielded to questions.

Reps. McCann and Burling spoke in favor.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1325

May 23, 1994

To The Honorable Members of the General Court:

I have this day vetoed House Bill 1325, an act requiring the publication of an HIV/AIDS Handbook. The State Board of Education has already published such a handbook.

This bill seeks to erode local control in education and to transfer authority and responsibility from the State Board of Education to the Department of Education, the National Commission on AIDS and the Center for Disease Control (CDC). Under existing law, the State Board of Education is already authorized to develop and provide human immunodeficiency virus-related educational material to school boards and private and public elementary, secondary and postsecondary educational institutions.

This bill is concerned with politics, not with HIV/AIDS education. It is repetitive and unnecessary since this information has already been published and is currently being revised. This bill is intended to attack the authority of the State Board of Education in favor of the NEA, the education lobby and those who seek a comprehensive health education policy for New Hampshire. I will not permit that to happen.

Pursuant to this mandate, in December, 1990, the New Hampshire State Board of Education approved and published the "New Hampshire Educators' Handbook: A Guide for Developing HIV/AIDS Curriculum and Policy" (the HIV/AIDS Handbook). The HIV/AIDS handbook was produced and published with input from the New Hampshire Division of Public Health, parents, teachers, school administrators, representatives of the New Hampshire Department of Education, and the New Hampshire State Board of Education. It provided a comprehensive guide for integrating HIV/AIDS education for students from kindergarten through grade 12.

The original edition of the HIV/AIDS Handbook was drafted consistent with the legislative policy that educational materials regarding HIV/AIDS should stress sexual abstinence, as well as the avoidance of drugs as the most effective means to prevent contracting the human immunodeficiency virus. In November of 1993, the Board revised the HIV/AIDS Handbook and is presently seeking CDC panel review. The State Board will continue to solicit input from the State agencies and nationally recognized organizations in drafting and disseminating HIV/AIDS educational material. They do not need this bill to do their job.

The Board is made up of volunteers from the community selected to represent the citizens of this State. As such, it is in the best position to represent New Hampshire's interests and values. By requiring a new handbook to include recommendations from the CDC and the National Commission on AIDS, as this measure does, we forfeit local control over HIV/AIDS education. This is especially troubling, since the national organizations compile HIV/AIDS information for use by the general public that is not specifically geared for distribution to children. Our State HIV/AIDS Handbook is doing the job and should not be attacked by those who would do away with the State Board of Education entirely if they could do so.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1325**, requiring the publication of an AIDS/HIV handbook, pass?

Rep. Woods spoke against.

Reps. St. Martin and Beverly Gage spoke in favor.

As required by the Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1394

May 23, 1994

To The Honorable Members of the General Court:

I have this day vetoed House Bill 1394, an act reducing the mandatory minimum sentence for an habitual offender convicted of unlawfully operating a motor vehicle.

Presently, the law requires a court to impose a mandatory minimum sentence of one year for convicted habitual offenders. House Bill 1394 would reduce that minimum sentence to six months regardless of the nature of the underlying offenses. As a result, habitual offenders whose convictions were for drunk driving would benefit from the reduction of the minimum sentence proposed in this bill. I cannot support a measure that ignores the devastating threat that drunk drivers, and those with horrendous driving records, pose to the citizens who lawfully use our roadways.

To be certified as an habitual offender in the first instance, a person must have accumulated a substantial number of vehicle violations; twelve minor violations, which include speeding, crossing the yellow line and driving with a suspended license, three major violations, which may include DWI convictions, or a combination of major and minor offenses. Chronic lawbreakers do not deserve the benefit this measure confers. If they are willing to continually violate the law, they must be willing to pay the price.

The one-year mandatory minimum presently in effect to punish habitual offenders is intended, among other things, to discourage those who drive after drinking an alcoholic beverage, just as House Bill 377 discourages the same behavior. House Bill 377, which I signed into law today, permits customers of eating establishments to transport partially consumed wine bottles in the trunk of their cars, as long as the bottles are properly sealed. This should discourage people from consuming the entire bottle of wine when they are about to drive merely to "get their money's worth."

To the sponsors of the bill I want to say that I agree with you that it is important to measure the value that incarceration has, as opposed to other methods of punishment, in deterring violations of the rules of the road. This is a task that should be undertaken. However, at a time when the public outcry against drunk drivers is at an all-time high, I fear this legislation would send the wrong message to those who would abuse our highways. It is for this reason that last session I fought for a bill lowering the legal limit for blood alcohol content from .10 to .08. I continue to remain committed in my efforts to protect the citizens of New Hampshire and to keep our roads safe. I will continue to work with interested parties who want to meet those goals.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1394**, reducing the mandatory minimum sentence for a habitual offender convicted of unlawfully operating a motor vehicle, pass?

Rep. Welch spoke against.

Rep. Lozeau spoke in favor and yielded to questions.

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1456

June 10, 1994

To The Honorable Members of the General Court:

I hereby veto House Bill 1456, an act relative to health care service providers.

The Washington Post accurately described our nation's health care debate as "a huge power struggle over who is going to control the practice of medicine in the years ahead and on what terms. In particular, it has to do with the instrument of control called managed care."

Health insurance companies, hospitals, physicians, and all others involved in the health care system are changing the manner in which they do business. All are vigorously attempting to control cost increases and go even farther and lower the costs of health care.

My dilemma with this bill focuses on the difference between "controlling costs" (which I support) or "restraining physicians' legitimate medical practice" (which I do not support). If this bill is a standard "any willing provider" bill, it will drive costs up and undercut managed care. On the other hand, if this bill addresses the concern of physicians to practice in the marketplace, then I support their concerns.

On balance, I cannot support legislation that may weaken the managed care process as an effective means of reducing the rate of growth of health care costs. It would broaden the number of mental health service providers that an insurer would be forced to include within its provider network. This would make the process of oversight and service utilization more difficult and more expensive. This bill sets up a process of establishing and administering provider selection, termination and appeal criteria that may increase costs and may increase delays.

At this early stage in New Hampshire's health care reform, we must err, if at all, on the side of cost-control in our health care system. This is true, particularly since I have recently signed bills to expand health options, including SB 711 relative to small employer and individual insurance which includes requirements for modified "community rating" and eliminating exclusion of coverage for pre-existing conditions, and SB 767 which provides equality of coverage for certain biologically-based mental illnesses.

The implementation of these new laws requires our diligent scrutiny to assure that they do not increase health care costs. Upward cost pressures will make basic access to health care more difficult to achieve.

The Legislature has just created a committee to study this broader issue of exclusivity contracts in all aspects of health care. I feel that this committee established under SB 539 should include mental health care within its study and should resolve the legitimate concerns raised by the sponsors of this bill.

The committee should also consider certain technical problems in this bill. It would require all categories of certified or licensed providers be allowed into an insurer's network and thus be reimbursed for their services. However, the Legislature this session specifically voted against the inclusion of all such providers under current law by defeating an amendment to HB 1329 which would have mandated reimbursement for certified mental health counselors and marriage and family therapists.

Also, the definition of health care insurer under this bill does not reference all categories of insurers. It can be argued that it does not extend to preferred provider agreements under RSA 420-C or even to commercial insurers under RSA 415.

This bill may also bring about costly litigation between providers and insurers. There would be an incentive for providers who were not selected for an insurer's network (or were terminated from one) to bring suit against the health insurance company for economic loss. There would also be litigation over the criteria for provider selection and termination. The bill re-

quires an appeals process for any selection or termination decision and would require an opportunity for a hearing on terminations "for cause." It does not make clear if these requirements can be met administratively, outside of litigation.

There is also the issue of "transition benefits", to deal with the situation where a person moves from one insurance company to another and is faced with giving up an existing relationship with a mental health provider. I believe this is a legitimate concern that needs to be addressed. Therefore, I have instructed the Insurance Department to develop rules providing for a one-year transition period to allow continuation of care with a particular provider.

Stephen Merrill, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1456**, relative to mental health care service providers, pass?

Reps. Hunt, Robert Wheeler and Bonnie Packard spoke against.

Rep. Manning requested a quorum count. The Chair declared a quorum present.

(Speaker Burns in the Chair)

Reps. Katherine Wheeler, Guay, Manning and Crory spoke in favor.

As required by the Constitution, a roll call was taken.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 810.

Rep. Dunn for the Committee

LEGISLATIVE ETHICS COMMITTEE**SPECIAL REPORT TO THE SPEAKER OF THE
HOUSE OF REPRESENTATIVES****I. Introduction**

The Legislative Ethics Committee received a complaint regarding the action of Representative Roland E. Hemon in filing House Resolution 46, urging that impeachment proceedings be instituted against Strafford County Probate Judge Gary R. Cassavechia.

Following a review of the complaint and Representative Hemon's response thereto, the Ethics Committee conducted a preliminary investigation, in accordance with its procedural rules,

and determined that formal proceedings should be instituted to inquire into the complaint. A formal statement of charges was provided to Representative Hemon and a hearing was held before the Ethics Committee on May 18, 1994.

II. Complaint

The complainant has alleged that Rep. Hemon violated the principles set forth in the Ethics Guidelines, Article 1, Sections 1 and 2, Principles of Public Service. As further grounds for filing this complaint, the complainant stated that the damage caused to the judge by Rep. Hemon's actions could not have been caused in this manner were it not for Rep. Hemon's position. Upon review of the complaint, the Committee determined that the actions complained of also constituted a potential violation of Article IV, Section 3 of the Guidelines.

III. Findings of Fact

House Resolution 46 was filed by Rep. Roland Hemon for consideration by the New Hampshire House of Representatives during its 1994 session. This resolution, seeking the impeachment of the current Strafford county probate judge, is the first step required in the process established under the New Hampshire Constitution for removing a current judge from office (Pt. II, Articles 17 and 38).

The House Judiciary Committee held a hearing on HR 46 on January 7, 1994, and subsequently recommended (17-0) that the bill be found Inexpedient to Legislate. The House subsequently endorsed this recommendation and voted the bill Inexpedient to Legislate, 352-1.

Rep. Hemon filed HR 46 after almost a decade of litigation in the Strafford County Probate Court over the appointment of a guardian for his mother and subsequently the administration of her estate. The matter concerning the administration of her estate remains pending before the probate court judge.

At some time after the probate court proceedings began, Rep. Hemon raised the issue of the court's personal jurisdiction over his mother, contending that she was a resident of Maine at the time the guardianship proceedings were instituted. The court ruled against him, finding that jurisdiction did exist. Although Rep. Hemon appealed this finding several times to different courts, those courts found that the ruling of the probate court was correct.

Rep. Hemon stated that although he might have received the Ethics Committee booklet during orientation, he was not familiar with the Ethics Guidelines. He also stated that he was unfamiliar with any requirement that he file a conflict of interest form prior to participating in any way in the legislative process concerning House Resolution 46.

IV. Rulings

The committee finds that Rep. Hemon based his action solely on the rulings which the judge had issued against him in the probate court. In filing this resolution, Rep. Hemon used the power and resources of his office to pursue a private interest which did not serve the public good. As Rep. Hemon has stated, he chose to gain public exposure of his concerns by filing a legislative resolution. This is an action that a member of the general public would have been unable to take. Moreover, a process to review allegedly improper actions by judges was in place and Rep. Hemon opted to bypass it. The rulings by the several courts finding the probate court orders to be correct also supports a conclusion that Rep. Hemon used his office in a manner incompatible with the public good.

The committee found that the action taken by Rep. Hemon was intended to have a detrimental effect on the judge. In filing the resolution, Rep. Hemon in essence created another public forum in which to make allegations that had previously been determined to be unfounded. (It is important to note, that at no time did the committee receive any evidence that any of the judge's orders in this matter concerning jurisdiction had ever been reversed.) In so doing, Rep. Hemon hoped to prevent the judge from issuing further rulings which were not in Rep. Hemon's favor. The committee found that this action was a violation of Article IV, Section 3 and Article I, Section 1 of the Ethics Guidelines.

The committee also found that Rep. Hemon's long history with the judge in this matter prevented him from exercising independent objective judgment in filing the resolution and from deciding the action to be taken free of conflict of interest. In filing this resolution, Rep. Hemon therefore also violated Article I, Section 2 of the Ethics Guidelines.

The committee also notes its concern with Rep. Hemon's professed lack of knowledge of the Ethics Guidelines. All members of the General Court have been advised to familiarize themselves with these guidelines. Even if the filing of House Resolution 46 had not violated the Ethics Guidelines in any other manner, the Guidelines clearly require that a conflict of interest form should have been filed prior to Rep. Hemon taking any official activity on House Resolution 46. (Article V of the Ethics Guidelines.)

V. Conclusion

The committee recommends that Rep. Hemon be reprimanded by the House of Representatives for his disregard of the Ethics Guidelines. His actions were violative of four different provisions of the Guidelines and served no purpose other than his own private interest.

Dated at Concord, New Hampshire, this 15th day of June, 1994.

Respectfully submitted,
 Senator Richard L. Russman,
 Chairman Pro Tem

Reps. Amanda Merrill and Newman spoke in favor.

Rep. Hemon spoke against.

Roll call request sufficiently seconded.

The question being the ratification, as per RSA 14-B:4, VI, of the Ethics Committee report.

| DECEMBER 19 | - Monday | - Sign-off all other bills |
| JANUARY 6 | - Friday | - Last day to introduce money bills |
| JANUARY 13 | - Friday | - Last day to introduce non-money bills |

Reps. Ann Torr and Trombly moved that the amendment to HR 50 be adopted.

Rep. Cole spoke in favor.

Adopted.

RESOLUTION

Rep. Ann Torr offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, and when the House adjourns today it adjourn sine die.

Adopted.

UNANIMOUS CONSENT

Rep. Avery moved that the remarks by Rep. Cole be placed in the Journal.

Adopted.

Rep. Cole: Thank you Mr. Speaker. I am addressing my remarks to you as all good legislators should. Since I was appointed by you as your Deputy Speaker for this session, I have come to learn a great deal more about you than I did as a sitter in the seat of section 4, seat 5. I have had an opportunity to visit with many of our colleagues. I speak from the heart when I say that I have not once noticed you to operate this House in any way that may reflect upon the views that you hold personally. I have always known you to be a square shooter and to give every member of this House every opportunity to say what they wish to say; and if they needed any help and guidance you've been willing to give it to them. I can't think, Mr. Speaker, of all the Speakers I have known since I first became a member of this House back in 1965 and all of the years afterwards that I served as a lobbyist to the House and since 1988 as a member of the House again, I can't think of a Speaker who has been more fair, more honest, more sincere and more dedicated to this House than Harold W. Burns.

Rep. Record moved that the remarks of Rep. Burling be placed in the Journal.

Adopted.

Rep. Burling: I am no Stacey Cole, but I think I have to mirror what you have done. Mr. Trombly, you certainly led us well these two years. I bet there is a whole lot of people over there who have had migraine headaches for the last 24 months because you have managed to find a way to do it. I want to say to you as a friend who is going on, you have led us well; you've raised the standard of thought, of honor, of cooperation, of every thing this House stands for, to new heights for the Democratic party and I want to say congratulations.

Rep. Desrosiers moved that the remarks of Rep. Gorman be placed in the Journal.

Adopted.

Rep. Gorman: Thank you Mr. Speaker. I want to thank me for doing a wonderful job. It seems like a very short time since two years ago in January we were in here and this House voted to accept the Libertarians as an official party as part of your House. We have done everything in our power to drive you absolutely crazy in those last two years. To some degree, we have succeeded. I can remember several occasions when Representative Copenhaver would see me and say, "Are you going to be a" "No, I'm just doing my thing." I can remember the ladies over here in section two, most of them Democrats, coming right up out of their seats on the marriage bill one day like a tidal wave. We lost all of our bills on the floor save the tow-truck bill, actually changing the date of the tow-truck bill. You would think that anyone with a legislative history like that would be a whipped dog hanging around the corner, but I can assure you that the Libertarian delegation is small in size but big in spirit. Like a small ship going against a large ship in a side-by-side sea battle with our masts splintered and our sails wrecked and our hull full of water and we are sinking and through the smoke comes, "Do you strike?" Comes the answer, "Hell no! We are getting ready to board you." I don't know that there will be any Libertarians here next term. There is no way to know. It will be up to the voters. We will take our record of the bills that we have put in of a smaller government, a less intrusive government, a less expensive government to the voters. Hopefully, they will see the wisdom of that and they will return legislators of the Libertarian persuasion to this House. I may or not be among them. There may be none. There may be two or three dozen. I can say this. It has been absolutely fantastic. I have not led a dull and uninteresting life. This has been two of the greatest years of my life. Working with Rick Trombly, working with the Speaker, Ann Torr, Shawn Jasper and a whole bunch of people. I have made some great friends, gone places, done things I would never be able to do and I speak for the whole delegation. We've been all over the country. It has been an absolutely phenomenal experience and we the delegation want to thank you for our present position. Thank you and God bless you.

Rep. Ann Torr moved that the remarks of Rep. Trombly be printed in the Journal.

Adopted.

Rep. Trombly: Mr. Speaker and members of the House: Before I begin I wish to recognize two Democrats who will not be returning, although we will be missing every person regardless of his party affiliation. Charlie Leclerc, who served 44 years in this House, is not running for re-election and I think serving 44 years in this House is a remarkable achievement and we will most certainly miss Charlie. The other person who is leaving is the sole Democrat, I believe, in section 5. After 20 years, Bill Kincaid is not going to be returning from Dover.

Can you imagine Don Gorman standing up here? He has no Democrat, no Republican and he is a Libertarian. Ann's got a Democratic opponent. The Speaker has a Democratic opponent. I have a Republican opponent. And he doesn't know if he is coming back. Unbelievable Don. Bob Murphy, in the paper the other day, I was informed there was an article about you. I think the people in this House should share just a little piece of your life as it was written in that newspaper. On D-day, at the age of 23, a captain in command of six launching craft, one of which was lost, you survived. You fought bravely; fought the rest of World War II; went on to see service in Korea and Vietnam and you returned and retired a Colonel. And I am proud of you Bob. Thank you for what you have done. I'm sure that Bob's acts of valor can be well matched by many members of this House. I know that at the end of the session and especially on a day like today, we all want to go home but I feel that I must rise. This has been a particularly difficult session. The loss of Caroline and Jim and personally the loss of Maggie Terninko have created huge voids that will never be filled. I'm not certain whether they should be filled, because maybe if they were filled they might be forgotten. They will always be remembered for the good that they did. I echo remarks that the Deputy Speaker made about this Speaker. I have not always been cooperative. I've tried, when we could be cooperative; when I thought we should be cooperative. I have developed what I consider a wonderful relationship with the new Majority Leader, Ann Torr. My only regret with Frank sitting one seat away from me, albeit it is Channing and an aisle between us, I've had to stop swearing at the Republic leadership. Ann, you have been particularly gracious. You know what I know, as I said to the Democrats this morning in caucus. There is no manual for trying to lead and blend together people who are conservatives, liberals and moderates and try to develop a policy that we hope will move the state forward. It is a difficult job. It is one for which we ask and I wouldn't give it up for the world, Ann, and I'm sure you wouldn't do it either. Shawn, I will miss you. You have been the best whipping boy the Democrats could ever have. You have been kind. You have been partisan. I think the best thing that could have happened is that you now leave to parent your new born daughter. I congratulate you for that. I really wish you the best of luck. I'll miss you only because I won't get 15 or 16 votes because Jasper is for or against it. Finally, I thanked the Democrats today in caucus and I would be remiss if I didn't thank you, the Republicans. It is a difficult task to sponsor legislation and try and work hard being a minority of almost two-to-one. Believing as we believe that it is best to be constructive and move the ball forward and try to do what we can do for the good of the people. But, obviously, we differ on what is good for the people. That is why we disagree. I have at all times tried to lead a Democratic party that has been creative and tried to be constructive and work with the Republicans here in the House and, by all means, to let you have it when I think you deserve it. I will continue to do that as I expect to take an equal measure when you believe I deserve it too. The great marketplace of ideas is this legislature. The sad thing is some 80 members will be leaving voluntarily. I'm going to do my best and Ann will do her best and the Speaker will do his best to see that more leave involuntarily. I hope, Mr. Speaker, from the very bottom of my heart that gentleman that you have been and the gentlelady that you married, by the way, that this is the last session over which you preside as Speaker. I will try very hard to learn how to bang that gavel with as much grace as you do. I thank you all for the lesson. I have grown not only in the waistline but I feel I have grown in stature because you have helped me. I could not do what I do without your help on all three sides of the aisle. To my leadership team, thank you. We will be back in two years. Thank you all.

Rep. Buckley moved that the remarks of Rep. Ann Torr be printed in the Journal.

Adopted.

Rep. Ann Torr: Thank you very much Mr. Speaker. I am not about to try to be as eloquent as the Democratic leader has been and as gracious as he has been other than to say thank you very much. On behalf of the Republicans, I would like to thank all of the Democrats for having made this session very interesting and very successful. It has been nice working with you. We enjoy the majority. We intend to come back with a majority, but we would like to see you back as well so that we can continue to work with you. I also thank the Libertarians; the whole delegation. We would very much like to see you back. Don, if your predictions are accurate, we expect that we will see more of you. I understand that you are really putting the pressure on for an office, so we are looking. To all of you Republicans, thank you very much for everything. To the members who are not returning, the Chairman and the Vice Chairman who have given so much to this state, so much to this institution, we say thank you. We also say thank you to the rank-and-file. We certainly can do nothing without you. Thank you everyone. To those returning, hurry back. Have a nice restful summer and come back ready to work. Thank you.

Reps. Hurst, Malcolm, Laflam, Drake and Guay addressed the House.

Rep. Ann Torr moved that the House adjourn sine die.

Adopted.

The House adjourned at 5:55 p.m.

Clerk's Note: As per HR 4 of the 1993 Session (adopted 12/2/92), all floor sessions for the 1993-94 biennium were tape recorded. Those tapes reside at either the State Library or the State Archive.
